Report on Value added course - Good Laboratory Practices

Traditional system of Health science is gaining momentum. Many meta – analytical studies on traditional medical systems show that the studies have considerable efficacy, may it be outcome, cost effectiveness and accessibility. However, the concerned raised in this protocol followed and outcome parameter chosen in research.

In such scenario addressing these issues becomes the prime objective. Executing these practices and adhering them at the gross root level is challenging. By training budding Ayurveda and Traditional system scholars makes the future situation ease, with this intension our institute has shouldered this responsibility and organised GLP Workshop.

The Value Added course - **Good Laboratory Practices** for the Academic year 2022-2023 was commenced on 11th May, 2023 and completed on 13th May, 2023 with 64 number of PG Part-I Scholars and 09 of PG Part II - Scholars.

The course was designed and conducted with guidance & support of the Expert faculty of field. The course was specially planned to provide various components of Good Laboratory practice including its objective, scope, advantages and disadvantages, Resources, Facilities, Safety measures, Sample collections, test item and test system. Also scholars were guided about the Ethical, Regulatory guidelines for the conduction of preclinical studies by the experts. In the course, various group activities were planned like protocol writing, preparation of Standard Operative procedures of Analytical instruments, Biomedical waste management activity; also included the demonstration of Calibration and Validation of instruments, Documentation, Microbiology – lab behaviour, and other PBL's for active participation and self-learning of the scholars. Experts also shared their own experiences regarding conduction of preclinical studies. Visit to the Microbiology unit was also carried out to understand the functioning of the unit, maintenance of data generated and other necessities required for the microbial studies.

The course was coordinated by the Dr. Veena B Kupati, Asst. Nothing

No suggestions

Nothing

It can be little bit interesting

Should give breaks in between lectures

Break

Make more practical sections , make small ppt, make it small

It was good

More practical sessions and atleast 5 minute break between each class..

More practical should be added

There should be break between lecture

Nothing, Everything was perfect

Only Particular points related to protocol should be discussed

Keep the class hours in divided manner may be for a week, two hours per day

Some Practical orientation

Can make this little bit interesting

Can be more practically orientated

No suggestions it was good

Break in between sessions

We can make it little bit interesting

Should split the sessions in multiple days 1 session a day

To conduct it after few research classes & it should be conducted by the time of synopsis presentation...It would be more helpful.

Giving break in between and involving students in more activities

A break after each session

Less time consuming

Nothing as such

Feedback forms for individual sessions

Lots of content should not be covered in one day...it should be planned for some more days but content for the day should be bit less

Nothing to suggest

It was good...no suggestions

Can do in groups than whole batch in a hall

Breaks in between

More of practical oriented it should be

Everything was excellent

Can include more group activities than lectures

Can include more group activities than lectures

Can include more group activities than lectures.
Can give break in between lectures

GLP topics could have bit more clarified when compared to GCP.

A gap should be there in between each lecture

--

-

Making sessions more interactive and including more practical sessions to it

Include more practical sessions

Feedback on GLP Workshop for PG - 2022 BATCH

Keep some break between 2 lectures

Little bit interesting

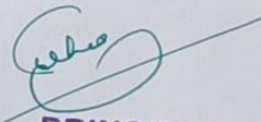

Minimum portion each day

None

More practicals

Report on Value Added Course - Good Clinical Practices (GCP)

The Value-Added course - **Good Clinical Practices** for the Academic year 2022 - 2023 was commenced on **8th May, 2023** and completed on **9th May, 2023**. The Value added course has flexible structure which allows the students to accomplish concurrently with their graduation lectures and the certification course work.

The course was designed and conducted with guidance & support of the Expert faculty of field. The course was specially planned to provide an introduction to various components of clinical trials, responsibilities of investigators, sponsors, monitors in the conduct of clinical trials. Also scholars were guided about the Ethical & Safety Considerations for the conduction of clinical trial by the experts. In the course, various group activities were planned like protocol writing, preparation of CRFs, ICF and PIS; also included the demonstration of CTRI Registration and other PBL's for active participation and self-learning of the scholars. Experts also shared their own experiences regarding conduction of clinical trial, data management, reporting of clinical trial etc. with the scholars. Scholars were also imparted about institutional Medical Research Centre (MRC) to understand the functioning of the unit, maintenance of data generated and other necessities required for the conduction of clinical trials. As an assessment pre and post was conducted for scholars; which showed the attainments of the objectives described under course syllabus.

Totally, **75 PG Scholars** were trained in the subject for over 20 hours by the experts. The course was coordinated by the Dr. Shrutika S. Karoshi, Asst. SESSION 4

Topic: Software Training -Design Expert

Trainer: Dr.F.S.Dasankoppa and Mrs.R.D.Sagare

3.30pm to 5.00pm

SESSION 5

Interaction Session

BENEFITS OF THE WORKSHOP:

Design of experiments (DOE) is a systematic, efficient method that enables scientists to study the relationship between multiple input variables (factors) and key output variables (responses). It is a structured approach for collecting, analyzing and optimizing data and making discoveries

Objectives

- To appraise the participants
- Basics in designing the experiments
- Selection of Factors, Variables and Design for Experiments
- Software Based Training- DESIGN EXPERT and SYSTAT
- Optimization of the Final Formula

Participants:

Faculty/ PhD students/ Research Scholars

Workshop Details:

Evidence-based medicine (EBM) is the integration of best available research evidence with clinical expertise and patient values. The quality of evidence indicates the extent to which one can be confident that an estimate of effect is correct. Evidence-based medicine (EBM) promotes the concept that one should apply the best evidence from medical research, particularly that derived from randomized controlled trials (RCT), to the treatment of patients. The aim is not to exclude, but to add to the methods associated with traditional clinical practice: clinical experience, clinical reasoning and pathophysiological inference. Thus helping the researchers/faculties to perform, interpret and implement evidence-based medicine in day to day clinical practice and their research work.

ABOUT KLE SOCIETY: Member of change in the landscape of Karnataka and Maharashtra with the birth of KLE Society in 1916 by the vision of group of dedicated founders. This society is now acknowledged as phenomenon that has defined a meaning of quality education in the region. Today, K.L.E Society manages 282 institutions and 02 universities with student strength of more than 1.38 Lakh and 18,000 faculty offering world class education in Healthcare, Agriculture, Engineering, IT, Law, Pharmacy and other paramedical sciences.

ABOUT KLE UNIVERSITY: Yet another chapter in the history of society was begun with a newly formed KAHER, sponsored by K.L.E Society, is recognized by University Grants Commission (UGC), reaccredited "A+" grade by NAAC and placed in category "A" by MHRD, Govt. of India. KAHER takes immense pride in its curriculum and endeavors to provide internationally accepted education and healthcare practices. Setup in a sprawling campus and equipped with latest infrastructure and other facilities, KAHER is set to highlight the K.L.E Society's commitment to education for the world to see.

ABOUT COLLEGE: It was the first private institution in Hubballi to start a professional diploma course in Pharmacy in 1985. The college introduced B.Pharm degree course in 1991 and Post-Graduation in 1999, Doctoral Degree from 2004 and Pharm.D. from 2014. College was accredited since 2003 by NBA, New Delhi. All the courses run by the institution are recognized by Govt. of Karnataka, Pharmacy Council of India, All India Council for Technical Education and University Grants Commission, New Delhi.

Workshop on

Title: **"Design Thinking-A Tool Kit for Innovation"**

Organized by **Department of Pharmaceutics**

on 16th May, 2023

Venue : Seminar Hall KLE College of Pharmacy, Hubballi.

INTRODUCTION:

Design thinking is one of several approaches to innovation that focuses on developing a solution to problem. Design thinking is both ideology and process, concerned with solving complex problems in highly user centric way. It has a wide application in business strategies and customer centric product development.

OBJECTIVES:

To appraise the participants

- Linear process of design thinking
- Phases and elements of design thinking to IPR
- Relevance to health care professionals

RESOURCE PERSONS:

1. **Dr.Shivayogi Hugar**
2. **Dr. Punnya Angadi**
3. **Dr.Anil Koralli**
4. **Dr.Preeti B Patil**
5. **Shri.Ramesh Kurbet**

CONCLUSION:

The workshop was successfully conducted with 7 External Speakers who made very informative presentations on the topics like "Introduction to Design Thinking" / "Activity based learning - Design Thinking" / "Innovation in Healthcare - Road map for a Paradigm shift" / "Design thinking for innovation in health care -Case study" / "Ideas to innovation: A rollercoaster ride" / "A Incubation center and startups" for 04 external participants from KLE and non- KLE institutes and 26 in-house participants. The participants expressed that the workshop was very informative and interactive and the participants also urged for conducting such many more workshops for the benefit of faculty members.

I extend my gratitude to University Department of Education for Health Professionals (UDEHP), KAHER Belagavi for providing financial assistance to organize this workshop at our institution.

Thanking You

- **Speaker** : **Dr. Dhivya Shanmugarajan**
Senior Application Scientist
Altem Technologies,
Bengaluru.

- **Brief CV of Speaker:**

Name: Dr. Dhivya. S

Current profile

- Sr. Application Scientist, National Support for Biovia Discovery studio, Altem Technologies
- Drug discovery hackathon 2020 biovia discovery studio trainer vertical 3 sessions
- Expertise in molecular modeling of proteins, machine learning algorithms, RNA-Seq pre and post processing of data, gene expression data analysis, Fingerprint profiling for activity and toxicity, transmembrane, structure and ligand pharmacophore-based drug designing, molecular dynamics and simulation of lipid systems.
- 40 publications in international journals include Biomed Res Int, Elsevier, Frontiers, Taylors and Francis, Bentham science, Royal Society of Chemistry, Scopus indexed journals and 6 book chapters published by NewYork science publishers, USA and Science direct.

Education Profile

- B. Tech Biotechnology (Anna University, Chennai)
- M.Tech Biotechnology (Sathyabama University – University topper and Gold medalist)
- Advanced Post graduate diploma in Applied Bioinformatics – University of medicine and Dentistry, U.S.A
- Ph.D., in Biotechnology- Network pharmacology approach to study the synergistic potential of medicinal plants for breast cancer (Vignan foundation of science and technology, Andhrapradesh)

Past Profile

- Application scientist for life sciences, Apsara innovations, Bangalore.
- Worked in DSIR lab and Research foundation for the USA collaborative project in Chemoinformatics
- Trainer for various bioinformatics courses and Accelrys Discovery studio

List few Invited Talk on Pharmacy and Bioinformatics (45+)

- Sathyabama University, Chennai, Accelrys software application in drug discovery process" as representative from Accelrys through sai bioscience. June 2010
- Ethiraj college of women, "Application of Bioinformatics"-July 2010.
- Justice Basheer Ahmed Sayeed College For Women, Teynampet "Workshop and

- Sequence analysis and molecular docking in -Feb 2011
- How to Document research work, DBT sponsored program in MLA women's collage Bangalore, Feb 2016.
 - Current trends in drug discovery, University Visvesvaraya College of Engineering, Bangalore, Nov 2016
 - National conference in Nanoparticle in drug delivery, Feb 2017
 - DSIR sponsored training program in drug chemistry, JSS Mysore, Nov 2017
 - Application of drug designing using Discovery studio, Sathyabama University, Chennai, Jan 2018
 - DSIR sponsored training program in drug chemistry, JSS Mysore, Nov 2018
 - Anti-body based drug design and Structure based drug design , national conference in ICEGB, New Delhi, 2019
 - BOSS sequence to structure a workshop at University of Madras in X-crystallography department, Feb, 2020
 - Two day workshop on fragment based and de novo drug designing in JSS, Mysore, Feb 2020
 - Key note speaker in International conference in collaboration with Sanskriti University Mathura on “Recent Trends in Pharmaceutical, Medical and Applied Sciences for Global Development (RTPMASGD)” January 28-29 2021.
 - Computational Biology and Network Pharmacology: New Horizon in Drug Discovery, Department of Pharmaceutical Sciences and Drug Research , Punjabi University-2022
 - Workshop on Advanced Drug Design and Medicinal Chemistry 2022 (ADDMC-2022))- NIPER Gawhati
 - Role of Artificial Intelligence in Drug Discovery and Development” , V. V. Institute of Pharmaceutical Sciences, Jan 2022
 - CSIR-NRCE NGS applications –April 2022
 - NIPER-Mohali – Pharmacoinformatics in drug designing and development- April 2022
 - NIT-Jalandar – Industry based application of BIOVIA discovery studio for Biotechnologist- April 2022
 - National Training Programme on “Trends in Bioinformatics with Special Focus on Molecular Interaction” at Tamil Nadu Veterinary and Animal Sciences University is a veterinary university, August 2022.
 - CSIR-CDRI Workshop on Recent Trends in Computer-Aided Drug Design- Sep 2022

- Workshop on fundamentals of next-generation sequencing (NGS), NIPER-Hyderabad –Sep 2022
- Online Workshop on Structure Based Drug Designing with BIOVIA Discovery Studio at National Institute of Pharmaceutical Education and Research, Guwahati (NIPER-Guwahati)- Sep 2022
- Online Teacher Training Lecture, Workshop on "Integrating Artificial Intelligence (AI) tools with Pharmaceutical Research, JSS ooty - Nov 2022
- Hands on Workshop on In-silico Drug Design Using Biovia Discovery Studio, Amrita School of Pharmacy - Nov2022
- Two days hands-on session on BIOVIA Solutions at TICEL Bio Park, Anna university, Coimbatore- Nov 2022
- One-day Workshop on "Structure-Based Drug Designing" in collaboration with BIOVIA Discovery studio at Dayanand Sagar University, Bangalore- Dec 2022
- Two day workshop on molecular docking and dynamics simulation using BIOVIA Discovery Studio, Dec 2022.
- Integrated BIOVIA solutions in pharmaceutical drug discovery/delivery and development- BIO-Remedi 2022 IIT Guwahati- Dec 2022

Webinar on
“BIOVIA Discovery Studio Software- Applications in Pharmaceutical Research”
 22nd July, 2023

Webinar Link: <https://meet.google.com/eew-jgnh-gvs>

Organizer :
Dr. AHMV Swamy,
Principal, KLE, COP, HBL.

Coordinator :
Dr. S. S. Honnalli
HOD, Dpt. of Pharmaceutical Chemistry, KLE COP, HBL

Organizing Committee:
Dr. P M Ronad, Dr. Aryaa A A, Dr. Girish A H, Dr. Pradeepkumar M R, Mrs. Akshata S M, Ms. Sushmita I H, Ms. Pooja M K and Ms. Pooja N G

Organized By: Department of Pharmaceutical Chemistry, College of Pharmacy, Hubli.

- **Objectives of Webinar:**

1. To gain the basic knowledge about the software.
2. To know the method of preparation of ligands and protein.
3. To know the procedure of docking the molecules to respective protein.

- **About Webinar:**

The webinar entitled “Biovia discovery studio software- Applications in Pharmaceutical Research” was organized by Department of Pharmaceutical Chemistry, KLE College of Pharmacy, Hubballi. The Convenor for this webinar was Dr. AHMV Swamy, Principal, KLE COP, Hubballi and Coordinator was Dr. S. S. Honnalli, Head of Department, Department of Pharmaceutical Chemistry, KLE COP Hubballi.

The speaker for this webinar was Dr. Dhivya Shanmugarajan, Senior Application scientist, Altem Technologies, Bengaluru.

Biovia discovery studio software is used for stimulating small molecules and macromolecule systems. This workshop briefed us about its applications in pharmaceutical research.

Nearly about 40-50 members were benefited by this webinar. In that 20 were benefited through online mode and rest were in a group.

- **Report:**

Department of Pharmaceutical chemistry conducted this webinar on July 22nd 2023 i.e, on Saturday. The Convener, Coordinator, Head of the Department was present on the dais where speaker joined through online mode. Nearly about 40-50 participants have benefited by attending this webinar.

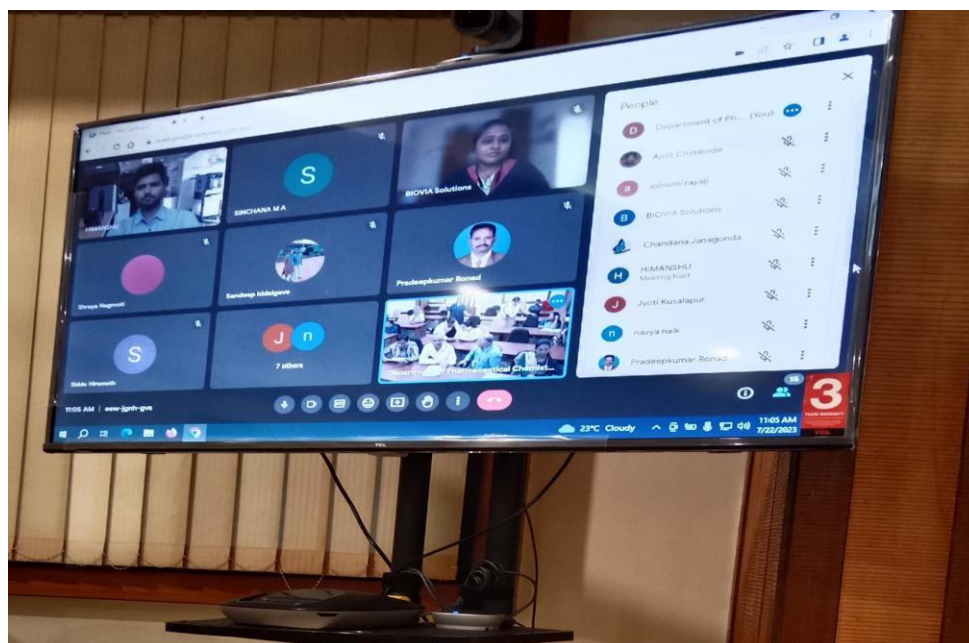

Dr. Dhivya Shanmugarajar, Senior Application scientist, Altem Technologies, Bengaluru was the speaker for this webinar and delivered the talk on its applications in Pharmaceutical research.

Dr. S. S. Honnalli Coordinator briefed us about the webinar, Shri R. V. Karadi IQAC Coordinator briefed about our institution and Dr. Pradeepkumar M R, Assistant Professor, Department of Pharmaceutical Chemistry, KLE COP, Hubballi briefed us about the speaker and the webinar was hosted by Mrs. Akshata S M, Assistant Professor, KLE COP, Hubballi.

- **Programme Schedule:**

- Welcome By Mrs Akshata S Menasinakai
- Brief introduction about the webinar by Dr. S. S. Honnalli
- Brief introduction about the Institute by Shri R. V. Karadi
- Introduction of the Speaker by Dr. Pradeepkumar. M. R
- Webinar By Dr. Dhivya Shanmugarajan
- Vote of Thanks By Mrs. Akshata S Menasinakai

Workshop Details:

The process of research and its importance is well known and authenticated by now in our field of Life sciences.

Most scientific studies need a strong lucrative financial support and backup and to gain such financial support its imperative that an impressive convincing research proposal be designed which not only helps in gaining the financial support by impressing the funding agency but also proves to be a road map for the studies. Several Scientists across the world are developing and discovering newer drug molecules and its essential that the same learnings and findings be conveyed in a structured manner to the peer scientific community. A well written research manuscript wherein the thoughts are well organised, the narrative has been well crafted and the new found language is shared can boost the chances of its selection and publication. Hence the aforesaid workshop has been organised which is tailor made and caters to the need of educating young budding research scholars to gain momentum in their research activities by obtaining funds and successfully and scientifically publishing the same in well reputed journals.

This society is now acknowledged as phenomenon that has defined a meaning of quality education in the region. Today, KLE Society manages 282 institutions and 02 universities with student strength of more than 1.38 Lakh and 18,000 faculty offering world class education in Healthcare, Agriculture, Engineering, IT, Law, Pharmacy and other paramedical sciences.</p> <p>KLE Academy of Higher Education and Research: Yet another chapter in the history of society was begun with a newly formed KAHER, sponsored by KLE Society, is recognized by University Grants Commission (UGC), reaccredited "A+" grade by NAAC and placed in category "A" by MHRD, Govt. of India. KAHER takes immense pride in its curriculum and endeavors to provide internationally accepted education and healthcare practices. Setup in a sprawling campus and equipped with latest infrastructure and other facilities, KAHER is set to highlight the KLE Society's commitment to education for the world to see.</p> <p>KLE College of Pharmacy, Hubballi: It was the first private institution in Hubballi to start a professional diploma course in Pharmacy in 1985. The college introduced B.Pharm degree course in 1991 and Post-Graduation in 1999, Doctoral Degree from 2004 and Ph.D from 2014. College was accredited since 2003 by NBA, New Delhi. All the courses run by the institution are recognized by Govt. of Karnataka, Pharmacy Council of India, All India Council for Technical Education and University Grants Commission, New Delhi.</p>

WORKSHOP REPORT

Workshop on

Title: **“Systematic approach in designing and moderation of
Question Papers for CIE and SEE”**

Organized by **Department of Pharmacology**

on 22nd September, 2023

Venue : Seminar Hall, KLE College of Pharmacy, Hubballi.

INTRODUCTION:

Developing a fine tune with the nature of question paper helps us to prepare, plan and execute strategies timely. A question paper consists of several different types of question to evaluate students' factual, conceptual and global understanding. We work day and night to go through our syllabus. We practice our prescribed syllabus adopting different means and methods. It is essential to understand the exact meaning of different questions with respect to course outcomes and bloom's taxonomy.

OBJECTIVES:

To appraise the participants

- To understand challenges faced in effective preparation of question papers for Pharmacy programme.
- To improvise the methods for preparation and modernization of question papers.
- To comprehend the effective and coherent means of CO-PO mapping and MCQs preparation.

RESOURCE PERSONS:

NUMBER OF PARTICIPANTS: 32

External: 05

(From KLE JN Medical College, Belagavi -01, KLE College of Pharmacy, Belagavi – 02, KLE College of Pharmacy, Gadag - 02)

Internal: 27

CONCLUSION:

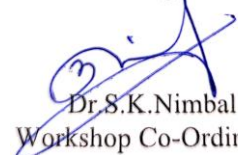

The workshop was successfully conducted with External Speakers who made very informative presentations on the topics like “Importance of Designing and Structuring of Question papers” / “Effective implementation of COs and BL in structuring of question papers” / “Steps involved in effective framing of MCQs” for 05 external participants and 27 in-house participants. The participants expressed that the workshop was very informative and interactive and the participants also urged for conducting such many more workshops for the benefit of faculty members.

I extend my gratitude to University Department of Education for Health Professionals (UDEHP), KAHER Belagavi for providing financial assistance to organize this workshop at our institution.

Workshop on “Systematic approaches in designing and moderation of
Question Papers for CIE and SEE”

Date: 22nd September, 2023

Please indicate how you felt about each of today’s sessions by marking (√) against the alphabet that best expresses your assessment on every speaker:

A = for very helpful; B = for helpful; C = Not helpful; D = cannot decide

Topic & Speaker	A	B	C	D
Topic: Importance of Designing and Structuring of Question papers Speaker: Dr.Vinayak Kulkarni	90.62%	9.38%	-	-
Topic: Effective implementation of COs and BL in structuring of question papers Speaker: Dr.Nagaraj Ekabote	93.75%	6.25%	-	-
Topic: Steps involved in effective framing of MCQs Speaker: Dr. Pampapati Hegadi	87.50%	12.5%	-	-
Exercise: Preparation of MCQs and QP Speaker: Dr.S.K.Nimbal	87.50%	12.5%	-	-
Day as a whole	89.84%	10.16%	-	-

1. Which factors particularly helped your learning to-day?

- Framing of MCQ and COs
- Modified Blooms taxonomy
- Preparation of bloom levels Question papers and MCQ’s
- Deciding of course outcomes
- Revised of bloom levels
- All Sessions were useful
- Exercise was useful to prepare QPs and MCQs

2. Which factors did not support your learning to-day?

NIL

3. Any other comments/suggestions for future programs.

- Arrange such workshop in future
- Resource persons were excellent

Workshop Details:

HPTLC is a reliable and reproducible analytical tool for complex substances. With the help of HPTLC fingerprinting plant type and its constituents can be identified and quantified.

The knowledge of this sophisticated instrument and the standardized procedures involved can help us in designing valid and reproducible methods and results.

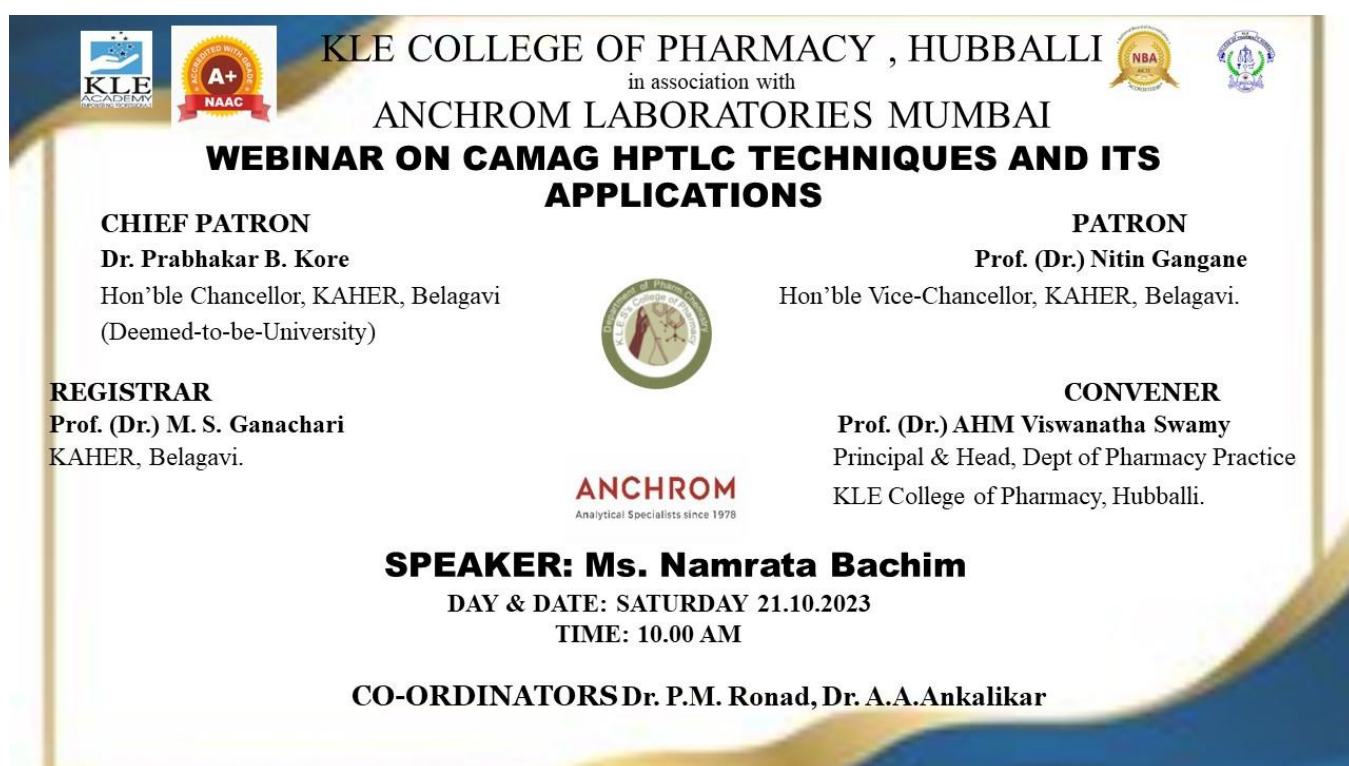

Highlights of the topics discussed:

In the webinar in detailed knowledge of the instrument was given about its function, instrumentation and usage.

Specially highlighted were the uses of the instrument in pharmaceutical, cosmetic and forensic fields.

A virtual tour of the ANCHROME LABORATORIES MUMBAI was also given.

UDEHP Workshop Report

Title: **“EMPOWERING EDUCATORS TO USE TECHNOLOGICAL ADVANCES
IN DIGITAL AGE”**

3rd November 2023

INTRODUCTION:

AI tools have the potential to greatly enhance the learning experience and improve the overall efficiency and effectiveness of pharmacy colleges. With the aid of AI assisted tools we can provide support and guidance to both students and teachers alike to improve their knowledge, skills as well as performance. AI powered tutoring system can enhance learning experience for the students making it interactive as well as adaptive for them.

OBJECTIVES:

To appraise the participants with:

- Use of AI powered tutoring systems in problem solving.
- To efficiently use the power of AI for converting didactic classes into informative and interactive sessions.
- To apply knowledge of AI in making informed decisions.
- To learn the use of AI in automated documentation of class notes, patient history and other clinical aspects.

EXPECTED OUTCOMES:

- Skill in implementing knowledge gained for improvising didactic classes.
- To use gain knowledge on various AI tools.
- To implement the gained knowledge of AI tools in carrying out research.
- To further extend the knowledge and apply the skill of AI in Pharmacy field.

RESOURCE PERSONS:

1. Dr. Vijaylaxmi
2. Mr. Kaushik M
3. Dr. Preeti Baligar
4. Ms. Priyadarshini Patil

NUMBER OF PARTICIPANTS: 36

External: 06

Internal: 30

CONCLUSION:

The Workshop was successfully conducted with eminent speakers and enthusiastic delegates. In the workshop, delegates learnt about Chat GPT and its applications, various technologies in navigating pedagogical approaches, different AI tools used during academic research and also in Health Science education. Workshop also included hands on training in all the four sessions. Totally workshop was very interactive and the delegates were very attentive and they benefited from the same.

Workshop Details:

The Oncology Clinical Training Programme is a comprehensive initiative dedicated to equipping healthcare professionals with advanced skills and knowledge, encompassing the latest developments in cancer diagnostics, treatment strategies, and patient-centered care practices. The information on Basic Principles of Oncology helped to learn on fostering clinical competence through hands-on experience, promoting multidisciplinary collaboration among healthcare professionals, emphasizing evidence-based practice, nurturing patient-centered care, integrating technological proficiency, and instilling ethical considerations, all aimed at preparing participants for excellence in the dynamic field of oncology. The program on Oncovigilance is a specialized initiative designed to educate healthcare professionals on the systematic monitoring, assessment, and reporting of adverse events related to oncology treatments, ensuring a proactive and vigilant approach to patient safety in cancer care.

Report on FDP "Patent and Claim Writing"

KAHER Institute of Physiotherapy, conducted a workshop on "Patent and Claim Writing" on **November 29, 2023**, featuring expert speakers Dr. Bhaskar Kurangi and Dr. Anil Karolli. Dr. Karolli, introduced the essentials of patent and claim writing, providing a foundational understanding. Subsequently, Dr. Kurangi dived into the specifics of claim writing for patents, offering practical insights. The concise three-hour session from **10:00 am to 01:00 pm** proved valuable, equipping participants with key skills in navigating the intricacies of patent documentation. The dual perspectives from the distinguished speakers added depth to the comprehensive learning experience. The workshop was organized for all the faculty members by Dr. Deepa Metgud research committee in charge and members and Dr. Sushil Kumar under guidance of Principal Dr. Sanjiv Kumar. A total **21 faculties** were benefited from the workshop.

Workshop on

Intellectual Property Rights (IPR) and IP Management for startup

The IPR Cell and Institution Innovation Council (IIC) of the KLE Academy of Higher Education and Research, Deemed-to-be-University, Belagavi conducted Workshop on Intellectual Property Rights (IPR) and IP Management for startup on 4th May 2023 at Dr. B. S. Kodakany Hall, KLE Centenary Convention Centre, Belagavi.

Objectives:

- Giving broad idea about IPR and IP Management for start-up and its importance.
- Giving idea about process/useful steps for patent filing/getting IPR approval for any start-up with useful links or information.

Speaker:

Dr. Sharan Gouda Patil, Deputy Controller of Patent and Design, Kolkata, Government of India.

Event Details:

Dr. Sharan Gouda Patil, Deputy Controller of Patent and Design, Kolkata, Government of India was the Resource Person and inaugurated the Workshop by lighting the lamp by the Dignitaries. Dr. Nitin M. Gangane, Hon. Vice-Chancellor, KAHER felicitated the Resource Person on this occasion.

Dr. Anil Koralli, Convener of IIC, KAHER welcomed & Dr. Shivayogi M Hugar, Co-ordinator, IPR-IIC introduced the Resource Person and highlighted the achievements of the Resource Person. Dr V. A. Kothiwale, Registrar spoke on the importance and role of IPR in Health-care and uniqueness of this Workshop which will help in knowing the process of patenting.

Speaking on this occasion, Dr. Nitin M. Gangane, Hon. Vice-Chancellor emphasized the need and importance of IPR and making the ideas commercially valuable products. As patent and copyrights also help in accreditation process like NIRF, NAAC etc.

Dr. Rohan Hattarki, Member, IPR Cell proposed the vote of thanks.

Participants:

The Workshop was attended by Principals, Deans, Officials, faculty members, Research Scholars, Post-Graduate and Under-Graduate students from the Constituent units of KAHER. The Workshop was conducted in hybrid mode (Off-line and On-line). 30 Staff & 92 students' participants benefited from this Workshop.

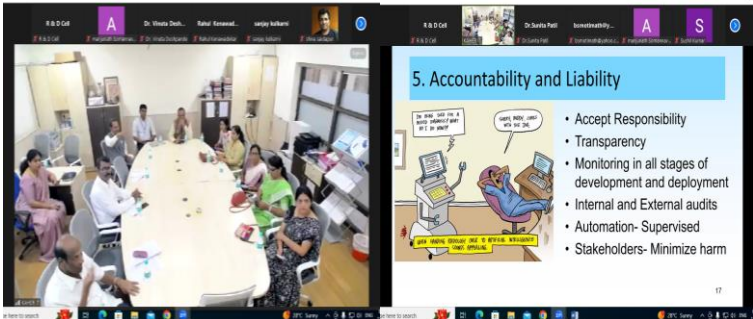

Key Outcome:

The participants were sensitized regarding filing and drafting of Intellectual Property Rights (IPR) and IP Management for startup. The sessions were very informative and inspired many researchers that will enable them during the patenting process of formulating Research ideas into Patents. (Registration/Publications/Grant).
