Committed to Dental Excellence

Date: 15-04-2023

To
Dr Shaila Kothiwale,

Congratulations on winning **Best Community Outreach in Oral Healthcare Award at the Innovation Exhibit of Oral Health Innovation Conclave 2023**, at Manekshaw Centre, New Delhi. Your innovation is remarkable and we are proud to present you the award for the same.

About IDA: The Indian Dental Association (IDA) is an authoritative, independent, and recognized voice of dental professionals in India. The association currently has more than 75,000 members & 600+ local branches across India, thus, creating a **vast expanse of network for impactful reach**.

The professional association is committed to public oral health, ethics, science, and the advancement of dental professionals through its initiatives in advocacy, education, research, and development of standards.

Dr APJ Abdul Kalam Education, Research, and Incubation Centre, an initiative by IDA, is India's largest conglomerate, with educational programmes and a platform for informing ground-breaking research.

About the Conclave and the Awards: IDA strives to lead the way in oral health via innovation, application, and promotion of dental education, research, and patient care delivered in collaboration with specialists in dentistry and allied health sciences. The purpose of this event is to **establish a specialised research ecosystem for dental evolution and communication**. This is the first national event and one of its kind to focus on innovations, entrepreneurship, and research in oral healthcare. This conclave focuses on **innovation in oral healthcare which is a welcome effort in achieving country's Amrit Kaal vision of building new, strong and self-reliant India**.

The Oral Health Innovation Conclave is a platform that **recognizes the most innovative minds in the oral health industry**. These awards celebrate excellence and inspire future generations to pursue their dreams with passion and dedication. Winning a Conclave award brings recognition and credibility to an individual's work in the oral health industry. Your dedication to improving oral health is commendable, and your contributions to the field of oral health have been invaluable.

We look forward to your proactive participation in many more such events which will be organized by IDA in the future. We believe that a participation of such kind encompassing the innovation heads, industry associations, investors, young entrepreneurs and manufacturers will facilitate the adoption of the best practices in the field, thus **empowering the whole oral healthcare ecosystem**. We wish you continued success to make significant strides in the years to come.

Congratulations once again!

Best regards,
Dr Ashok Dhoble
Hon. Secretary General, IDA.

Dear Sir/Madam,

Greetings..!!!!

A good review is always honest, authentic, informative, yet helpful for others to make informed decisions while providing valuable feedback to ensure journal standards are met at all times.

Thank you for being an active reviewer of the Journal of Natural Remedies.

If you are interested to continue as an active reviewer in the future, then please share your Subject area/Reviewing Interests and number of years of experience in the relevant field.

The benefit of associating as an active reviewer is that you will receive a 5% waiver for publishing your research papers.

You will also receive a '**Reviewer Certificate**' as a token of Appreciation for your valuable contribution.

We await your response!

(57) Abstract :
 PHYSIOPATHOLOGIC MECHANISMS AND THERAPEUTIC TARGETS OF ISOCITRATE DEHYDROGENASE MUTATIONS IN HUMAN CANCER The nanoparticle is coated with maleimide-terminated polyethylene glycol chains for attachment of the plurality of alpha-MSH peptide ligands, wherein at least one alpha-MSH peptide ligand is attached to a maleimide-terminated polyethylene glycol chain thru a thiol organization of a cysteine linker. A technique for detecting isocitrate dehydrogenase mutation, comprising measuring at least one decided-on from the institution along with trans-glutaconic acid and citraconic acid. A dye having an oxidized state and a discounted country, wherein the decreased nation can be distinguished from the oxidized state and in which the dye is initially present inside the oxidized state. The approach incorporates administering to the difficulty a therapeutically effective quantity of the inhibitor of LDHA or the activator of L-2-hydroxyglutarate dehydrogenase. DNA demethylating agent for use in a technique of treating a hematologic malignancy, comprising administering to a subject the mutant isocitrate dehydrogenase.

(57) Abstract :
 The present invention discloses a herbal composition designed for the management of neurological disorders. The composition comprises specific herbal extracts, including Ginkgo Biloba Extract, Bacopa Monnieri Extract, Ashwagandha Extract, Turmeric Extract, and Green Tea Extract. These extracts have been carefully selected based on their well-documented neuroprotective, cognitive-enhancing, anti-inflammatory, and antioxidant properties. The composition addresses the limitations of existing solutions by offering a holistic approach that targets multiple aspects of neurological disorders.

Letter of Appreciation

On behalf of Bharat Electronics Limited, Defence PSU under Ministry of Defence, Government of India (Official Organizers of Aero India 2023, at Airforce station, Yelahanka) from February 8th to 17th 2023, we would like to place on records that **Dr.Mamatha.A, Professor and NSS Programme Officer**, KLE College of Pharmacy, Bangalore is highly recognized and appreciated for her Excellency in being a part of planning and coordinating AERO INDIA 2023 team. She was assigned a specific role with a team of 150 volunteers, majorly in subordinating the Medical Support group with Indian Air Force Rapid Action Medical Team(RAMT). The Programme was well co-ordinated and structured for 150 NSS volunteers from various universities. She discharged her duties diligently as a leader with lots of hard work, dedication and commitment. She has set bench mark for others to follow.

We are very much contented and pleased with the services rendered by Dr.Mamatha.A and she deserves to be extremely recognized in the field of Community Service.

Deep appreciations for the sincere work and we wish Dr.Mamatha, a good luck and a bright future.

Gastrodin Reduces Bisphenol-A-Induced Insulin Resistance in Albino Rats via Attenuation of Oxidative Stress and Activation of AMPK/Nrf2

Dear Dr Kumbar,

Thank you for reviewing the above referenced manuscript. I greatly appreciate your contribution and time, which not only assisted me in reaching my decision, but also enables the author(s) to disseminate their work at the highest possible quality. Without the dedication of reviewers like you, it would be impossible to manage an efficient peer review process and maintain the high standards necessary for a successful journal.

You will shortly receive a notification from Elsevier's reviewer recognition platform, which provides you with a link to your "My Elsevier Reviews" private profile page, certificates, editor recognition as well as discounts for Elsevier services.

I hope that you will consider Journal of Traditional and Complementary Medicine as a potential journal for your own submissions in the future.

As a token of appreciation, we would like to provide you with a review recognition certificate on Elsevier Reviewer Hub (reviewerhub.elsevier.com). Through the Elsevier Reviewer Hub, you can also keep track of all your reviewing activities for this and other Elsevier journals on Editorial Manager.

If you have not yet activated your 30 day complimentary access to ScienceDirect and Scopus, you can still do so via the [Rewards] section of your profile in Reviewer Hub (reviewerhub.elsevier.com). You can always claim your 30-day access period later, however, please be aware that the access link will expire six months after you have accepted to review.

Kind regards,

Taiichiro Seki, Ph.D.

Associate Editor
