Rules for Free Education to Girl Child of Women Employees (Group 'C' & 'D') - working in KLE Society's institutions

KLE Society was established on 13th Nov., 1916 by seven eminent teachers, "Saptarshis", to educate children of the poor, especially the farming community. Their dream of transforming the lives of uneducated poor people in this part of country was realized by establishing educational institutions that cater the needs of the public. The Saptarshis resolved that poverty should not be an obstacle for education and set about adding meaning and purpose to the lives of common man by providing educational opportunities at school and collegiate levels. In more than a century of service to society at large, KLE Society has evolved to accommodate more expansive geographies and to incorporate academic avenues in technical, professional and health sciences education, yet, the founder philosophy continues to be both the guiding light and the practice.

Poverty affects the prospects especially in "Higher Education" and is a major issue of concern especially in view of the intelligent students who hail from humble origins. More often than not, we have families embracing academic domains on the basis of the affordability. This forced compromise is a major limiting factor in the harnessing of quality human resource that can contribute to overall national development.

In an attempt to address this issue, especially in context of inclusion of the "Girl Child" in the main stream, Hon'ble Chairman of KLE Society, Dr.Prabhakar Kore has conceptualized an initiative that aims at extending a helping hand for daughters of Women Employees of Group C and D at KLE Society's Institutions. The said initiative provides for a waiver of the tuition fees of these students for continuation of education in the disciplines of Engineering and Health Sciences at institutions of KLE Society. A statement in this regard was released on the occasion of "International Women's Day" organized at KLE Centenary Convention Centre, Belagavi, on 08.03.2019.

Terms and Conditions:

- The Group "D" women employees from the un-aided category working at KLE Society's institutions should have satisfactory service record of a minimum of 5 years
- Free education will be given to the Girl child in any Course from Pre Primary to Higher Education
- In case the Girl child secures admissions in any KLE Society's Engineering / Medical Colleges through CET / NEET ranking or through the rules framed by the State / Central Government, only through Government allotted seats, she is eligible for free education at KLE Society's institutions under this scheme
