2.4 **Termination.** The Agreement may be terminated with three (3) months advance notice to the other party at any time for any reason by the appropriate authority of the party, unless an earlier date is mutually agreed upon. In this case, the Parties shall talk in good faith before terminating the Agreement.

ARTICLE III: FUNDING OF THE INDIA CENTER AND VISITATION COSTS

3.1 **Support Funding.** KLE shall provide funding to Jefferson for the India Center, which funding may be used to provide general program support to accomplish the goals and purpose of the India Center for the term of the Agreement, including but not limited to, salaries and personnel costs, materials and services, telephone, and overhead. KLE shall pay Jefferson One Hundred and Fifty Thousand Dollars (\$150,000 US) annually.

3.2 Visitation Costs.

In addition, for these visitors, Jefferson shall be responsible to pay the reasonable cost of hotel accommodations for visits by KLE professionals to Jefferson and KLE shall be responsible to pay the reasonable cost of hotel accommodations for visits by Jefferson professionals to KLE.

3.2-2 Jefferson agrees to accept additional visitors from KLE during the term of the Agreement. For such additional visitors, KLE shall pay Jefferson visitation costs as follows:

ARTICLE IV: EXCHANGE VISITORS AND PROGRAMS

4.1 Definitions:

- 4.1-1 **"Home Facility"** means the party sending staff or students to the Host Facility.
- 4.1-2 **"Host Facility"** means the facility accepting the staff or students from the Home Facility.
- 5.1-3 **"Inviting Facility"** means the facility requesting a staff or student to participate in a cultural exchange program.

4.2 Staff Exchange Programs

4.2-1 Reciprocal Exchange of Academic Staff/Staff Program

The Parties may select staff to participate in an exchange for the purpose of studying or lecturing in the other facility on a reciprocal basis. The visiting staff participant (each, an "Exchange Visitor") shall be subject to all applicable laws of the host country, including but not limited to immigration laws, and subject to approval by the Host Facility. The Host Facility will assist the Exchange Visitor in locating living accommodations and in matters of health, language and local custom.

4.2-2 Visiting Academic Staff/Cultural Exchange Program

In addition to the reciprocal exchanges, either facility may invite members of the other facility for the purpose of participating in conferences, attending symposia, lecturing or consulting for a specified period of time, subject to the approval of the Home Facility. In such cases, the Inviting Facility makes appropriate funding arrangements with the invited faculty member. Each invited faculty member shall be considered an Exchange Visitor.

4.3 Student Exchange Program

Each party may send students to the other to participate in appropriate fields of study, subject to the availability of a Host Facility supervisor and resources. In such cases, students will submit a proposal, signed by both the Home Facility and the Host Facility supervisors, outlining how the study undertaken at the Host Facility shall contribute towards the student's degree at their Home Facility. Each student shall be considered an Exchange Visitor.

4.4 Selection of Exchange Visitor Candidates

Each Exchange Visitor must meet applicable requirements of the Host Facility. Exchange Visitors selected for the exchange will be required to have sufficient knowledge of the language appropriate to the Host Facility to carry out their studies and research at the Host Facility. A Host Facility may not discriminate against an Exchange Visitor candidate based on the candidate's race, sex, color, religion, or age. Selection in an exchange program does not entitle the Exchange Visitor to pursue a degree at the Host Facility. The India Center will also be the agent for any exchange involving Jefferson personnel visiting India through this Agreement.

4.5 Description of Exchange Experiences

4.5-1 General Terms for Each Exchange Experience. Prior to the beginning of each exchange experience for Exchange Visitors, the Parties shall discuss and agree upon a curriculum for the Exchange Visitors, which shall be placed in writing. The Parties understand that each exchange experience will be dependent on the availability of funds.

4.5-2 Description of Exchange Experiences. The curriculum of exchange experiences shall be set by the India Center with the advice and consultation of KLE. While consideration will be given to the individual interests and objectives of the visitor(s) in establishing the curriculum for a specific visitor or group of visitors, the objective of the program, especially for groups of visitors, is to develop and offer a specific model program for a given type of visitor or group of visitors. Further, because the India Center must rely on the availability of Jefferson facilities including its Thomas Jefferson University Hospitals, Inc. ("Hospital") and personnel at the time of the visit to prepare and organize a specific program or educational experience, the template of a given model experience may not be able to be reproduced as presented.

4.6 Joint Research Program

Parties may seek opportunities to cooperate in research through the India Center. The details of specific research proposals will be determined by the mutual agreement of the Parties. The form of research cooperation may vary with the goal of each research project. Prior to the initiation of a specific research project, the parties shall discuss each project and agree that, *prior to the commencement of each research project*, a Research Program Agreement ("Program Agreement") must be entered into that shall include terms to address the policies of the Parties on intellectual property, any event of research collaboration leading to patent rights, copyrights and other intellectual property rights, the timing of the program, and details deemed relevant to the program.

Each Program Agreement entered into will form an Appendix and be attached to and incorporated into this Agreement. Research exchange will also be coordinated through the India Center contingent on fulfilling the obligations under this Agreement and the availability of funds.

4.7 Exchange Visitor Status

The Parties shall be responsible to notify each student Exchange Visitor that the student shall not be deemed to be a student of Jefferson or KLE. Parties agree that the exchange program for degree training should follow the educational system and regulations of the Home Facility.

4.8 Exchange Visitor Requirements

4.8-1 Exchange Visitor Discipline and Removal. Parties agree to terminate the participation of any Exchange Visitor assigned to Jefferson, upon request of Jefferson, if Jefferson has determined that the Exchange Visitor failed to abide by the standards, practices, rules, policies, or procedures of Jefferson or in any way threatens to impair the delivery of education to Jefferson students or clinical care to its patients. In addition, each Host Facility shall have full responsibility for conducting any Exchange Visitor disciplinary proceedings in accordance with its own rules and regulations. Notwithstanding the above, the Home Facility agrees to terminate the participation of any Exchange Visitor assigned to the Host Facility, upon request of the Host Facility, if the Host Facility has determined that the Exchange Visitor fails to abide by the practices, rules, policies, or procedures of the Host Facility or in any way threatens to impair the delivery of educational services to the Host Facility.

4.8-2 Educational Records. Jefferson shall maintain all educational records and reports relating to the participation by each student assigned to the classroom experience at Jefferson for a reasonable period. In the event of pending litigation involving such records, those records shall be maintained until a resolution of the legal action is reached. The India Center shall provide KLE with an annual report detailing the activities of the India Center.

4.8-3 Exchange Visitor Health Status/Prerequisites. Jefferson shall require KLE, as appropriate considering the training period and type of professional, to provide to Jefferson satisfactory evidence that each Exchange Visitor assigned to Jefferson has: (a) proof of an acceptable criminal background check, including without limitation, no criminal history related to health care or adult or child abuse or neglect; (b) qualifying health status to work directly with patients; (c) immunization documentation and compliance with health requirements established by Home Facility; (d) infection control and universal precautions training; (e) certification in basic cardiac life support; and (f) any other prerequisite reasonably requested by Host Facility prior to the exchange and from time to time during the exchange. The Exchange Visitor shall be responsible to provide a copy of all such prerequisites to Host Facility and to maintain a record documenting these prerequisites.

Some or all of the above requirements may be waived by Jefferson out of consideration for the nature of the exchange program and the visit.

- 4.8-4 Emergency Medical Treatment. If any of the Exchange Visitors participating at Jefferson covered by this Agreement should require emergency medical treatment while at Jefferson, Jefferson shall follow its procedures for handling such emergencies. Any expenses related to the emergency transport and treatment shall be the sole responsibility of the Exchange Visitor.
- 4.8-5 Health and Accident Insurance. Parties shall require each Exchange Visitor to maintain health and accident insurance during participation in a program at Jefferson. Jefferson shall accept the travel insurance that includes health and accident insurance provided by KLE for Exchange Visitors to satisfy this requirement as long as this insurance coverage satisfies the US Department of State's minimum requirements. Parties are aware that the US Department of State requires no less than \$100,000 US for accident or illness, plus \$25,000 US for repatriation of remains and a \$50,000 US for medical evacuation for each Exchange Visitor.
- 4.8-6 Exchange Visitor Expenses. Jefferson shall not be responsible for any compensation for services or expenses including but not limited to meals, travel or other incidental expenses incurred by Exchange Visitors assigned to Jefferson. Each Exchange Visitor is responsible for travel (airfare and local transportation); accommodations and other expenses related to his/her participation in the exchange program, except for invited Exchange Visitors for whom appropriate funding arrangements have been made.
- 4.8-7 Housing. KLE will advise Exchange Visitors that room and board will not be provided by Jefferson. KLE will advise Exchange Visitors that they will be responsible for obtaining housing and will be required to pay all expenses associated with room and board.
- 4.8-8 Publications. Exchange Visitors must obtain prior written approval of KLE and Jefferson before publishing any material relating to the experience at Jefferson. Upon approval, Exchange Visitors shall be able to publish material relating to the exchange in accordance with the Home Facility's policies, provided however, that the Exchange Visitor shall give the Host Facility an advance copy of the proposed publication and allow Host Facility at least a sixty (60) day opportunity to remove any confidential information of the Host Facility prior to publication.

- 4.8-9 Exchange of Academic Materials. Each party shall exchange all relevant materials, such as those relating to the library, on a regular basis. The libraries can also exchange reference materials for research purposes. The exchange of academic materials shall be consistent with applicable legal and contractual requirements including U.S. laws applicable to international studies governing universities.
- 4.8-10 Assigning. KLE shall assign only those Exchange Visitors who meet the requirements and prerequisites set forth in this Agreement.
- 4.8-11 Scheduling Exchange Visitors. Parties shall annually agree upon the number and schedule for Exchange Visitors prior to placement at Jefferson.
- 4.8-12 Compliance with Host Facility Policies. Each Exchange Visitor must comply with applicable policies of the Host Facility throughout his/her participation in the exchange program.
- 4.8-13 Visas. Each Exchange Visitor is responsible for obtaining and maintaining any visa needed for participation in the exchange program. The Host Facility will provide the Exchange Visitor with the documents necessary for obtaining a visa. Each Exchange Visitor must keep the Host Facility apprised of any changes in his/her visa status.
- 4.8-14 Patient Confidentiality. Home Facility shall ensure that each Exchange Visitor placed at Host Facility has been educated as to the concepts of privilege and confidentiality in a health care system. The Parties recognize that personal information of patients and protected health information as defined in HIPAA described below ("Patient Information") is confidential and the Exchange Visitors are under an obligation to maintain the confidentiality of such Patient Information in accordance with State and Federal laws of the United States of America. Notwithstanding the generality of the foregoing, the Parties specifically covenant and agree to comply, and the Home Facility covenants to cause its Exchange Visitors to comply, with the Health Insurance Portability and Accountability Act of 1996 (HIPAA) in all respects and to amend this Agreement as may be required to be HIPAA compliant, including without limitation to: (1) refrain from using or disclosing any Patient Information for any unauthorized purpose; (2) maintain safeguards as necessary when using, disclosing or accessing Patient Information, such as not talking about patients in public areas, not removing patients official medical records from a health care facility, and not downloading Patient Information on personal electronic devices; and (3) report to the Host Facility any use or disclosure of Patient Information of which the Home Facility or exchange visitor become aware that is not authorized.

ARTICLE V: CONFIDENTIALITY.

KLE agrees that any information and documents including, without limitation, data, educational materials, medical records, materials relating to business, protocols, guidelines, pricing, strategies, compensation levels, financial information, trade secrets, and technology (collectively, the "Confidential Information") concerning Jefferson, its patients, affiliates, employees, agents, or representatives that are submitted under this Agreement or which KLE or its Exchange Visitors become aware of during term of the Agreement are confidential and proprietary to Jefferson. KLE shall hold all Confidential Information in the strictest confidence and shall protect all Confidential Information with the same degree of care that it exercises with respect to its own proprietary information and in accordance with any and all applicable laws and regulations and Jefferson's policies and procedures. KLE shall obtain no proprietary rights (directly or indirectly) in or to any such materials. KLE shall not disclose the Confidential Information to any third party without the prior written consent of Jefferson unless required by law, in which event KLE will promptly notify Jefferson of such request. Upon the expiration or termination of this Agreement, for any reason, KLE shall promptly turn over and return to Jefferson all Confidential Information (in whatever form or media) or upon the written direction of Jefferson, destroy the Confidential Information.

ARTICLE VI: INSURANCE.

Each party shall provide and maintain Comprehensive General Liability and such insurance for itself, its agents, its employees, at levels sufficient to support the indemnification obligations assumed herein. Upon request of a party, the other party shall supply certificates of insurance evidencing such coverage.

ARTICLE VII: INDEMNIFICATION.

Each party shall indemnify, defend and hold the other party, their respective trustees, directors, officers, agents, employees, and Exchange Visitors participating in a program at Jefferson, harmless from and against any and all liabilities, suits, actions, claims, demands, damages, losses, expenses and costs of every kind and character, including defense cost and legal fees, suffered or incurred by or asserted or imposed against the party seeking indemnification and resulting from, connected with, or arising out of any negligent or wrongful act or omission of the indemnifying party or any other agent or employee of the indemnifying party occurring at any time during the term of this Agreement. This section shall survive the expiration or termination of this Agreement.

MSAI and Exchanges

Medical Students Association of India was established in 2011 and has also been a member organization representing India at the International Federation of Medical Students' Associations (IFMSA) since 2012. In 2016, MSAI also became a part of the world's largest student-run exchange program that has conducted thousands of international exchanges since 1951. MSAI has conducted over 200 exchanges since 2016 with over 50 countries as a part of this program. IFMSA exchanges have received recognition from various international organizations like the World Federation of Medical Education (WFME), the World Organization of Family Doctors (WONCA), the Federation of European Neuroscience societies (FENS), European Society for Emergency Medicine (EuSEM), World Federation of Societies of Anaesthesiologists (WFSA) and International Federation of Gynaecology and Obstetrics (FIGO). Exchanges are broadly classified into Professional and Research exchanges.

KLE's Jawaharlal Nehru Medical College, Belagavi, has been one of our most important partners in making exchanges accessible to a larger number of students. With the help of their zealous students and supportive faculty, we have been able to host a number of students from across the world .

Research Exchanges

A four weeks long research project that provides medical students with the opportunity to deepen their knowledge in a specific area of their interest. This program is usually supported by a medical school/university and is guided by a mentor who introduces the students to the basic principles of research, including literature review, data collection, scientific writing, laboratory work, statistics, and ethics.

JNMC was the first medical college in India to host research exchanges with MSAI. The students have participated in research projects in departments like Cardiology, Microbiology, Community Medicine, Physiology and Biochemistry.

Professional Exchanges

A four weeks long clerkship/observership in a clinical or pre-clinical field of medicine where the student has a chance to observe a different health care system and learn from foreign tutors. The aim is to promote cultural understanding and co-operation amongst medical students worldwide. The students can also learn and gain important soft and hard skills vital to being a health professional in the 21st century.

After the tremendous support received for Research Exchanges, MSAI has been approved by JNMC to host professional exchanges. We are hosting students in departments like Obstetrics and Gynaecology, Paediatrics, Surgery, General Medicine, Community Medicine and others.

Exchanges for Indian Students

As most of these exchanges are bilateral, we also send Indian medical students to other countries for a similar exchange experience. The selection is conducted based on a predetermined Point Based System that takes into consideration many things ranging from academics, language proficiency, extra-curricular activities, work done for MSAI and so on. Once selected, these students are given a Pre Departure Training that helps them gain the best out of their exchanges while having a truly memorable experience.

Academic Quality & Capacity Building

We take a number of measures in order to ensure that these exchanges are truly beneficial to the exchange students. These steps ensure the academic quality of the exchange and make the month long trip for the students not just memorable but worthwhile. To ensure an educational experience of the highest quality, the professors at JNMC with the help of our local representatives carefully develop the projects. These projects are then reviewed and approved by an international team after which they become available for the exchange program.

We regularly conduct Upon Arrival Trainings for the incoming students to introduce them to the local culture and orient them for their upcoming exchange programs. We have also conducted a Research Orientation and Open Access seminar for the students. An IFMSA certificate is awarded upon successful completion of their exchange. The students are also given a Handbook to log their daily progress and discuss their expectations with their mentors.

To improve the exchange experience for all parties involved, we also conduct a number of capacity building activities across the country. We regularly conduct Exchanges Workshops, which aim to educate students about exchanges, and help MSAI motivate more members to partake in exchanges as participants as well as organizers.

Exchanges for Indian Students

As most of these exchanges are bilateral, we also send Indian medical students to other countries for a similar exchange experience. This year, we received **19 applications out of which 7 students have been selected** to go an exchange. This number has been steadily increasing every year and is expected to increase even further in the coming months. The selection is conducted based on a predetermined **Point Based System** that takes into consideration many things ranging from academics, language proficiency, extra-curricular activities, work done for MSAI and so on. The most recent ones were conducted in **July and August 2018** for **15 students from 5 countries**. We have also recently conducted a **Research Orientation and Open Access seminar** for the students. An **IFMSA certificate** is awarded upon successful completion of their exchange. The students are also given a **Handbook** to log their daily progress and discuss their expectations with their mentors.

Way forward

As we move closer to 2019, we are expecting to ramp up exchange activities. JNMC, with its stellar faculty and enthusiastic students, will play a central role in helping us achieve this. We are also looking to develop exchanges that concentrate on other areas of our work and believe that JNMC will be vital to our presence in not just Karnataka but also South India. It is an exciting time for our organization in the international as well as the national community and we it all to our partner institutes like JNMC.
