Dear Dr. Hasan,

Thank you for virtually hosting the Labcorp, India team and helping us finding the right talent for our organization. It was a pleasure to interact with the students.

As discussed, we would like to confirm the selection of the below mentioned student for the 2022 internship program (February 2022 – July 2022) at Labcorp, Bangalore. We would like to remind you that we are keen on them continuing with Labcorp post the internship in case of full time opportunities at the time of completion of internship.

However, please note that Labcorp at this stage cannot confirm final placements as it would be dependent on the business need and the individual's performance. So if a candidate is keen on only looking for a 6 month internship then this opportunity may not be suitable for them. Please do communicate and confirm back to us accordingly.

Given that the situation is fluid and some areas are beginning to realize the benefits of COVID-19 prevention efforts, hence we have agreed to extend the ongoing work from home business continuity plan till 31st March 2022 across India and the selected interns will be home-based till 31st March 2022 as well. The laptops and the onboarding kits will be delivered to the intern's present address.

Once the date of office re-opening is communicated then the interns have to office based in Bangalore post 31st March 2022.

Request you to please seek confirmation from the students by 11 AM on Monday, 24th January 2022 and confirm back to us by filling out the attached authorization letter template.

Please share this letter back with us on your official university letterhead and signed by the concerned authority to enable us to begin the onboarding process for the candidates.

We look forward to a continued and fruitful partnership with your institute. Please do feel free to reach out to us for any further questions or clarifications.
