Valedictory function:-

The valedictory function of Advanced Academic Training Programme was done on 27th February 2021 in presence of Mr. Anfasoddin Killedar, currently working as a special hospital pharmacist in Saudi Arabia. He had highlighted the importance of training program later in the career of Pharm D. Dr. M. S. Ganachari had taken review form participants and congratulated the department for smooth conduct of week-long AATP program.

Outcome of Advanced Academic training:

Demonstration made the participants more interactive among themselves and other resource persons (trainer). So the demonstration and this also helps to get basic and recent advances in the field.

Delegates are aware of Basic Medical Procedures (BMP) and also know the importance of BMP where they can broaden their scope of Pharm. D as practice in immunization.

By advance academic training program, students are now capable to interpret the ECG, X-RAY & other laboratory interpretation and this interpretation skill builds their confidence to communication with other healthcare professionals.

Students also got exposed to bedside training, & this training gave an idea about how to analyze the patient and how to implement theoretical knowledge in practice. So it is very helpful for them during ward round.

Time: 3:30 PM – 4:30 PM
Topic: "Power Your Qualification with Qualities"
Resource Person: Sri. Ajit Kaikini

The resource person of the seminar was Sri. Ajit Kaikini, Director Buoyancee Growth and Corporate Training. The seminar was presided over by the principal of the college Dr Raman Dang. Total of 32 students of VI Sem B.Pharm , M.pharm and Ph.D students were present. The gathering was welcome by Dr.Anusuya Patil and introductory note by Mrs Dimple Pirgal. Mr. Ajit kick started the session by making all the students realize that all are winners. He described ' power' as **knowledge in motion** and told that having knowledge has no meaning if we do not make use of it. He also told that our words create our world and force does not work. He said, " **Anchor to your source, do not use force**". He is of the opinion that if we can anchor our activities then sky is the limit for us.

According to him, degree is just a passport and we need visa to make a mark in this real world. One should make sure that there is a proper match between the actions done by a person and who actually one is. He advised all of us not to join an organization just because of salary package or for any monetary reasons for that matter, instead one should perform par excellence so that organisation would value us and give us what we want. He described today's youth as " **born winners but conditioned losers**".The take home message was ' **Be your best, better your best'.**

To sum up, it was a well thought-out seminar of motivating the students to discover themselves. The programme ended up with vote of thanks by.Dr A J Rajamma Professor ,Department of Pharmacognosy.

Name of the Programme: Language and Communication skill development

Introduction: Communication skills are the abilities you use when giving and receiving different kinds of information. Some examples include communicating new ideas, feelings or even an update on your project. Communication skills involve listening, speaking, observing and empathizing. It is also helpful to understand the differences in how to communicate through face-to-face interactions, phone conversations and digital communications like email and social media.

Objectives:

- To evaluate the strengths and weaknesses of communication skills.
- To understand Optimal Thinking and its vital role in communications.
- To explore how to challenge and optimize suboptimal thoughts, feelings and behaviors.
- To learn how to listen most effectively.
- To interpret and optimize non-verbal communications.

Date: 22/11/2021
Time: 11:00 AM – 12:00 PM
Topic: How we create value through communication
Resource Person: Mrs. Sharmila John., M. Phil

A seminar was held on November 22nd 2021 on the Importance of developing the Communication skills and the role of communication in our daily life. The seminar was attended by 90 First year B.pharm students. The Guest Speaker Mrs.Sharmila John., M.Phil. She is Principal at Premarani J convent, Bengaluru. She spoke how Communication is both an art and a science; and requires our full attention and consideration if we are to use it skillfully. The students learned about the values to be clear for effective communication and develop a keener awareness of the perceptions of others. To understand and appreciate the differences with their friends.

The session ended with question and answer.

Objectives:

The main objective of workshop is to have an knowledge on application & importance of biostatistics in research

Date & Venue:

The workshop took place on 13th March 2020 at KLE college of Pharmacy Seminar Hall, Belagavi, Karnataka.

Coordinators (Department of Pharmacy Practice)

1) Prof (Dr) M S Ganachari, Professor & Head
2) Mrs. Shashikala Wali, Asst. Professor
3) Mrs. Geetanjali S Salimath, Asst. Professor
4) Ms. Manjula G, Asst. Professor
5) Dr. Satish Karoli, Asst. Professor
6) Mr. Ashish Singh Parihar, Asst. Professor
7) Dr. Anushree Deshpande, Asst. Professor
8) Mr. D. Revana Siddappa, Asst. Professor
9) Dr. Sowmya spoorthi M, Asst. professor
10) Dr. Ramesh Bhandari, Asst. professor
11) Ms. Aishwarya C Hiremath, Asst. Professor
12) Mr. Uday Kumar PhD. Research Scholar

Participants:

The workshop was attended by 5th year Pharm. D & M pharm. students

Total Participants= 59

5th & 6th year Pharm. D = 27 **MSc (Clinical research)= 09**

M pharm (Pharmacy practice& Pharmacology) = 13

Welcome address was given by Prof (Dr) M S Ganachari sir and introduced the chief guest & speakers for workshop. Sir provided the brief introduction and overview of one day workshop. Prof (Dr) Sunil Jalalpure sir gave the key note address on how biostatistics is important in research, which is needed in research to draw conclusions. He also briefed about the significance of biostatistics as it helps in determining the proper sample size in research & how it impacts on research especially in Pharmacy Practice & Pharmacology dept.

1st session Speaker: Dr S B Javali

Topic Parametric tests of significance in Pharmaceutical Research

Dr S B Javali emphasized on how statistics plays a crucial role in research, planning and decision-making in the health sciences. Progress in technologies and continued research in computational statistics helps us to implement sophisticated mathematical models within software which can be handled by non-statistician researchers like students. The importance of hypothesis in research that how it helps us to draw conclusions was explained. Significance of P value in the research & various application of statistics was briefed out by Dr. Javali.

2nd session by Dr Ashish Singh Parihar

Topic Importance of SPSS in health research

The session was about mainly baste demo of SPSS software which helps us in complex statistical data analysis The various input features of this software was explained The software helps researchers to avoid routine mathematical mistakes and produce accurate figures in their research if they input all data correctly. Sir emphasized on importance of data collection as well that how it helps in interpretation of data.

3rd Session by Mr chetan B.J

Topic sigma plot software hands on training

Last session was very interesting and beneficial for everyone as it was a hands on training programme. Sir explained about handling of sigma plot software. The software is very easy to use and reliable. He demonstrated the various parametric test calculation like t-test, co-relation analysis, regression analysis etc and how to interpret it graphically as well. He also provided information regarding trial version of this software.

Valedictory function:

All the sessions were concluded with certificate distribution to the resource persons & participants.

The workshop was beneficial for PG students & the students who are doing projects which will guide them in analysing their data collected during their project work.

PROGRAMME DETAILS

Objectives: Biostatistics is involved in every step of **research** including trial design, protocol development, and data management and monitoring, data analysis and clinical trial reporting.

- **Statistical** knowledge helps to use the proper methods to collect the data,
- Employ the correct data analysis and effectively present the results.
- **Statistics** is a crucial process behind how make decisions based on data, and make predictions in Research.

REPORT On
KAHER Sponsored Workshop on "Drug Design and Development"
Dept. of Pharmaceutical Chemistry, KLE College of Pharmacy, Belagavi,
held on 28th January 2020

The total numbers of participants in the workshop were 70, which included 14 outside participants and 56 in-house participants. There were 2 outside resource persons and 4 in-house resource persons. The workshop started at 9.30 am with a lecture by Prof. (Dr.) B. M. Patil, Principal, KLE College of Pharmacy, Belagavi on the topic 'Complex Disease and Drug Targets'. The inaugural programme was scheduled at 10:00 am. The Chief Guest was Prof. (Dr.) V. A. Kothiwale, Registrar, KLE Academy of Higher Education & Research, Belagavi. The inaugural programme involved welcome address & introduction to chief guest by Prof. (Dr.) M. B. Patil, introduction about work shop by Prof. (Dr.) Shankar G. Alegaon, lighting of lamp, Address by chief guest Prof. (Dr.) V. A. Kothiwale, Principal's remark by Prof. (Dr.) B. M. Patil and Vote of Thanks by Prof. (Dr.) M. S. Palled. Anchoring of the workshop was done by Dr. Preeti Salve. The inauguration was followed by tea break. The next lecture on Nanomaterials for biomedical application was from 10.45 -12.00 noon by Prof. (Dr.) J. Manjanna, RCU, Belagavi. It was then followed by a lecture from 12.00-1.00 pm on QSAR by Prof. (Dr.) Ravindra Kulkarni, BharatiVidyapeeth's Poona college of Pharmacy, Pune. Everybody then dispersed for lunch break from 1.00 - 2.00 pm. The afternoon session began with a lecture by Prof. (Dr.) K. K. Hullati, KLE College of Pharmacy, Belagavi, on Drug discovery process from natural products. The next session was from 2.30-4.45 pm, by Prof. (Dr.) Shankar G. Alegaon on Molecular docking hands on training and by Mr. Pukar on Network pharmacology. The programme concluded with valedictory function and certificate distribution from Dr. M. B. Patil at 5:00 pm.
