

**KLE ACADEMY OF HIGHER  
EDUCATION AND RESEARCH**  
(Deemed-to-be-University) Belagavi, Karnataka

---

# **PROSPECTUS**

## **2016-17**

# The University

The KLE ACADEMY OF HIGHER EDUCATION & RESEARCH (KAHER) was established on 13th April, 2006 as per the Ministry of Human Resource Development, Government of India under the recommendation of University Grants Commission. The sponsoring society "The KLE Society" celebrating its centenary was established on 13th of November 1916 by "Seven Dedicated Teachers —The Saptarishis" and has under its wing 250 institutions spread across Karnataka, Maharashtra, Goa, Delhi etc.

In a short span of time the University has firmly established itself as a centre of excellence in terms of medical education, research and health care services at the national and international level. The University offers various undergraduate, postgraduate, post-doctoral, fellowship and certificate programs in the faculties of Medicine, Dentistry, Pharmacy, Ayurveda, Physiotherapy and Nursing.

In terms of infrastructure the University has excellent teaching facility, state of the art teaching hospital and medical research centre having 2400 beds, basic science research centre spread over an area of 10,000sq.ft., Wi-Fi facility all over the campus, digital library and other facilities on par with premier institutes of national and international repute. Facilities like bank, post-office, pharmacy, gym, swimming pool, indoor stadium, cafe, department store, travel booking, etc. are provided in the campus itself. Calendar of events delineating the date of examination schedule and other important curricular events are provided to every student at the beginning of academic session thus enabling the students to plan and pace their studies well in advance.

The Department of Allied Courses was established in 2007. There is expected to be a tremendous demand for allied health professionals in the years to come because of the phenomenal growth in the healthcare industry. In view of this, KAHER offers a range of allied courses in the form of undergraduate, postgraduate, fellowship, diploma, postgraduate diploma and certificate courses.

# Chancellor

For nearly a century now, the KLE Society has rendered Yeoman services to the cause of education. The seed was sown in 1916 with the establishment of an institution in the educationally ill-served region of North Karnataka. Today, that one seed has grown into a virtual forest with over 250 institutions in its fold.

Over the years, the KLE Society has never lost sight of the purpose that saw it come into being “Learning that transforms individuals and in turn transforms society at large.” This deep rooted desire to make a positive difference has resulted in a range of institutions that span everything from kindergarten to post doctoral research.

In 2006, the KLE Society had the satisfaction of gaining recognition from the University Grants Commission (UGC) for the KLE Academy of Higher Education & Research. The University takes immense pride in its curriculum and endeavours to provide internationally accepted education and healthcare practices. A new chapter now dawns at the KLE Society with the launch of the KLE Technological University (Under Karnataka University Act, 2013)

Being at the helm today, I follow the foot steps of many illustrious predecessors who have nurtured the vision of the founders. I am humbled by all that has been achieved by those before me. The achievements are, however, a source of inspiration too, in the sowing of new seeds, while carefully tending what has already grown.

**Dr . Prabhakar Kore**  
Chairman, KLE Society  
Chancellor, KAHER

**Prof. Dr . C. K. Kokate**  
Vice-Chancellor

**Prof. Dr. V. D. Patil**  
Registrar

Healthcare is one of the most important issues for India as it is home to a sizeable percentage of the global population. For providing a satisfactory level of healthcare, the country needs to create a legion of trained healthcare professionals. KAHER has dedicated itself to this task with a host of educational institutions that ensure a continuous flow of professionals.

**Accredited 'A' Grade by NAAC and Placed in Category 'A' by MHRD (Gol)**, KAHER is positioned to make a difference to the nation's healthcare services. With the objective of gaining from global healthcare learnings, the University has entered into Memorandi of Understanding with leading institutions, both national and international. Collaboration is thus ongoing with the University of Michigan, University of Illinois in the United States of America as well as Clinique du Docteur Jean Caussee, France and Premier International University, Malaysia and the Indian Council for Medical Research. The University has invested in new technology to promote educational excellence, and the whole campus is WiFi enabled with curricular content that is provided through a Smart Teach Edu Server, internet and intranet.

The campus hosts over 5000 students and provides learning opportunities across the healthcare spectrum from Medicine, Dentistry, Pharmacy and Nursing, to Ayurveda and Physiotherapy. The University provides financial aid to economically weak students, scholarships to meritorious students and prioritizes women's empowerment. Sports, cultural, literary and social activities are promoted through regular events to develop new dimensions of students' personalities. A guidance and counselling cell helps them achieve their full potential.

The University's efforts to promote quality healthcare, has made a difference not only to the lives of the students, but has also benefited the people of the region. Today the University has gained a reputation as a centre of educational excellence in the global healthcare map.
