

Lecture Capturing System(LCS)

All constituent units of KAHER are well equipped with ICT enabled class rooms with internet facility.

- Few of the classrooms are equipped with "Lecture Capture System" through **IMPARTUS** that records lectures. The same is edited and made available to the students through their login ID anywhere, any time through Intranet/internet.
- Teachers from all institutes access the lecture capturing center and record their lectures as per the teaching schedule.
- Live Video telecast of Body Dissection from Cadaveric Lab to the adjacent Demo Room, Anatomy Gallery Hall and Dr. H.B. Rajshekhar Hall of KLE Centenary Convention Centre is possible.
- **CONTINEO** software allows each faculty to upload their presentations which students can access by logging into their individual accounts.
- The studio at Community radio station '**Venu Dhvani**' 90.4 FM provides recording facility for staff members

KLE AYUR STUDIO

ICT refer to forms of technologies to create, store, share or transmit, exchange information. COVID19 has impacted in a way no one could have ever anticipated, A tech-enabled education system will be a pandemic-proof solution, that can also be something that can continue after the pandemic, much before the outbreak of pandemic KLE BMK Ayurveda Mahavidyalaya was in the processes of upgrading itself into Paperless Classroom and teaching, for this purpose the institute has established a **ICT Enabled Teaching Content Development Studio** equipped with top-spec computer hardware and high-end video editing tools like Wonder share Fillmore which helps in editing like mixing, cropping, adding special effects, adding voiceover to video in its premises.

The studio allows faculty and staff to create professional-quality videos. It has an acoustic design which forms soundproofing, to maintain the internal environment balanced the studio is air conditioned which also helps in long-life of the equipment used in it.

The studio has high-end cameras and also has a sound recording system with both wireless and wired mic, Noise reduction facilities, and an audio mixer. An artificial lighting system with a three-point lighting technique is used for amble light and avoiding shadows. The studio also has a green screen to facilitate a Virtual backdrop to the recorded video.
