Important information about the fellowships

COURSE BOOK

The course book carries all information prospective fellows need to know about the fellowships, like the practical issues and information that is specific to each location. **Please read the relevant sections in the course book carefully, as they will answer the vast majority of any questions you might have.**

These fellowships are organised by a small but enthusiastic non profit organisation. Their time is limited. We ask you to actively and extensively explore other sources of information (like the course book and our website) before you start sending questions to our organisation as we like to prevent our secretaries having to spend time answering unnecessary questions. Questions with regards to practical issues of the stay at each unit will have to be directed to the contact person of the unit.

FINANCES

There will be no salary available. We have made an effort however to keep the costs of accommodation to a minimum. Please check the course book for further details as they differ per location.

BE AWARE

In order to prevent last minute cancellations, you will be required to send an email to the unit you are visiting **no later than 8 weeks before your starting date**. In this email you will have to provide the following:

- a) *proof of intention of travel (your airline ticket)*
- b) *proof of visa (when applicable)*
- c) *a signed copy of our accommodation agreement (when applicable)*
- d) *transfer of deposit for accommodation (when applicable)*

If you fail to confirm your fellowship by providing us with these items, your fellowship position will be cancelled. As the number of applications for these fellowships exceeds the number of available postings by a considerable margin, I hope you'll understand that people from the waiting list will then get the opportunity to step in.

CERTIFICATE

Upon successful completion of the fellowship period, each fellow is entitled to an official certificate stating his fellowship status. This certificate will be send to you via email, only after you have provided us with a short practical overview of your fellowship which could be used as a reference on our website.

STUDY REQUIREMENTS

Course and unit requirements

The Handbook contains course and unit information for all study periods. Course level information includes course structure, indicative workload and course rules (including any requirement to complete Work Integrated Learning (WIL)). Unit level information includes prerequisites, modes of study, contact hours, content, assessment and other requirements to complete the unit. For example - National Police Record Check, Working With Children Check or immunisations. For full details, please view: <http://www.deakin.edu.au/students/enrolment-fees-and-money/university-handbook>.

Work Integrated Learning (WIL) includes an industry work placement as a compulsory part of your degree. There are different types of industry work placements, including industry based learning (IBL), work based learning, career placement, community based placement and volunteering placement. These placements can start at any time and are not linked to a particular study period. Please check the Handbook for any compulsory WIL requirements relating to your course.

Online study

International students can undertake 33% (one third (or equivalent)) of their course online, with at least one unit of face-to-face study in a compulsory study period. The only exception is if you have one unit to complete in your final study period – this can be completed on-line. Online study is not an option for DUELI students.

For full details, please visit: <http://www.deakin.edu.au/students/studying/assessment-and-results/academic-progress>.

DUELI students undertake several assessments tasks throughout each teaching block. Students are required to pass these assessment tasks in order to progress to the next level, or meet the English language requirements to enter into the intended award course. Students who fail at a given level three times will be unable to progress to the next level. DUELI students are also required to attend 80% of scheduled classes. Students with unsatisfactory attendance will be reported and this may impact on your student visa.

Study support

Deakin has a team of staff and students dedicated to providing study support services to help get the most out of your learning experience. If you are failing assessments and/or do not feel that you doing as well as you could, please seek help. For full details, please visit: <https://www.deakin.edu.au/students/studying/study-support>.

FEES

Tuition fees

The indicative annual tuition fees stated in your letter of offer is based on a typical enrolment of four units (subjects) in a trimester (study period), where you enrol in two trimesters per year, except if otherwise explained in your offer letter.

Fees are subject to review each year and may increase to accommodate any increases in the cost of delivering the course and support during your studies. You can choose to pay more than 50% of your tuition fees before course commencement.

Non-tuition fees

Deakin's non-tuition fees and charges can be viewed at <http://www.deakin.edu.au/students/enrolment-fees-and-money/fees/other-fees-and-charges>.

You may incur other costs while studying your course. For example, there may be costs associated with some units, such as the requirement to obtain a laboratory coat for a chemistry unit. These costs may also vary based on how you choose to obtain items. For example, purchasing text books through the university co-operative, or purchasing stationary online or at a supermarket. You may also find some items you require available as second-hand items.

Overseas Student Health Cover (OSHC)

All international students (and their dependants) are required to have OSHC for the duration of their student visa. Deakin's preferred provider is BUPA. Please refer to the information at the following website for details: <http://www.deakin.edu.au/international-students/living-in-australia/health-and-safety>.
