## Report of the Life Skill Training Workshop

**Objective:** To teach the students a broad set of social and behavioral skills

Life skills are the basic abilities for adaptive and positive behavior that enable humans to deal effectively with the demands and challenges of life. A life skill training workshop was organized for the 3<sup>rd</sup> year BPT students (11/1/2020) and 4<sup>th</sup> year BPT students (16/1/2020). Dr. Snehal Dharmayat, Associate Professor & HOD of Community Physiotherapy Department was the resource person for the workshop. The main objective of the workshop was to teach the students a road set of social and behavioral skills that would enable students to deal effectively with the demands of everyday life. A total of 186 students benefited from the workshop

**Expected Outcome:** The students should understand the concept of life skills and apply it for their overall development.

## Report of "English Language Classes"

**Objective:** To enable the students to read, write and speak the language effectively for professional encounters.

The undergraduate program offers English classes to 1<sup>st</sup> year BPT students. The objective of this program is to enable the student to read, write and speak the language effectively, as it would enhance the understanding of the course content as the medium of teaching is English. The learning of English language is also directed to improve communication with patients, colleagues and other professionals not just during the course of study but also in a long term professional setting. The program intends to enable the students to understand and implement the basic communication skills required for personal, hospital, departmental and interpersonal management. As a result of this program, the students will have more ease comprehending the literature, along with other study material, necessary for a strong foundation. Case writing, communicating and handling the patient through the course of treatment will become possible to carry out independently for the student. This program also aids in improving one's command over the language for future interviews and other professional encounters.

**Expected Outcome:** At the end of the program, the students are required to appear for non-university annual examinations and a minimum of 50% marks have to be obtained for passing the subject. At the end of the academic year, the student should be able to read, write and converse effectively in their professional outcomes.

## Overview of Language and Communication development skill – Kannada Language Teaching Program

**Objective :** The main objective of the classes was to help the freshers and non kannadiga students to comfortably communicate in kannada language with local people as well as patients.

The Kannada Balaga wing of the J N Medical College conducted the kannada classes for the fresher batch (2019-2020) of 194 undergraduate MBBS students during the Foundation Course 2019. The kannada classes were conducted mainly for the interstate and NRI students to improve their communication skills in kannada so that when they come to clinical postings it will help them in interacting with the patients. The classes were conducted for 6 days from 23/08/2019 to 29/08/2019. The classes were conducted by the following faculty Dr Dnyanesh Kamble , Dr S M Hugar , Dr Aravind Tenagi , Dr A S Harugop and Dr P S Jirle . The student volunteers also actively helped in conducting these classes. The various common topics like general words , verbs , pronouns were covered . The topics also covered detailed history taking in kannada language. For the benefit of students demonstration by volunteers and students was held. It concluded with a quiz session by faculty .

**Expected outcome :** Nonkannadiga students will be able to learn and communicate in basic kannada language which will help them to learn better

## Report of "Kannada Language Classes"

**Objective:** To enable the students to read, write and speak the language effectively for professional encounters.

The undergraduate program offers Kannada classes to 1<sup>st</sup> and 2<sup>nd</sup> year BPT students. The objective of this program is to enable the student to read, write and speak the local language effectively, as it would enhance communication with patients, colleagues and other professionals not just during the course of study but also in a long term professional setting. The program intends to enable the students to understand and implement the basic communication skills required for personal, hospital, departmental and interpersonal management. As a result of this program, the students will have more ease comprehending the literature, along with other study material, necessary for a strong foundation. The student will be able to perform independent case writing, communicating and handling the patient through the course of treatment. This program also aids in improving one's command over the language for future interviews and other professional encounters.

**Expected Outcome:** At the end of the program, the students are required to appear for non-university annual examinations and a minimum of 50% marks have to be obtained for passing the subject. At the end of the academic year, the student should be able to read, write and converse effectively in their professional outcomes.

## Overview of Health and Wellness Facility - Unique Sporting Academy

**OBJECTIVE** – To groom and promote talent in aquatics and the related sports as well as provide a facility for physical activity for a healthy lifestyle.

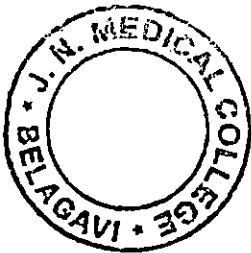

In our commitment to education at KLE, the focus has always been on holistic education and hence promotion of sports and related activities are an integral part for the learning process.

Swimming is sometimes referred to as the perfect exercise. According to one study students who are regular swimmers have better mastery over language, fine tuned motor skills , besides having superior physical development and confidence . Thanks to our swimming pool , our students have the facility for a holistic workout and whole lot of fun at the same time.

Swimming is a form of an easy and fun way of getting physical activity for healthy lifestyle . It also provide a good way to relieve the stresses and tension associated with higher learning institutions. Besides , it gives the students the chance to perfect their skill. In an attempt to provide impetus to the sport swimming , the KLE Society has constructed a state of the art swimming pool of Olympic standards at the J N Medical College campus, Belagavi. This 50 x 25 mts swimming pool has been constructed with the objective to groom and promote talent in aquatics and the related sports.

The Suvarna JNMC Swimming pool shall be inaugurated by Satish Jarkiholi Hon'ble Minister for excise and Minister in charge of Belagavi district Govt of Karnataka. The Unique Sporting Academy manages the Suvarna JNMC olympic size swimming pool of the KAHER. The swimming pool provides membership facility to the students with 50% concession in fees. The coaching camp of 21 days is conducted for students who want to learn to swim. The competitive training is provided for competitive swimmers which will help them to participate in various swimming competitions held by various universities. The sessions are conducted in morning and evening time which will help the students to make use of the swimming pool after academic activities.

**Expected outcome :** To improve the overall health and wellness of the students and also provide a recreational activity for the students of JNMC.

## Overview of the Health and Wellness Facility – The Evolve Mind and Body Gym

**Objective .:** The main objective of the Gym are to improve health , relieve stress and help build self esteem .

Health of the young students is of paramount importance . The real wealth of the nation is its future generation who are active and healthy. Hence it is one of the primary responsibility of the college to promote among its students awareness about the value of good health and how to maintain it . As a part of this endeavor we have Evolve Mind and Body Gym.

The Evolve Mind And Body gym provides the gym facilities to students of JNMC KAHER University . The ultimate goal of a gym is to make members healthier . The gym offer various services to help students meet their fitness goals . It will add variety to the students routine.

The gym is fully equipped with most modern equipments with wide array of weights , machines, cardio equipments and exercise classes. The gym provides a balance program that includes both aerobic and strength training exercises. Variety helps decrease boredom , which is one of the reasons people quit exercising . Gym are also the place to meet other people who can keep us motivated.

The students can enroll in the gym by filling the membership form. The gym has professional and personal trainers who are trained to design exercise programs to fit individual students need in a fun and safe way , showing proper exercise techniques and help them to get most out of each exercise routine. The trainers helps to safely take the workouts to next level.

It helps the students to maintain good physical health after the regular academic activities. It can act as a stress reliever which can make the students feel better physically and have a brighter emotional outlook.

**Expected outcome :** Foster healthy development of students so that they can learn , grow and be healthy to make a positive contribution now and in the future.

## Overview of Yoga and Wellness Program

### "Fitness/Wellness club"

**Objective:** To become motivated to take responsibility for one-self and make positive health behavior changes.

The Evolve Mind and Body gym provides the gym facility for our students in the campus. The gym is fully equipped with most modern equipments with wide array of weights, machines and cardiac equipments and exercise classes. The interested students can enroll in the gym by filling the membership form. They gym has professional trainers, who are trained to design exercise program to fit individual students need in a fun and safe way, showing proper exercise techniques and help them to get most out of each exercise routine. It helps the students to maintain good physical health after the regular academic activities. It can act as a stress reliever which can make the students feel better physically and have a brighter emotional outlook. In 2019 two of our students utilized this facility. Their list is as follows:

Sl No	Name of the student	Reg No	From date	To date
01	Nisha Thapa	ME0119002	06.09.2019	19.03.2020
02	Suvechhya Dewan	ME0119003	06.09.2019	19.03.2020

## Report of Yoga program

**Objective:** To instil the principles yoga in daily life and to promote physical and mental wellbeing.

The yoga and wellness program is conducted for all the students from BPT and MPT. Yoga is a holistic approach which benefits not just the physical body but also the mental, emotional and spiritual health. The aim of this program is to teach the students basic Yogasanas, Pranayama and other Yogic forms, which they must practice to instil the principles of discipline, self-control and promote mental and physical wellbeing. The program gives the students opportunities for beneficial motor breaks which will help ease the tension and anxiety that generally accompany their hectic schedule. It serves as a medium to enhance the focus, concentration, comprehension and memory of the students while also providing a chance for reflection, patience, insight and mind / body awareness. The program promotes a more relaxed, comfortable state of being and healthy way to balance their emotions and create an atmosphere of confidence and non- competitiveness. Posture and flexibility, strength and stability of the musculoskeletal system is positively affected. The principles of Yoga, when integrated with the conventional methods of treatment, will also prove beneficial in practice for the well-being of patients.

**Expected Outcome:** The students should be able to apply the learned skills as an integrated routine practice in their lives.

## Report of Yoga program conducted in collaboration with BMK Ayurveda

**Objective:** To build the principles of self-motivation on a professional and personal level

A yoga and wellness program is offered by the Department of Swasthavritta and Yoga, of Shri BMK Ayurveda Mahavidyalaya, in the months of October, February and June every year. 12 students of KAHER Institute of Physiotherapy attended and benefitted from the program. The students were taught various Yogic Kriyas and Pranayama along with the basic principles of physical and mental well-being. The objective of this program is to build individual capacity by motivating one's inner self through mind control, positive thinking and emotional management including the discipline and principles of yoga in their professional and day to day lives.

**Expected Outcome:** The students should be able to apply the learned skills as an integrated routine practice in their lives.

## Report of LIFE'S RIGHT-RIGHT'S LIFE

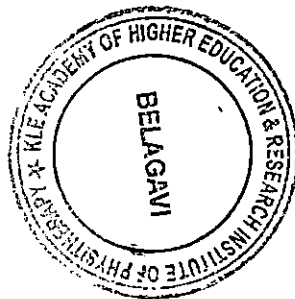

**Objective-** To impart the value based education for students.

The Right Life, Life's Right program was started by KLE Institute of Physiotherapy in the year 2014. This program aims to imbibe the students, the future practitioner with value based qualities. It focuses to bring up and build the needed awareness about the moral, spiritual and societal values and responsibilities towards humanity and society. The institute conducts weekly seminars for the students, by the students and to the students on a prelisted or pre scheduled topic for all the undergraduate sections respectively. A group of students present a topic to the other peer mates and the fellow students are encouraged by the assigned faculties to actively participate in the discussion so that each student can contribute towards the development of moral, spiritual and societal values of the other fellow mates. This program focuses on value based education to groom students to become better professionals and humans by encouraging discussing the views on a particular value based topic. At the end of the session the student will acquire the knowledge of the positive and negative aspect of the topic under discussions to make a life changing decision.

**Expected outcome:** The students are expected to understand and apply this value based education in their professional and personal development.

Topic: Grooming and Personality Development-“Faith...Unfolds Miracles”

Resource Person: Mr. Ashok Kumar B R, M.com

The resource person of the workshop was an entrepreneur Mr. Ashok Kumar B R, B.Com, M.com. The workshop was presided over by the principal of the college Dr Raman Dang. Total of 68 students of VI Sem B.Pharm and M.pharm were present. He started the workshop with a very creative introductory session, where students had to introduce themselves in a novel way. They had to either mention an adjective or a quote or song which best describes them. This was followed by a discussion on The Self, one's desires, dreams, passions and motivations. Students were told how important their dreams and desires are for developing the personality.

He also addressed on preparation for job interview and how important it is to groom yourself. To face job interviews he presented the rule of ABC, i.e. Appearance, Body language and Communication.

To sum up, it was a well thought-out workshop of motivating the students to discover themselves. The programme ended up with vote of thanks by one of the students followed by concluding speech by Asst. Prof. Dr. Anusuya Patil and short feedback session from the students led by Asst. Prof. Dimple Pirgal.

## Name of Program – Earn While You Learn Scheme

**Objective of the program** – To provide financial assistance and help to the economically poor student's while pursuing their professional course.

### Brief Report

The students who are in need of financial assistance are selected, mainly studying the allied courses. The respective Principals allocate duties and responsibilities to the students selected under this scheme and post them in the Departments (Charitable Hospital / Library / Laboratories / NSS / Student's Welfare etc) wherein there is need / requirement of staff for day-to-day work in such departments. The student's will be required to work on all the working days i.e. from Monday to Saturday without compromising the academic activities. The will be required to work for a minimum duration of two hours per day (50 hours in a month) beyond the class hours.

The respective Principals / Head of the Departments will monitor the attendance of the students. A separate attendance register will be maintained. The respective Principals are authorized to disburse the salary to the students, after due verification of their attendance and recommendations by the concerned section Incharge / Head of the Department and approval from the KAHER. The students will maintain his / her work dairy and should be certified by the Principal at the end of every month before the disbursement of the salary. The candidates receiving stipend / scholarship if any, are not eligible for coverage under the aforesaid scheme. The students will be paid Rs 2500/- per month from the date of reporting for duty at the hospital. This scheme has benefited the students of allied courses greatly.

**Name of the programme:** Language and Communication skill development

**Introduction:** Communication skills are the abilities you use when giving and receiving different kinds of information. Some examples include communicating new ideas, feelings or even an update on your project. Communication skills involve listening, speaking, observing and empathising. It is also helpful to understand the differences in how to communicate through face-to-face interactions, phone conversations and digital communications like email and social media.

**Objectives:**

- To evaluate the strengths and weaknesses of communication skills.
- To understand Optimal Thinking and its vital role in communications.
- To explore how to challenge and optimize suboptimal thoughts, feelings and behaviours.
- To learn how to listen most effectively.
- To interpret and optimize non-verbal communications.

**Date:** 22/08/2018

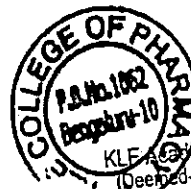

**Time:** 9:30 AM – 11:30 AM

**Topic:** Professionally Speaking

**Resource Person:** Mrs. Sharmila John., M. Phil

A seminar was held on Aug 22<sup>nd</sup> 2018 on the importance of developing the Communication skills and the role of communication in our daily life. The seminar was attended by the 60 First year B.Pharm students. The Guest Speaker Mrs. Sharmila John., M. Phil She is Principal at Premarani J. Convent, Bengaluru. She talked about the how to organize thoughts logically and Convey messages clearly. She also gave an idea on how to summarize ideas concisely and speak freely & extemporaneously.

The seminar was interesting. The take home message was to develop confidence addressing a crowd and make polite requests /avoid being too abrupt. The session ended with feedback.

## Overview of Health and Wellness Facility - Unique Sporting Academy

**OBJECTIVE** – To groom and promote talent in aquatics and the related sports as well as provide a facility for physical activity for a healthy lifestyle.

In our commitment to education at KLE, the focus has always been on holistic education and hence promotion of sports and related activities are an integral part for the learning process.

Swimming is sometimes referred to as the perfect exercise. According to one study students who are regular swimmers have better mastery over language, fine tuned motor skills , besides having superior physical development and confidence . Thanks to our swimming pool , our students have the facility for a holistic workout and whole lot of fun at the same time.

Swimming is a form of an easy and fun way of getting physical activity for healthy lifestyle . It also provide a good way to relieve the stresses and tension associated with higher learning institutions. Besides , it gives the students the chance to perfect their skill. In an attempt to provide impetus to the sport swimming , the KLE Society has constructed a state of the art swimming pool of Olympic standards at the J N Medical College campus, Belagavi. This 50 x 25 mts swimming pool has been constructed with the objective to groom and promote talent in aquatics and the related sports.

The Suvarna JNMC Swimming pool shall be inaugurated by Satish Jarkhiholi Hon'ble Minister for excise and Minister in charge of Belagavi district Govt of Karnataka. The Unique Sporting Academy manages the Suvarna JNMC olympic size swimming pool of the KAHER. The swimming pool provides membership facility to the students with 50% concession in fees. The coaching camp of 21 days is conducted for students who want to learn to swim. The competitive training is provided for competitive swimmers which will help them to participate in various swimming competitions held by various universities. The sessions are conducted in morning and evening time which will help the students to make use of the swimming pool after academic activities.

**Expected outcome** : To improve the overall health and wellness of the students and also provide a recreational activity for the students of JNMC.

## Overview of the Health and Wellness Facility – The Evolve Mind and Body Gym

**Objective :** The main objective of the Gym are to improve health , relieve stress and help build self esteem .

Health of the young students is of paramount importance . The real wealth of the nation is its future generation who are active and healthy. Hence it is one of the primary responsibility of the college to promote among its students awareness about the value of good health and how to maintain it . As a part of this endeavor we have Evolve Mind and Body Gym.

The Evolve Mind And Body gym provides the gym facilities to students of JNMC KAHER University . The ultimate goal of a gym is to make members healthier . The gym offer various services to help students meet their fitness goals . It will add variety to the students routine.

The gym is fully equipped with most modern equipments with wide array of weights , machines, cardio equipments and exercise classes. The gym provides a balance program that includes both aerobic and strength training exercises. Variety helps decrease boredom , which is one of the reasons people quit exercising . Gym are also the place to meet other people who can keep us motivated.

The students can enroll in the gym by filling the membership form. The gym has professional and personal trainers who are trained to design exercise programs to fit individual students need in a fun and safe way , showing proper exercise techniques and help them to get most out of each exercise routine. The trainers helps to safely take the workouts to next level.

It helps the students to maintain good physical health after the regular academic activities. It can act as a stress reliever which can make the students feel better physically and have a brighter emotional outlook.

**Expected outcome :** Foster healthy development of students so that they can learn , grow and be healthy to make a positive contribution now and in the future.

Date : 13/08/2018

**Name of the programme:** Human Value Development

**Introduction:** The term 'human development' may be defined as an expansion of human capabilities, a widening of choices, 'an enhancement of freedom, and a fulfilment of human rights. Education is considered an integrated and hierarchal system for the development of Human Values and Soft Skills in students. Thus, Human Values and Soft Skills development is to be considered as part of curriculum. In order enable manpower to achieve success in profession and happiness in life, they need to possess universal human values and Soft Skills essential for fulfilling need of keeping harmony within self, family, job, society and world.

**Objectives:**

- To create right understanding of human values and soft skills to actualize these in their personality and behaviour.
- To understand our needs and visualize our goals correctly and also indicate the direction for their fulfilment.
- To remove our confusions and contradictions and enables us to rightly utilize the technological innovations.

**Date:** 06/08/2018

**Time:** 9:30 AM – 11:00 AM

**Topic:** Team work and Decision making

**Resource Person:** Mrs. Pratibha Murthy. M.Com.

A one day workshop was organised on 5<sup>th</sup> Aug 2018 on team work and decision making. The workshop was presided by principal of the college Dr Subhas S karki. A brief introduction of team work and decision making was presented by Asst. Prof. Mamatha K. The speaker of this workshop was Mrs. Pratibha Murthy. M.Com. Ret. Bank Employee- SBI Malleshwaram, Bengaluru. In this workshop total of 88 B.Pharm and Pharm.D students have participated.

Mrs. Pratibha spoke that it is very significant to have an efficient team leader who motivates the team towards the goal directed behaviour. Then she highlighted on decision making which she said is a prime skill and is mainly important if you want to be a successful leader.

Date : 13/08/2018

It involves the procedure of deciding between two or more courses of action. In daily decisions, one must decide his course of action in a split second. Decision making skill encompasses foresight, emotional intelligence, intuition, critical thinking and self-control. It includes procedures like defining the problem, identifying the alternatives, making the decision and employing the decision.

9)	Objective of the event	Practicing generosity is a mental health principle, and it could be the very key to a happy and healthy life.
10)	Outcome of the event	Generosity reduce stress, support one's physical health, enhance one's sense of purpose, and naturally fight depression, it is also shown to increase one's lifespan. Generous people have an upper-hand when it comes to health. Those who are generous often feel grateful as a permanent state of being. People who remain mindfully thankful, rather than those who choose it as a temporary state of mind, have been proven to engage in healthier behaviors, have a stronger immune system, are more able to relax and have decreased rates of disease.

## Report of LIFE'S RIGHT-RIGHT'S LIFE

**Objective-** To impart the value based education for students.

The Right Life, Life's Right program was started by KLE Institute of Physiotherapy in the year 2014. This program aims to imbibe the students, the future practitioner with value based qualities. It focuses to bring up and build the needed awareness about the moral, spiritual and societal values and responsibilities towards humanity and society. The institute conducts weekly seminars for the students, by the students and to the students on a prelisted or pre scheduled topic for all the undergraduate sections respectively. A group of students present a topic to the other peer mates and the fellow students are encouraged by the assigned faculties to actively participate in the discussion so that each student can contribute towards the development of moral, spiritual and societal values of the other fellow mates. This program focuses on value based education to groom students to become better professionals and humans by encouraging discussing the views on a particular value based topic. At the end of the session the student will acquire the knowledge of the positive and negative aspect of the topic under discussions to make a life changing decision.

**Expected outcome:** The students are expected to understand and apply this value based education in their professional and personal development.

## Overview of Health and Wellness Facility - Unique Sporting Academy

**OBJECTIVE** – To groom and promote talent in aquatics and the related sports as well as provide a facility for physical activity for a healthy lifestyle.

In our commitment to education at KLE, the focus has always been on holistic education and hence promotion of sports and related activities are an integral part for the learning process.

Swimming is sometimes referred to as the perfect exercise. According to one study students who are regular swimmers have better mastery over language, fine tuned motor skills , besides having superior physical development and confidence . Thanks to our swimming pool , our students have the facility for a holistic workout and whole lot of fun at the same time.

Swimming is a form of an easy and fun way of getting physical activity for healthy lifestyle . It also provide a good way to relieve the stresses and tension associated with higher learning institutions. Besides , it gives the students the chance to perfect their skill. In an attempt to provide impetus to the sport swimming , the KLE Society has constructed a state of the art swimming pool of Olympic standards at the J N Medical College campus, Belagavi. This 50 x 25 mts swimming pool has been constructed with the objective to groom and promote talent in aquatics and the related sports.

The Suvarna JNMC Swimming pool shall be inaugurated by Satish Jarkhiholi Hon'ble Minister for excise and Minister in charge of Belagavi district Govt of Karnataka. The Unique Sporting Academy manages the Suvarna JNMC olympic size swimming pool of the KAHER. The swimming pool provides membership facility to the students with 50% concession in fees. The coaching camp of 21 days is conducted for students who want to learn to swim. The competitive training is provided for competitive swimmers which will help them to participate in various swimming competitions held by various universities. The sessions are conducted in morning and evening time which will help the students to make use of the swimming pool after academic activities.

**Expected outcome** : To improve the overall health and wellness of the students and also provide a recreational activity for the students of JNMC.

## Overview of the Health and Wellness Facility – The Evolve Mind and Body Gym

**Objective :** The main objective of the Gym are to improve health , relieve stress and help build self esteem .

Health of the young students is of paramount importance . The real wealth of the nation is its future generation who are active and healthy. Hence it is one of the primary responsibility of the college to promote among its students awareness about the value of good health and how to maintain it . As a part of this endeavor we have Evolve Mind and Body Gym.

The Evolve Mind And Body gym provides the gym facilities to students of JNMC KAHER University . The ultimate goal of a gym is to make members healthier . The gym offer various services to help students meet their fitness goals . It will add variety to the students routine.

The gym is fully equipped with most modern equipments with wide array of weights , machines, cardio equipments and exercise classes. The gym provides a balance program that includes both aerobic and strength training exercises. Variety helps decrease boredom , which is one of the reasons people quit exercising . Gym are also the place to meet other people who can keep us motivated.

The students can enroll in the gym by filling the membership form. The gym has professional and personal trainers who are trained to design exercise programs to fit individual students need in a fun and safe way , showing proper exercise techniques and help them to get most out of each exercise routine. The trainers helps to safely take the workouts to next level.

It helps the students to maintain good physical health after the regular academic activities. It can act as a stress reliever which can make the students feel better physically and have a brighter emotional outlook.

**Expected outcome :** Foster healthy development of students so that they can learn , grow and be healthy to make a positive contribution now and in the future.

## Report of Yoga program

**Objective:** To instil the principles yoga in daily life and to promote physical and mental wellbeing.

The yoga and wellness program is conducted for all the students from BPT and MPT. Yoga is a holistic approach which benefits not just the physical body but also the mental, emotional and spiritual health. The aim of this program is to teach the students basic Yogasanas, Pranayama and other Yogic forms, which they must practice to instil the principles of discipline, self-control and promote mental and physical wellbeing. The program gives the students opportunities for beneficial motor breaks which will help ease the tension and anxiety that generally accompany their hectic schedule. It serves as a medium to enhance the focus, concentration, comprehension and memory of the students while also providing a chance for reflection, patience, insight and mind / body awareness. The program promotes a more relaxed, comfortable state of being and healthy way to balance their emotions and create an atmosphere of confidence and non- competitiveness. Posture and flexibility, strength and stability of the musculoskeletal system is positively affected. The principles of Yoga, when integrated with the conventional methods of treatment, will also prove beneficial in practice for the well-being of patients.

**Expected Outcome:** The students should be able to apply the learned skills as an integrated routine practice in their lives.

## Overview of Skill development program

### "Analytical Instrumental handling and method development"

**Objective:** To impart need based hands on training on sophisticated instrumental handling skills

KLE College of Pharmacy aims to empower the upcoming students, the future professionals and scientists with need based knowledge and skills in accordance to the industry demands. Institute conducts periodic training and skill development programs to enrich practical experience and theoretical background and bring value addition to the candidate's potential

Various sophisticated instruments are employed for the determination of active ingredients and impurities in pharmaceutical and food products. There is a great need for development of analytical methods for quality evaluation of existing new emerging drugs.

The primary focus of this skill development is to impart hands on training on sophisticated instrumental handling skills. This is a need based comprehensive and validated learning short term training that provides a unique education opportunity for students with the help of recognized organizations under the guidance of experts and reputed scientists.

Students are taught general approaches, the issues and parameters that must be considered in the development of validation of analytical methods of chromatographic methods for separation, identification, and quantification of pharmaceutical compounds, which may be applied in various stages of drug development. At the end of analytical training students acquire skills and learn how to handle HPLC and other instruments, have a good knowledge of method development and the key concepts involved in the analysis of pharmaceutical drug substance, drug product, impurities, and degradation products.

**Expected outcome:** Students are expected to understand fundamentals, best practices, troubleshooting and method development for chromatographic and spectrometric techniques.

## Report of LIFE'S RIGHT-RIGHT'S LIFE

**Objective-** To impart the value based education for students.

The Right Life, Life's Right program was started by KLE Institute of Physiotherapy in the year 2014. This program aims to imbibe the students, the future practitioner with value based qualities. It focuses to bring up and build the needed awareness about the moral, spiritual and societal values and responsibilities towards humanity and society. The institute conducts weekly seminars for the students, by the students and to the students on a prelisted or pre scheduled topic for all the undergraduate sections respectively. A group of students present a topic to the other peer mates and the fellow students are encouraged by the assigned faculties to actively participate in the discussion so that each student can contribute towards the development of moral, spiritual and societal values of the other fellow mates. This program focuses on value based education to groom students to become better professionals and humans by encouraging discussing the views on a particular value based topic. At the end of the session the student will acquire the knowledge of the positive and negative aspect of the topic under discussions to make a life changing decision.

**Expected outcome:** The students are expected to understand and apply this value based education in their professional and personal development.

Name of the programme: Language and Communication skill development

**Introduction:** Communication skills are the abilities you use when giving and receiving different kinds of information. Some examples include communicating new ideas, feelings or even an update on your project. Communication skills involve listening, speaking, observing and empathising. It is also helpful to understand the differences in how to communicate through face-to-face interactions, phone conversations and digital communications like email and social media.

### Objectives:

- To evaluate the strengths and weaknesses of communication skills.
- To understand Optimal Thinking and its vital role in communications.
- To explore how to challenge and optimize suboptimal thoughts, feelings and behaviours.
- To learn how to listen most effectively.
- To interpret and optimize non-verbal communications.

## Overview of the Health and Wellness Facility – The Evolve Mind and Body Gym

**Objective :** The main objective of the Gym are to improve health , relieve stress and help build self esteem .

Health of the young students is of paramount importance . The real wealth of the nation is its future generation who are active and healthy. Hence it is one of the primary responsibility of the college to promote among its students awareness about the value of good health and how to maintain it . As a part of this endeavor we have Evolve Mind and Body Gym.

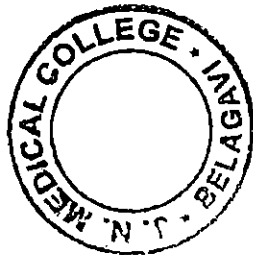

The Evolve Mind And Body gym provides the gym facilities to students of JNMC KAHER University . The ultimate goal of a gym is to make members healthier . The gym offer various services to help students meet their fitness goals . It will add variety to the students routine.

The gym is fully equipped with most modern equipments with wide array of weights , machines, cardio equipments and exercise classes. The gym provides a balance program that includes both aerobic and strength training exercises. Variety helps decrease boredom , which is one of the reasons people quit exercising . Gym are also the place to meet other people who can keep us motivated.

The students can enroll in the gym by filling the membership form. The gym has professional and personal trainers who are trained to design exercise programs to fit individual students need in a fun and safe way , showing proper exercise techniques and help them to get most out of each exercise routine. The trainers helps to safely take the workouts to next level.

It helps the students to maintain good physical health after the regular academic activities. It can act as a stress reliever which can make the students feel better physically and have a brighter emotional outlook.

**Expected outcome :** Foster healthy development of students so that they can learn , grow and be healthy to make a positive contribution now and in the future.

## Overview of Yoga and Wellness Program

### “Fitness/Wellness club”

**Objective:** To become motivated to take responsibility for one-self and make positive health behavior changes.

The Evolve Mind and Body gym provides the gym facility for our students in the campus. The gym is fully equipped with most modern equipments with wide array of weights, machines and cardiac equipments and exercise classes. The interested students can enroll in the gym by filling the membership form. They gym has professional trainers, who are trained to design exercise program to fit individual students need in a fun and safe way, showing proper exercise techniques and help them to get most out of each exercise routine. It helps the students to maintain good physical health after the regular academic activities. It can act as a stress reliever which can make the students feel better physically and have a brighter emotional outlook. In 2016 three of our students utilized this facility. Their list is as follows:

SI No	Name of the student	Reg No	From date	To date
01	Sumnina Sinkhada	MA0113073	13.08.2016	13.02.2017

### Overview of Skill development program

#### "Analytical Instrumental handling and method development"

**Objective:** To impart need based hands on training on sophisticated instrumental handling skills

KLE College of Pharmacy aims to empower the upcoming students, the future professionals and scientists with need based knowledge and skills in accordance to the industry demands. Institute conducts periodic training and skill development programs to enrich practical experience and theoretical background and bring value addition to the candidate's potential

Various sophisticated instruments are employed for the determination of active ingredients and impurities in pharmaceutical and food products. There is a great need for development of analytical methods for quality evaluation of existing new emerging drugs.

The primary focus of this skill-development is to impart hands on training on sophisticated instrumental handling skills. This is a need based comprehensive and validated learning short term training that provides a unique education opportunity for students with the help of recognized organizations under the guidance of experts and reputed scientists.

Students are taught general approaches, the issues and parameters that must be considered in the development of validation of analytical methods of chromatographic methods for separation, identification, and quantification of pharmaceutical compounds, which may be applied in various stages of drug development. At the end of analytical training students acquire skills and learn how to handle HPLC and other instruments, have a good knowledge of method development and the key concepts involved in the analysis of pharmaceutical drug substance, drug product, impurities, and degradation products.

**Expected outcome:** Students are expected to understand fundamentals, best practices, troubleshooting and method development for chromatographic and spectrometric techniques.

Name of the programme: Human Value Development

**Introduction:** The term 'human development' may be defined as an expansion of human capabilities, a widening of choices, 'an enhancement of freedom, and a fulfilment of human rights. Education is considered an integrated and hierarchal system for the development of Human Values and Soft Skills in students. Thus, Human Values and Soft Skills development is to be considered as part of curriculum. In order enable manpower to achieve success in profession and happiness in life, they need to possess universal human values and Soft Skills essential for fulfilling need of keeping harmony within self, family, job, society and world.

### Objectives:

- To create right understanding of human values and soft skills to actualize these in their personality and behaviour.
- To understand our needs and visualize our goals correctly and also indicate the direction for their fulfilment.
- To remove our confusions and contradictions and enables us to rightly utilize the technological innovations.

Topic: Goal Setting

Resource Person: Mrs. Pratibha Murthy. M.Com.

A one day workshop was organised on 3<sup>rd</sup> Aug 2016 on goal setting. The workshop was presided by principal of the college Dr S.M Hipparagi. A brief introduction of positive thinking and Self esteem was presented by Asst. Prof. Dimple Pirgal. The speaker of this workshop was Mrs. Pratibha Murthy. M.Com. Ret. Bank Employee- SBI Malleshwaram, Bengaluru. In this workshop total of 85 B. Pharm and Pharm. D students have participated.

Mrs. Pratibha spoke that goal setting is the procedure of identifying something that you want to achieve and institute measurable goals in time bounded frames. It involves the growth of an action plan planned to stimulate and guide an individual to boost efficiency. She said students to analyze their potency, inspect their resources, gear up their talent and then plan for their future. The key is the attitude they have to attain their goal/s. Do not be disheartened by failures, ever! Studies, career or life – they must have an apparent inspiration of what they want to learn, grow and reach. They must place a goal for this.

Take home message was-

*"Stay focused, go after your dreams and keep moving toward your goal"*

8)	Contact Number and Address of the expert	Miss.Meenakshi Brahmakumai Centre Head Mobile: 9448705866
9)	Objective of the event	In Brahma kumaris, the practice is slightly different. Here an instrument sister (dedicated sister) invokes the divine power and then ties Rakhi/sacred thread on his behalf to one and all, including both men and women (brothers and sisters) as we all are spiritual beings and children of one father. This festival reminds us of universal brotherhood, since we all are children of one Divine power/supreme soul.
10)	Outcome of the event	Raksha Bandhan elevated spiritual mannerism and was helpful in transforming this world into a happy, peaceful and harmonious place. This purity of thought, vision and attitude will give self-respect and happiness to the self and restore love and harmony in relationships.

## Report of LIFE'S RIGHT-RIGHT'S LIFE

**Objective-** To impart the value based education for students.

The Right Life, Life's Right program was started by KLE Institute of Physiotherapy in the year 2014. This program aims to imbibe the students, the future practitioner with value based qualities. It focuses to bring up and build the needed awareness about the moral, spiritual and societal values and responsibilities towards humanity and society. The institute conducts weekly seminars for the students, by the students and to the students on a prelisted or pre scheduled topic for all the undergraduate sections respectively. A group of students present a topic to the other peer mates and the fellow students are encouraged by the assigned faculties to actively participate in the discussion so that each student can contribute towards the development of moral, spiritual and societal values of the other fellow mates. This program focuses on value based education to groom students to become better professionals and humans by encouraging discussing the views on a particular value based topic. At the end of the session the student will acquire the knowledge of the positive and negative aspect of the topic under discussions to make a life changing decision.

**Expected outcome:** The students are expected to understand and apply this value based education in their professional and personal development.

**Date:** 20/3/2017

**Time:** 9:30 AM – 11:30 AM

**Topic:** Professional skill development

**Resource Person:** Mr. Ashok Kumar B R ,M.com

The resource person of the workshop was an entrepreneur Mr. Ashok Kumar B R, B Com, M.com. The workshop was presided over by the principal of the college Dr S M Hipparagi.

The introductory remarks were made by the Asst Prof. Shwetha Baliga on how workplace performance is directly proportional to professional skills and competencies.

Mr. Ashok highlighted on how to sharpen each of the skills like problem solving, decision making, effective communication and presentation skills, developing assertiveness, listening skills, public speaking skills, etc. If any or some of these professional skills are lacking in an executive or a manager it most definitely affects not only their individual performance, but alongside their departmental performance and ultimately the organizational performance also suffers, which in turn negatively impacts the top-line and bottom-line performances. Total of 44 students of VI Sem B.Pharm and M.Pharm were present.

## Overview of Yoga and Wellness Program

### “Swim”

**Objective:** To become motivated to take responsibility for one-self and make positive health behavior changes by joining to swimming.

KAHER Institute of Nursing Sciences, Belagavi believe in providing better exposure to extra-curricular activities. Campus is having athletic swimming pool. All the nursing students are well oriented with wellness facilities in the campus. We have International standard Athletic swimming pool, students are motivated by the teacher for the wellness and fitness facilities to use, they get 25% of concession for becoming member for the swimming club. Every year our students avail this facility. Three students were joined in the year 2016 September, for a period of one year. They were appreciated the facility available in the swimming pool. They motivated other students to join the same.

The list of the students obtained this facility:

**Objective :** The main objective of the Gym are to improve health , relieve stress and help build self esteem .

Health of the young students is of paramount importance . The real wealth of the nation is its future generation who are active and healthy. Hence it is one of the primary responsibility of the college to promote among its students awareness about the value of good health and how to maintain it . As a part of this endeavor we have Evolve Mind and Body Gym.

The Evolve Mind And Body gym provides the gym facilities to students of JNMC KAHER University . The ultimate goal of a gym is to make members healthier . The gym offer various services to help students meet their fitness goals . It will add variety to the students routine.

The gym is fully equipped with most modern equipments with wide array of weights , machines, cardio equipments and exercise classes. The gym provides a balance program that includes both aerobic and strength training exercises. Variety helps decrease boredom , which is one of the reasons people quit exercising . Gym are also the place to meet other people who can keep us motivated.

The students can enroll in the gym by filling the membership form. The gym has professional and personal trainers who are trained to design exercise programs to fit individual students need in a fun and safe way , showing proper exercise techniques and help them to get most out of each exercise routine. The trainers helps to safely take the workouts to next level.

It helps the students to maintain good physical health after the regular academic activities. It can act as a stress reliever which can make the students feel better physically and have a brighter emotional outlook.

**Expected outcome :** Foster healthy development of students so that they can learn , grow and be healthy to make a positive contribution now and in the future.

#### Overview of Skill development program

##### "Analytical Instrumental handling and method development"

**Objective:** To impart need based hands on training on sophisticated instrumental handling skills

KLE College of Pharmacy aims to empower the upcoming students, the future professionals and scientists with need based knowledge and skills in accordance to the industry demands. Institute conducts periodic training and skill development programs to enrich practical experience and theoretical background and bring value addition to the candidate's potential

Various sophisticated instruments are employed for the determination of active ingredients and impurities in pharmaceutical and food products. There is a great need for development of analytical methods for quality evaluation of existing new emerging drugs.

The primary focus of this skill development is to impart hands on training on sophisticated instrumental handling skills. This is a need based comprehensive and validated learning short term training that provides a unique education opportunity for students with the help of recognized organizations under the guidance of experts and reputed scientists.

Students are taught general approaches, the issues and parameters that must be considered in the development of validation of analytical methods of chromatographic methods for separation, identification, and quantification of pharmaceutical compounds, which may be applied in various stages of drug development. At the end of analytical training students acquire skills and learn how to handle HPLC and other instruments, have a good knowledge of method development and the key concepts involved in the analysis of pharmaceutical drug substance, drug product, impurities, and degradation products.

**Expected outcome:** Students are expected to understand fundamentals, best practices, troubleshooting and method development for chromatographic and spectrometric techniques.

## Report of LIFE'S RIGHT-RIGHT'S LIFE

**Objective-** To impart the value based education for students.

The Right Life, Life's Right program was started by KLE Institute of Physiotherapy in the year 2014. This program aims to imbibe the students, the future practitioner with value based qualities. It focuses to bring up and build the needed awareness about the moral, spiritual and societal values and responsibilities towards humanity and society. The institute conducts weekly seminars for the students, by the students and to the students on a prelisted or pre scheduled topic for all the undergraduate sections respectively. A group of students present a topic to the other peer mates and the fellow students are encouraged by the assigned faculties to actively participate in the discussion so that each student can contribute towards the development of moral, spiritual and societal values of the other fellow mates. This program focuses on value based education to groom students to become better professionals and humans by encouraging discussing the views on a particular value based topic. At the end of the session the student will acquire the knowledge of the positive and negative aspect of the topic under discussions to make a life changing decision.

**Expected outcome:** The students are expected to understand and apply this value based education in their professional and personal development.
