Welcome note:

Dear Colleagues/ friends,

KLE Society Celebrated its glorious centenary in the field of Quality Education and Humanitarian Services.

We take great pleasure in inviting you to attend the Workshop on "Leadership" organized by the Department of Community Medicine, J. N. Medical College, KAHER, Belagavi on Tuesday, 25th June 2019.

To boost morale, to influence, to motivate and build a team leadership skills are critical to the smooth functioning of organization. To achieve daily life goals even to do a small things we have to depend upon our leadership skills. Leadership is about leading by example.

Keeping in mind the need for understanding the quality of good leadership and to implement them in daily lifestyle to achieve academic excellence, good teaching skills and effective management of each challenges in order to bring about overall growth of self and the organization: this workshop has been organized.

The workshop involves problem solving approach which includes lectures and group work session.

We request you to encourage your faculty, post-graduates & research scholars to attend the Workshop.

CME in Anaesthesiology - 2019

Department of Anaesthesiology

KAHER's Jawaharlal Nehru Medical College,

From

It is a great pleasure in inviting you to the 10th Annual Meeting of the Indian Society of Anaesthesiology, organized by ISA and Department of Anaesthesiology, KLE Academy of Medical Research, KLE Academy of Medical Research, Belagavi. The event is scheduled for 25th July 2019 and the theme chosen for the programme is "Anaesthesia for High Risk Patients".

Over the past few decades, in view of older surgical techniques, systemic conditions and life style issues, there has been a shift in focus at high risk for surgery, main focus on perioperative approaches to avoid and perioperative complications.

The programme is designed to provide both trainee and faculty with clear guidelines that will help in the management of a wide range of high risk conditions that pose a significant challenge to the anaesthetist.

The programme on a "Work Life Balance Better with Anaesthesia" Debate for post-graduate students is being organized by the State Medical Council has awarded 'Two' credit points for this event.

The organizing committee looks forward to your participation in Belagavi.

ORGANIZING COMMITTEE

Dr. Madhuri Kurdi	Identification of the High Risk Surgical Patients
Dr. V. K. Dhulkhed	Anaesthesia for a Patient with Advanced COPD.

Belgaum Obstetrics & Gynaecologist Society

in association with

KLE Academy of Higher Education & Research
Dept of Pediatrics and Dept of OBG & Gynecology
Jawaharlal Nehru Medical College
KLES Dr Prabhakar Kore Hospital &
MRC, Belagavi

Belagavi Association of Pediatricians and

Belgaum Obstetrics & Gynaecologist Society are happy

to invite you for the Perinatal meet SAATH-SAATH organised on

4th August 2019 at KLES Dr PK Hospital &MRC. SAATH- SAATH is a joint
venture of Indian Academy of Pediatrics and Federation of Obstetricians and

Gynecologists India, to work together towards improving maternal and neonatal

outcome in India. Dr Ranjan Pajaver, President elect NNF 2020 is the National Convener for this

unique initiative to bring together Obstetricians and Pediatricians/ Neonatologists on one platform.

We have invited specialists in the field to update us on various topics in Perinatology and discuss the areas of concern and controversys in maternal and newborn management. This CME is unique for the concurrent sessions that are organised where Obstetricians will address the Pediatricians and Pediatricians/ Neonatologists will speak to Obstetricians.

Please register at the earliest to enjoy this acadamic feast.

SAATH-SAATH - PERINATAL MEETS AGENDA/PROGRAM

DATE : 04.08.2019

VENUE : KLES Dr Prabhakar Kore Hospital & MRC, Belagavi

TIME	TOPICS	SPEAKER
8:30 - 9:00 AM	REGISTRATION	
9:00 - 11:00 AM	PEDIATRICS FOR OBSTETRICIANS (Each talk is 20 +10 mins discussion)	
(Concurrent sessions)	Recent Update NRP	Dr Murgesh Patil
	Perinatal Asphyxia: prevention & Management	Dr Praveen Venkatgiri
	Obstetrician's role in Newborn Screening	Dr Priyadarshini Kulkarni
	Feeding LBW baby and Developmentally supportive care	Dr Ranjan Pejaver
	OBSTETRICS FOR PEDIATRICIANS (Each talk is 20 +10 mins discussion)	
	Neonatal Complications in ART conceived Pregnancies	Dr Shobhana Patted
	Doppler In Pregnancy	Dr Manjunath Hukkeri
	Anomaly scan in a nutshell	Dr Praveen N S
	Fetal Surveillance	Dr Padmalatha Venkatram
11:00 AM -11:30 AM	INAUGURATION & COFFEE BREAK	
11:30 AM- 12:30 PM	POINT OF VIEW (15 mins each)	
	Diabetes In Pregnancy	Dr M B Bellad
	Infant of Diabetic Mother	Dr Praveen Venkatgiri
	Cost Effective Interventions (Steroids/MgSO4/Antibiotics)	Dr Abhijeet Kamat
	Low cost interventions to improve outcomes in newborns	Dr Ranjan Pejaver Dr. Murugesh Patil
12:30 - 1:00 PM	Maternal Immunization With Tdap Vaccine	Dr Resham Dash
1:00- 2:00 PM	LUNCH BREAK	
2:00 - 3:00 PM	PANEL DISCUSSION: IUGR - WHEN TO DELIVER?	
	MODERATOR:	Dr Padmalatha Venkatram
	PEDIATRICIANS	Dr Arun Desai
	OBSTETRICIAN	Dr Yeshita Pujar
	SONOLOGIST	Dr Praveen N S
3:00- 4:00 PM	PANEL DISCUSSION: PERINATAL MANAGEMENT OF CONGENITAL ANOMALIES	
	MODERATOR:	Dr. Praveen V/ Dr Manisha B
	PEDIATRICIAN	Dr S M Dhaded
	OBSTETRICIAN	Dr Abhijeet Kamat
	SONOLOGIST	Dr Praveen N S
	PEDIATRIC SURGEON	Dr Santosh Kurbet
4:00 - 4:30 PM	Valedictory Function and Certificate Distribution

Dear Colleagues/Friends

It gives us immense pleasure to invite you for the 19th National Seminar and Workshop-2019 on the theme "**Bridging the gap: NEURO-PHYSIOLOGY Connect**" under the patronage of Association of Physiologists and Pharmacologists of India (APPI), Belgaum Branch.

This National seminar and workshop will focus on scientific discipline of bridging the gap between teaching and clinical practice. Eminent faculty in the respective field will deliver lectures.

The workshop is being conducted in association with INSTRUMENTS South Asia New Delhi. There will be hands on demonstrations on human NIBP (Non-Invasive Blood Pressure) - non-invasive hemodynamics which combines the accuracy of **apres technology** with the flexible analysis of labChart software.

Innovative class room solutions with latest applications of wireless EMG with TRIGNO sensors updates the knowledge of exercise physiology, sports and performance, psychophysiology, heart rate variability, ECG analysis, sleep and autonomic function.

The core aim of the seminar and workshop is to provide an opportunity for the delegates to meet, interact and change new ideas in Neurophysiology and research.

Looking forward for your active participation.

Belagavi, Karnataka**

IANCNPCON 2019

Welcome to the 3rd Conference of Clinical Neurophysiology
Subsection of Indian Academy Neurology 2019

Dear Colleagues

We have great pleasure in inviting you to the Conference on Electroneuromyography and Evoked Potentials being held from 6th to 8th September 2019 at Jawaharlal Nehru Medical College, Belagavi, Karnataka.

Belagavi is located in north Karnataka and is known for its rich history and culture. Great freedom fighters like Rani Chennamma and Sangolli Rayanna; revered religious leaders like Basavanna are from northern Karnataka. Belagavi is the sugar capital of Karnataka and is an educational hub. Nearby tourist attractions include Pattadakal, Badami, Kolhapur, Goa, Hampi, etc.

Jawaharlal Nehru Medical College established in 1964 is a constituent institute of KLE Academy of Higher Education and Research. Its teaching hospital has over 2400 beds with all the specialties. The institute has attained several milestones under the able leadership of Dr. Prabhakar Kore.

The weekend conference is held under the auspices of Clinical Neurophysiology subsection of the Indian Academy of Neurology. Highlights of the program include lectures on basic to advanced Clinical Neurophysiology, Workshops on Nerve Conductions and electromyography. Noted experts in the field of Clinical Neuro-physiology would be sharing their knowledge.

It is a great opportunity for students, neurologists and neuro-technologists to interact and learn from the experts. We promise that the conference shall be an academic feast and a memorable milestone in learning and sharing the knowledge.

 Workshop on
"Leadership Skills for Health Professionals"
 17th & 18th September 2019

Under the Auspices of
KAHER's
University Department of Education for Health Professionals (UDEHP)
 Venue: Department of Medical Education (DOMIE), 1st Floor

Dear colleagues / friends,

It gives us immense pleasure to invite you to the workshop on - "Leadership Skills for Health Professionals" being organized by Department of Public Health under the auspices of University Department of Education for Health Professionals (UDEHP) KAHER, Belagavi.

A well groomed personality with positive & healthy living habits, right attitude, various life skills and cultural values influence functional efficiency of any organization. Leadership skills aim to first develop the leader from within; followed by helping the leaders to reach out to those around them and eventually impacting the public and the community. This workshop focuses on equipping professionals with the knowledge, attitudes and skills necessary for them to become leaders in their own rights - leaders who are responsible, resilient, confident, effective and inspiring. The intent is to develop a "complete" leader and not someone who simply has a collection of leadership skills.

Once again we welcome you all to this beautiful city of Belagavi.

KLES Dr. Prabhakar Kore Hospital & MRC,
Belagavi, Karnataka

Dear friends/colleague,

It gives us immense pleasure in inviting you to the upcoming CME in Cardiac Anaesthesiology, organized by Department of Cardiac Anaesthesiology, Jawaharlal Nehru Medical College, KLE Academy of Higher Education and Research, Belagavi. The event is scheduled on 11th January 2020 and the theme chosen for this scientific program is "Anaesthesia for Ischemic Heart Diseases".

Over the last few decades the burden of IHD is increasing. A large number of patients with IHD are coming for both cardiac as well as non-cardiac surgeries. Main focus of this CME is perioperative management of such patients coming for both cardiac as well as non-cardiac surgeries.

The leading experts in the field of cardiac anaesthesia will share their views on this complex subject. The organizing committee looks forward to your esteemed presence at Belagavi.

Organizing Committee
CME in Cardiac Anaesthesiology - 2020

Awaiting for Karnataka Medical council credit points.

Respected colleagues,

It gives us immense pleasure to invite you to Kundanagari, Belagavi for workshop on "Humanities in Health Professional Education" being organized by Department of Medical Education, under the auspices of KAHER's 'University Department of Education for Health Professionals' (UDEHP), Belagavi.

There has been an increasing need regarding the emphasis on integration of humanities in medical education over the past few years. Essence of humanities lies in empathy, ethics, professionalism which by and large form a part of hidden curriculum and lack its due emphasis in the making of a medical graduate's professional career.

With the recent change in medical curriculum towards medical training in competency based approach, achieving competencies and assessment of educational outcomes has become of utmost importance. In order to produce physicians of first contact, for the society, humanities play a major role and have to be systematically taught by educators. Empathy, professionalism, life skills have to be imbibed by the budding health professionals for strengthening the doctor-patient relationship and establish a strong bond of faith in Medical Profession and with all health care providers.

We cordially invite you all to experience the rich deliberations during this two-day workshop on "Humanities in Health Professional Education"

Dear Fellow & Budding Pathologists,

Greetings from Department of Pathology, JNMC, Belagavi,

It gives us immense pleasure to invite you for the forth coming 38th Annual National CME in Pathology (Online). This Unique CME is an yearly academic feast which is being conducted religiously for the last 37 year's. Many eminent pathologists have once participated as delegates in our CME during their postgraduate days. Due to the unforeseen circumstances arising due to COVID-19 Pandemic, our department will be conducting this year 38th Annual National CME in Pathology as an online event, which will cover various disciplines in Pathology namely Histopathology, Haematology, Cytology and Clinical Pathology. You will be interacting online with renowned dedicated Pathologists who are pioneers in their fields, which will benefit postgraduates & all the budding pathologists.

We welcome you all for this online academic extravaganza which you will cherish throughout your life.

We look forward for your active participation. Let us make this Online 38th Annual National CME a memorable one.

CIRCULAR

This is to bring to your kind notice that the Department of Oral Pathology has been conducting Slide seminar every year since 10 years. Speakers of National repute have been resource persons of these events, which post graduate students and staff members of neighboring institutes have been attending.

This year 11th Slide Seminar is scheduled on 21st January, 2020 for which a renowned scientist Dr. Manoj Mahimkar has been invited. He is an Associate Professor of HBNI & principal investigator ACTREC (Advanced centre of treatment, research and education in cancer). The topic is "Understanding the molecular genetics of oral cancers: role of genetic alterations in disease progression and prognosis". He will be delivering the lecture in the morning session, while afternoon session will consist of slide discussion by delegates from various institutions.

We invite all the faculty from various departments for the inauguration.

LECTURE

TOPICS- AWARENESS ABOUT SKIN DONATION AND SKIN BANKING

Organ and tissue donation has to be greatly promoted in our country, as many lives are lost due to lack of organ and tissue donors. The KLEs Dr. Prabhakar Kore Hospital & MRC Belagavi is a major tertiary hospital treating lot of burn victims who come from poor socio-economic status. Many of these victims can be saved if they receive timely treatment in the form of early resuscitation and early wound cover with skin allograft.

In this regard we would like to spread the awareness of Skin donation and Skin banking among the students and staff of our college .

Thus, we are organizing a lecture on "Awareness about Skin Donation and Skin Banking" on 24th Oct, 2019, at 3:30 p.m., in the Prosthodontic Gallery Hall.

Thanking you.

Dear colleagues / friends,

It gives us immense pleasure to invite you to the workshop on "Outcome based Educational Strategies for Effective Learning" being organized by KAHER's Shri.B.K.Ayurveda Mahavidyalaya, Belagavi under the auspices of University Department of Education for Health Professionals, KLE University.

Globalization, changing demographics and technological advancements are some of the key driving forces of the future. Our students will have to be prepared to face these challenges and seize the opportunities brought about by these forces. Twenty-first century education structured should be outcome based which developed certain critical core competencies such as collaboration, digital literacy, critical thinking, and problem-solving, self-learning.

The curriculum should incorporate higher order thinking skills, multiple intelligences, technology and multimedia, communication skill and self-learning methodology along with authenticated scientific assessments and evaluation. Curriculum should provide direction so that student can learn by themselves and work both independently and interdependently. So the curriculum is not a syllabus or textbook-driven or fragmented, it should be set of Specific, Measurable, Appropriate, Challenging but Achievable educational objective or Skills (outcome) which students will be acquire at the end. Evaluation of student achievement can be made more valid and reliable as the benchmark of achievements is explicitly stated.

We request you to encourage your staff & Scholars to register for this workshop. We look forward for your participation.

Advanced Academic Training Programme

On

Individualized Dosage Preparation "A Skill Based Programme"

Objectives:

The main objective of this training programme would be to impart quality education and practical learning to candidates.

Candidate would be able to learn reconstitution of drugs and dose division, Total Parenteral Nutrition, taking live clinical cases, ECG interpretations, CPR, X-ray interpretation, lab data interpretations and other clinical activities.

Module I : Bed side Teaching, X-ray Interpretation, ECG Interpretations, Lab data Interpretation and Fluid Management.

Module II : Reconstitution of drugs and dose division

Module III : Preparation of Total Parenteral Nutrition

Module III : Group Activities

Date & Venue:

The training program took place on 25th to 28th November 2019 at Anubhav Mantap, Dr. Prabhakar Kore Hospital and MRC, Belagavi, Karnataka.

Training Team:

The members of the training team were:

1. Prof. (Dr.) M S Ganachari, Professor and Head of Pharmacy Practice department, KLE COP, Belagavi
2. Dr. Manisha Bhandankar, Professor, Department of Neonatology, JNMC, Belagavi
3. Dr. Mahesh Kalloli, Consultant, Onco Surgeon, Department of Oncology, KLE's Dr. Prabhakar Kore Hospital and MRC
4. Dr. Sapna K, Consultant, Radiation oncologist, KLE's Belgaum Hospital
5. Dr. Arathi Darshan, Professor & Head, Dept. of General Medicine, J N Medical College, Belagavi
6. Dr. Adarsh Bellad, HOD OF Biochemistry Lab, KLE Dr.Prabhakar Kore Hospital & MRC
7. Ms. Manjula G., Assistant Professor, Department of Pharmacy Practice, KLE COP, Belagavi
8. Mrs. Sashikala Wali, Assistant Professor, Department of Pharmacy Practice, KLE COP, Belagavi
9. Mrs. Geetanjali Salimath, Assistant Professor, Department of Pharmacy Practice, KLE COP, Belagavi
10. Mr. Ashish Singh Parihar, Assistant Professor, Department of Pharmacy Practice, KLE COP, Belagavi

| 11) Ms. Aishwarya C Hiremath, Asst. Professor | 12) Mr. Uday Kumar PhD. Research Scholar |

Agenda:

The training team agreed a draft agenda prior to the training workshop (Attached as Annex 1)

Participants:

The training- workshop was attended by Pharm. D, Pharm. D (PB), M. Pharm. (Pharmacy Practice), Delegates from other college, Ph.D scholars & Faculty Staffs.

Total Participants – 84

External – 15 (Various institutions)

10 (B.M. Reddy Acharya Pharmacy College, Bangalore)

3 (KLE College of Pharmacy, Hubbli)

2 (TVM college of Pharmacy, Ballari)

Internal – 58 (KLECOP, Belagavi)

Pharmacy Faculty Staff – 10

Ph. D Scholar - 01

The Advanced Academic Training Program:

The training-workshop was opened with Inauguration Function by lightening the lamp by Chief Guest Dr. Manisha Bhandankar, Department of Neonatology JNMC, Belagavi, Dr. B. M. Patil, Principal, KLE College of Pharmacy, Belagavi, Dr. M. B. Patil, Vice-Principal, KLE College of Pharmacy, Belagavi, Dr. M. S. Ganachari, Professor and head, Department of pharmacy practice, KLE College of Pharmacy, Belagavi and other delegates.

Valedictory function:-

The valedictory function of Advanced Academic Training Programme was combined with the 2nd National Pharm. D Colloquium and certificates were provided after taking review of all 4 days programme from the participants.

Outcome of Advanced Academic training:

Group activities made the participants more interactive among themselves and other resource persons (trainer). So it was helpful for the interactive session and this also helpful to get basic and recent advances in the field.

Delegates are aware of Total Parenteral Nutrition as well as Reconstitution of the cytotoxic drugs and also know the importance of total parenteral nutrition in the hospital setup where they can broaden their scope of Pharm. D as specialty practice in collaboration with the physician.

By advance academic training program, students are now capable to interpret the ECG, X-RAY & other laboratory interpretation and this interpretation skill builds their confidence to communication with other healthcare professionals.

Students also got exposed to bedside training, & this training gave an idea about how to analyze the patient and how to implement theoretical knowledge in practice. So it is very helpful for them during ward round.

ABOUT US

- The KLE Academy of Higher Education & Research, Belagavi (KAHER, Deemed-to-be-University) was established on 13th April, 2006 as per the MHRD, GoI, under the recommendation of UGC.
- University offers various Undergraduate, Postgraduate, Postdoctoral fellowship & certificate programs in the faculties of Medicine, Dentistry, Pharmacy, Ayurveda, Physiotherapy, Homeopathy & Nursing.
- Professional achievements & standards set by KLE College Pharmacy, Belagavi, have bestowed on it a reputation that has travelled beyond India. The College has signed MOU with Rhodes University, South Africa for periodic faculty exchange, & facilitates programme in Pharmacy Practice & Natural product research.
- As part of its future plans, the institution is working towards international accreditation, a state of the art cell & Molecular Biology lab, a Bioinformatics Division will also be added to put the College on par with other International Institutions.
- As the mark of recognition, the college has received a prestigious research project on the survey of medicinal plants of the Western Ghats, ICMR, VGST, Govt. of Karnataka & also from government funding agencies like AICTE, DST, etc.

Objectives of the QIP

- To orient teachers in emerging areas of Drug Discovery.
- To sensitize the teachers in the current trends of Drug Discovery.
- Articulate a compelling vision to the future by encouraging and implementing non-traditional thinking to deal with traditional problems in an organization.
- To provide an opportunity for pharmacy teachers to improve their academic, technical and professional skills relevant to the needs of new millennium.
- Assist teachers to set high standards in training the students to achieving quality products in herbal industry and to lead a company/institute towards achieving global standards.
- To provide a platform to discuss the various available alternatives techniques in pharmaceutical chemistry teaching.
- To upgrade their Knowledge towards Research in the area of drug discovery.

TOPICS TO BE COVERED:

1. Challenges and opportunity in drug discovery
2. Structure & Ligand based drug design
3. Newer approaches in natural & synthetic Chemistry
4. Quality by Design (QbD): Concept in analytical method development
5. Traditional & Herbal Medicines: Opportunities
6. Standardization & stability study of herbal Drugs
7. Nano particles from natural agents
8. Holistic Practices of Traditional healers

PARTICIPANTS / ELIGIBILITY

- Teachers of all AICTE approved degree Pharmacy Colleges having less than / upto 10 years of teaching experience.
- The number of Participants is restricted to 30 only.

RESOURCE PERSON

Highly experienced faculty members from Academia & Pharmaceutical Industries

About the Seminar: Electrocardiogram (ECG) interpretation is an essential part of patient care perma for assessing cardiac abnormalities. With modern tools, ECG is quick and easy to obtain at the bedside by the healthcare professionals. But often times it become difficult and challenging to interpret. Considering this facts, this workshop has been designed and focused on understanding basic principles significance of leads, approaches to interpret ECG waves and clinical correlations.

Objectives:

- To appraise the participants with:
 - The understanding basic principles of ECG.
 - The skills and knowledge for the interpretations of ECG and associated clinical abnormalities.

Expected outcomes:

This workshop intends to introduce participants to the renowned academicians and senior cardiologists who have accepted to join and share their expertise on ECG interpretation and challenges faced during diagnosis of cardiovascular diseases.

At the end of the workshop, the participants will be able to:

- ❖ Comprehend fundamental concepts of ECG.
- ❖ Assimilate the 10 steps approach for ECG rhythm interpretation.
- ❖ Overcome problems associated with cardiac monitoring.
- ❖ Clinically correlate and Identify cardiac abnormalities.

Expected Delegates:

Students of Pharm.D, B.Pharm, M.Pharm, Academicians, Medical and Nursing Students and Research Scholars.

Reaccredited 'A' Grade by NAAC
Placed in category 'A' by MHRD, Govt. of India

WORKSHOP ON ELECTROCARDIOGRAM (ECG)

22nd November, 2019

Organized by

Department of Pharmacy Practice
KLE College of Pharmacy, Hubballi

Phone: +91-836-2373174
E-mail: principal.klescothh@gmail.com

Venue: KLE Society's Institute of Management Studies and Research [IMSR] Auditorium, Hubballi.

K.L.E .Society: Moment of change swept across the landscape of Karnataka and Maharashtra with the birth of KLE Society in 1916 by the vision of group of dedicated founders. This society is now acknowledged as phenomenon that has defined a meaning of quality education in the region. Today, K.L.E Society manages 267 institutions with student strength of more than 1.5 Lakh and 16,000 faculty offering world class education in Healthcare, Agriculture, Engineering, IT, Law, Pharmacy and other paramedical sciences.

KLE Academy of Higher Education and Research: Yet another chapter in the history of society was begun with a newly formed KAHER, sponsored by K.L.E Society, is recognized by University Grants Commission (UGC), reaccredited "A" grade by NAAC and placed in category "A" by MHRD, Govt. of India. KAHER takes immense pride in its curriculum and endeavors to provide internationally accepted education and healthcare practices. Setup in a sprawling campus and equipped with latest infrastructure and other facilities, KAHER is set to highlight the K.L.E Society's commitment to education for the world to see.

KLE College of Pharmacy, Hubballi: It was the first private institution in Hubballi to start a professional diploma course in Pharmacy in 1985. The college introduced B.Pharm degree course in 1991 and Post-Graduation in 2000, Doctoral Degree from 2000 and Pharm.D. from 2014. College was accredited since 2003 by NBA, New Delhi. All the courses run by the institution are recognized by Pharmacy Council of India, All India Council for Technical Education and University Grants Commission.

Dear Colleagues / Friends

Nuclear magnetic resonance spectroscopy, most commonly known as NMR spectroscopy, is a research technique that exploits the magnetic properties of certain atomic nuclei. It relies on the phenomenon of nuclear magnetic resonance and can provide detailed information about the structure, dynamics, reaction state, and chemical environment of molecules.

Suitable samples range from small compounds analyzed with 1-dimensional proton or carbon-13 NMR spectroscopy to large proteins or nucleic acids using 3 or 4-dimensional techniques. The impact of NMR spectroscopy on the sciences has been substantial because of the range of information and the diversity of samples, including solutions and solids.

With developments in both methodology and instrumentation in the past two decades, NMR has become one of the most powerful and versatile spectroscopic techniques for the analysis of biomacromolecules, allowing characterization of biomacromolecules and their complexes up to 100 kDa.

Together with X-ray crystallography, NMR spectroscopy is one of the two leading technologies for the structure determination of biomacromolecules at atomic resolution. In addition, NMR provides unique and important molecular motional and interaction profiles containing pivotal information on protein function.

We request you to encourage your staff / students to register for the workshop.

ABOUT US

Dr. Prabhakar B Kore Basic Science Research Centre off Campus Bengaluru [BSRC]: In order to augment the research activities, KLE University established a premier research center in the name of our Honorable Chancellor - DR. PRABHAKAR B KORE.

The research center is engaged in basic research with state-of-the-art facilities. The key areas are Molecular Biology, Medicinal Chemistry, Molecular Modeling, Instrumentation Analysis and Natural Product Research.

VISION

To become a force to be reckoned with, in the field of research and create motivated individuals to engage in basic research providing advanced research skills through scientifically designed programmes.

MISSION

Research with tangible outcomes

- To promote awareness and importance of basic research in our University.
- To provide infrastructure relevant to research programmes and sustain quality research through tangible outcomes.
- To develop and sustain new generation researchers to keep up the synergy.
- To perform creative research work and produce good quality publications.
- To engage in ethical research practices through good laboratory practices

Ultimately, our desired outcome is to ensure and improve the reputation of KLE through progressive growth.

PROGRAMME SCHEDULE

3rd OCT 2019

Time	Programme
9:00 - 9:30 am	Registration
9:30 am - 10:30 am	"Basics of NMR" Prof. N. Suryaprakash NMR Research Centre, IISc, Bengaluru
TEA BREAK	
10:45 am - 12:30 pm	"1D NMR spectral analysis of various nuclei" Prof. N. Suryaprakash
LUNCH BREAK	
1:30 - 3:30 pm	"Analysis of spectra of proton and other heteronuclei" Prof. N. Suryaprakash
TEA BREAK	

4th OCT 2019

Time	Programme
9:30-11:00 am	"Relaxation and Chemical exchange in NMR" Prof. K.V. Ramanathan NMR Research Centre, IISc, Bengaluru
TEA BREAK	
11:15- 1:00 pm	"Applications of NMR to biological systems" Prof. Atreya NMR Research centre, IISc, Bengaluru
Valedictory	

Book-Post

REGISTRATION FORM

Workshop on "Basics of NMR in Pharmacy"
3rd and 4th October 2019

Registration Fees: Rs. 300/-

Name: Dr./Mr./Ms./Mrs. _____

Designation: _____

Name of the Institution: _____

Address for Correspondence: _____

U.No./Mobile No: _____

Mail ID: _____

Demand Draft No: _____

Bank: _____

Branch: _____ Dated: _____

Amount Rs. _____ In words: _____

Signature of the Delegate

No Cheques will be accepted.

Bank Demand Drafts to be drawn in favour of 'KLE University - Basic and Applied Science Research Centre, KLE College of Pharmacy, Bengaluru'.
Registration form along with D.D. should be sent or submitted to the Project Manager, BSRC, Bengaluru.

KAHER'S J. N. MEDICAL COLLEGE
Pharmacology CME 2019

Dear friends and colleagues,

It is our pleasure to invite you on behalf of organizing team to the CME on "**Dental Pharmacology- The Pharmacological aspects in Dental practice**" at the department of Pharmacology, JNMC, Belagavi on 11th April 2019. The event is another endeavour in continuation to the yearly series of academic programs organized by department of pharmacology and local IPS branch, Belagavi.

This program reviews pharmacology with a particular focus on the dental realm and how we can make it useful to meet academic requirements for Dental Students related to clinical pharmacology. The academic principles of pharmacokinetics, pharmacodynamics and pharmacovigilance are simplified so that the most salient points are distilled into useful students. This CME will also give delegates an excellent opportunity to learn clinical aspects of pharmacology in dental practice.

Dear Doctor,

Hearty Greetings,

I on behalf of the Scientific Society, J. N. Medical College, KAHER, Belagavi, would like to invite you to attend the Annual CME of JNMC Scientific Society.

JNMC Scientific Society is conducting its Annual CME since the past 37 years. The CME is planned to orient the practicing doctors especially rural and private practitioners with the latest in medical advances. This year we have planned the Theme of CME as "CANCER & CARE".

Topics of this CME will focus on Diagnosis & Assessment of Cancer as seen by a practicing Physician/ Surgeons. This CME will comprise of Guest lectures, Symposium, Poster and Paper Presentations. We have diverse topics in different specialities so that attending doctors will get sufficient updated knowledge on malignancies in every speciality.

Papers are invited from delegates and students. Best podium presentations and posters will be awarded in each category. Please submit your abstracts by 28/02/2019 online by mail to jnmcscientificsociety@gmail.com.

Credits points for the CME has been applied from Karnataka Medical Council.

We on behalf of Organizing Committee welcome you to attend the JNMC Scientific Society Annual CME 2019 and make it a grand success.

Date:

28th March '19 - HANDS ON BONE SAW WORKSHOP
29th, 30th March 2019 - PGITC-ORTHO CME

Dear Colleagues & Post Graduates,

We welcome you to Belagavi for an academic feast in Orthopaedics. Department of Orthopaedics, KLE University's Jawaharlal Nehru Medical College, Belagavi and KLES Dr. Prabhakar Kore Hospital & MRC, Belagavi is conducting "PGITC - ORTHO CME" on 28th, 29th & 30th March 2019 under the auspices of KOA, IOA, MCI, MERTK & ICMR.

We have been conducting this Post Graduate Intensive Training Course since last 20 years & it has received a very positive feedback from participants every year. This course is designed to help Postgraduate students to improve their orientation and preparation for Postgraduate clinical examination. As we all know, it is better to be grilled now than in the final examination!

The course includes long cases, short cases, ward rounds & lectures by reputed teachers who are examiners for Postgraduate & DNB examinations.

A new addition to this year PGITC is the "HANDS ON BONE SAW WORKSHOP" on fracture fixation, by renowned Dr. Forastay.

To reap the benefit of this intensive preparatory course, we request you to attend the course positively. Early bird registration fee is Rs. 2000/- only, which includes breakfast & lunch for 3 days. Delegates have to arrange their own Travel & accommodation during their stay in Belagavi.

Secretary's Message

Dear Colleagues & Residents,

The Department of General Surgery, KAHER, JNMCM, Belagavi, has been conducting yearly CME since the last 21 years, imparting knowledge on recent advances in surgery to practicing surgeons & students through various workshops. We proudly invite you all to the 2nd yearly CME & 3rd PG Alumni Meet 2018. Join us in this academic feast on the latest updates by eminent faculty in their respective fields on 5th & 6th October 2018 and enjoy the knowledge packed sessions and the famous Belagavi Hospitality.

arnataka Medical Council has Awarded "FOUR" (04) hours for this CME (ltr No. K.M.C./C.M.E./380/2018, dated 01/09/2018)

The academic activities consists of the following

- Lectures by eminent speakers
- Endoscopy & Staplers Workshop
- Mock Exam

Requesting you to register for the CME at the earliest.

Dear Colleague,

Greetings on behalf of the Organizing Committee of IYCNCON & HMBCON 2018

We are extremely happy to invite you to participate in the Annual Conference of Infant and Young Child Feeding Chapter of IAP and Human Milk Banking Association of India, to be held on 31st August 1st and 2nd September 2018 at KAHER's J. N. Medical College, Belagavi.

Adequate nutrition during infancy and early childhood is essential to ensure the growth, health and development of children to their full potential. Promoting and providing optimal nutrition to the children today is challenging. It's essential for the pediatricians to update the knowledge and the skills in current advances and innovations in child nutrition so as to promote optimal child health. In fulfillment of this objective the Department of Pediatrics, KAHER's J. N. Medical College and Belagavi Association of Pediatrics have organized this academic meet.

"IYCNCON & HMBCON 2018" had been planned keeping pediatricians in mind with evidence based, innovations in child nutrition, with galaxy of experts and faculty with excellent scientific programme. The workshops during the Conference will fine tune our skills which will improve the quality care provided to children.

Belagavi with its cosmopolitan culture, has cool and comfortable climate during August/September.

It will be the pleasure of the organizing team to offer you local hospitality and make your stay memorable and fruitful with excellent academic / scientific feast.

Please do join IYCNCON & HMBCON 2018 by early registration.

We look forward to meet you at the conference.

The **Department of Paediatrics**, at J. N. Medical college, is well known for its excellence in teaching and research. Since its existence from 1967, the department has been known for providing comprehensive child health care in this part of the country. Now it's a full fledged department with most of the Paediatric subspecialties. The Department is recognised for its conduct of research in collaboration with international funding agencies like Global Network for women and children Health, NIH, NICHD and Melinda Gates foundation.

KLE Society's Prabhakar Kore Hospital & Medical Research Centre, Belgaum was recognized as "Baby Friendly Hospital" (BFHI) way back in 1994. Since then the department is well known for promoting breast feeding and optimum infant feeding practices in and around Belgaum. The recent accomplishment in the department is, establishment of "**AMRUTHA**" the first Human Milk Bank in North Karnataka, which was **inaugurated by Smt. Maneka Sanjay Gandhi MP, Hon'ble Minister for Women & Child Development, Government of India, on 1st March 2018.**

vide letter no. K.M.C./C.M.E./613/2016 Date: 25-06-2018

Dear Colleagues/Friends

It gives us immense pleasure to invite you for the 4th National Seminar on theme "An Approach To Universal Health Care In Geriatrics", under the patronage of Association of Physiologists and Pharmacologists, Belgaum branch. This national seminar will focus on scientific discipline of ageing including its social, mental, psychological and natural perspective in consideration of elderly individuals. Eminent faculty in the respective field will deliver the lectures.

Physiology of ageing is defined as a series of biochemical activities due to internal and external factors, can lead to bodily degeneration/disorders as well as affect a person's health and quality of life.

Ageing increases the risk of chronic diseases such as diabetes, cardiovascular, respiratory, orthopaedic and neurological disorders. Also, ageing decreases bone density which is challenging for the geriatric population especially males to continuously manage their medical needs and reform their daily activities

The world population of people aged at least 65 years is growing at an unprecedented pace, driven by better healthcare, nutrition and a dramatic decrease in infectious disease exposure. The last few years have witnessed changing demographics and an increasing life-expectancy of the global population, resulting in the rapid growth of a geriatric population requiring medical support.

We hope this National Seminar will continue with objectives of helping medical professionals in the geriatrics field as well as general public to understand, empathize, and take prompt actions to help old people across the globe.

The core aim of the National Seminar is to provide opportunity for the delegates to meet, interact and exchange new ideas in the various areas of Geriatrics.

Looking forward for your active participation in large numbers at Belagavi.

Dr. Anil P. Hogade
Organizing Chairman President,
APPI Belgaum Branch

Dear Friends,

It is a great pleasure for us to invite you for PULMOKARN 2018- Pulmonary Conference of Karnataka from July 20-22, 2018 at J N Medical College, Belgaum, Karnataka, India, organized jointly by Departments of Pulmonary Medicine- J. N. Medical College and Belgaum Institute of Medical Sciences, Belagavi.

Pulmonary Medicine as a speciality has shown a tremendous leap in understanding pathogenesis and newer therapeutic strategies to help us deal with difficult to treat cases following appropriate guidelines.

Respiratory diseases are on rise in the community and are a major cause of morbidity affecting the developing countries like India. To tackle various respiratory disorders we should keep ourselves abreast with the latest diagnostic tools and modern technological approaches.

We are conducting 5th State level PULMOKARN 2018 Conference from 20th to 22nd July 2018 at Belgaum to keep ourselves updated in the field of Respiratory and Critical Care Medicine. These three days of scientific activities will include workshops, symposiums, panel discussion, guest lectures and research papers(oral/poster) on the latest developments in the field of Pulmonary Medicine which will definitely provide the Chest physicians as well as post graduates an opportunity to share and gain experience with well-known experts from Karnataka as well as surrounding states.

And adding the flavor of historical heritage of Belgaum, we will try to provide you and your family a memorable experience and stay. We provide a heritable and cultural feast in the second capital of Karnataka. Organizing committee looks forward for your participation in PULMOKARN 2018. We extend a warm invitation to you to participate in this event and enjoy the stay at Belagavi.

With greetings

Organizing Committee
PULMOKARN 2018

Registration Guidelines

- Registration is mandatory for all those who are attending the conference, presenting papers/ posters and accompanying persons including children above 5 years of age.
- Delegate Registration fees include Registration kit, admission to the scientific sessions, trade exhibition, inaugural function, 2 lunch & 1 banquet.
- Accompanying Person Registration fees include admission to the scientific sessions, trade exhibition, inaugural function, 2 lunch & 1 banquet.
- Accommodation is not included in the registration.
- Only participation certificate will be issued to spot registered delegates.
- Conference kit will not be provided to accompanying persons.

Payment Method

- Demand Draft/Multicity Cheque to be drawn in favour of "PULMOKARN 2018", payable at BELAGAVI.
- For Direct A/C Transfer(NEFT, RTGS), Details Below :
- Account Name: PULMOKARN 2018
- Account No. : 8515201005051
- IFSC Code : CNRB0008515
- Bank Name : CANARA BANK
- Address : Canara Bank, KLE Hospital, Belagavi - 590010
- Please ensure that the name of the conference and of the participant is mentioned in the bank transfer
- Registration will only be confirmed upon receipt of the full payment according to the deadline indicated. An email confirming registration will only be sent after receipt of the required fees.
- Delegates / Trainee who do the NEFT transfer are requested to fill online registration form along with payment details.
- Kindly fill all mandatory details to complete your registration.
- While making payment through NEFT / IMPS via mobile banking, kindly enter your name and remark in the specified section.
- NO REFUND CLAIMS SHALL BE ENTERTAINED.**
- Registration form is enclosed

Paper and Poster Submission

- Post graduates who are interested in presenting papers and posters are requested to submit the abstracts by 25th June 2018.
- All the abstracts to be mailed to 2018pulmokarn@gmail.com by 25th June 2018
- The details for abstract submission and the abstract submission form is available on www.pulmokarn2018.in.
- The schedule for the poster and paper presentation will be soon updated on conference website.

Post Graduate Quiz

- The preliminary round will be conducted initially on 21st July and the final round of Quiz will be conducted on 22nd July.
- For further details e-mail us on 2018pulmokarn@gmail.com

Dear colleagues / friends,

It gives us immense pleasure to invite you to the Seminar on Clinical Ethics in Hospital Practice being organized by Department of Public Health & Department of Pediatrics, JNMC Belagavi.

Ethics plays an important role in everyone's life. Clinical ethics will enable the individuals to deal effectively with the demands and challenges faced in clinical practices of everyday life. To be a successful clinician, the acquisition, cultivation and fine-tuning in ethics is utmost important & highly essential. We have renowned international speakers who are experts in clinical ethics. The seminar will focus on clinical ethics in hospital practices.

Once again we welcome you all to this beautiful city of Belagavi. Looking forward to receive you in Belagavi.

IAP Action Plan 2018-19
Belagavi Association of Pediatrics
& **Department of Pediatrics,**
KAHER's Jawaharlal Nehru Medical College

WORKSHOP ON
"UNITED AIRWAYS"
12 AUGUST 2018 (SUNDAY) : 8.30 am to 4.30 pm

INVITATION

Asthma and allergic rhinitis are parts of a new concept called one airway, one disease or united airway disease. This concept aims to manage the issue of allergic conditions by educating the patients and their parents and health care providers by using environmental control measures, pharmacotherapy and immunotherapy.

Under IAP action plan 2018-19, Indian Academy of Pediatrics is organising module-based training programs all over the country to increase awareness, understanding and acceptance of the concept of "United Airway disease" among paediatricians in the management of these diseases. Esteemed experts of this field have been appointed by Central IAP to conduct this module on 12th August 2018 (Sunday) at Anubhava Manikya, KLE Hospital, Belagavi.

Belagavi Association of Pediatrics in collaboration with Department of Pediatrics, KAHER's JN Medical college will be organising this training module and we invite practising paediatricians and post-graduates to register for this meet at the earliest and take maximum benefit out of it.

Dear colleagues / friends,

Patient satisfaction is becoming the key phrase in healthcare. Using good manners and following the rules of proper etiquette can make an incredible difference in how physicians and their staff are viewed by their patients. If patients feel valued by their physicians and have positive interactions with the staff, they are most likely to become longtime loyal customers. Good communication skills in medical practice enable the display of respect, empathy and sincerity in all patient encounters.

In this regard KAHER's Shri. B.M.K. Ayurveda Mahavidyalaya, Belagavi under the auspices of UDEHP (University Department of Education for Health professionals), organized the one day workshop on "Hospital Etiquettes and Communication Skills."

The aim of the workshop is to respect, empathy and sincerity (values) allows to develop behavioral habits that build virtues (character).

The following members can be posted for this workshop.

1. Consultants
2. Physicians
3. NABH Coordinators
4. Hospital Administrators
5. Panchakarma therapists
6. OT-Assistants
7. Nursing-staffs

We request you to encourage your staff to register for this workshop. We look forward for your participation.

Dr. Padmaja Walvekar

KLE Society (Karnatak Lingayat Education Society) was started in 1916 by a group of young dedicated teachers and patrons. This Society aims to empower people through education and is well recognized for its quality education and health care services. Today, KLE Society manages more than 250 institutions with more than lakh student strength, and more than 16000 employees offering world class education in Healthcare, Pharmacy and paramedical sciences, Engineering, Management, Law and Agriculture. IT educational services include School, Pre-University, Graduate and Post Graduate education.

KLE Academy of Higher Education and Research is sponsored by KLE Society was established in Belagavi in 2006 to highlight the Society's commitment to healthcare and science education. KAHER is recognized by University Grants Commission (UGC), reaccredited "A" grade by NAAC and placed in category "A" by MHRD, Govt of India. KAHER provides internationally accepted education and healthcare practices, with impetus on research. University takes immense pride in its top class faculty, curriculum and well equipped infrastructure. The institutions of Medicine, Dentistry, Pharmacy, Physiotherapy, Nursing and Ayurveda are under the ambit of this university.

KLE College of Pharmacy, Belagavi. It was established in 1968 and was the first private institution in Belagavi to start a professional course in Pharmacy. The institution is a constituent unit of KAHER, Belagavi which is reaccredited NAAC "A" grade by UGC. The high standards maintained and the relentless quest for excellence has taken the reputation of the college beyond Indian shores. We are also proud to share that the college has been ranked 22nd (all India) and 3rd in Karnataka by NIRF, MHRD, New Delhi.

This year our college is completing its 50 glorious years and the year 2018 is being celebrated as the Golden Jubilee Year. All the courses run by the institution are recognized by Pharmacy Council of India. All India Council for Technical Education and University Grants Commission. The college introduced B.Pharm in 1968, B.Pharm degree course in 1975, Post Graduation in 1988, Doctoral Degrees from 2000 and Pharm. D. from 2014 and has received many prestigious research grants from funding agencies such as AICTE, DST, ICMR, and VGSST Govt. of Karnataka etc.

Dear Colleagues / Friends

Nuclear magnetic resonance spectroscopy, most commonly known as NMR spectroscopy, is a research technique that exploits the magnetic properties of certain atomic nuclei. It relies on the phenomenon of nuclear magnetic resonance and can provide detailed information about the structure, dynamics, reaction state, and chemical environment of molecules.

Suitable samples range from small compounds analyzed with 1-dimensional proton or carbon-13 NMR spectroscopy to large proteins or nucleic acids using 3 or 4-dimensional techniques. The impact of NMR spectroscopy on the sciences has been substantial because of the range of information and the diversity of samples, including solutions and solids.

With developments in both methodology and instrumentation in the past two decades, NMR has become one of the most powerful and versatile spectroscopic techniques for the analysis of biomacromolecules, allowing characterization of biomacromolecules and their complexes up to 100 kDa.

Together with X-ray crystallography, NMR spectroscopy is one of the two leading technologies for the structure determination of biomacromolecules at atomic resolution. In addition, NMR provides unique and important molecular motion and interaction profiles containing pivotal information on protein function.

We request you to encourage your staff / students to register for the workshop.

Looking forward to receive you in Bengaluru.

Dr. Subhas S Karki

Chairman and Project Manager

Programme Schedule

23rd October 2018

Time	Programme
9:00 - 9:30 am	Registration
9:30 am - 10:30 am	"Principles of NMR" Prof. N. Suryaprakash NMR Research centre, IISc, Bengaluru
	TEA BREAK
10:45 am - 12:30 pm	"1D NMR spectral analysis of various nuclei" Prof. N. Suryaprakash
12:30 - 1:30 pm	LUNCH BREAK
1:30 - 3:30 pm	NMR in Chiral Analysis" Prof. N. Suryaprakash
	TEA BREAK

24th October 2018

Time	Programme
9:30 - 11:00 am	"Applications of NMR in natural products research" Prof. Siddhartha Sharma NMR Research centre, IISc, Bengaluru
	TEA BREAK
11:15 - 1:00 pm	"Solid State NMR: Principles and Applications" Prof. K.V. Ramanathan NMR Research centre, IISc, Bengaluru
1:00 - 2:00 pm	LUNCH BREAK
2 - 3:30 pm	Interpretation of NMR spectra Dr. S.S.Karki Principal, KLE College of Pharmacy
3:30 pm	Valedictory

ABOUT US

Dr. Prabhakar B Kore Basic Science Research Centre off Campus Bengaluru [BSRC]: In order to augment the research activities, KLE University established a premier research center in the name of our Honorable Chancellor - **Dr. PRABHAKAR B KORE.**

The research centre is engaged in basic research with state-of-the-art facilities. The key areas are Molecular Biology, Medicinal Chemistry, Molecular Modeling, Instrumentation Analysis and Natural Product Research.

VISION

To become a force to be reckoned with, in the field of research and create motivated individuals to engage in basic research by providing advanced research skills through scientifically designed programmes.

MISSION

Research with tangible outcomes

- To promote awareness and importance of basic research in our University.
- To provide infrastructure relevant to research programmes and sustain quality research through tangible outcomes.
- To develop and sustain new generation of researchers to keep up the synergy.
- To perform creative research work and produce good quality publications.
- To engage in ethical research work through good laboratory practices

Ultimately, our desired outcome is; to ensure and improve the reputation of KLE through progressive growth.

Welcome note:

Dear Colleagues/ friends,

KLE Society Celebrated its glorious centenary in the field of Quality Education and Humanitarian Services.

We take great pleasure in inviting you to attend the Workshop on "Planning and Conducting Research" organized by the Department of Community Medicine, J. N. Medical College, KAHER, Belagavi on Monday and Tuesday, 28th & 29th May 2018.

Well conducted research is vital to the success of global health. Research draws its power from the fact that it is empirical rather than merely theorizing about what might be effective or what could work.

Many researchers are challenged by aspects of the design and implementation of research studies as well as the effective dissemination of their results.

Keeping in mind the need for quality research and better understanding of ethical issues in biomedical research, the present workshop addresses the task of planning and conducting a research.

The workshop involves problem solving approach which includes lectures and group work session.

We request you to encourage your faculty, post-graduates & research scholars to attend the Workshop.

Dear Doctor,

Hearty Greetings,

On behalf of the Department of Medicine, J.N. Medical College, KAHER, Belagavi, we would like to invite you to attend the Annual CME of JNMC Scientific Society.

JNMC Scientific Society is conducting its Annual CME since 36 years. The CME is planned to orient the practicing doctors especially rural and private practitioners with the latest in medical education. This year we have planned the Theme of CME as "Emergencies in Clinical Practice".

Topics of this CME will focus on day to day emergencies seen by practicing doctors. This CME will comprise of Great lectures, Symposia, Poster Presentations and Panel discussion. We have diverse topics in different specialties so that attending doctors will get sufficient updated knowledge on common emergencies in every specialty. The focus of this CME will be on understanding the managing of emergencies at the point of contact.

Posters are invited from delegates and students. Best posters will be awarded in each category.

Please submit your abstract by 31/03/2018 online by mail to jnmcscientificsociety@gmail.com.

There will be Karnataka Medical Council credit points for attending the CME.

We on behalf of Organizing Committee welcome you to attend the JNMC Scientific Society Annual CME 2018 and make it a grand success.

Programme Scheduled

Saturday 7th April 2018

Time	Topic	Speaker
8.30 to 9.00am	Registration	
9.00 to 9.30	Sedative Overdose	Dr. Dnyanesh Mankar
9.30 to 10.00	Estrogens	Dr. M. B. Reddy
10.30 to 11.00	Seizures at Pericardial cyst group	Dr. Mahesh Kamate
11.30 to 12.00	Deafness	Dr. Y. B. Masud
12.00 to 12.45pm	Gynomic Variability in the Management of Diabetes Mellitus	Dr. G. B. Sathur
12.45 to 1.15pm	Hypertensive Emergencies	
2.0pm to 2.30	Diabetic Ketoacidosis	Dr. Manjunath Geroth
2.30 to 3.00pm	D.P. Compound Poisoning	Dr. Rishu S Patil
3.00 to 4.00pm	Symposium on Out of Hospital Emergencies	
	➢ Eye trauma	Dr. Arvind Tenagi
	➢ Acute Cholangitis	Dr. Anil Hanayog
	➢ Burns	Dr. Rajesh Pawar
	➢ Heart Injury	Dr. Prasad Maske
	➢ Fractures	Dr. Sandeep
	➢ Out Injuries	Dr. A. S. Gajate
4.00 to 4.30	Snake Bites	Dr. Raghav K
4.30 to 5.00	Syncope	Dr. V. G. Somanwar
5.00 to 5.30pm	Drug Reactions	Dr. B. S. Manjunath Swamy
5.30 to 6.00	Acute Drowning	Dr. Mothar Prabh
6.00 to 7.00	Basic Life Support	

Sunday 8th April 2018

Time	Topic	Speaker
9.00 to 9.30	Acute Retention of Urine	Dr. Vitram Prabhu
9.30 to 10.00	Respiratory Failure	
10 to 11	Ventilator	
	Techniques & Pitfalls in Intubation	Dr. M.C. Dheeraj
	Types of Ventilators	Dr. Anand Nethar
	Modes of Ventilation	Dr. G. S. Gaude
	Weaning & Extubation	Dr. Bhagyashri B. Paul
11.00 to 11.30	Emergency kit in practice	Dr. Jayaprakash Appajogi
11.30 to 12.00	Acute Confusional State	Dr. Paurnava S. Prasad

Dear Colleagues,

It gives us immense pleasure inviting you for the upcoming 2nd YUVA KSOGA Conference, organized by Department of Obstetrics and Gynecology, Jawaharlal Nehru Medical College, KAHER and BLOGS to be held on 14th and 15th April 2018 at JNMC, Belagavi.

YUVA KSOGA has been initiated by KSOGA to provide a platform for all yuva fogsians. The scientific programme will have an amalgamation of young innovative ideas along with the shower of wisdom by senior fogsians. We have put forth a scientific programme which includes Workshop on Ultrasonography in Obstetrics and Gynaecology, panel discussion, debates, symposium and plenary session.

We request the alumni of this college who are practicing far and wide across the country to get nostalgic and participate in this event of your alma mater. We sincerely request all the members of KSOGA to be a part of this scientific program.

KAHER is a well known centre for excellence in healthcare, medical education, research and community service. We look forward to welcoming you to Belagavi, a town of rich heritage for two days of sharing knowledge, catching up with friends and sightseeing in and around Belagavi.

With warm greetings and best wishes,

WORKSHOP ON COLPOSCOPY

Organized by
Dept. of Obstetrics & Gynecology, KAHERs, J. N. Medical College, Belagavi
& Belgaum OBG Society

Date: 17th February 2018, **Saturday, Time:** 2.00pm to 5.30pm
Venue: G+0 Lecture Hall, KLES Dr. Prabhakar Kore Hospital & MRC, Belagavi

Dear Delegates,

Greetings from Department of Obstetrics and Gynecology, J. N. Medical College, Belagavi & Belgaum OBG Society

Cervical Carcinoma is the leading cause of death due to cancer in Indian Women. India contributes to 1/4th of the global burden of cervical cancer.

Screening and early detection of precancerous and early stage cancers is of prime importance to reduce the morbidity and mortality due to cervical cancer. Newer diagnostic tools like colposcopy would help us detect such lesions and provide early treatment with good prognosis.

Hence we invite you all actively participate and make this workshop a grand success.

Objectives:

To impart knowledge to the participants for the 5th BLOGS Annual CME 2018. To provide a platform for BLOGS members to share their knowledge and CME in the field of Obstetrics and Gynecology and share the same with the participating professionals. This year we are having a "Master Key" and the faculty would be working their best knowledge arousing the curiosity of the budding specialists helping them to nurture their interests. We will participate actively in the annual activities and contribute to the great success.

PROGRAMME SCHEDULE

Time	Programme	Speaker
9:00 am to 9:30 am	Registration & Welcome Tea & Snacks	
9:30 am to 10:00 am	Imaging in Gynecology (Including Breast)	Dr. Anil Bhoja
10:00 am to 10:30 am	Approach to suspicious adnexal mass. Recent advances in the management of ovarian cancer	Dr. Anita Maheshwari
10:30 am to 11:00 am	Colour Doppler in Gynecology & Infertility	Dr. Nikhil Mehta
11:00 am to 11:30 am	Strategies to reduce maternal and neonatal mortality	Dr. S. S. Goudar
11:30 am to 11:45 am	Tea Break	
11:45 am to 12:15 pm	Inauguration	
12:15 pm to 1:00 pm	Dr. Kamal Kasbekar Metgud Oration - Pelvic anatomy by Laparoscopy	Dr. Shailesh Pantambekar
1:00 pm to 1:30 pm	Delivery room protocols	Dr. Anisha Gala
1:30 pm to 2:00 pm	Lunch	
2:00 pm to 2:30 pm	Recent Advances in genetics	Dr. Sachin Hongunfekar
2:30 pm to 3:00 pm	Medical Records Keeping	Dr. Kasturi Danmath
3:00 pm to 3:30 pm	Colour Doppler in fetal growth restriction	Dr. Nikhil Mehta
3:30 pm to 4:00 pm	Conservative surgeries in genital prolapse	Dr. Lily Verghese

Jawaharlal Nehru Medical College, Belagavi

KLE Academy of Higher Education and Research, Belagavi

Accredited 'A' grade by NMAC(2nd cycle) & placed in category 'A' by MHRD(GoI)

Date : 24th February 2018

Venue : Anubhav Mantap, G+1 Floor, KLES Dr. Prabhakar Kore Hospital & MRC, Belagavi

Dear friends/colleagues,

It gives us immense pleasure in inviting you to the upcoming CME in Anaesthesiology, organized by ISA Belagavi city branch & Department of Anaesthesiology, Jawaharlal Nehru Medical College, KLE Academy of Higher Education and Research, Belagavi. The event is scheduled on 24th February, 2018 and the theme chosen for this scientific program is "Anaesthesia for Organ Transplantation".

The event has been designed to comprise a panel of expert specialists in the field of transplant anaesthesia, sharing their expert views and experiences on growing trends and challenges of organ transplantation. The program would be ideal platform for opportunities for learning and impact a state of art knowledge and skills for anaesthesiologists and students.

Karnataka Medical Council has awarded 'Two' credit hours for this academic event.

The organizing committee looks forward to your esteemed presence at Belagavi.

Invitation

We are pleased to announce that ICMR-National Institute of Traditional Medicine and KAHER's Dept. of Public Health and Dept. of Microbiology are jointly organizing the **28th National Congress of Parasitology**, from 22nd - 24th Feb 2018, at Belagavi, Karnataka on the theme "**Challenges and Innovations in Controlling Parasitic Diseases**".

The Indian Society for Parasitology (ISP), established in 1973 under the Societies Act XXI, 1860, has the major objectives of bringing parasitologists of various disciplines under one umbrella to advance knowledge in this vital area concerning human and animal health. Over the years, the Society has carved a niche for itself by providing a common platform to research scientists, clinicians, field biologists, academicians and all others involved in parasitology or tropical medicine research to share and exchange their knowledge and observations.

Annual conferences, sponsored by national and international agencies, are organized by the ISP with a view to take stock of the current developments in parasitology and evolve strategies for the control and containment of parasitic diseases.

On behalf of organizing committee we are pleased invite you to this event to be witnessed by national and international researchers in the field of parasitology, to serve as a platform where challenging issues and innovations can be discussed among the experts and also groom budding parasitologists. The event is going to be organized in the pristine city of Belagavi, which is a hub of education and medical care housing several institutions and universities. It is surrounded by various places of historical and tourist importance such as Goa, Badami, Bijapur, Hampi etc.

Important Dates

Last date for Abstract submission: 15th Jan 2018

Early bird registration: 15th Jan 2018

Last date for registration: 31st Jan 2018

Abstract notification: The abstracts of the original research work (not exceeding 300 words) for oral as well as poster presentations (size 60cm x 90cm) are invited for various sessions. The abstracts need to be uploaded by selecting a relevant theme during the registration process.

The abstract should contain title, name of the authors and place of work done with name and email address of the presenting author. The text should comprise objective(s) of the study, methodology applied, results and conclusion drawn in single paragraph. All abstract received before deadline will be evaluated by the scientific committee. Acceptance as oral or poster will be notified to the presenting author. Please note that only abstract from authors who have registered will be included in the conference proceedings. Please find the link below for the registration.

About ICMR-NITM, Belagavi

ICMR-National Institute of Traditional Medicine (formerly RMRC) is one of the premier research institutes under Indian Council of Medical Research, an autonomous body under the Ministry of Health & Family Welfare, Govt. of India. The Centre has taken up research on scientific validation of Herbal and Traditional Medicine, through studies in phytochemistry, efficacy, safety, mode of action and clinical evaluation of herb, its ingredients and traditional formulations, as the thrust area. NITM is also involved in studies on prevalence of various diseases at regional level, and lending active support to the State health authorities in the investigation of outbreaks, laboratory confirmations, as well as providing infrastructural support and expertise in the relevant fields of interest.

About KAHER's Dept. of Public Health & Dept. of Microbiology, Belagavi

KAHER's Department of Public Health, offers Master of Public Health (MPH), PhD and other certificate courses. The Department since its inception in 2007 has strived to expand the horizons of Public Health through training and creating a Cadre for Public Health Leadership, promote positive health across the population and ensure collective commitment to Quality Research. National and International students enroll for the program. All students are well placed in International & National NGO's, like UNICEF, WHO, UNFPA, ICMR, KHPT etc.

Department of Microbiology, J.N. Medical College KLE Academy of Higher Education Belagavi, has completed its glorious 50 years of diagnostic and teaching services. Along with the Medical students other paramedical students are also getting trained in the same institution. There are extensive studies have been conducted by the Department and has proved that Belagavi is an 'Endemic area for Brucellosis' in early 1990s. The faculty of the department has been awarded with various national awards and are members of various committees of their national Association. Along with conventional diagnostic techniques and recent newer molecular techniques, the Department is catering to the need of Belagavi, North Karnataka, South Maharashtra and Goan populations.

About Belagavi

Belagavi is one of the oldest historical places nestling high in the Western Ghats and proposed to be second capital of Karnataka. It is exactly situated at the center between Bangalore and Mumbai. City is decorated by beautiful forts and has wide choice of temples, lakes and shopping places to visit. Belagavi has an enviable heritage and offers much to be discovered. It lies in the zone of cultural transition between Karnataka, Maharashtra and Goa with a known antiquity clearly traceable upto 2nd Century A.D. Belagavi and its surrounding districts have many tourist attractive and pilgrim sites. Some important places include Belgaum fort, Kamala Basti, Suvarna souda, Gokak Falls, Godachinmalki Falls, Jamboti resort, Kittur, Saundatti fort, Naviluteertha, Vajrapoha Falls, Aihole, Badami, Banashankari, Pattadakal (Kingdom of Chalukya Dynasty), Gol Gumbaz of Bijapur Sultans, Hampi (UNESCO World heritage site and Kingdom of Vijayanagar empire) etc. The city is well connected with convenient access to air, rail and road.

Dear Colleagues,

We take great pleasure in inviting you to attend the National Seminar on "Health Economics" being organized by Jawaharlal Nehru Medical College of KLE Academy of Higher Education and Research's (KAHER) Belagavi on 30th January 2018.

Health Economics aims to understand the behavior of individuals, health care providers, public and private organizations, and governments in decision-making and is used to promote health. We are all aware that Health Economics is taking rapid strides and there are tremendous advancements in it. Health professionals should be aware about these new advances taking in economics. Thus the National Seminar has been planned to update the knowledge of all the participants. The Seminar also gives an opportunity for understanding basic concepts of Health Economics. This National Seminar is going to bring together experts from India who will exchange their valuable views in this discipline. We request you to encourage your Staff Members and Post-Graduate Students for active participation and early registration.

The Department of Anatomy, KLE University's Jawaharlal Nehru Medical College, Belagavi has organized a 2 day long 6th National Conference of Society of Clinical Anatomists on 3rd & 4th June 2017 which is attended by over 200 delegates from all over India.

Dr. R.D. Virupaxi, Head of the Department of Anatomy & Organizing Chairman welcomed the dignitaries, resource persons and delegates. Dr. Daksha Dixit President of SOCA & Organizing Secretary acknowledged the Anatomists for being excellent educators and congratulated them for having a good number of presentations with 110 scientific papers and posters during the 2 day conference. She urged the Anatomy fraternity to emphasize on research. Dr. Shilpa Bhimalli, Joint Organizing Secretary introduced the Chief Guest Dr. Shailesh Puntambekar, eminent oncology Surgeon from Pune who is a specialist in Laparoscopic & Robotic Surgery and has performed over 400 robotic surgeries. He has recently successfully performed uterus transplant surgery for the first time in India. He is awarded Golden Telescope Award for Pune technique. The Chief Guest said field of Medical science requires not just accepting age old facts but to develop scientific questioning and reasoning to continuously update the Medical knowledge and develop newer skills. He also said that a person's place of birth does not determine his destiny but one should have dreams to achieve something big and set time limits to achieve those dreams, which will then transform them into goals and he said success does not come overnight but one has to work very hard with perseverance to achieve ones goals, then he will definitely get recognition for his work globally. He said we have immense research potential to publish quality papers in recognized journals though English is not our mother tongue, for Indians but that should not be a barrier for publishing our genuine work in reputed journals and you should not to be deterred

by failures ,but to keep on working till you achieve success and someday your work will get its due recognition.

The Vice-Chancellor of KLE University, Dr. Chandrakant K. Kokate felicitated Chief Guest & performed e-inauguration of SOCA website. He said one has to overcome his inferiority complex to achieve something and to remember that we are second to none. He advised to do research work and get it patented to protect ones rights of innovation and research and publish it to prosper professionally.

Release of souvenir of the Conference was done by President of the function Dr. V.A. Kothiwale, Vice-Principal, J.N. Medical College who stated that Anatomy is the basic foundation of Medical profession and he stressed on the importance of Applied Anatomy.

Felicitations of founder members of SOCA was done by Dr. V.A. Kothiwale & Dr. A.P. Hogade, Vice-Principals, J.N. Medical College. Vote of thanks was proposed by Joint Organizing Secretary Dr. Sheetal Pattanshetti.

KLE Society Centenary Celebration
 APPI -17th National Seminar 2017

**“Environmental Physiology :- High Altitude and
 Space ”**

Saturday 19th August 2017

KLE Centenary Convention Centre,

300 Seater Hall on 1st Floor, JNMC Campus, Belagavi

Organized by
 Association of Physiologists & Pharmacologist
 of India (APPI), Belgaum Branch

Sponsored by
 Indian Council of Medical Research (ICMR)

Endorsed by
 Physiological Society of India (PSI), South
 Asian Association of Physiologists (SAAP)

Dear Colleagues,

It gives us immense pleasure to invite you for the National Seminar on theme "Environmental Physiology: High Altitude and Space", under the patronage of Association of Physiologists and Pharmacologists, Belagavi Branch.

The human body reaches around 2,100 m (7,000 feet) above sea level, the saturation of oxyhemoglobin begins to diminish. However, the human body has both short-term and long-term adaptations to altitude that allow it to partially compensate for the lack of oxygen.

Athletes use these adaptations to help their performance. There is a limit to the level of adaptation; mountaineers refer to the altitudes above 8,000 metres (5,000 ft) as the "death zone", where it is generally believed that no human body can acclimatize.

Travel to each of these altitude regions can lead to medical problems, from the mild symptoms of acute mountain sickness to the potentially fatal high-altitude pulmonary edema (HAPE) and high-altitude cerebral edema (HACE). The higher the altitude, the greater the risk. Research also indicates elevated risk of permanent brain damage in people climbing to extreme altitudes.

We hope this National Seminar will be of immense value and would provide stimulus to the young researchers taking the research in this field. In long run the research in this field may help government to set new policies for athletes and our Indian Soldiers who work in such drastic environment for longer duration.

Highlights – Call for Posters Presentation (All Original articles related to Physiology, Pharmacology & Pharmacy and any other discipline) looking forward for your active participation in large numbers at Belagavi

Scientific Programme
APPI 17th National Seminar 2017
"Environmental Physiology – High Altitude and Space"

8.00 - 9.00am	REGISTRATION & BREAKFAST
9.00 - 9.30 am	INAUGURATION
9.30-10.15am	"Manned Space flights" Col Anuj Chawala, Professor, Dept. of Physiology, Armed Forces Medical College, Pune
10.15 - 11.00am	"High Altitude Physiology" Surg Cdr Gaurav Sikiri Professor, Dept. of Physiology, Armed Forces Medical College, Pune
11.00 - 11.45pm	"Oxygen a matter of Life and Death" Lt Col S P Singh MD Professor Dept. of Physiology, Armed Forces Medical College, Pune
11.45 - 1.00pm	Exercise Physiology Demonstration
1.00pm to 2.15	LUNCH BREAK & POSTER PRESENTATION
2.15 - 3.00pm	"Heat" W/g Cdr Deepanjan Dey Associate Professor Dept. of Physiology, Armed Forces Medical College, Pune
3.00 to 3.45pm	"Survival strategies at High Altitude – An Interactive Session" Dr. Sybarna Roy Scientist "E" RMRC, ICMR Belagavi
3.45pm - 5.00pm	"Demonstration – Herbal Extract and DNA Printing" Dr. Harsha Hegde Scientist "D" RMRC, ICMR Belagavi
5.00 - 6.00 pm	VALIDICTORY FUNCTION and certificate distribution

Welcome note:

Dear Colleagues/ friends,

KLE Society Celebrated its glorious centenary in the field of Quality Education and Humanitarian Services.

We take great pleasure in inviting you to attend the National Seminar on "Rehabilitation" organized by the Department of Community Medicine, KLE University's J. N. Medical College, Belagavi on Friday, 16th June 2017.

Disability is a part of human condition. Almost everyone will be temporarily impaired at some point of time. World Health Organization (WHO) estimated that 15.3% of World's population deals with disability of one kind or the other. According to 2011 census India's populations 2.21% are disabled.

Disability had been for long period of time fully neglected and also occulted by high wall of stigmatization. Disability is an important public health problem in developing countries like India. The problem will increase in future because of increase in trend of non-communicable diseases and change in age structure with an increase in life expectancy. The issues are different in developed and developing countries and rehabilitation measures should be targeted according to the needs of disabled with community participation.

In India majority of the differently abled reside in rural areas where accessibility, availability and utilization of rehabilitation services and its cost-effectiveness are the major issues to be considered.

It is right time to join hands to promote the development of disabled to their fullest potential hence the present national seminar aims to address the various rehabilitative and social welfare measures available for their empowerment.

Karnataka Medical Council awarded "Two Credit Hours". We request you to circulate this brochure amongst your faculty, post-graduates & research scholars & motivate them to attend the National Seminar.

11:30 to 12:10 pm	Key - Note address: Tale of Two Paradigms	Dr. M. A. Shekar
12:20 to 01:00 pm	NFD Creation - Clinical Relevance and Utility of OMICS	Dr. M. Balasubramanyam
	Advancements in Diabetes Research	
01:00 to 01:15 pm	Inter-Action Session followed by Valedictory	
01:20 pm	Lunch	

Dr. M. A. Shekar, MD
Honorary Consultant Endocrinologist
Kodkany Hospital

The question why people of India are at high risk to develop diabetes is being every right thinking and able to solve many medicines, surgery, diet, insulin etc. are indicated with pathophysiology of diabetes, secondary T2DM.

I place the first paradigm as my presentation. Fetal Origin of adult diabetes, epigenetic, mechanical and environmental. Environmental changes as important factors in the development of T2DM.

Even with many agents available in the management of pathophysiology of T2DM, goals of glucose control, lipid and extra vascular level are not met.

I place the second paradigm, precision medicine in diabetes. The new paradigm that will revolutionize concept of diabetes. Precision medicine and its preparatory as the first frontier of the day.

Dr. M. Balasubramanyam, MD
Honorary Consultant Endocrinologist
Kodkany Hospital

The question talk will cover ground the following: New insights of diabetes pathogenesis with special reference to genetic advancement (genetics, proteomics, epigenetics, metabolomics, transcriptomics and omics); what it mean to clinical diabetes writing and genomic strategy. Also, do we stand firm in terms of biomarkers and precision medicine, why, through information system, what are the road map for the future of diabetes prevention, diagnosis, treatment and management.

KLE Society Centenary Celebration
APPI -17th National Seminar 2017
“Environmental Physiology :- High Altitude and Space”

Saturday 19th August 2017
KLE Centenary Convention Centre,
300 Seater Hall on 1st Floor, JNMC Campus, Belagavi

Organized by
Association of Physiologists & Pharmacologist
of India (APPI), Belgaum Branch

Sponsored by
Indian Council of Medical Research (ICMR)

Endorsed by
Physiological Society of India (PSI), South
Asian Association of Physiologists (SAAP)

Dear Colleagues,

It gives us immense pleasure to invite you for the 17th National Seminar on theme “*Environmental Physiology: High Altitude and Space*”, under the patronage of Association of Physiologists and Pharmacologists, Belagavi Branch.

After the human body reaches around 2,100 m (7,000 feet) above sea level, the saturation of oxyhemoglobin begins to plummet. However, the human body has both short-term and long-term adaptations to altitude that allow it to partially compensate for the lack of oxygen.

Athletes use these adaptations to help their performance. There is a limit to the level of adaptation; mountaineers refer to the altitudes above 8,000 metres (5,000 ft) as the “death zone”, where it is generally believed that no human body can acclimatize.

Travel to each of these altitude regions can lead to medical problems, from the mild symptoms of acute mountain sickness to the potentially fatal high-altitude pulmonary edema (HAPE) and high-altitude cerebral edema (HACE). The higher the altitude, the greater the risk. Research also indicates elevated risk of permanent brain damage in people climbing to extreme altitudes.

We hope this National Seminar will be of immense value and would provide stimulus to the young researchers taking the research in this field. In long run the research in this field may help government to set new policies for athletes and our Indian Soldiers who work in such drastic environment for longer duration.

Highlights – Call for Posters Presentation (All Original articles related to Physiology, Pharmacology & Pharmacy and any other discipline)

Invitation

Dear friends and colleagues,

It is our pleasure to invite you on behalf of organizing team to the CME on **DIABETES MELLITUS- A Holistic Approach** at the department of Pharmacology, JNMCC, Belagavi on 13th April 2017. The event is another endeavor in continuation to the yearly series of academic programs organized by department of pharmacology and local IPS branch.

Diabetes mellitus (DM) is a chronic, progressive metabolic disorder with several complications that affect virtually all the systems of the human body. Management of type 2 DM is multifaceted. Thus, a multidisciplinary approach is essential. This CME addresses the evidence-based lifestyle strategies and multifactorial medical management approaches that can be implemented to reduce the risk of developing DM and delay the onset of complications. This CME also highlights the preclinical research methodologies in DM.

Karnataka Medical Council has allotted 2 credit hours for this CME.

Dr. A. P. Hogade Organizing Chairman
Dr. S.S. Torgal President, IPS, Belagavi

CIRCULAR

The Department of Medicine has organized an interactive ECG Learning Program for postgraduate & undergraduate students of JNMC & Medical Officers of KLES Dr. Prabhakar Kore Hospital & MRC, Belagavi from 18/2017 to 21/4/2017. The detail program schedule is as follows

Venue: G-0 Lecture Hall, at KLES, Dr. Prabhakar Kore Hospital & MRC, Belagavi.

Sl. No	Date	Time	Speaker	Topic	Chairperson
1	18/4/2017 Tuesday	10-30 to 11.00	Inauguration		Dr. Anjali R M Dr. Adarshkumar Bellad
		11.00 to 12.00	Dr. V.A. Kothiwale	Basics of ECG	Dr. Rekha S Patil Dr. Rajeev Malipatil
2	19/4/2017 Wednesday	10.30 to 11.30	Dr. B. Srinivas	Chamber Enlargement [RVH, LVH, RAE, LAE]	Dr. Arati Darshan Dr. Naveen Angadi
		11.30 to 12.30	Dr. Suresh Patted.	Sinus Bradycardia, AV Block LBBB, RBBB	
3	20/4/2017 Thursday	10.30 to 11.30	Dr. Suresh Patted	Sinus Tachycardia, PSVT, AF, VT/VF	Dr. V.G. Somannavar Dr. Archana Uppin.
		11.30 to 12.30	Dr. Sanjay Porwal	IHD- ST Elevation & Depression T Wave Inversion Q Waves	
4	21/4/2017 Friday	10.30 to 11.30	Dr. Prasad.	Early Repolarization and WPW Syndrome	Dr. Raju Badiger Dr. Anwar Mujawar.
		11.30 to 12.30	Dr. Prasad Dr. Dnyanesh Morkar Dr. Pournima S Patil Dr. Jayaprakash A Dr. Madhav Prabhu	Interactive Session

Sl. No.	TIME	NAME	TOPIC	CHAIRPERSONS
8:50am to 9:00am REGISTRATION				
1	9:00am to 9:20am	DR PARVEZ SHEIKH - MUMBAI	FREEDOM FROM HIGH FISTULA IN ANO	DR. H.N.DINESH DR.B.H.METGUD
2	9:20am to 9:40am	DR. B. R. PATIL - HUBLI	PAROTID MAIGNANCIES REVISITED	DR.KULGOD S. Y.
3	9:40am to 9:50am	INAUGURATION OF CME BY DR. SHIVA MISRA, PRESIDENT ASI		
4	9:50am to 10:10am	DR. SHIVA MISRA - PRESIDENT ASI	IMPACT OF LAPAROSCOPY IN GENERAL SURGERY.	DR.JASPAL TEHALIA
5	10:10am to 10:30am	DR. SHIVARAM H.V BENGALURU	SURGICAL MANAGEMENT OF GERD	DR.HOOLI D. I. DR.M.S.SANGOLLI
6	10:30am to 10:50am	DR. RAJSEKHAR MOHAN DHARWAD	DAMAGE CONTROL RESUSCITATION	
10:50am to 11:00am TEA BREAK				
7	11:00am to 11:20am	DR. SHAILESH PUNTAMBEKAR - PUNE	LAPAROSCOPY IN GI ONCO SURGERY	DR.NAAZ JAHAN SHAIKH
8	11:20am to 11:40am	DR. PRABHAL ROY FARIDABAD	DIAGNOSTIC LAPAROSCOPY	DR.V.M.UPPIN
9	11:40am to 12:00noon	DR. RAJSEKHAR REDDY BENGALURU	CONFINES OF THORACOSCOPY (VATS) FOR SURGEONS	DR.A.C. PANGI
10	12:00noon to 12:20pm	DR. JAYANT REDDY BENGALURU	LIVER RESECTION	DR.P.SARALUKATTI
11	12:20pm to 12:40pm	DR. DIVAKAR GADDI BELLARY	LAPAROSCOPY IN THE PEDIATRICS	DR.A.S.GOGATE
12	12:40pm to 1:00pm	DR. RAVINDRA REDDY HYDERABAD	NUTRITION IN CRITICALLY ILL SURGICAL PATIENTS	DR.VED BHUSHAN
1:00pm to 01: 30pm LUNCH				
13	1:30pm to 5:30pm	WORKSHOP DR SOPPIMATH S.S. DR. ANJANAPPA	LAPAROSCOPIC SURGERIES (LIVE INTERACTIVE TELECAST FROM KLES DR. PRABHAKAR KORE HOSPITAL, BELAGAVI)	
5:30pm TEA BREAK				
14	6:00pm onwards	INAUGURAL FUNCTION OF 35th ANNUAL CONFERENCE OF KARNATAKA STATE CHAPTER OF ASSOCIATION OF SURGEONS OF INDIA		

10: 30AM KSC ASI EC MEETING
 VENUE : LOUNGE ROOM, 1ST FLOOR, CONVENTION CENTRE, JNMC.
 Welcome Dinner : 8.00 pm onwards, at Anatomy Quadrangle, JNMC

DAY- 2 (Saturday) 11th February 2017

Sl. No	TIME/ HALL	
1	7:30 am to 8:00 am	REGISTRATION & BREAKFAST
2	8:00 am to 10:00 am Main Hall	MYSORE SURGICAL SOCIETY PG AWARD PAPERS-1
3	8:00 am to 10:00 am Hall A, B, C, D & E	FREE PAPERS SESSION 1 (SIMULTANEOUS PRESENTATIONS)
4	10:00 am to 10:30 am Main Hall	DR. H. S. BHAT ORATION DR. G. SIDDESH -MYSORE TOPIC: SURGEON ENDOSCOPIST - SPECIES ENDANGERED? CHAIRPERSONS: DR. C. S. RAJAN & DR. H. V. SHIVARAM
5	10:30 am to 11:00 am Main Hall	DR. A. J. NARENDRA ORATION DR. RAMESH BILMAGGA TOPIC: WHAT HAVE WE MUTUALLY LEARNED IN ONCOLOGY PRACTICE? CHAIRPERSONS: DR. C. S. RAJAN & DR. H. V. SHIVARAM
	11:00 am to 11:10 am	TEA BREAK
6	11:20 am to 12:30 pm Main Hall	MAHADEVAN AWARD PAPERS
7	12:30 pm to 01:00 pm	DR. Y. V. CHINWALAR - TALK ON I.M.A.
8	11:10 am to 1:30 pm Hall A, B, C, D, E & F	FREE PAPERS - SESSION 2 (SIMULTANEOUS PRESENTATIONS)
9	11:30 am to 1:30 pm Poster Gallery	SURGICAL SOCIETY OF MYSORE POSTER PRESENTATION
	1:30 pm to 2:00 pm	LUNCH
10	2:00 pm to 3:30 pm Main Hall	DR. PAMPANGOWDA AWARD VIDEO SESSION
11	2:00 pm to 3:30 pm Hall A, B, C & D	FREE PAPER SESSION 3 (SIMULTANEOUS PRESENTATIONS)
12	2:00 pm to 3:30 pm Poster Gallery	ASI HUBLI - DHARWAD BRANCH POSTER PRESENTATION
13	3:30 pm to 5:00 pm Main Hall	DR. BALAKRISHNA RAO MEMORIAL SYMPOSIUM TOPIC: MINIMISING OF MORBIDITY AND MORTALITY IN SURGICAL PATIENTS DR. Y. V. CHINWALAR, DR. S. S. SOPPIMATH, DR. K. LAKSHMAN AND DR. M. RAMESH
	5:00 pm to 5:15 pm	TEA BREAK
14	5:15 pm onwards	GENERAL BODY MEETING OF KSC ASI IN MAIN HALL
	7:30 pm onwards	BANQUET - JNMC GARDEN

DAY- 3 (Sunday) 12th February 2017

Sl. No	TIME / HALL	
1	8:00 am to 10:00 am Main Hall	MYSORE SURGICAL SOCIETY PG AWARD PAPERS - 2
	8:00 am to 10:00 am Hall A, B, C, D & E	FREE PAPERS SESSION (SIMULTANEOUS PRESENTATIONS)
	8:00 am to 10:00 am Poster Gallery	UDUPI - MANIPAL POSTER AWARD SESSION
	10:00 am to 10:30 am Main Hall	DR. M. P. PAI ORATION DR. M. S. RANGANATH TOPIC: RENAL CALCULI AND ITS MANAGEMENT CHAIRPERSONS: DR. C. S. RAJAN & DR. H. V. SHIVARAM
	10:30 am to 11:00 am Main Hall	DR. S. S. NARASANGI ORATION DR. N. BHEERAPPA TOPIC: ARE LESIONS ON THE PANCREAS ALWAYS CANCEROUS ? MY EXPERIENCE IN THE LAST THREE DECADES. CHAIRPERSONS: DR. C. S. RAJAN & DR. H. V. SHIVARAM
	11:00 am to 11:10 am	TEA BREAK
	11:20 am to 01:00 pm Main Hall	DR. R. B. PATIL SYMPOSIUM TOPIC: SKIN TUMOURS DR. RAJGOPAL SHENOY, DR. GURUSHANTAPPA, DR. B. A. ANANTHARAM, DR. SANDEEP HAYAK
	1:00 pm to 1:30 pm Main Hall	VALEDICTORY FUNCTION
	1:30 pm to 2:30 pm	LUNCH
	2:30 pm onwards	COLLECTION OF FEEDBACK FORMS AND DISTRIBUTION OF CERTIFICATES

09:00 am : Meeting of Office Bearers of
City Chapters Of ASI with President & Secretary KSC ASI

10:00 am: KSC-ASI - EC Meeting With New Members.

VENUE: LOUNGE ROOM, 1ST FLOOR, CONVENTION CENTRE, JNMC.

11th February 2017- Saturday		
Main Hall	Saturday 11/02/2017: 08.00 AM - 10.00 AM	
Mysore Surgical Society PG Award Papers - 1		
Chairpersons: Dr. DURGANNA Dr. MOHAN S. V. S Dr. ISHWAR HOSMANI		
SI No	Author	Topic
1	Dr. BALABHIM JOSHI	Medical Management of Surgical Appendix
2	Dr. KANMANI TELKAR	Early enteral feeding vs late enteral feeding in patients undergoing upper GI surgery
3	Dr. Vimaladhithan Mahendran	The "Achilles Tendon" of Management of Gastrointestinal Malignancies A Study Into the Role of Perioperative Nutritional Supplementation.
4	Dr. SHRUTI RAIKAR	EXTRALEVATOR ABDOMINOPERINEAL EXICISION: A CASE SERIES
5	DR AMENA KHAN	ROLE OF MODIFIED EARLY WARNING SCORE(MEWS) IN PROGNOSIS OF ACUTE PANCREATITIS
6	Dr. Rohit Shaju	EVALUATION OF OPEN DRAINAGE VS PRIMARY CLOSURE AND USE OF CLOSED SUCTION DRAIN IN BREAST ABSCESS
7	Dr. Girish C S	ANALYSIS OF EFFECTIVENESS IN IMPLEMENTATION OF SURGICAL SAFETY CHECKLIST IN OUR INSTITUTION
8	Dr. Karunakar G K	COMPARATIVE STUDY OF HAND SEWN VERSUS STAPLER INTESTINAL ANASTOMOSIS IN ELECTIVE BOWEL SURGERIES.
9	Dr. Tejaswinee Sawant	LONG TERM OUTCOME IN VENTRAL HERNIAS : A RETROSPECTIVE STUDY
10	Dr VINAY G	COMPARITIVE STUDY ON EFFICACY OF FISTULOTOMY AND LIFT PROCEDURE IN MANAGEMENT OF FISTULA-IN-ANO
11	Dr. NIKHIL S	Evaluation of Intestinal Injuries from Blunt Abdominal Trauma
12	DR. BALLA LOHITH RAJASEKHAR	LAPAROSCOPIC CHOLECYSTECTOMY VALIDATING A SCORING SYSTEM

Hall A	Free Papers Saturday 11/02/2017: 08.00 AM - 10.00 AM	
Chest, skeletal, soft tissues, hernia and abdominal wall		
Chairpersons : DR. C. K. PATIL DR. K. S. SAVITHA		
SI No	Author	Topic
1	Dr. Donakonda Ranadeep Reddy	A COMPARATIVE STUDY OF MINIMALLY INVASIVE SURGERY VERSUS OPEN SURGERY FOR ABDOMINAL AND GROIN HERNIAS
	Dr. MANOJ VAIDYA	COMPARATIVE STUDY OF LAPAROSCOPIC AND OPEN MESH REPAIR OF UMBILICAL AND PARAUMBILICAL HERNIA
	Dr. A SAI KIRAN REDDY	CLINICAL STUDY OF INCISIONAL HERNIA
	Dr. K Vikas Sankar	EFFECTIVENESS OF TRANSDERMAL NSAID ADMINISTRATION IN ANALGESIA FOR RIB FRACTURE PATIENTSA COMPARATIVE STUDY WITH INTRAVENOUS NSAID ADMINISTRATION.
	Dr. ARUN PRASAD D	A STUDY OF ACCURACY OF INTRA OPERATIVE IMPRINT CYTOLOGY IN BREAST TUMORS
	Dr. VEENA V	PRESSURE ULCER RISK ASSESSMENTA COMPARATIVE STUDY OF BRADEN SCALE, NORTON SCALE AND WATERLOW SCALE
	Dr. AMEY TALPALLIKAR	A STUDY ON MANAGEMENT OF UNCOMPLICATED INGUINAL HERNIA AS A DAY CARE SURGERY
	Dr. Srikanth Marja Chintamani	ESTIMATION OF LIPID PROFILE IN BREAST CANCER PATIENTS AND ITS COMPARISION WITH NORMAL SUBJECTS.
	Dr. RINALDO M	A CLINICAL STUDY IN DIAGNOSIS AND MANAGEMENT OF DIABETIC FOOT
	DR NIKET MAYANK SHAH	COMPARATIVE STUDY OF OPEN PREPERITONEAL (A.K.HENRY) APPROACH AND LAPAROSCOPIC TOTAL EXTRA PERITONEAL (TEP) APPROACH IN BILATERAL INGUINAL HERNIA REPAIR
	Dr. Deepak Kumar	NECROTIZING FASCITIS REPORT OF TEN CASES AND REVIEW OF RECENT LITERATURE
	Dr. Rahul D Kunju	WHICH WAY TO GO IN EMERGENCY LAPAROTOMY WOUND CLOSURE, CONTINUOUS OR INTERRUPTED??.

Hall B	Free Papers		Saturday 11/02/2017: 08.00 AM - 10.00 AM:
	Chest, skeletal, soft tissues, hernia and abdominal wall		
	Chairpersons : DR. B. M KAJAGAR		DR. JYOTHI KAREGOUDAR
Sl No	Author	Topic	
1	Dr. Rahul D Kunju	ONLAY VERSUS SUBLAY MESH REPAIR FOR VENTRAL HERNIA, STILL A DILEMMA??..	
	Dr. ALLEN NETTO	STEEL SCALPEL VERSUS ELECTROCAUTERY BLADE: PATIENT SATISFACTION AND COSMETIC OUTCOMES	
	Dr. ABILASH REDDY V	COMPARITIVE STUDY BETWEEN ONLAY VERSUS SUBLAY MESH REPAIR IN INCISIONAL HERNIA	
	Dr. Rishikesh hanji	THE COMMON PRESENTATION OF RESPIRATORY DISTRESS IN CHILDREN: UNCOMMON CAUSES	
	Dr. MANISH CA	A ONE YEAR RANDOMIZED CONTROLLED TRIAL TO COMPARE WITH PROLENE HERNIA SYSTEM REPAIR VERSUS LICHTENSTEIN MESH REPAIR FOR REDUCTION IN POSTOPERATIVE PAIN IN INGUINAL HERNIA.	
	Dr. RAHUL PRADHAN	THE SAFETY AND EFFICACY OF MOSQUITO -NET MESH AS PROSTHESIS IN COMPARISON TO COMMERCIALY AVAILABLE POLYPROPYLENE MESH FOR LICHTENSTEIN'S TENSION FREE MESH HERNIA REPAIR WITH RESPECT TO INFECTION RATES.	
	Dr. RAGHU RAMI REDDY S	A PROSPECTIVE COMPARATIVE STUDY OF TOTAL EXTRAPERITONEAL INGUINAL HERNIA REPAIR : FIXATION VERSUS WITHOUT FIXATION OF THE MESH.	
	Dr. Vibeesh Narayanan	STUDY OF POSTOPERATIVE COMPLICATIONS IN INCISIONAL HERNIA - A PROSPECTIVE STUDY.	
	DR E PAVAN KUMAR	FEMORAL HERNIA A RECENT APPRAISAL IN JSSH EXPERIENCE	
	Dr. Tejas Venkataram	TESTICULAR ARTERY BLOOD FLOW FOLLOWING LICHTENSTEIN TENSION FREE MESH REPAIR	
	Dr. Akshay Gokak	KIMS 14: A SCORING SYSTEM TO PREDICT ABDOMINAL WOUND DEHISCENCE FOLLOWING EMERGENCY LAPAROTOMY	
	D PRAVEEN	CYANOACRYLATE GLUE FOR FIXATION OF MESH IN INGUNAL HERNIA	

Hall C	Free Papers		Saturday 11/02/2017: 08.00 AM - 10.00 AM:
	Chest, skeletal, soft tissues, hernia and abdominal wall		
	Chairpersons : DR. ANIL BELLAD		DR. VIJAY NAVADAGI
Sl No	Author	Topic	
1	Dr PRIYANKA	COMPARISON OF INGUINAL HERNIOPLASTY USING PROLENE HERNIA SYSTEM AND LICHENSTEINS MESH	
2	Dr Mohammad Amir	EVALUATION OF TECHNIQUES OF LAPAROTOMY WOUND CLOSURE IN HIGH RISK EMERGENCY SURGERIES	
3	Dr Chetan S V	RECONSTRUCTION OF NECK AND ARM WITH CONVENTIONAL PEDICLED FLAPS IN CASE OF HIGH TENSION ELECTRICAL BURNS.	
4	Dr MURALI S V	COMPARATIVE STUDY OF DESARDA VERSUS LICHENSTIEN TENSION FREE MESH REPAIR FOR INGUINAL HERNIA	
5	DR. VARUN GUTTIKIKONDA	LAPAROSCOPIC VENTRAL HERNIA REPAIR USING CARTER -THOMASON DEVICE A NOVEL TECHNIQUE: CASE STUDY OF 5 CASES	
6	Dr. RAMASWAMI BANDIVADDAR	"CLOSED VERSUS OPEN LATERAL INTERNAL ANAL SPHINCTEROTOMY IN A CHRONIC ANAL FISSURE	
7	Dr. Ajay Kumar	A COMPARATIVE STUDY OF MINI - APPENDECTOMY AND LAPAROSCOPIC APPENDECTOMY	
8	Dr. Mebin Mathew	A COMPARATIVE STUDY BETWEEN STAPLED AND HANDSEWN INTESTINAL ANASTOMOSIS IN EMERGENCY SURGERY	
9	Dr. SONIA RANI. P.B	PREVALENCE OF TYPHOID PERFORATION IN ILEAL PERITONITIS	
10	Dr. Abhishek G	A COMPARATIVE STUDY OF EARLY VERSUS DELAYED EMERGENCY OPEN APPENDECTOMY	
11	Dr. Gayathri V	A CLINICAL STUDY OF SURGICAL MANAGEMENT OF ACUTE INTESTINAL OBSTRUCTION

GIT Including Colorectal			
Chairpersons : DR. KUMAR VINCHURKAR, DR. HARSHA KODLIWADMATH			
Sl No	Author	Topic	
1	Dr. RASHIDA HYDERABADWALA	LAPAROSCOPIC ASSISTED TRANSANAL PULL THROUGH- CHANGING TREND IN THE MANAGEMENT OF ANO RECTAL MALFORMATIONS	
2	Dr. NITIN KUMAR CHAVAN	DAY CARE LAPAROSCOPIC APPENDICECTOMY : OUR EXPERIENCE	
3	Dr. SACHIN H G	IS COLONOSCOPY REALLY NECESSARY IN MY CASE ? A 4 YEAR RETROSPECTIVE STUDY	
4	Dr. R SAI SRI VARDHAN	CLINICAL STUDY AND MANAGEMENT OF ACUTE APPENDICITIS AND THE ROLE OF ULTRASOUND IN THE DIAGNOSIS	
5	Dr. ANVEERBHADRA ALLAD DR RAJSHEKAR PATIL	A COMPARATIVE STUDY OF EARLY VERSUS INTERVAL APPENDICECTOMY IN CASES OF APPENDICEAL MASS	
6	Dr. Jilani Awati	LAPAROSCOPIC VERSUS OPEN APPENDECTOMY: A COMPARATIVE STUDY	
7	Dr. DEEPAK K	EFFECTIVENESS OF MANNHEIM PERITONITIS INDEX SCORING SYSTEM IN PREDICTING THE MORBIDITY AND MORTALITY IN PERITONITIS DUE TO HOLLOW VISCUS PERFORATION	
8	Dr. Nagraj Biradar	TRANSVERSE COLON VOLVULUS	
9	Dr. Banu Priya G	A STUDY ON ROLE OF TZANAKIS SCORING SYSTEM IN DIAGNOSIS OF ACUTE APPENDICITIS	
10	Dr. SANDEEP REDDY	Surgical Management of Anal Fissure versus Glyceril Trinitrate Ointment: a comparative prospective study	
11	Dr. VISHAL TANGA	EFFECTIVENESS OF LIGATION OF INTERSPHINCTERIC FISTULA TRACT (LIFT) IN THE MANAGEMENT OF FISTULA IN ANO	
12	Dr. Manoj Kumar P	Clinical study and management of acute and chronic fissure in ano	
13	Dr. venkatesh gadekarla	COMPARATIVE STUDY BETWEEN FLEXIBLE SIGMOIDOSCOPY AND COLONOSCOPY IN HEMORRHOID PATIENTS	
14	Dr. R SAI SRI VARDHAN	SPECTRUM OF SECONDARY PERITONITIS DUE TO HOLLOW VISCUS PERFORATION IN A TERTIARY CARE HOSPITAL	

Hall B	Free Papers		Saturday 11/02/2017 : 11:10 AM - 1:30 PM:
GIT including Colorectal			
Chairpersons: DR. VASANT TEGGIMANI, DR. PRASHANT TUBACHI			
Sl No	Author	Topic	
1	Dr. MOHAMMED KASHIF IMRAN	THE EFFICACY OF COMBINED SERUM BILIRUBIN AND SERUM CREATINE PROTEIN PREOPERATIVELY IN PREDICTING THE DIAGNOSIS OF ACUTE APPENDICITIS.	
2	Dr. AMAR MURGOD	A STUDY OF MANAGEMENT OF CONGENITAL OESOPHAGEAL STENOSIS IN CHILDREN	
3	Dr. KUMAR NIKHIL	A CASE OF MIDGUT VOLVULUS	
4	Dr. RAGHAVENDRA PATTAR	CLOSURE OF DUODENAL PERFORATION BY LAPAROSCOPIC METHOD V/S OPEN METHOD	
5	Dr. Y G BASAVANA GOUD	A CASE SERIES ON DIFFERENT SURGICAL TECHNIQUES FOR THE MANAGEMENT OF PILONIDAL DISEASE - OUR EXPERIENCE	
6	Dr. S.S Shimikore	Post irradiation stricture of advanced carcinoma oesophagus ; dilatation and/ stenting ; a palliative procedure	
7	DR. A.S GOGATE	LAPAROSCOPIC MESH RECTOPEXY	
8	Dr. arjun cukkeman	MANNHEIM PERITONITIS INDEX SCORING SYSTEM AS PREDICTOR OF PROGNOSIS IN ACUTE PERITONITIS	
9	B.A. Joshi	Medical Management of Surgical Appendix	
10	Dr Arun Kumar	A case series showing acute presentations of jejunal diverticula	
11	Sal. Suraj Kotera	Emergencies in Abdominal Tuberculosis A Surgical Diagnostic Enigma	
12	DR ASHUTOSH SAHEWALLA	END-TO-END VERSUS SIDE-TO-SIDE INTESTINAL ANASTOMOSIS: A COMPARATIVE STUDY	
13	Dr. Jinumon K.V.	AN EVALUATION OF THE EFFECTIVENESS OF BARRON BAND LIGATION AS A MODALITY OF TREATMENT OF HAEMORRHOIDS	
14

Chairpersons: DR. S. N. SATIHAL, DR. SANJAY KARPOOR		
Sl No	Author	Topic
1	DR. ASMA AHMED	PERINEAL CANAL: A RARE ANORECTAL MALFORMATION
2	DR. VEENA.A	STUDY TO CORRELATE TOTAL SERUM CHOLESTEROL LEVEL IN PREDICTING SURGICAL SITE INFECTIONS POST GASTROINTESTINAL SURGERY
3	DR SWETHA VEUGOPAL	MESENTERIC INFARCTION: AN ANALYSIS OF 49 PATIENTS. IN JSS HOSPITAL WITH PROGNOSTIC STUDIES IN 32 UNDERGOING MASSIVE SMALL BOWEL RESECTION
4	DR. OMAR AHMED	SMALL BOWEL DIVERTICULOSIS: OUR EXPERIENCE
5	DR GIRISH PUTTANAVAR	'TRIAGE PROTOCOL FOR PATIENTS WITH GASTROINTESTINAL HEMORRHAGE USING BLEED CRITERIA'
6	DR SUHAS U	ISOLATED SPLENIC TUBERCULOSIS IN A IMMUNOCOMPETENT PATIENTS-A REVIEW OF THEIR PRESENTATION AND RECENT TRENDS IN MANAGEMENT
7	DR. NAVEEN KUMAR REDDY M	AIMS 65 : A RELIABLE RISK STRATIFICATION SCORE FOR UPPER GASTROINTESTINAL BLEEDING
8	DR.D.VENKATESHWAR Reddy	CASE SERIES OF INTERNAL HERNIA IN JSS HOSPITAL, MYSURU.
9	DR MURALI S V, DR LAKKANNA S	ACCURACY AND PREDICTABILITY OF RIPASA SCORE IN DIAGNOSING ACUTE APPENDICITIS
10	DR. AJITH V L	30 DAY SURVIVAL PATTERN AND ITS DETERMINANTS IN PATIENTS WHO UNDERWENT EMERGENCY LAPAROTOMY IN A TERTIARY CARE TEACHING HOSPITAL: AN AUDIT OF 151 CASES
11	DR. YOGESH KUMAR	SMALL BOWEL NEOPLASM- A DIAGNOSTIC DILEMMA
12	DR. BHARATH KUMAR REDDY	To STUDY THE MANAGEMENT, OUTCOME AND FOLLOW UP OF CASES OF JEJUNOILEAL ATRESIAS IN NEWBORNS.
13	DR. PULKIT GARG	DIAGNOSTIC SURPRISE OF A NECK SWELLING
14		

Hall D	Free Papers Saturday 11/02/2017 : 11:10 AM - 1:30 PM: Hepatobiliary - Pancreas	
Chairpersons : DR. LAKSHMIKANTH TUKKAR, DR. VIJAY HANJI		
Sl No	Author	Topic
1	DR. KARTHIK HAREEN TVK	NEUTROPHIL-TO-LYMPHOCYTE RATIO IN DIAGNOSING ACUTE CHOLECYSTITIS: A RETROSPECTIVE COHORT STUDY IN A TERTIARY RURAL HOSPITAL
2	DR. SAHANASHREE V	CLINICAL STUDY AND MANAGEMENT OF PSEUDOCYST OF PANCREAS
3	DR. NISHCHITH S	A COMPARATIVE STUDY OF OUTCOMES AND NEIMIER TYPE IN CASES OF GALLBLADDER PERFORATION--A RETROSPECTIVE ANALYSIS
4	DR. VARNIKA JP	COMPARATIVE STUDY OF EFFICACY AND SAFETY OF PERCUTANEOUS DRAINAGE OF LARGE AMOEBIC LIVER ABSCESS USING WIDE BORE PVC CATHETER VERSUS PIGTAIL CATHETER
5	DR. TANAY N. SHAH	A CASE OF EXTENSIVE LIVER INJURY MANAGED SUCCESSFULLY
6	DR. HARISH BABU	CASE SERIES OF PANCREATICO-PLEURAL FISTULA... OUR EXPERIENCE
7	DR. KINNERA S.V.	MICROBIOLOGICAL ANALYSIS OF INTRAOPERATIVE PANCREATIC DUCT ASPIRATE, A PROSPECTIVE STUDY
8	DR. ANKUR AGARWAL	LAPAROSCOPIC CHOLECYSTECTOMY AT LOW-PRESSURE PNEUMOPERITONEUM (10MMHG) VS STANDARD PRESSURE PNEUMOPERITONEUM (14MMHG) TO EVALUATE POST-OPERATIVE SHOULDER TIP PAIN
9	DR. MONALISA D SOUZA	Title: liver abscess: retrospective analysis over a fiveyear period
10	DR. SAGAR S KATHARE	EVALUATION OF ACUTE PANCREATITIS BY MODIFIED GLASGOW PROGNOSTIC SCORE
11	DR. AJAY KUMAR	HEPATITIS C VIRUS INFECTION - A RISK FACTOR FOR GALLSTONE DISEASE
12	DR. SENTHIL KUMAR	LATERAL PANCREATICO JEJUNOSTOMY-JSS EXPERIENCE
13	DR. DILIP D K	IS APACHE II SCORE A RELIABLE INDICATOR IN NECROTIZING PANCREATITIS ?
14	DR. VINAYAK THAKKANAVAR	A STUDY OF CLINICAL PROFILE OF ACUTE PANCREATITIS AND CORRELATION OF SEVERITY AND PROGNOSIS.

Dear Friends,

It gives us an immense pleasure to invite you all to Belagavi for 'Ortho Spine CME-2017' to be conducted on Sunday 26th March, 2017 by Department of Orthopaedics, JNMC, Belagavi in association with Belgaum Orthopaedic Surgeons' Society (BOSS) and Karnataka Orthopaedic Association (KOA).

We have organized one day CME which is well planned and packed with good lectures supported by eminent and young faculty. Dr. Ketan Khurjekar, Spine Surgeon from Sancheti Hospital, Pune and renowned spinal surgeons of Karnataka will take part in the CME as faculty. The CME is mainly about practical aspects of various spinal conditions where eminent faculty will discuss and share their experience, tips and tricks on different conditions of the spine with an aim to provide answers for achieving best possible functional results.

It would be a great opportunity for post graduates and orthopaedic surgeons with interest in spinal surgery to sharpen their skills in managing various spinal conditions. So we are expecting your whole hearted support and looking forward to welcome you all.

CME Audience : Consultants and Post graduates
CME Date : 26th March 2017, Sunday

Approved by KMC for Two CME Credit Points

Chief Patron :
Dr. Prabhakar Kore MP

To,

The Medical Director and Chief Executive
KLES DR. P. K. Hospital and Medical Research Centre
BELAGAVI

Dear sir,

We are happy to inform you that The Indian Academy of Pediatrics (IAP), Belagavi District Branch in collaboration with KLE University's J N Medical College & KLES DR. Prabhakar Kore Hospital & MRC, Belagavi is organizing a one day "Pediatric Epilepsy Training" on 14th August 2016 at G + 1 Anubhava Mantap, KLES DR. Prabhakar Kore Hospital & MRC, Belagavi. For this we need the help of following departments in the hospital.

1. Reservation of G + 1 Lecture hall (Anubhava Mantap)
2. Reservation of Pediatric Surgery OPD *Suman*
3. Reservation of Doctors Lounge for serving Lunch & Tea
4. IT Department *→ 19/2016*
5. House keeping *→ 25/5/16*
6. Civil and Electrical Engineering
7. PRO *Cy 24/5/16*

I therefore request you to instruct the above departments to help in smooth conduct of the programme.

Thanking you,

Yours faithfully,

M Kamate
Dr. Mahesh Kamate

"Non Invasive Diagnostic- Recent Advances"
Cardiovascular Physiology- Recent Advances"
Saturday 27th August 2016

KLE Centenary Convention Centre,
300 Seater Hall on 1st Floor, JNMC Campus, Belagavi

Organized by

Association of Physiologists & Pharmacologists
of India (APPI), Belgaum Branch

Sponsored by

Indian Council of Medical Research (ICMR)

Endorsed by

Physiological Society of India (PSI), South
Asian Association of Physiologists (SAAP)

(KMC has Accredited Two Credit Hours, vide letter no.
K.M.C./C.M.E./613/2016 Date: 25-06-2016)

(Photo of Non Invasive Procedures etc)

Dear Colleagues,

It gives us immense pleasure to invite you for the 16th National Seminar on theme "Non Invasive Diagnostic Procedures in Cardiovascular Physiology- Recent Advances", under the patronage of Association of Physiologists and Pharmacologists, Belagavi Branch. This national seminar will focus on non-invasive diagnostics aspects of cardiovascular functions. Eminent faculty will deliver the lectures.

Cardiovascular diseases have a major share in the incidence of non-communicable diseases. CVD is also one of the leading causes of deaths in India. Recent trends indicate that the disease has escalated to younger age group also.

The various available non invasive methods in cardiovascular physiology are ECG, Echocardiography, Exercise Stress Test, PET, Thallium Stress Test, Ambulatory echocardiography etc. The prevailing trend is emphasizing the importance to develop more sophisticated tests for precise measurement of cardio-vascular functions and effects of new treatments.

Impedance Cardiography is one of the latest non-invasive diagnostic procedures which may prove to have more clinical utility to provide crucial information regarding hemodynamic status of the patient.

We hope this National Seminar will be of immense value and would provide stimulus to the young researchers for taking the research in this field.

- **Highlights** – Call for Posters Presentation (All Original Articles related to Physiology, Pharmacology & Pharmacy and any other discipline)

Looking forward for your active participation in large numbers at Belagavi

Dr Parwati P Patil
Organizing Chairman
President, APPI Belgaum Branch
Scientific Programme

APPI 16th National Seminar 2016
"Non Invasive Diagnostic Procedures in Cardiovascular Physiology- Recent Advances"

8.00 - 9.15am	REGISTRATION & BREAKFAST
9.15 - 10.00 am	INAUGURATION
10.00 - 10.45 am	"Research Experiences in Non Invasive Diagnostic Procedures in Cardiovascular System" Dr. Biswajit Sinha, Scientist ^D and Professor Dept. of Aerospace Medicine, IAF, Bangalore
10.45 - 11.30 am	Cardiac Autonomic Function Testing Dr Chinmay Shah, Associate Professor, Department of Physiology, Government Medical College, Bhavnagar, Gujarat.
11.30 - 11.45 am	TEA BREAK
11.45 - 12.30pm	"Recent Advances in Cardiovascular Pharmacology - Overview" Dr.S.S Torgal Professor, Department of Pharmacology,, KLEU's JNMC, Belagavi
12.30 - 1.15pm	"Impedance Based Cardiac and Vascular Function Studies" Dr.K K Deepak Professor and Head of Department Dept. of Physiology AIMS, New Delhi
1.15- 2.30 pm	LUNCH BREAK & POSTER PRESENTATION
2.30 - 3.15 pm	"ECG" Dr. Jayaprakash Appajigol, Associate Professor, Dept. of Medicine, KLEU's JNMC, Belagavi
3.15 - 4.00 pm	"ECHO and Stress Treadmill Test" Dr.Sameer Amber Associate Professor, Department of Cardiology, KLEU's JNMC, Belagavi
4.00 - 4.15 pm	TEA BREAK
4.15 - 5.15 pm	Demonstration and Hands on Exercises "Cardiac Autonomic Function Testing" Dr Chinmay Shah, Associate Professor, Department of Physiology, Government Medical College, Bhavnagar, Gujarat.
5.15 - 6.00 pm	VALEDICTORY FUNCTION and certificate distribution

Dear colleagues / friends,

Greetings from the department of Biochemistry, KLE University's Jawaharlal Nehru Medical College, Belagavi. We are immensely pleased to organise 4th state level conference of Association of Medical Biochemists Karnataka Chapter (AMBKC).

Organising committee of JNMC-AMBKCCON-2016 would like to extend a warm welcome to all Medical Biochemists to the "Venugrama"- the KLE Education city, Belagavi.

The KLE Society established in 1916 has grown into multi-faceted organisation imparting value based education in every field. Under the visionary leadership of Dr.Prabhakar Kone, the KLE Society has more than 250 institutions with over 16,000 dedicated staff.

KLE University, established in 2008 is placed in category 'A' by Ministry of Human Resource Development, Government of India and Accredited at the 'A' level by the National Assessment and Accreditation Council. KLE University's Jawaharlal Nehru Medical College established in 1963 has emerged as a centre of excellence in Medical Education, Health Care Services and Research.

This conference is another endeavour as a part of KLE centenary celebrations. The 4th state level conference of Association of Medical Biochemists of Karnataka Chapter will be conducted during September 22-24, 2016. Pre-Conference CME focusses on "NABL process for Clinical Biochemistry Laboratory" and a parallel Workshop on "Molecular Biology Techniques". Conference focusses on - Automation and Validation in Clinical Laboratory, Biomarkers, Curricular aspects in undergraduate and postgraduate Biochemistry and special emphasis on relevant case scenarios in routine practice.

We are sure that this event will provide you a unique opportunity for excellent academic interaction under the ambience of the diverse cultured heritage city. Nestled in the foothills of the Western Ghats, Belagavi enjoys a cool salubrious climate and is surrounded by natural beauty in the form of rivers, hills and dense evergreen forests. In the vicinity there are popular tourist places like Gokak Falls, Goodachinomalakki, Amboli, Dandoli and Goo. Belagavi is well connected from all over India by road, rail and air. Belagavi is also known for special sweet preparations such as kunda and Karadoli.

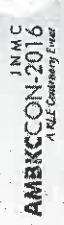

We look forward for your active participation in this event.

Dear Colleagues,

On behalf of the organizing committee, we take immense pleasure in inviting you to the International CME on Bioethics in Clinical Practice on 3rd November 2016 in KLE Centenary Hall, KLE University, Belagavi.

During the past decade, bioethical ethics has become a popular topic for coverage, largely due to increased complexity of caring for patients and the different demands that new technologies demand. Clinical bioethics is mainly about the ethical factors that are present in every clinical encounter but also about the ethical problems that may frequently arise.

Ethical problems are many and varied. They range from issues related to the availability of organ and suitable information about the importance of ethics in clinical practice. Bioethics has become a specialty in recent times with important implications concerning research ethics and the ethics of care. High level bioethics education adds to the education of patients.

Effective training is essential for clinicians to address these bioethical problems. But even when the professionals are trained, there are problems that cannot be solved with health and responsibility care, even in clinical ethics. One of the major is a project of bioethics, oriented to address specific problems. In its development it is essential to improve the decision making in each context. A reasonable problem in health care.

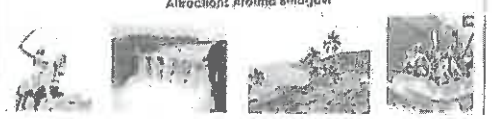

In a nutshell, we can say that Bioethics is the heart & soul of good clinical practice. To achieve such a goal, you may have to attend this program from 11.30 hours onwards, so please attend for that.

ABOUT US

- KLE Academy's College of Pharmacy was established in 1988 in the glorious province of Karnataka. The college has been approved by the Council for Technical Education (C.T.E.) and the Council for Higher Education (C.H.E.) of Karnataka. The course started with Diploma in Pharmacy (1988) followed by B.Pharm (2000), M. Pharm (2008) and Ph.D. Programme (2009) eventually the Pharm.D. Programme (2014).
- College of Pharmacy came under the K. J. Somaiya Institute of Pharmaceutical Sciences, established in the year 2009-2010 and has NAAC 'A' grade certification for 2nd Cycle.
- The Pharmacy curriculum is approved by Pharmacy Council of India (PCI), All India Council for Technical Education (AICTE) and the JCI programme is accredited by the NSA (National Society of Accreditation), AICTE, New Delhi.
- Dr. S.M. PATIL, Principal and Dean, Faculty of the Pharmacy, KLE University is supported by well-qualified and trained staff in every department.
- The college regularly conducts workshops, seminars and symposia. In the process, the college is recognized as a quality improvement programme (QIP) centre by AICTE. Workshops are conducted annually for pharmaceutical science students from the regions of Karnataka, Goa, and Maharashtra, Tamil Nadu, Andhra Pradesh and other states of India.
- The institution has signed an MOU with Rhodes University South Africa, Omani Medical College, Sultan Qaboos University of Oman (SQU) and University of Malawi (UM) at Zomba, Goa College of Pharmacy Goa for exchange of faculty and research students to conduct exchange programmes in post graduate and post doctoral research. UIC and UM mainly concentrate on PG diploma in clinical research and Nano devices.
- As part of its future plans, the institution is working towards international accreditation. A state-of-the-art Cell and Molecular Biology Lab, Bioinformatics division, is envisaged to establish the college to be on par with other international institutions.

INTRODUCTION

The quality standards of Healthcare facilities and services have been improved drastically from years ago over the world. Diagnostic methods, equipment's and treatment have taken modern approach with high quality standards. To give the same whole health regulatory authorities of the health system having both best in screening and accreditation for hospitals, healthcare facilities, Laboratory etc. The various National & International organizations like NABH, NABL, ISO, ICA, CAP are been regulating the health care system in India.

The existing programme aims to analyze and understand quality requirements for accreditation process involved in NABH, NABL, ISO, ICA, and CAP and also focusing on career opportunities for Pharmacy profession in these Accreditation health care facilities.

INTERNATIONAL LINKAGE

- NABH is an Institutional Member as well as a Sponsor member of the International Society for Quality in Health Care (ISQHC).
- NABL is a member of the Accreditation Council of International Society for Quality in Health Care (ACIQHC).
- NABL is an based of Asian Society for Quality in Healthcare (ASQHC).

OBJECTIVES

1. To understand the importance of accreditation of Healthcare facilities by NABH, NABL, ISO, ICA, CAP.
2. To know the requirements and process involved in the Accreditation.
3. To see the skills and knowledge required to be professional to work in the accreditation health facilities.
4. To understand and learn the basic skills like CCG registration, X-RAY, CDR & ACS etc.

PARTICIPANTS ELIGIBILITY

- Faculty members working in AICTE approved institutions having Pharmacy Practice background.
- Post-Graduate and Pharm.D (Diploma) and M.Pharm (1st & 2nd Year students (Pharmacy Practice).

RESOURCE PERSONS

Highly experienced faculty members from Academia and Clinical sets.

PRESENTATION

One presentation for First year M.Pharm, students of Pharm.D & Pharm.D (P.B).

About ACPI-KSPOR Consortium

The amalgamation of ACPI with KSPOR resulted in order to establish the strength and promote Pharmacy Practice, PPOB, Pharmacovigilance & Patient Safety, and e-pharmacy.

About ACPI

Association of Community Pharmacists of India is a registered body with an objective of promoting and training pharmacy practice in public health system in India. The community pharmacy shall be upgraded to provide comprehensive pharmaceutical care. It publishes once in 4 months a peer reviewed Internal Journal of Community Pharmacy.

About KSPOR

Equity's Society for Pharmacoeconomics and Outcomes Research is a national association with an objective to promote pharmacoeconomic and outcome research activities among students, faculties in collaboration with industry and regulators.

<http://Acpionline.hpage.in/index.html>

About KLEU's College of Pharmacy

KLE Society's College of Pharmacy was established in 1965 in the pleasant environs of J. N. Medical College, Belagavi with the aim of providing quality education in Pharmaceutical sciences. The courses started with Diploma in Pharmacy (1965), followed by B.Pharm (1975), M. Pharm (1988) and PhD Programme (2000) eventually the Pharm D Programme (2014).

College of Pharmacy came under the KLE University as one of the constituent units, established in the year 2009-2010 and has NAAC 'A' grade accreditation (for 7th Cycle).

The Pharmacy curriculum is approved by Pharmacy Council of India (PCI), All India Council for Technical Education (AICTE) and the UG programme is accredited by the NBA (National Board of Accreditation), AICTE, New Delhi.

DR.EMPATA, Principal and Dean, Faculty of the Pharmacy, KLE University is supported by well-qualified and trained staff in every department.

Workshops are conducted annually by pharmaceutical science teachers from the regions of Karnataka, Goa and Maharashtra, Tamil Nadu, Andhra Pradesh and other states of India.

The college has signed an MOU with Rhodes University South Africa, Orissa Medical College, Mizor, University of Illinois (USA) and University of Missouri (UM) at Columbia, Goa College of Pharmacy, Goa for exchange of faculty and research students to conduct innovative programmes in PG and post doc research. UIC and UM mainly concentrate on PG diploma in clinical research and Trans medicine.

As part of its future plans, the institution is working towards international collaborations. A state-of-the-art Cell and Molecular Biology Lab, Bioinformatics division, is envisaged to enhance the college to be on par with other international institutions.

Dear Colleagues / Friends

Nuclear magnetic resonance spectroscopy, most commonly known as NMR spectroscopy, is a research technique that exploits the magnetic properties of certain atomic nuclei. It relies on the phenomenon of nuclear magnetic resonance and can provide detailed information about the structure, dynamics, reaction state, and chemical environment of molecules.

Suitable samples range from small compounds analyzed with 1-dimensional proton or carbon-13 NMR spectroscopy to large proteins or nucleic acids using 3 or 4-dimensional techniques. The impact of NMR spectroscopy on the sciences has been substantial because of the range of information and the diversity of samples, including solutions and solids.

With developments in both methodology and instrumentation in the past two decades, NMR has become one of the most powerful and versatile spectroscopic techniques for the analysis of biomacromolecules, allowing characterization of biomacromolecules and their complexes up to 100 kDa.

Together with X-ray crystallography, NMR spectroscopy is one of the two leading technologies for the structure determination of biomacromolecules at atomic resolution. In addition, NMR provides unique and important molecular motion and interaction profiles containing pivotal information on protein function.

We request you to encourage your staff / students to register for the Seminar.

Looking forward to receive you in Bengaluru.

Dr. Subhas S Karki
Project Manager

Programme Schedule

Tuesday 31st January 2017

Time	Programme
9:00 am 9:30 am	Registration
9:30 am 10:30 am	Conceptual Understanding of NMR Spectroscopy Prof. N. Suryaprakash NMR Research Centre, IISc, Bengaluru
10:30-10:45	TEA BREAK
10:45 am 11:45 am	NMR Spectral Parameters and Spin Nomenclature Prof. N. Suryaprakash
11:45 am 12:45 pm	Analysis of One dimensional NMR spectra of Proton and various Heteronuclei Prof. N. Suryaprakash
12:45-13:45	LUNCH BREAK
13:45 pm – 14:45 pm	Two Dimensional NMR, Interpretation of COSY, TOCSY and HSQC Spectra Prof. N. Suryaprakash
14:45 pm 15:45 pm	NMR in Chiral Analysis
15:45-16:00	TEA
16:00 pm	Adjourn

ABOUT US

Dr. Prabhakar B Kore Basic Science Research Centre off Campus Bengaluru [BSRC]: In order to augment the research activities, KLE University established a premier research center in the name of our Honorable Chancellor- **DR. PRABHAKAR B KORE.**

The research center is engaged in basic research with state-of-the-art facilities. The key areas are Molecular Biology, Medicinal Chemistry, Molecular Modeling, Instrumentation Analysis and Natural Product Research.

VISION

To become a force to be reckoned with, in the field of research and create motivated individuals to engage in basic research by providing advanced research skills through scientifically designed programmes.

MISSION

Research with tangible outcomes

- To promote awareness and importance of basic research in our University.
- To provide infrastructure relevant to research programmes and sustain quality research through tangible outcomes.
- To develop and sustain new generation of researchers to keep up the synergy.
- To perform creative research work and produce good quality publications.
- To engage in ethical research work through good laboratory practices

Ultimately, our desired outcome is: to ensure and improve the reputation of KLE University through progressive growth.

Invitation

Dear friends and colleagues,

It is our pleasure to invite you on behalf of organizing team to the CME on "**Current Trends in the Management of Hypertension**" at the department of Pharmacology, JNMC, Belagavi on 22th April 2016. The event is another endeavour in continuation to the yearly series of academic programs organized by department of pharmacology and local IPS branch.

Hypertension is the single most important cause of CVD morbidity and mortality in the world. Especially in developing countries like India there is a rising prevalence partly due to urbanization. This CME brings this serious problem in forefront and aims to bridge the knowledge gap prevalent.

Karnataka Medical Council has allotted 2 credit hours for this CME.

****Also there will be e-POSTER session pertaining to any topic in pharmacology. Last date for submitting abstracts for e-poster presentation is 15/04/2016. Kindly send the abstracts of posters by email to pharmacme2016@gmail.com**

The abstract must be in word document, in a structured form not more than 250 words with main body headings: **OBJECTIVES, METHODS, RESULTS and CONCLUSIONS.**

Dr. A. P. Hogade Organizing Chairman
Dr. Bannapa S. Unger President, IPS, Belagavi

Dear Colleagues / Friends,

We the staff of the Department, take pleasure in inviting you to be the part of "KLE Centenary IAMM (KC) CME on H₁N₁ Outbreak; Lessons learnt and Future directions" on Saturday, 28th May 2016. We are aware that H₁N₁ virus has drawn worldwide attention for being unique in terms of its antigenic variations and rapid adaptation to newer ecosystems causing significant morbidity and mortality in new hosts.

In India, the first imported case of novel H₁N₁ influenza was detected in 2009. Subsequently, the pandemic spread rapidly throughout the country. Another wave of infection emerged in India in early 2015 which affected thousands of people and claimed over 1900 lives. In view of this, it is important to reflect upon how well are we prepared to face the changing epidemiological trends and challenges in laboratory diagnosis of H₁N₁ infections. This CME aims to address various concerns and issues on H₁N₁ and thus provides an opportunity to meet and discuss with the experts.

Looking forward to seeing you all in large numbers at Belagavi.

KLE Centenary Workshop on
"Applied Biostatistics for Diagnostic Tests"
Date: 6th February 2016

Venue: Conference Hall
Department of Medical Education
KLE University's J.N. Medical College,
Belagavi.

Dear colleagues/ friends,

It gives us immense pleasure to invite you to the KLE Centenary Workshop on "Applied Biostatistics for Diagnostic Tests" being organized by the Department of Microbiology, KLE University's J. N. Medical College, Belagavi.

"Research in Diagnostics" is the need of time. The strength of a any project/study is based on accuracy, dependability and defensibility of diagnostic tests employed. A strong statistical work-up is rather a pre-requisite for publications as well. Therefore, it is important to understand the fundamentals of biostatistics as applied to the diagnostic tests.

This workshop aims to simplify the concepts in diagnostic statistics by adopting interactive learning methods. We hope to provide you an enhanced learning experience and enable you to use some available soft-wares for analyzing our own study results.

We request you to circulate your junior faculty, post graduate students and PhD students to register for this workshop. We look forward for your active participation.

-Organising Committee

RESOURCE PERSONS

Dr. Nagesh L. Professor and Head Dept of Public Health, Dentistry, Institute of Dental Sciences Bareilly, Uttar Pradesh	Dr. Ravi Shirahatti Professor & Incharge Head, Dept of Public Health Dentistry, Maratha Mundal's NGH Institute of Dental Sciences Bemari

Dear Friends,

It is our great pleasure to introduce our initiative – From Tears to Brain, a Problem Based Learning approach.

We have all seen from experience that we absorb new knowledge best when we learn in the context of solving a particular problem. We bring to you a panorama of practical real life cases we face in a day-to-day practice; experienced faculty present their own cases spanning all of ophthalmology. Our panelists and the audience join together in discussing the management of each case.

We look forward to an exciting and interactive session of case discussions with you.

Warm Regards

Respected Sir,

Subject: Visit of Dr. D.S. Gambhir, Interventional Cardiologist from New Delhi on 09th January 2016.

It gives us an immense pleasure to inform you that, Interventional Cardiologist Dr. D.S. Gambhir from New Delhi, will be visiting our Department on 09th January, 2016. During his visit to Department of Cardiology will be performing Complex Angioplasties at Cath lab and discussing with faculty and registrars about various trends in the management of interventional cardiology.

Kindly help us to make following arrangements:

1. CC TV Equipment's, (OT Room to Pre angiography Room)
2. Cameras for photography
3. LCD projector with Technician
4. Flower Bouquets.

This is for your kind information and necessary action.

Thanking You,

Yours Faithfully,

Dr. SURESH V PATTED

 Belagavi-590 010, Karnataka

Dear Colleagues/Friends,

On the occasion of "KLE Society Centenary Celebration", it gives us immense pleasure in inviting you all for the APPI National Seminar on "Fighting the Obesity Epidemic - Need of the hour".

As the well-known saying goes "HEALTH IS WEALTH", maintaining a healthy weight is an extremely important part of overall health.

Contrary to the popular belief of early times that obesity is a sign of prosperity and robust health, obesity has emerged as one of the greatest public health challenges of the 21st century with an alarming rise in its prevalence. Being obese not only contributes to numerous physical and psychological problems, but also increases an individual's risk of developing many noncommunicable diseases that limit the quality and length of life.

Through this National Seminar, by involving eminent speakers in the field, we intend to create awareness in doctors and postgraduate students regarding obesity and its related complications which helps in prevention and treatment of this global epidemic in a very effective way at a proper time.

During the month of August, weather in Belagavi will be very pleasant and hence we assure you all a great weekend. Please participate in large numbers and make this National Seminar a grand success. Back home you will carry a vast knowledge of obesity, its complications, prevention and management and a lot more.

• **Highlights** – Call for E-Posters (All Original Articles related to Physiology, Pharmacology & Pharmacy and any other discipline [related to Obesity])

Looking forward for your active participation in the Seminar.

Dr. M. S. Ganachari
Organizing Chairman
President, APPI Belgaum Branch

Secretary's Message

Dear Colleagues & Residents.

The annual CME & Workshop in Surgery will be held in KLE Society's Dr. Prabhakar Kore Hospital & MRC & J. N. Medical College, Belagavi, on 16th & 17th October 2015. We have had a very encouraging response for the last 18 years and hope you will continue to support us this year too. The topics chosen for the CME will be beneficial to both the trainee surgeons and the consultant surgeons.

This CME has been awarded "FOUR CREDIT HOURS" by the Karnataka Medical Council.

The academic activities consists of the following

1. Lectures by eminent speakers
2. Workshops on fistula in ano VAAFT (Video-Assisted Anal Fistula Treatment)
3. Mock Exam, Specimens & X-rays

Requesting you to register for the CME at the earliest.

ALUMNI MEET 2015

Dear alumnus,

Seasons greetings!

It gives us immense pleasure to have continued ties with you. Hope you are doing well and have excelled in your career.

On 22nd August 2015, on the eve of CME in Anaesthesiology, we are organizing an **ALUMNI MEET** of the pass out students of Department of Anaesthesiology, J. N. Medical College, Belagavi.

We are sure that you will certainly mark this day in your calendar to walk down the memory lanes and make it available to be with your teachers, mentors and not the least, your friends and colleagues.

Anticipating positive and enthusiastic response from you.

With best wishes to you and family.....

Organizing Committee, Alumni Meet 2015
Dept. of Anaesthesiology, JNMC, Belagavi

How does one choose the best parameters for lasers in Indian skin? Do skin tightening lasers work? What patient profile and clinical parameters are conducive to fractional lasers? What are appropriate clinical end points for lasers in Indian skin?

To answer these and other questions faced in daily laser practice, join us for a one day laser workshop on Sunday, 12th JULY, 2015 at Belagavi, Karnataka. Through live and video demonstrations, short practical lectures, panel discussions, audience interactions and a unique "laser blast", you should end up with a better understanding of your machine and new laser technologies

EXPECTED LEARNING OUTCOME

Module 1 - Basic implant placement & impression making procedure

Implantology has become the fastest growing dental speciality in the world, partly driven by patient's desire for fixed functional teeth. As a general practitioner or young specialist, one cannot ignore this upcoming trend in dentistry. The aim of this course is to provide the practitioner with sound scientific knowledge & hands on training to develop psychomotor skills. An attempt will be made to provide evidence based holistic view of the science of implant dentistry.

Module 2 - Soft tissue & bone augmentation:

Successful oral rehabilitation often requires hard & soft tissue augmentation for optimal outcomes. This course will review effective techniques for bone grafting & soft tissue enhancement for improved esthetic results. Clinical experience & Scientific evidence will be presented to support to the materials & techniques demonstrated.

OR

Sinus lift procedure

Maxillary sinus augmentation is the surgical procedure to increase the amount of bone in posterior maxilla to facilitate implant placement. The aim of this course is to provide the participants, familiarity with the maxillary sinus anatomy & pathology & also train the participants to successfully lift and augment the sinus floor during placement of implants in the posterior maxilla. From an implantology point of view, duck egg replicates the clinical behavior of the sinus membrane during the direct and indirect sinus lift procedures & provides the necessary tactile experience.

Module 3 - Masterclass Zygoma implant

Zygomatic implants have been used for dental rehabilitation in patients with insufficient bone in the posterior upper jaw due to reasons such as tumor resection, trauma, or atrophy. Due to both the anatomical intricacies of the zygomatic bone and the implant length, the placement of zygoma implants still represents a challenge. The zygoma implant demonstration shall provide a brief outline of the pre-operative assessment and the surgical procedure.

OR

Masterclass Implants Maintenance

Implants maintenance being prime issue for success of implant, the participants will be taught about flap designs, aesthetic aspect & the management of ailing & failing implants.

REGISTRATION DETAILS	Upto 15 Nov 2015	Spot Registration

GREETINGS...

Dear friends,

On behalf of the organizing committee, we cordially welcome all of you to Belagavi for the Regional Implantology Conference, 2015.

Dr. S. M. Kotrashetti

Implantology is evolving at rapid pace due to technological advances. With this in mind we wish to update the current concepts & changing perspectives in Implant dentistry. We are trying to bring the multispecialists adept with practical skills. This multipersonnel approach will be used to orient the BDS students, interns, postgraduates & private practitioners with contemporary Implantology via a series of workshops & panel discussions.

The departments of Oral & Maxillofacial Surgery, Periodontology & Prosthodontics, KLE VK Institute of Dental Sciences, KLE University takes pride in hosting this meet at Belagavi & inviting you to participate, enjoy & cherish the tradition, joy & beauty of this academically rich town of North Karnataka.

ABOUT KLE UNIVERSITY:

With the KLE Society taking giant strides in transforming lives across the region, the KLE Academy of Higher Education and Research has been immensely successful in responding to the ever changing global demands in field of Health Science education by offering Quality Education in Undergraduate courses to Post Doctoral programs in super specialty subjects. The primary task was to create "change ready" Health Science Professionals of extraordinary caliber, who are able to perform flawlessly at international arena in the highly complex world of Medicine, Surgery, Pharmacy, Nursing, Physiotherapy and Ayurveda. Our University in its tireless pursuit of prospective Growth Document "Vision-2020" has already achieved immediate goals successfully and treading on its well defined path of accomplishing intermediate and long term goals.

The University has been awarded the coveted 'A' grade by the National Assessment and Accreditation Council (NAAC). These grades are accepted in 52 countries across the world and stand testimony to the academic excellence achieved by the University in its ten years of existence.

VISION:

"To be an outstanding university of excellence ever in pursuit of newer horizons- To build self reliant global citizens through assured quality educational Programmes".

MISSION:

- To promote sustainable development of Higher Education consistent with statutory and regulatory requirements.
- To plan and continuously provide necessary infrastructure, learning resources required for Quality education and innovations.
- To stimulate, to extend the frontiers of knowledge, through Faculty Development and Continuing Education Programmes.
- To make research a significant activity involving Staff, Students and Society.
- To promote Industry/Organization Interaction or Collaborations with Regional National/International bodies.
- To establish healthy systems for communication among all stake holders for vision oriented growth.
- To fulfill the National Obligation through Rural Health Missions.

ABOUT THE SEMINAR

Realization of new technologies to develop tailor made pharmaceuticals with commercial viability has become prime focus of pharma industry. Hot Melt Extrusion (HME) and Fluid Bed Process (FBP) technology is considered by many companies as a real alternative and some products are already in the market. HME and FBP technology has numerous advantages such as dust reduction, continuous reproducibility, high throughput and in-process monitoring. It improves the solubility of insoluble drugs to enhance the bioavailability, also can be used to prepare sustained release dosage forms and other formulations.

OBJECTIVES:

- To introduce the basics and process variables of HME and FBP
- Technology, polymer portfolio and formulation aspects.

Topics to be covered:

- Introduction to Hot Melt Extrusion Technology; equipment and process variables
- Introduction to Glatt pellet coater and granulator Technology; equipment and process variables
- Excipient portfolio for hot melt extrusion and its applications.
- Application of carriers and Wurster process for modified release formulations.

SPEAKERS:

Shri.Zaheer Abbas,
Senior Research Scientist, Formulation Development,
Apotex Research Private Limited, Bangalore.

Shri. Kushal Tarafdar,
Senior Executive, Formulation Development,
Cronus Research labs private limited, Bangalore.

ABOUT US

KLEU's College of Pharmacy: Formally commenced its courses in 1985. Located on Poona-Bangalore highway, in a picturesque campus, the college has every possible amenity required to impart professional education. The institute offers B.Pharm, M.Pharm & Ph. D courses and B.Pharm course is re-accredited by NBA with effect from 01.12.2011.

VISION

To be at the forefront of Pharmaceutical Education and Research by:

- Manifesting Excellence.
- Stimulating Evolutionary Progress.
- Engaging the Society we serve.

MISSION

- To impart Quality Pharmacy Education to cater to the evolving needs of the Students, Industries and the Society at large.
- To be a learning organization with a commitment to learn, adapt and change as a means to continuous improvement.
- To foster and disseminate High Quality Research and Creative work which enhances Learning and contributes to the Advancement of Knowledge.
- To produce highly Productive Professionals and Leaders to serve the Health Care needs of the Society.
- To build an Active and Responsive relationship with Industries, Alumni and the Society.

VALUES

The vision and mission of the Institution will be accomplished using the values which guide us at KLESCOPE.

- Faith in God.
- Moral Uprightness.
- Social Responsibility.
- Intrinsic individual harmony.
- Commitment to Excellence.

"An Institute par excellence for perfect Pharmacists"

7. Inauguration:

- a) Guest speaker: **Dr.Kammar K.P.,**
Professor & Principal
Karnatak Institute of Medical Sciences,
Hubballi.
- b) President: **Dr.B.M.Patil**
Principal,
KLEU's College of Pharmacy,
Hubballi-580031.

While inaugurating the seminar Guest speaker Dr.Kammar K.P., Professor & Principal Karnatak Institute of Medical Sciences, Hubballi, emphasized the need of new dosage forms for the treatment of diseases. He also pointed out the importance of the pharmacist and formulation scientist that tailor made dosage forms are available for the treatment of various diseases. He spoke on importance of new techniques in formulation development and advised the students to update and mould themselves to newer developments and techniques to be placed in industry.

8. Resource Persons:

- 1) **Shri.Zaheer Abbas,**
Senior Research Scientist, Formulation Development,
Apotex Research Private Limited, Bangalore.
- 2) **Shri. Kushal Tarafdar,**
Senior Executive, Formulation Development,
Cronus Research labs private limited, Bangalore.

9. Highlights/Key points of the topics discussed:

Date & Time	Speaker	Topic
23.01.2016 10.00 to 11.15 AM	Shri.Zaheer Abbas, Senior Research Scientist, Formulation Development, Apotex Research Private Limited, Bangalore.	Lecture: 1 Topic: Introduction to Hot Melt Extrusion Technology; equipment and process variables
11.30 to 12.45 PM	Shri. Kushal Tarafdar, Senior Executive, Formulation Development, Cronus Research labs private limited, Bangalore.	Lecture: 2 Topic: Introduction to Glatt pellet coater and granulator Technology; equipment and process variables
12.45 to 1.15 PM	Open House Discussion	
2.15 to 3.30 PM	Shri.Zaheer Abbas, Senior Research Scientist, Formulation Development, Apotex Research Private Limited, Bangalore.	Lecture: 3 Topic: Excipient portfolio for hot melt extrusion and its applications
3.45 to 4.45 PM	Shri. Kushal Tarafdar, Senior Executive, Formulation Development, Cronus Research labs private limited, Bangalore.	Lecture: 4 Topic: Application of carriers and Wurster process for modified release formulations.
4.45 to 5.15 PM	Concluding remarks and Feed back	

Shri.Zaheer Abbas, Senior Research Scientist, Formulation Development, Apotex Research Private Limited, Bangalore spoke on- Introduction to Hot Melt Extrusion Technology (HME), equipments, process parameters, and excipients used in HME. Case studies were discussed regarding the application of HME in processing of dosage forms.

Shri. Kushal Tarafdar, Senior Executive, Formulation Development, Cronus Research labs private limited, Bangalore spoke on Introduction to Glatt pellet coater and granulator Technology, equipment and process variables. Application of carriers and Wurster process for modified

| 11. | Program Schedule: | Enclosed. |
| 12. | Evaluation Sheets / Participants feed back: | Enclosed. |
| 13. | Group Photo: | Enclosed. |
| 14. | Attendance Sheet: | Enclosed. |
| 15. | Audited statement of accounts: | Enclosed. |

Benefits of the Seminar:

The outcome of the seminar was assessed by obtaining feedback from all the registered delegates, they understood about the basics of Hot melt extrusion (HME) and Fluid bed process (FBP), equipments and process variables to be considered in operating the process. Relevant case studies were discussed to explain the importance of the processes. This seminar covered the topics what they had expected and the concepts learnt can be implemented for their future research work and in industry. Hence, the outcome of the seminar was fulfilled with the following objectives:

Objectives:

- To introduce the basics and process variables of HME and FBP
- To understand Technology involved, polymer portfolio and formulation aspects.

Dear Colleagues / Friends

Mass Spectrometry (MS) is an analytical technique that helps to identify the amount and type of chemicals present in a sample by measuring the mass-to-charge ratio and abundance of gas-phase ions. It works by ionizing chemical compounds to generate charged molecules or molecule fragments and measuring their mass-to-charge ratios.

An important enhancement to the mass resolving and mass determining capabilities of mass spectrometry is using it in tandem with chromatographic and other separation techniques. A common combination is gas chromatography-mass spectrometry (GC/MS or GC-MS). Similar to gas chromatography MS (GC/MS), liquid chromatography-mass spectrometry (LC/MS or LC-MS) separates compounds chromatographically before they are introduced to the ion source and mass spectrometer. Capillary electrophoresis-mass spectrometry (CE-MS) is a technique that combines the liquid separation process of capillary electrophoresis with mass spectrometry.

Mass spectrometry has both qualitative and quantitative uses. These include identifying unknown compounds, determining the isotopic composition of elements in a molecule, and determining the structure of a compound by observing its fragmentation. MS is now in very common use in analytical laboratories that study physical, chemical, or biological properties of a great variety of compounds.

As an analytical technique it possesses distinct advantages such as: Increased sensitivity over most other analytical techniques because the analyzer, as a mass-charge filter, reduces background interference; excellent specificity from characteristic fragmentation patterns to identify unknowns or confirm the presence of suspected compound; information about molecular weight and information about the isotopic abundance of elements.

Looking forward to receive you in Bengaluru.

ABOUT US

Dr. Prabhakar B Kore Basic Science Research Centre of KLE Bengaluru (BSRC): In order to augment the research activities, KLE University established a premier research center in the name of our Honorable Chancellor - **DR. PRABHAKAR B KORE**.

The research center is engaged in basic research with state-of-the-art facilities. The key areas are Molecular Biology, Medicinal Chemistry, Molecular Modeling, Instrumentation Analysis and Natural Product Research.

VISION

To become a force to be reckoned with, in the field of research and create motivated individuals to engage in basic research by providing advanced research skills through scientifically designed programmes.

MISSION

Research with tangible outcomes

- To promote awareness and importance of basic research in our University.
- To provide infrastructure relevant to research programmes and sustain quality research through tangible outcomes.
- To develop and sustain new generation of researchers to keep up the synergy.
- To perform creative research work and produce good quality publications.
- To engage in ethical research work through good laboratory practices

Ultimately, our desired outcome is: to ensure and improve the reputation of KLE University through progressive growth.

PROGRAMME SCHEDULE

Wednesday 25, 2015

Time	Programme
9:00 am - 9:45 am	Registration
9:45 am - 10:00 am	Inauguration
10:00 am - 11:30 am	"Mass Spectrometry in Health and Medicine"
	Dr. Utpal Tatu, PhD, Professor Dept. of Biochemistry, IISc, Bengaluru
TEA BREAK	
11:45 am - 1:00 pm	"Overview of LC/MS-MS, its Applications in Pharm Industry"
	Dr. Akash N, PhD, Managing Director, Acquity Labs Pvt. Ltd. Bangaluru

Dear Colleagues / Friends

One of the most common applications of spectral studies is the identification of organic compounds. In this context, IR Spectroscopy, NMR Spectroscopy and Mass Spectrometry have been widely used as preferred techniques.

IR Spectroscopy is an extremely effective method for determining the presence or absence of a wide variety of functional groups in a molecule. One way to begin analyzing an IR spectrum is to start at the high wavenumber end of the spectrum (typically 4000 cm^{-1}) and look for the presence and absence of characteristic absorptions as you move toward lower wavenumbers. The intensity of an absorption in the IR spectrum is related to the change in dipole that occurs during the vibration. Consequently, vibrations that produce a large change in dipole result in a more intense absorption than those that result in a relatively modest change in dipole. Vibrations that do not result in a change in dipole moment (e.g., a symmetrical alkyne C triple bond C stretch) will show little or no absorption.

NMR spectral interpretation plays a pivotal role in molecular identifications. While interpreting NMR spectra, the structure of an unknown compound, as well as known structures, can be assigned by several factors such as chemical shift, spin multiplicity, coupling constants, and integration.

Mass spectral interpretation is the systematic analysis of mass spectra for molecule identification. It is most often used for the identification of organic compounds from electron ionization. Organic chemists obtain mass spectra of chemical compounds as part of structural elucidation.

We request you to encourage your staff / students to register for the workshop
