APPI NATIONAL SEMINAR 2019-Bridging the gap: NEURO-PHYSIOLOGY Connect

The 19th National Seminar and Workshop-2019 on the theme “*Bridging the gap: NEURO-PHYSIOLOGY Connect*” under the patronage of Association of Physiologists and Pharmacologists of India (APPI), Belgaum Branch was conducted on 30th August 2019.

This National seminar/workshop focused on scientific discipline of bridging the gap between teaching and clinical practice. Eminent faculty in the respective field delivered the lectures. The workshop was conducted in association with ADINSTRUMENTS South Asia New Delhi. There was hands on demonstrations on human NIBP (Non-Invasive Blood Pressure) - non-invasive hemodynamics which combines the accuracy of *finapres technology* with the flexible analysis of labChart software.

Innovative class room solutions with latest applications like wireless EMG with TRIGNO sensors updated the knowledge of exercise physiology, sports and performance, psychophysiology, heart rate variability, ECG analysis, sleep and autonomic function. The workshop provided an opportunity for the delegates to meet, interact and exchange new ideas in Neurophysiology and research.

The inaugural function was presided by the Vice Chancellor of KAHER Dr Vivek ASaoji and Principal Dr (Mrs) N.S.Mahantshetti of J N Medical college, Belagavi

Dr. Padmashri Kudachi, Organizing Chairman PRESIDENT, Dr Basavraj Tenginkai & Dr Venkappa Mantur APPI BELGAUM BRANCH intruded the cheif Guests and conducted the event smoothly.

Sub: Report on the conduct of Workshop on "Healthcare Associated Infection Surveillance"
(CDC/NHSN 2019)

Respected Madam,

We are happy to inform you that the Department of Microbiology, J N Medical College, KAHER, Belagavi conducted *IAMM (Karnataka State Chapter) 2nd Quarterly Meet on "Healthcare Associated Infection Surveillance" (CDC/NHSN 2019)* on 03/08/2019 and it was a great success. A total of 112 delegates (67 Medical microbiologists and 35 Infection Control Nurses) participated in the said program. Karnataka Medical Council granted Two Credit hours for this workshop.

The Department also conducted a "JNMC PG Alumni meet" from 5:00 PM onwards on 03-08-2019. 22 attended the meet and shared their memorable events. Former teaching members of the Department also graced the occasion. Overall the workshop and the Alumni meet were a grand success.

Kindly note and do the needful.

Thanking You,

Yours faithfully,

**Brief report of the BREAST IMAGING UPDATE
(IRIA BREAST IMAGING OUTREACH PROGRAMME CME
WORKSHOP) 2019**

State Level CME & Workshop on BREAST IMAGING UPDATE was conducted on 24th November 2019 at KLE Centenary Conventional Centre, JNMC Campus, Belagavi. Chief Guest was Prof. (Dr) Vivek A Saoji, Hon'ble Vice Chancellor, KLE Academy of Higher education & Research, Belagavi, Dr. Bhagyam Raghavan, Senior Consultant Radiologist, Apollo Cancer Institute, Chennai, Dr. Varsha Hardas In charge Breast imaging, Ruby Hall, Pune, Dr. Mukta Mahajan, Consultant Radiologist, Cytecare, Bengaluru and Dr. Rupa Ananthasivan, Senior Consultant Radiologist, Manipal Hospitals, Bengaluru around 79 delegates was attended. It was an IRIA outreach programme, first of its kind to be conducted outside Bengaluru.

- Topic: 1) Basic mammographic interpretation
2) Chalk and cheese in the breast
3) Architectural distortion and asymmetry
4) Nuances of Breast USG
5) BIRADS (USG and MAMMO)
6) MRI Breast indications, techniques and basic interpretation
7) MRI BIRADS
8) Latest advances

Purpose: The CME aimed at better understanding of the various imaging modalities and USG guided biopsy and wire placement used in breast imaging. The purpose was to make this knowledge reach to the remote areas beyond tier I and II Cities. This would help in better screening and early diagnosis, hence paving way to better Care and treatment.

11th National Conference of Health Professions Education (NCHPE 2019)

Belagavi, 19th November 2019 : The Department of Medical Education (DOME), J N Medical College, and the University Department of Health Professions Education (UDEHP), KLE Academy of Higher Education and Research (KAHER), Belagavi in collaboration with the Foundation for Advancement of International Medical Education & Research (FAIMER) USA and the Association of Health Professions (AHPE) India have jointly organized the 11th National Conference of Health Professions Education (NCHPE-2019) at KLE Centenary Convention Centre, Belagavi on 21st to 23rd November 2019. The main theme of the conference is "Competency Based Medical Education – Transformative Learning: from Theory to Practice".

The Inaugural function of NCHPE 2019 was held on Friday, the 22nd November 2019 at the Dr. H B Rajashekar Hall (600 Capacity) of KLE Centenary Convention Centre, KAHER's JNMC campus, Belagavi. Dr Prabhakar Kore ^{MP}, Chancellor, KAHER & Chairman, KLE Society, Belagavi was the Chief Guest. Prof Dr S Sacchidanand, Vice Chancellor, RGUHS, Bengaluru, Dr. Mark Tykocinski, Provost of Thomas Jefferson University, Philadelphia, USA, Dr. William P Burdick, Vice-President, FAIMER Philadelphia, USA, Dr. Ara Tekian, Professor at University of Illinois, Chicago, USA, Dr. Nima Rege, President - AHPE and Dr. Anshu, Secretary – AHPE were the Guests of Honour. Prof. (Dr.) V D Patil, Director - Hospital Development and New Projects, KAHER was present.

More than 450 delegates representing various health science institutions from all over India and Abroad attended the conference. Three Plenary Sessions and Four Panel Discussions had been organized. 145 Scientific Papers / Posters were presented by delegates on 22nd – 23rd November 2019. 16 Pre-conference workshops (Full Day / Half Day) on various themes on health professions education were organised on 21st November 2019. The Karnataka Medical Council has allotted Four Credit Hours for the conference delegates and Two Credit Hours for the delegates of Pre-Conference Workshops.

On this occasion "WHO Collaborating Centre for Research in Maternal and Perinatal Health" (which was earlier Women's and Children's Health Research Unit) of JNMC, KAHER, Belagavi (co-ordinated by Dr. S S Goudar, Professor of Physiology) and the newly built "Microbiology Skill Laboratory" sponsored by the Vision Group on Science & Technology, Department of Science & Technology, Govt. of Karnataka (co-ordinated by Dr. Jyoti M Nagmoti, Professor of Microbiology) was inaugurated by Dr. Prabhakar Kore ^{MP}, Chancellor, KAHER & Chairman, KLE Society, Belagavi. Speaking on the occasion, he appreciated the activities of Department of Medical Education leading the changes in medical education and technology as Regional Centre and Advanced Nodal Centre of Medical Council of India for training the medical faculty from four states viz. Karnataka, Andhra Pradesh, Telangana and Goa.

Report of KNACON 2020

KNACON 2020, the 10th Annual Conference of the Karnataka Neuroscience Academy was conducted at the KLE Centenary Convention Centre, Jawaharlal Nehru Medical College, Belagavi on 11th and 12th January 2020. The first KNACON conference was conducted in Jawaharlal Nehru Medical College in 2011. Dr. Yasha TC (President, KNA) and Dr. Subhash GT (president elect, KNA) and Dr. Saroja AO (secretary, KNA) inaugurated the KNACON 2020 wherein Dr. V. A. Kothiwale, Registrar, KAHER was the chief guest and Dr. HB Rajashekar, Director KLEUSM-IMP was the guest of honour. The conference was attended by about 250 delegates over the two days. Presidential Oration was delivered by Dr. T. C. Yasha, President of Karnataka Neuroscience Academy addressing the evolution of Neuropathology. The scientific program consisted of contemporary topics in neurology, neurosurgery and neuropathology delivered by well-known and acclaimed external resource persons. Total of 22 scientific presentations were delivered by the external resource persons. One of the main highlights of the conference was the clinicopathological conference with clinical discussion by Dr. GRK Sarma and discussion on pathology by Dr. Anita Mahadevan. The KNACON 2020 inspired highest number of abstract submissions since the first conference from 2011. Thirty-seven abstracts were submitted by the delegates out of which 14 were oral presentations and 23 were poster presentations. The best oral and poster presentations were awarded the prizes from KNA. The conference scientific content, presentation and organisation were well appreciated by all the delegates and the resource persons.

GUEST LECTURE ON CINEMEDUCATION

Cinemeducation is the use of film in medical education. It was originally coined by Matthew Alexander, Hall, and Pettice in the journal Family Medicine in 1994. It has been used in teaching family systems theory, end-of-life care, medical professionalism and medical ethics, and in psychiatry and mental health services. Movies play an important role in the medical humanities and have been used to address various subjects such as medical ethics, doctor–patient relationship, clinical research, mental illness, and professionalism during medical school. Movies involve the affective domain, promote reflection, and link learning to experiences. Movies can teach empathetic behaviors, self-reflection, compassion, and other skills. The guest lecture was conducted by Dr Deepti Kadeangadi, Associate professor, Department of Community Medicine, J.N Medical College, Belagavi on 6/3/2020 in DOME and was attended by 30 medical teachers and post graduated of various streams.

Brief Report

National Webinar on 'Lessons from Emerging Infectious Diseases. What's next?'

The Department of Community Medicine, J. N. Medical College, KLE Academy of Higher Education & Research, Belagavi organized the National Webinar on '**Lessons from Emerging Infectious Diseases. What's next?**' on Saturday, 19th December 2020 between 9.30 AM to 01.30 PM at the Anatomy lecture Hall, J. N. Medical College, Belagavi.

Dr. Shivaswamy M. S. Organizing Chairman and Professor & Head of the Dept. of Community Medicine, welcomed the guests and explained the purpose for organizing this webinar. Prof. V. A. Kothiwale, Registrar, KLE Academy of Higher Education & Research was the Chief Guest. In his address, he emphasized on the preventive measures for infections & emerging disease like Dengue, Nipah and Covid, in the absence of vaccine and curative treatment. He said medical College have a role in prevention & control of emerging disease and congratulated the department of Community Medicine in making all efforts to organize webinar.

Dr.(Mrs.) N. S. Mahantshetti, Principal, J. N. Medical College, presided over the webinar. In her presidential remarks, she told that the lessons learnt from Covid-19 pandemic were many and a small virus can destroy whole world economy & health status. She future elaborated emerging infectious diseases have emerged since 1970, we need to be prepared for emerging & re-emerging diseases with preventive measure till vaccine or cure becomes universal. Dr. R. S. Mudhol, Vice Principal & Medical Superintendent of KLE Dr. Prabhakar Kore Charitable Hospital & Dr. Vishwanath Pattanshetti, vice Principal graced the occasion. The national webinar had registrations of 684 delegates from 11 states of India. Dr. Avinash Kavi, Assistant Professor and organizing secretary for the webinar, proposed vote of thanks. Dr. Christina K. & Dr. Varsha G. were the masters of the ceremony.

The first session was "Are we done with infectious diseases? What is emerging or re-emerging?" by Dr. Ravi Kumar K., Senior Regional Director, Regional Office of Health & Family Welfare, Govt. of India, Bengaluru. He briefed on the emerging and re-emerging infectious diseases of the past and resent and detailed about the epidemiological factors.

The next session was on "Dengue: Small creatures with big threat. Does it still bother?" by Dr. Sudhir Prabhu, Associate Professor of Community Medicine, Father Muller Medical College,

Mangaluru. He highlighted the factors responsible for the emergence of Dengue Fever and highlighted the recent advances w.r.t. the preventive measures including vaccines.

Dr. Praveen G. S., Assistant Professor of Community Medicine, Government Medical College, Ernakulam, Kerala who is also the PG Alumni of the department of Community Medicine at JNMC spoke on "Nipah: Success story from Kerala. He shared his first hand experiences regarding public health measures undertaken at Ernakulam and Cochin, Kerala in controlling the outbreak of Nipah virus.

Dr. Shamanna B. R., Professor of Community Medicine, School of Medical Sciences, University of Hyderabad, Gachibowli, Hyderabad, delivered the talk on on "Evolution of epidemiology of natural history of Novel Corona Virus (COVID-19)." He elaborated on the natural history of the COVID-19 and suggested various public health measures and prevention at different levels of disease manifestations.

Dr. Edmond Fernandes, Chief Executive Officer, CHD Group, Mangaluru was supposed to deliver his talk on "Global Pandemic of emerging infectious diseases: Where do we stand?". However, due to his additional commitments he could not join the webinar. The last session was in turn modified to a 'panel discussion'. All the distinguished speakers discussed on the public health measures to be adopted in India to prevent the emergence and re-emergence of infectious diseases. The audiences' questions that were received in the chat box were answered by all the speakers.

Dr. Avinash Kavi, Assistant Professor and organizing secretary for the webinar in his closing remarks reiterated the need for the focus on infectious diseases and the role played by the public health professionals in controlling the current pandemic of COVID-19.

A total of 388 delegates (including 358 medical doctors) attended the national webinar virtually. Karnataka Medical Council has granted '1 credit hour' for the delegates who attended the webinar. E-certificates were sent to all the attendees by email.

CONS ENDO WEEK 27th Feb 2020

REPORT ON INTEGRATED TEACHING ON INDIRECT COMPOSITES

The Dept of Cons and Endo and KLE VKIDS celebrated the Cons and endo week recently, on 27 Feb, 2020. To commemorate the occasion, we introduced a new instruction method for undergraduate students in the 2nd BDS. We collaborated with the Department of Prosthodontics to conduct and integrated teaching program on indirect composites. Videos and models were also employed to enrich the learning experience. The session was made more interesting by conducted a contest after the class. The students were divided into groups and asked to prepare concept maps on indirect composites. The best two entries were awarded a prize. Feedback was obtained and the students found this method of learning highly interesting and also appreciated the concept mapping exercise.

Participating departments:

- Dept of Conservative dentistry and Endodontics
- Prosthodontics Crown and Bridge

Objective of the program:

By the end of this lecture the students will be able to:

1. Describe the characteristics if indirect composites and its applications.

Target audience:

- Students of 2nd year BDS
- Number of participants - 90

Mode of instruction

- Interactive lectures and display of models
- Videos

Duration: 3 hours

Assessment

- Students prepared a map/ flowchart of their understanding of the topic.
- The class was divided into groups of 10 students and they were asked to prepare map their concepts on the lecture Indirect composites. All the groups were assessed, and two best compositions were awarded prizes. A concept map is a visual organizer that can enrich students' understanding of a new concept. Using a graphic organizer, students think about the concept in several ways. It helps children organize new information.

ATTESTED

Registrar

KLE Academy of Higher Education and Research
(Deemed-to-be-University u/s 3 of the UGC Act, 1956)
Belagavi-590 010, Karnataka

- It helps students to make meaningful connections between the main idea and other information.
- They're easy to construct and can be used within any content area
- They're easy to construct and can be used within any content area.
- Using concept maps helped the teachers gauge the extent of understanding of the topic that was taught using the integrated approach.

A structured feedback with closed ended and open-ended questions was obtained from all the students. The feedback was analyzed, and majority of the students felt that the integrated approach facilitated better understanding of the topic. The use of lectures and models also enhanced their learning. They felt that 3 hours was a long session

Keywords: Indirect composites, undergraduate, dental, interactive lecture, Integrated teaching, small group, large classroom, concept mapping

CDE PROGRAMME REPORT

INAUGURATION OF ONE DAY CONTINUING DENTAL EDUCATION IN KLE ACADEMY OF HIGHER EDUCATION AND RESEARCH'S VK INSTITUTE OF DENTAL SCIENCES, BELAGAVI

“Advances in dental research are making dentistry a technology driven discipline”

Dr. Dhanu G. Rao

Belagavi – November 29 2019:

KLE Academy Of Higher Education And Research's VK INSTITUTE OF DENTAL SCIENCES had organized one day Continuing Dental Education on “PEDIATRIC ROTARY ENDODONTICS” on November 29 2019 in association with the Department of Dental Education VK Institute of dental sciences.

Dr. Dhanu G. Rao, President, ISPPD presided over the function. He appreciated staff of department of Pediatric and Preventive Dentistry KAHER'S KLE VKIDS for coming together to organize such workshop. He stressed upon the need of the pediatric dentist's to upgrade their knowledge with the latest technologies and use it to provide the best possible oral care to the children.

Dr. Alka Kale, Principal KLE VK Institute of Dental Sciences emphasized upon the need to provide dental care to each and every child. She requested the ISPPD to make tie up with the regional institutes so that dental care can be provided to every child. The role of Department of Pediatric and Preventive Dentistry of KLE VKIDS was also appreciated which as a part of social responsibility provides free dental care for children with special health care needs, also she applauded the effort taken to fulfil the tag line” **Every Child has fundamental right to his/her oral health care”**

A total of **125** participants registered for the CDE. **75** participants registered for Workshop from various dental colleges of Karnataka and Maharashtra. Dr. Dayanand Shirol and Dr Nilesh Rathi renowned pediatric dentist from Pune and Wardha were the resource persons for this CDE & Workshop.

REPORT ON DDE PROGRAMME -2019

Organized by - Department of Dental Education, KLE VK Institute of Dental Sciences Belagavi.

Venue - Lecture Hall No.1

Date- 7.08.19

Speaker -- Dr. NamrataPatil

Topic - "Dental Hospital Waste Management"

Total number of participants - 23

Summary of the topic

Dental Hospital waste disposal involves the proper identification of the different type of dental waste and each type of dental waste requires a different disposal method. Segregating medical wastes based on their type helps ensure that each waste is discarded, transported, and destroyed properly.

Belagavi-590 010, Karnataka

Valedictory function:-

The valedictory function of Advanced Academic Training Programme was combined with the 2nd National Pharm. D Colloquium and certificates were provided after taking review of all 4 days programme from the participants.

Outcome of Advanced Academic training:

Group activities made the participants more interactive among themselves and other resource persons (trainer). So it was helpful for the interactive session and this also helpful to get basic and recent advances in the field.

Delegates are aware of Total Parenteral Nutrition as well as Reconstitution of the cytotoxic drugs and also know the importance of total parenteral nutrition in the hospital setup where they can broaden their scope of Pharm. D as specialty practice in collaboration with the physician.

By advance academic training program, students are now capable to interpret the ECG, X-RAY & other laboratory interpretation and this interpretation skill builds their confidence to communication with other healthcare professionals.

Students also got exposed to bedside training, & this training gave an idea about how to analyze the patient and how to implement theoretical knowledge in practice. So it is very helpful for them during ward round.

REPORT On
KAIHER Sponsored Workshop on "Drug Design and Development"
Dept. of Pharmaceutical Chemistry, KLE College of Pharmacy, Belagavi,
held on 28th January 2020

The total numbers of participants in the workshop were 70, which included 14 outside participants and 56 in-house participants. There were 2 outside resource persons and 4 in-house resource persons. The workshop started at 9:30 am with a lecture by Prof. (Dr.) B. M. Patil, Principal, KLE College of Pharmacy, Belagavi on the topic "Complex Disease and Drug Targets". The inaugural programme was scheduled at 10:00 am. The Chief Guest was Prof. (Dr.) V. A. Kothiwale, Registrar, KLE Academy of Higher Education & Research, Belagavi. The inaugural programme involved welcome address & introduction to chief guest by Prof. (Dr.) M. B. Patil, introduction about work shop by Prof. (Dr.) Shankar G. Alegaon, lighting of lamp. Address by chief guest Prof. (Dr.) V. A. Kothiwale, Principal's remark by Prof. (Dr.) B. M. Patil and Vote of Thanks by Prof. (Dr.) M. S. Palled. Anchoring of the workshop was done by Dr. Preeti Salve. The inauguration was followed by tea break. The next lecture on Nanomaterials for biomedical application was from 10:45 -12:00 noon by Prof. (Dr.) J. Manjanna, RCU, Belagavi. It was then followed by a lecture from 12:00-1:00 pm on QSAR by Prof. (Dr.) Ravindra Kulkarni, BharatiVidyapeeth's Poona college of Pharmacy, Pune. Everybody then dispersed for lunch break from 1:00 - 2:00 pm. The afternoon session began with a lecture by Prof. (Dr.) K. K. Hullatti, KLE College of Pharmacy, Belagavi, on Drug discovery process from natural products. The next session was from 2:30-4:45 pm. by Prof. (Dr.) Shankar G. Alegaon on Molecular docking hands on training and by Mr. Pukar on Network pharmacology. The programme concluded with valedictory function and certificate distribution from Dr. M. B. Patil at 5:00 pm.

AICTE Sponsored Quality Improvement Programme on

"Current Trends in Formulation Development and Quality Assurance"

23rd November to 08th December 2020

AICTE Sponsored Quality Improvement Programme was organised by Department of Pharmaceutics and Pharmaceutical Quality Assurance of KLE College of Pharmacy, Belagavi.

The Programme was inaugurated by Chief Guest Dr. Amrita Parle, Asst. Coordinator QIP, AICTE, New Delhi, Guest of Honor Dr. (Mrs.) N.S. Mahantshetti, Principal JN Medical College, Belagavi, Principal, Dr. Sunil S. Jalalpure Chief Coordinator QIP, KLE College of Pharmacy, Belagavi. Presided the programme.

The QIP was conducted in Virtual Mode using Zoom Meeting platform. Resource persons from Industry, Academia and Consultancy shared their expertise and experiences on topics related to the theme "Current Trends in Formulation Development and Quality Assurance".

The objectives of the programme was to Bridge the gap between Academics and Industry, to orient teachers in emerging areas of Formulation development, and to assist teachers to set high standards in training their students towards achieving global standards.

Faculty from states of Karnataka, Maharashtra, Goa, Uttarakhand and West Bengal registered as delegates for the QIP.

Benefits of the workshop:

The feedback taken from the delegates suggest that the workshop was paradigm in learning the basics of the ECG to advanced clinical scenarios in Cardiovascular disease and their respective complications. The basics of ECG was an interesting thing which made the delegates very much involved into the workshop, as understanding an ECG is complex process, but it was made easy to understand by experienced Clinicians.

The workshop continued with the advanced clinical cardiovascular complications which provided the demo on practical ECG recording, in depth knowledge on different types of bundle branches, congenital complications, ST elevations.

Hence a group discussion was held after each presentation with respected Clinicians and number of questions asked and the questions generated good discussion among the delegates and resource persons.

Problems faced by the workshop coordinator during the workshop: NONE

INNOVATIVE PEDAGOGIES FOR POWERFUL TEACHING

KAHER Institute of Physiotherapy and university department of education for health professionals organized a workshop on 26th February 2020 entitled "Innovative Pedagogies for Powerful Teaching". The resource persons for the workshop were Dr. SHALINI PRAKASH who is the founder and CEO of NYS Bangalore and Mr. GLADWYN certified leadership skilled trainer, NYS Bangalore. The workshop was inaugurated by Dr. SUNITA PATIL, Director, UDEHP, KLE Academy of Higher Education and Research. Delegates from various constituent Institutes of KLE participated in the workshop. Staff Members from College of Physiotherapy, Pharmacy, Homeopathy, Nursing, Dental and JNMC participated in the workshop. The resource persons focused on various innovative ways for learning which helped the delegates in enlightening their ways of teaching and also the way students or the professionals can learn. The workshop included a lot of interaction and exercises with props that absorbed the concept of powerful teaching.

Quality Improvement Programmes

Conducted from 2000-2016

- Clinical Research Practice and Regulatory affairs
- Quality Assurance Methods and Strategies in New Drug Discovery
- Recent advances in Pharmacognosy
- Advances in molecular biology and pharmaceutical Biotechnology
- Quality Assurance And Pharmaceutical Regulatory Affairs - Challenges And Opportunities
- Trends in Pharmacology: Clinical trials and Toxicology
- Approaches for Drug discovery and development: Bioinformatics
- Nanotechnology and Other innovative Methods
- Practice in New Millennium – Hospital, Clinical and Community Pharmacy
- Pharmacognosy: Phytochemistry and Drug discovery in 21st century
- Innovation in Pharmaceutical Technology and Drug Delivery System
- Advances And Techniques Involved In Pharmacological Research
- Pharmacy practice and clinical research
- Drugs for tomorrow: design and development
- Quality assurance of pharmaceuticals : meeting a major public health challenge
- Evidence Based Pharmacy Practice
- Current status and Future Perspectives in Pharmaceutical Technology
- Challenges and Opportunities in Pharmaceutical Technology and Formulation Development
- Current status and Future Perspectives in Herbal drug Research and Development
- Current Status and Future Perspectives in Pharmacology and Toxicology
- Clinical Implications of Pharmacy Practice From Bench Side to Bed Side
- Traditional Knowledge and Newer Approaches in Herbal Formulations
- Insights of Innovative Technology and its applications in Pharmaceuticals
- Role of Analytical Techniques in Quality Assurance of Pharmaceuticals

ABOUT US

- The KLE University was established on 13th April, 2006 as per the Ministry of Human Resource Development, Government of India, under the recommendation of University Grants Commission.
- The University offers various Undergraduate, Postgraduate, Post doctoral fellowship and certificate programs in the faculties of Medicine, Dentistry, Pharmacy, Ayurveda, Physiotherapy and Nursing.
- The professional achievements and standards set by the College have bestowed on it a reputation that has travelled beyond India. The College has signed MOU with Rhodes University, South Africa under which faculty members are exchanged, periodically and facilitates programme in Pharmacy Practice and Natural product research.
- As part of its future plans, the institution is working towards international accreditation, a state of the art cell and Molecular Biology lab, a Bioinformatics Division will also be added to put the College on par with other International Institutions.
- As the mark of recognition, the college has received a prestigious research project on the survey of medicinal plants of the Western Ghats, Indian Council of Medical Research (ICMR), VGST Govt. of Karnataka and also from government funding agencies like AICTE, DST, etc.

OBJECTIVES

- To orient teachers in emerging areas of Drug Discovery.
- To sensitize the teachers in the current trends of Drug Discovery.
- Articulate a compelling vision to the future by encouraging and implementing non-traditional thinking to deal with traditional problems in an organization.
- To provide an opportunity for pharmacy teachers to improve their academic, technical and professional skills relevant to the needs of new millennium.
- Assist teachers to set high standards in training the students to achieving quality products in herbal industry and to lead a company/institute towards achieving global standards.
- To develop documentation/research writing expertise in the **KIMHARMAVQA** Higher Education Department pertaining to herbal (Formulation University vis 3 of the UGC Act, 1956) Belagavi-590 010, Karnataka
- To provide a platform to discuss the various available alternatives techniques in pharmaceutical chemistry teaching.
- To upgrade their Knowledge towards Research in the area of drug discovery.

TOPICS TO BE COVERED:

1. Modern Techniques in Chromatography.
2. Validation and Documentation of Analytical Techniques
3. Molecular Docking.
4. Quality by design, concept in herbal research.
5. Discovery of Anti-cancer agents by green chemistry method.
6. Phytopharmaceuticals from ethnomedicinal plants of Belagavi region.
7. Efficacy of gamma irradiation on Microbial safety of herbal drugs.
8. Future perspectives in Drug Discovery.

PARTICIPANTS / ELIGIBILITY

- Teachers of all AICTE approved degree Pharmacy Colleges having less than / up to 10 years of teaching experience.
- Allowances will be paid as per AICTE norms.
- The number of Participants is restricted to 30 only.

ACCOMMODATION

Dormitory accommodation will be provided to the Participants on request basis.

RESOURCE PERSON

Highly experienced faculty members from Academia and Pharmaceutical Industries

REGISTRATION

Registration Fee of Rs. 200/- (Two hundred only) should be sent by DD drawn in favour of Chief Co-ordinator QIP cell, KLE University's College of Pharmacy, Belagavi.

12:30pm - 01:00pm	Procedure from Patent Filing till Grant Mr. Vikas J Senior Associate
1:00pm - 1:15pm	General discussion/Queries

Dear Colleagues / Friends

It gives us immense pleasure to invite you to the seminar on "Intellectual Property Rights" organized by Dr. Prabhakar B Kore Basic Science Research Centre, Off Campus [BSRC] and Dept. of Pharmaceutical Chemistry, KLE University's College of Pharmacy, Bengaluru, Karnataka.

Intellectual property rights (IPRs) are the protections granted to the creators of IP, and majorly include patents, trademarks, copyright, industrial designs, geographical indications and trade secrets. The primary aim of this seminar is to give an insight on the basics of IPR, with special emphasis on 'patents' including inventions which can/cannot be patented, aspects of patent applications and requirements of patent specification along with procedure for patent till grant. IPR is a recognition given to researchers over the creations of their minds, and is the economic development of a country by promoting healthy competition and encouraging industrial development and economic growth.

We request you to encourage your staff / students to register for the workshop. The interactive workshop will be conducted by Patent Attorneys of premier IP firm -- K&S Partners.

Dr. V.A.Kotniwale
Registrar
KLE University's College of Pharmacy and Research,
(Deemed-to-be-University as 3 of the UGC Act, 1956)

REPORT ON THE CONDUCT OF PHARMACOLOGY CME – 2019

“Dental Pharmacology – The Pharmacological aspects in Dental practice”.

Pharmacology CME 2019 was conducted on 11th April 2019 with the theme “Dental Pharmacology – The Pharmacological aspects in Dental practice”. It was jointly organized by the Department of Pharmacology, J. N. Medical College, Belagavi and Indian Pharmacological Society, Local Branch, Belagavi. CME was inaugurated by the Chief Guest, Dr. Alka Kale, KAHER’s VK Institute of Dental Sciences, Belagavi,. Other dignitaries were President of Indian Pharmacological Society, Local Branch, Belagavi, Dr. Aruna Bhushan and Organizing Chairman, Dr. A. P. Hogade (Professor and Head, Department of Pharmacology, J. N. Medical College, Belagavi). Dr. A. P. Hogade delivered the welcome speech and the vote of thanks was delivered by Dr. Netravathi A B, Organizing Secretary of the CME.

This program reviews pharmacology with a particular focus on the dental realm and how we can make it useful to meet academic requirements for Dental Students related to clinical pharmacology. The academic principles of pharmacokinetics, pharmacodynamics and pharmacovigilance are simplified so that the most salient points are distilled into useful students. This CME will also give delegates an excellent opportunity to learn clinical aspects of pharmacology in dental practice. The CME was attended by a total of 110 delegates.

- Dr Mallikarjun Swamy, Dr. Manjunath J. Dr. Chidanand Shettar., Dr. Alfen Viera, Dr Ashish Gulia, & all INMC Orthopedic faculties & Postgraduates joined the clinical discussion.

DAY 2: 30th March 2019

- Guest lecturers were started at 9.00 am.
- Dr. Sameer Haveri, Dr. B.B Putti, Dr Pamela, Mr Babani kumar delivered the lectures.
- Followed by Clinical discussion by Orthopedic faculties & Postgraduates.
- Case discussions - one long case and three short cases were discussed on the second day.
- PG Quiz Final round was conducted by Dr. S.K. Saidapur, Three teams were selected out of four in the final round & were given certificates and prize money. First place were secured by VIMS, Ballari College postgraduate students.
- This was followed by concluding session - feedback was collected from all the postgraduate and certificates were distributed.
- A total 40 PG delegates from Karnataka, and Maharashtra attended the 20th PGITC Ortho CME 2019.
- 90% of delegates feedback forms revealed that our 20th PGITC ORTHO- CME 2019 is good and will be recommended to other postgraduate students.

Department of Urology

KEY HIGHLIGHTS OF THE WORKSHOP

1. Introduction on Diagnosis of Prostate cancer
2. Non-invasive technique to Diagnose Prostate Cancer
3. Demonstration of urine Biomarker assay in 4 steps
4. Hands-on of urine Biomarker assay using Fluorescence microscope

INTRODUCTION

Urologic malignancies account for about 20% of all cancers in men and <3% in women in India. A standard treatment approach is the key for appropriate management. While guidelines exist for the standard management of germ cell tumors, consensus for other urologic malignancies is evolving. Prostate cancer (PC) has turned out to be the most important health problem in developed countries during the last two decades. PC is mainly a disease of the aged with more than 70% of the cases occurring in men above 50 years of age. While the increasing age, race, and family history are the only well-known risk factors, the incidence patterns in various countries and ethnic groups specify that the pathogenesis involves strong relationship between environmental and hereditary factors. Early diagnosis and treatment of prostate cancer when it is still localized can provide the greatest chance of cure. Hence, the hands-on workshop aims to validate a hypothesis that prostate cancer can be

ATTESTED

1

Dr. V.A. Kothiyal

detected non-invasively by a simple and reliable urine biomarker assay using fluorescence microscope.

The key action plans for moving forward in this joint activity were identified as follows: KLE & TJU should support for collaborative research studies on:

1. Designing training courses and capacity building for developing newer techniques in the existing health system for in home-based care of prostate cancer subjects.
2. Developing innovative assistive technology that is affordable and also appropriate (culture, gender, age specific) for the lower urinary tract symptoms subjects.
3. Planning longitudinal studies on early diagnosis of prostate cancer in people aged above 50 years attending urologic clinics with LUTS complaints and PSA >4.0 ng/mL.

PARTICIPANT PROFILE:

The workshop included demonstrations and presentations from eminent scientist **Dr. Madhukar Thakur** (Professor of Radiology, Radiation Oncology & Urology, Thomas Jefferson University). The participants were Dr. R. B. Nerli, Dr. Shridhar Ghagane, Dr. Vijaylaxmi Doreghol, Dr. Ranjit Kangle, Dr. Suvarna Pai, Dr. Adarsh Sanikop, Ms. Saziya Bidi, Mr. Shadab Rangrez and Mrs. Soulochana.

METHODOLOGY:

The workshop composed of four sessions that was guided by a participatory methodology to facilitate interactions and exchange of experiences between the participants. While one was presenting, other participants would identify interesting issues or 'highlights' from the presentations, related to the programme. Cross-cutting issues and common concerns were

identified for further study and knowledge exchange, as well as to match the needs and experiences to offer between the two collaborators. Learning from the experience of others was emphasized in each session. This would require active study and identification of useful principles and practices that one can replicate. Two broad approaches of learning from each other's experience could be identified. One that the ideas and insights acquired in the workshop will require further research for adaptation to suit the requirements of the home situation. The other way is through experience or 'learning by doing,' being the main way to acquire 'tacit' knowledge.

INSIGHTS OF THE WORKSHOP

An effective screening program should consider several significant parameters:

1. The disease should be sufficiently prevalent in the population, or there should be a defined at-risk population.
2. The screening test must be sensitive and specific enough without additional morbidity.
3. The test must detect an early disease to be able to influence outcomes.
4. It should be cost-effective.

III. Staining the slides

IV. Reading under a microscope

SUMMARY

The participants discussed the broad areas on which the workshop was structured. It was recognized that the newer cases of prostate cancer are on the rise in Indian population. The future joint collaborative programmes between KLE & TJU needs to focus on approaches and designs that are affordable, appropriate and adaptable to the local conditions. Collectively all the participants agreed that since prostate cancer research in India has provided important leads on various aspects of elderly health care. The specific recommendations of the workshop were to encourage researchers to undertake collaborative studies.

We at KLES Kidney Foundation, Dept. of Urology of the K.L.E.S Dr. Prabhakar Kore Hospital & Medical Research Centre, Belagavi, INDIA. We are pleased to inform you that, a sincere attempt has been made to provide a rational approach to common goal of early detection, control, and prevention of prostate cancer. A new setup of “**Urologic Oncology Research Centre**” is started to bring the advancement of cutting edge technology for early detection of prostate cancer so improve the management at an early stage. An honest & sincere effort is being initiated for the prevention of prostate cancer at the KLES hospital. We invite you to join in this endeavour.

**INTERNATIONAL SYMPOSIUM ON DIAGNOSIS OF PROSTATE CANCER
SCIENTIFIC REPORT-2019**

STATEMENT OF NEED

Prostate cancer has the highest rates of incidence, and is the second most deadly cancer in the United States. India, specifically, saw some of the highest morbidity and mortality rates in the country. The incidence of prostate cancer increases with age, the number of newly diagnosed cases continues to rise as the life expectancy of the general population increases. Prostate cancer can be cured by radical surgery or radiation therapy if the disease is localized within the prostate. However, if the disease has spread locally or distantly, no curative treatment is available and these patients will suffer from a poor prognosis. Diagnosis requires the expertise of several different specialty practitioners including: urologists, radiation oncologists, and medical oncologists. New findings in the diagnosis of prostate cancer at the various stages of development require continued education. Advanced disease progression requires highly technical and specialized diagnosis, requiring practitioners to be knowledgeable in the latest and most effective diagnostics methods. Therefore, early diagnosis of the disease can increase the cure rate for prostate cancer.

INTENDED AUDIENCE

Physicians (and other healthcare providers) residents, postgraduates, biomedical scientists specializing in urology, medical oncology, radiation oncology, and relevant surgical sub-specialties.

EDUCATIONAL OBJECTIVES Learner perspective, short-term, generally achievable immediately, and defined in measurable terms.

SPEAKERS

Dr. R. B. Nerli Chief Urologist gave deliberation on “Introduction to Diagnosis of Prostate Cancer” & “Transrectal Ultrasonography Biopsy” **Dr. R. B. Nerli** quoted several case presentations witnessed by him during his clinical practices. **Dr. Nerli** also emphasized on the recent advances and techniques used to pick up appropriate diagnosis of prostate cancer.

Dr. S. I. Neeli Urologist, deliberated on “Prostate Specific Antigen” A biochemical marker for diagnosis prostate cancer, **Dr. Neeli** highlighted the emergence of PSA into clinical practice and explained about the specificity and sensitivity of PSA.

Dr. Virupaxi V. Hattiholi Radiologist, talked on “CT & MRI of Prostate Cancer” where in he mentioned the use of multi-parametric approaches practiced in diagnosis of prostate cancer. **Dr. Hattiholi** also cited the importance of MRI to indicate the stages of prostate cancer.

Dr. Rashmi Angadi Nuclear Medicine, deliberated on “PET-CT in Prostate Cancer” where she talked on early diagnosis of primary prostate cancer, accurate staging, as well as accurate restaging in the case of cancer recurrence after primary treatment, are important for delivering the appropriate therapy. She also highlighted on functional and molecular imaging by means of PET/CT and PET/MR are increasingly being used for such indications.

KEYNOTE SPEAKER:

Dr. Madukar Thakur (senior scientist- Thomas Jefferson University, Philadelphia, USA) was an esteemed guest invited for the symposium. **Dr. Thakur** deliberated on “Serum - Blood Biomarkers” & “Urinary Biomarkers” **Dr. Thakur** explained about his innovative research techniques developed in his laboratory for early detection of prostate cancer non-invasively. He detailed about the use of urine samples for processing the specimen and observing under fluorescence microscope to differentiate between the benign and malignant cells.

Dr. Suvarna Pai Pathologist, talked on “Urinary Cytology in Diagnosis of Prostate Cancer” &

“**Prostatic Intraepithelial Neoplasia**” briefed on detecting tumour cells by urine cytology and urine microscopy as one such approach that has been documented for detection of prostate cancer.

Dr. Vijayalaxmi Dhorigol Pathologist, updated on the new grading system of 2014 proposed Five Grade Groups based on revised GS which produces a smaller number of grades with the most significant prognostic differences and may contribute to a decrease in the overtreatment of low-grade prostate cancer detected by prostate-specific antigen (PSA) screening.

Dr. Adarsh Sanikop Uro-onco-pathologist talked on “**Role of Immunohistochemistry in Diagnosis of Prostate Cancer**” wherein he sensitized on the use of Immunohistochemistry (IHC) in prostatic carcinomas should be used judiciously and appropriately. IHC guides for the appropriate diagnosis of the case.

Dr. Ranjit Kangle pathologist, talked on “**Guidelines for reporting prostatic cancer**” which involved the guidelines for reporting of prostatic cancer by the pathologist which helps them in signing out a comprehensive histopathology report which will assist the clinicians to plan appropriate line of management for the respective patients.

We at KLES Kidney Foundation, Dept. of Urology of the K.L.E.S Dr. Prabhakar Kore Hospital & Medical Research Centre, Belagavi, INDIA. REPORT ON DDE PROGRAMME -2019

- Organized by -** Department of Oral Pathology & Department of Dental Education, KLE VK Institute of Dental Sciences Belagavi.
- Venue -** Prosthetic Gallery hall KLEVK IDS.
- Date -** 14th May -2019
- Speaker -** Dr Alka Kale
- Demonstrator -** Dr Shridhar Baliga & Dr Siddramesh Mutagi
- Topic -** "Biopsy; When, Where And Why"
- Total number of participants - 105**
- Staff - 33**
- Post graduates - 22**
- Interns - 38**
- Private Practitioners - 12**

Summary of the topic

A biopsy which is done with prior planning, along with a little technical skill, can greatly improve the diagnostic value. Obtaining good biopsy specimens will enable the oral pathologists in interpreting the cases accurately. The purpose of this program was to discuss indications, contraindications of taking oral biopsy and highlight important potential pitfalls that may occur during biopsy technique & handling that may affect the histological assessment of the tissue and therefore, the diagnosis. It also reviewed the different techniques, precautions and special considerations necessary for specific lesions.

KLE VK Institute of Dental Sciences

FLIPPED CLASSROOM- A TEACHING LEARNING METHOD

An orientation lecture for Flipped classroom was delivered by Dr Zameera Naik, Professor, Dept. of Oral medicine and Radiology, with an aim of sensitizing the faculty to the new teaching learning method.

The objectives of the lecture were to introduce the concept of Flipped classroom so that the faculty develop flipped classroom sessions for their respective departments.

The lecture was delivered on 19/9/2018 at Prosthodontics gallery hall, which was attended by 45-50 faculty of the college.

REPORT ON DDE PROGRAMME -2018

- Organized by - Department of Dental Education, KLE VK Institute of Dental Sciences Belagavi.
- Venue - Lecture Hall No.1
- Date- 16.08.18
- Speaker – Dr Namrata Patil
- Topic – “Waste collection & Disposal management”
- Total number of participants - 26

Summary of the topic

Dental Hospital waste disposal involves the proper identification of the different type of dental waste and each type of dental waste requires a different disposal method. Segregating medical wastes based on their type helps ensure that each waste is discarded, transported, and destroyed properly.

GUEST LECTURE REPORT

Title of the guest lecture: "Role of network pharmacology in drug discovery".

Date: 2nd February 2019

Venue: College seminar hall

Time: 10.30 Am

Department of pharmacology, KLE college of pharmacy, Belagavi conducted the guest lecture entitled, "Role of network pharmacology in drug discovery" delivered by Dr. P.A. Patil, professor & Head department of pharmacology, KLE-USM international medical programme, Belagavi.

He delivered very informative lectures on the above said topic and covered very sensitive areas, how network pharmacology plays an important role in the modern drug discovery process. All the PG students attended the guest lecture get benefited and ask their queries with the resource person and clear their doubts. It became very interactive session.

All the PG students and faculty were attended the guest lecture.

BSRC WORKSHOP – 2018

“Application of NMR in Pharmacy and Medicine”

23&24 October, 2018

Prof. (Dr.) N. Suryaprakash, NMR Research Centre, IISc, Bengaluru inaugurated the workshop.

He started his presentation in Sharadasabhangana on principles of NMR, and 1D NMR spectral analysis of various nuclei. Post lunch session, he continued his presentation on NMR in chiral analysis.

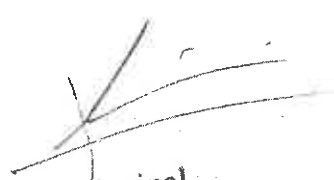

Second day was started by Prof. (Dr.) Siddhartha Sharma, NMR Research Centre, IISc, Bengaluru. He addressed the audience on applications of NMR in natural products research.

Post tea break was started by Prof. (Dr.) K V Ramanathan, NMR Research Centre, IISc, Bengaluru. He addressed the audience on solid state NMR: its principles and applications.

Post tea session was engaged by Prof. (Dr.) Subhas S. Karki, Dept. of Pharm. Chemistry, KLE College of Pharmacy, Bengaluru. He addressed the audience on “interpretation of NMR spectras” of compounds in his laboratory.

Then workshop was ended with valedictory.

Department of Urology

Meeting Report

Uro-oncology

Uro-oncology as a subspecialty has slowly and steadily evolved and a lot of urologists are getting interested in this super-specialty. At the same time, uro-oncology remains affiliated to Urology – the parent specialty. Uro-oncology include urologic oncology, medical oncology, diagnostic and interventional radiology, pathology, nursing, basic sciences and clinical trials. Thousands of men and women are diagnosed each year with cancer of the prostate, bladder or kidney, as well as testicular cancer.

Early detection of Urological cancer (UC) is essential for improvement of the patient's prognosis and general survival rates. To look at the advances in Uro-Oncology around the world, the Current diagnostic methods are still limited, so new specific and cost-effective biomarkers are emerging as the non-invasive tools in the future, a national workshop was organized on Uro-Oncology.

There were 194 participants from different institutions of India.

Leonard G Gomella, (Thomas Jefferson University, Philadelphia, Pennsylvania) spoke on Prostate Cancer from Screening to advanced disease, PSA screening controversy, Imaging advances in prostate cancer, New approaches to metastatic castrate resistant prostate cancer, Advances in Superficial Bladder Cancer.

Gagan Prakash (Tata Memorial Hospital, Mumbai) Role of Active Surveillance in Prostate Cancer. He also showed a surgical video on Robotic prostatectomy.

Raghunath S K. (Director of robotic surgery at HCG, Bangalore) spoke on Role of Radical Prostatectomy in locally advanced Ca Prostate. Role of Lymphadenectomy in Ca Prostate. He also showed a surgical video on Open and Robotic Neo bladder.

Amrith Rao (Manipal Hospital, Bangalore) Recent advances in the Medical Management of Metastatic Prostate cancer. Neoadjuvant Chemotherapy prior to radical Cystectomy-Current Practice and Controversies.

Girish G Nelivigi (Institute of Nephro Urology, Victoria Hospital Campus, Bangalore) Bladder Conservation therapy in Muscle Invasive Ca. Bladder.

Primary Cleft Surgery Workshop Demystifying Cleft - 2018

2nd & 3rd February 2018

Organizing Chairman- DR. Rajesh Powar

Organizing Secretaries- Dr. Binita Mallapur & Dr. Abhishek Motimath

Brief report of the Demystifying Cleft Workshop – 2018

Primary Cleft Surgery Workshop- Demystifying Cleft 2018 was conducted on 2nd & 3rd February 2018 under the chairmanship of Dr. Rajesh Powar, Professor & Head of Department of Plastic Surgery, J. N. Medical College, Belagavi. The aim of the workshop to provide an excellent learning platform for trainees to approach the Cleft problem by understanding the anatomy, it's variations, identification of important landmarks and understand the principles & techniques of cleft surgery.

Eminent Plastic and Craniofacial Surgeons like Dr.Mukunda Reddy, Dr.Nitin Mokal and Dr.Mahesh Prabhu were invited as faculty. Total 72 delegates had attended the workshop from various states like Karnataka, Maharashtra, Andhra Pradesh, Telangana, Tamil Nadu, Goa, and Jharkhand. External resource persons were 3 & internal resource persons were 4. The unique "Hands-on Exercises" was highlight of workshop, it simplified understanding, and clarify doubts and apprehensions in a trainee's mind. With their vast experience all resource persons did full justice to the topics assigned to them and their lectures were highly appreciated by participants.

6th National Conference of Society of Clinical Anatomists

3rd & 4th June 2017

Organizing Chairman- Dr. R.D.Virupaxi

Organizing Secretaries- Dr. Daksha Dixit

Brief report of the Conference – 2017

The Department of Anatomy, KLE University's Jawaharlal Nehru Medical College, Belagavi has organized a 2 day long 6th National Conference of Society of Clinical Anatomists on 3rd & 4th June 2017 which is attended by over 200 delegates from all over India.

Dr. R.D. Virupaxi, Head of the Department of Anatomy & Organizing Chairman welcomed the dignitaries, resource persons and delegates. Dr. Daksha Dixit President of SOCA & Organizing Secretary acknowledged the Anatomists for being excellent educators and congratulated them for having a good number of presentations with 110 scientific papers and posters during the 2 day conference. She urged the Anatomy fraternity to emphasize on research. Dr. Shilpa Bhimalli, Joint Organizing Secretary introduced the Chief Guest Dr. Shailesh Puntambekar, eminent oncology Surgeon from Pune who is a specialist in Laparoscopic & Robotic Surgery and has performed over 400 robotic surgeries. He has recently successfully performed uterus transplant surgery for the first time in India. He is awarded Golden Telescope Award for Pune technique. The Chief Guest said field

(Deemed to be University) Act 1986

of Medical science requires not just accepting age old facts but to develop scientific questioning and reasoning to continuously update the Medical knowledge and develop newer skills. He also said that a person's place of birth does not determine his destiny but one should have dreams to achieve something big and set time limits to achieve those dreams, which will then transform them into goals and he said success does not come overnight but one has to work very hard with perseverance to achieve ones goals, then he will definitely get recognition for his work globally. He said we have immense research potential to publish quality papers in recognized journals though English is not our mother tongue, for Indians but that should not be a barrier for publishing our genuine work in reputed journals and you should not to be deterred by failures, but to keep on working till you achieve success and someday your work will get its due recognition.

The Vice-Chancellor of KLE University, Dr. Chandrakant K. Kokate felicitated Chief Guest & performed e-inauguration of SOCA website. He said one has to overcome his inferiority complex to achieve something and to remember that we are second to none. He advised to do research work and get it patented to protect ones rights of innovation and research and publish it to prosper professionally.

Release of souvenir of the Conference was done by President of the function Dr. V.A. Kothiwale, Vice-Principal, J.N. Medical College who stated that Anatomy is the basic foundation of Medical profession and he stressed on the importance of Applied Anatomy.

Felicitations of founder members of SOCA was done by Dr. V.A. Kothiwale & Dr. A.P. Hogade, Vice-Principals, J.N. Medical College. Vote of thanks was proposed by Joint Organizing Secretary Dr. Sheetal Pattanshetti.

NO 188

DATE-19th August 2017

APPI 17th National Seminar 2017
“Environmental Physiology – High Altitude and Space”

The effects of high altitude on humans are considerable. It gives us immense pleasure to invite you for the 17th National Seminar on theme **“Environmental Physiology: High Altitude and Space”**, under the patronage of Association of Physiologists and Pharmacologists, Belagavi Branch.

After the human body reaches around 2,100 m (7,000 feet) above sea level, the saturation of oxyhemoglobin begins to plummet. However, the human body has both short-term and long-term adaptations to altitude that allow it to partially compensate for the lack of oxygen. Athletes use these adaptations to help their performance. There is a limit to the level of adaptation; mountaineers refer to the altitudes above 8,000 metres (26,000 ft) as the "death zone", where it is generally believed that no human body can acclimatize. Travel to each of these altitude regions can lead to medical problems, from the mild symptoms of acute mountain sickness to the potentially fatal high-altitude pulmonary edema (HAPE) and high-altitude cerebral edema (HACE). The higher the altitude, the greater the risk. Research also indicates elevated risk of permanent brain damage in people climbing to extreme altitudes. The national seminar was attended by around 378 participants and the chief guest was Col Anuj Chawla Prof and Head Dept of Physiology Army College of Medical Sciences, Delhi.

// Brief Report of the National Seminar //

National Seminar on “Rehabilitation – Road to Recovery” was organized by the Department of Community Medicine, KLE University's J.N.Medical College, Belagavi, **on 16th June 2017** at KLE Centenary Convention Centre, Belagavi.

Sri.Ramachandran R., Chief Executive Officer, Zilla Panchayat, Belagavi, was the Chief Guest & Inaugurated the National Seminar.

In his inaugural address, he stressed that in this fast paced world, we need to give more time for disabled people. There is need to listen to them and bringout their pentup emotions. There is need for collective efforts from every section of the society to bring some positive change in lives of disabled people. He advised the gathering of doctors to utilise various resources from the government for the welfare of the disabled.

Dr.(Mrs.) P.R.Walvekar, Organizing Chairperson and Professor & Head, Department of Community Medicine welcomed the guests and briefed the importance of the seminar. She also introduced the Chief Guest and Guests of Honour.

Prof.(Dr.). C.K.Kokate, Hon. Vice Chancellor, KLE University, Belagavi, Guest of Honour mentioned that KLE University's J.N.Medical College, Department of Community Medicine is actively involved in Community Based Research funded by NIH and WHO. He advised to prepare a blue print of the proceedings of the seminar for the next ten years by taking into account the various inputs we get from the seminar.

Dr.(Mrs.) N.S.Mahantashetti, Principal, J.N.Medical College, Belagavi in her presidential remarks stressed that the Department of Community Medicine has adopted Primary Health Centres and Urban Health Centres which are providing community based services.

Dr.Rajesh R.Kulkarni, Organizing Secretary and Associate Professor, Department of Community Medicine, J.N.Medical College, Belagavi proposed vote of thanks.

Dr.Arun Joshi, Observer from Karnataka Medical Council CME Trust, Dr.Anil P.Hogade, Dr.A.S.Wantamutte, Dr.Daksha Dixit, Dr.S.V.Udapudi, Dr.Sumati Hogade & Dr.Ramesh Chavan were present on the occasion.

21st Surgery CME 2017

REPORT

Introduction:

The Department of General Surgery has been conducting an yearly CME for the last twenty years. The aim of the CME is to impart latest knowledge in the field of surgery to the consultants and post graduate students. This year the CME consisted of Lectures, panel discussions & video sessions on a single theme based on Hepato-Biliary, Pancreatic Surgery and Liver Transplantation by eminent speakers. Surgical Quiz and mock exam for post graduates are conducted.

The CME Programme:

The XXIst Surgery CME 2017 was conducted on 4th & 5th November 2017 by Organizing Chairman Dr. S. S. Shimikore, Organizing Secretary Dr. Rahul Kenawadekar & Jt. Secretary Dr. Mrutyunjay I Uppin. The resource persons were Invited from Bangalore, Pune, Dharwar, Hubballi & Belagavi.

The CME was inaugurated by Dr. Vivek Saoji Vice-Chancellor KLE University Belagavi. The Guest of Honour was Dr A.S. Godhi, Professor of Surgery, KLE University, Belagavi. Dr Prakash.M.G was KMC observer for the CME. Dr. V.A. Kothiwale, Vice Principal, JNMC, Belagavi presided over the function (Details of the programme sheet attached).

Lectures:

The lectures by eminent & experienced speakers from Bangalore, Pune & Belagavi. were the core attraction of our CME. The theme chosen was helpful to postgraduates and consultants in and around the Belagavi.

Video Session:

Video sessions on the latest in HPB surgery and Liver Transplantation were shown. Both Laparoscopic and Robotic Liver resection videos were shown.

NO 188

DATE-19th August 2017

APPI 17th National Seminar 2017
“Environmental Physiology – High Altitude and Space”

The effects of high altitude on humans are considerable. It gives us immense pleasure to invite you for the 17th National Seminar on theme “***Environmental Physiology: High Altitude and Space***”, under the patronage of Association of Physiologists and Pharmacologists, Belagavi Branch.

After the human body reaches around 2,100 m (7,000 feet) above sea level, the saturation of oxyhemoglobin begins to plummet. However, the human body has both short-term and long-term adaptations to altitude that allow it to partially compensate for the lack of oxygen. Athletes use these adaptations to help their performance. There is a limit to the level of adaptation; mountaineers refer to the altitudes above 8,000 metres (26,000 ft) as the "death zone", where it is generally believed that no human body can acclimatize. Travel to each of these altitude regions can lead to medical problems, from the mild symptoms of acute mountain sickness to the potentially fatal high-altitude pulmonary edema (HAPE) and high-altitude cerebral edema (HACE). The higher the altitude, the greater the risk. Research also indicates elevated risk of permanent brain damage in people climbing to extreme altitudes. The national seminar was attended by around 378 participants and the chief guest was Col Anuj Chawala Prof and Head Dept of Physiology Army College of Medical Sciences, Delhi.

Report of the Systematic Review workshop held at KLEVK Institute of dental sciences on 19th and 20th April 2018.

The department of Dental Education organized a two days workshop on "Systematic Review" for faculty of dental college on 19th and 20th April 2018.

Resource person was Dr Pradnya Kakodkar, Professor, Dept of Public health dentistry Dr D Y Patil Dental college, Pimpri, Pune.

Schedule :-

Date	Activity	Time
19-4-2018	Introduction to Systematic Review (All staff)	10:00-11:15 am
	Workshop (30 members) Day 1	
19-4-2018	Steps in Systematic Review	11:30-12:30 noon
	Protocol writing <ul style="list-style-type: none">• Title• Focused question• Objective• Inclusion / Exclusion criteria	1:30-2:30 pm
	Assessing an Systematic review article (group activity)	2:30-4:00 pm
20-4-2018	Day 2	
	Search words and Search Strategy	9:30-10:30 am
	Data Extraction sheet(Activity)	10:45 -11:30 am
	Quality assessment of the article (RCT)(Group activity)	11.30- 12:30 noon
	PRISMA checklist and Report writing (Group activity)	2:00- 4:00 pm

19-4-2018 Introduction to Systematic Review (All staff) 10:00-11:15 am

Workshop began with the introduction of the guest speaker by Dr Amit Nilgar.Principal, Dr Alka Kale welcomed the speaker with a floral bouquet and a memento.

Dr Pradnya introduced the systematic review, its need and how it has helped in Evidence based dentistry. This lecture was attended by more than 60 faculty members. A pre and post test evaluation of the faculty by done asking them to fill the questionnaire which helped to assess improvement in knowledge domain about systematic review.

Steps in Systematic Review 11:30-12:30 noon

Department of Dental Education

Department of Orthodontics & Dentofacial Orthopedics

KLE VK Institute of Dental Sciences, Belagavi.

Report of Orthodontic day Celebration held on 5th October 2017

Hosted by: Department of Orthodontics

Delegates from KLE VK Institute of Dental Sciences, and Maratha Mandal Dental College Belagavi had registered for the workshop. Guest speaker Dr. Viren Puri MDS, delivered a guest lecture on treatment planning for the future and Hands on workshop on "indirect bonding". Following this there was a second guest lecture by Mr. Amit Soundalgekar on the topic "Lost in transition". The programme was mastered by Dr. Shruti Bijapur, Dr. Krishnendu Chatterjee.

On this occasion, patients who are undergoing orthodontic treatment in the department -- Master Naveen, Master Nitin, Miss Pallavi, also graced the event

The event also expressed its solidarity with the socio - environmental cause to protect the rivers of the nation -- Rally for Rivers.

Rally for Rivers: In support of Sadhguru's project on "Rally for Rivers" a video was played to create awareness amongst students and staff members about the river ecosystem and regarding reforestation 1 km around river beds to conserve the river water, to restrain flood water and prevent soil erosion. All the attendees wore "Rally for Rivers" stickers and gave missed calls to the number designated for this project to show their support for the cause.

QIP Report-2018

Recent Advances in Pharmacological Screening Methods

K. L. E. University's College of Pharmacy Belagavi, will be conducted Quality Improvement Programme on "Recent Trends in Drug Discovery and Analytical Techniques" from 22nd January to 03rd February 2018. This programme is sponsored by AICTE New Delhi. This programme was attended by delegates coming from various states like Karnataka, Andhra Pradesh, Tamilnadu, Maharashtra Gujrat and Goa. This programme is basically aimed at orienting pharmacy teachers in emerging areas of Pharmaceutical industry, technology and regulatory affairs. It provides an opportunity for pharmacy teachers to improve and update their academic, technical and professional skills relevant to the needs of new millennium.

K.L.E. University's College of Pharmacy is one of the AICTE New Delhi nodal center in Karnataka to conduct such programmes. Dr P A Patil, Program Convener gave the welcome address and introduced the Chief Guest. The Chief Guest, Dr. B M Patil, Principal KLE University, College of Pharmacy, Belagavi, inaugurated the QIP programme by lightening the lamp. He highlighted the importance and beneficiary of QIP program for young teachers. Such programmes will benefit the young faculty in upgrading their knowledge. Dr. N A Khatib, Program Coordinator proposed the vote of thanks. Dr B M Patil, Principal KLE University, College of Pharmacy, Belagavi, Inaugurated the QIP Programme by Lighting the Lamp.

10TH TO 12TH
FEBRUARY 2017

35th Annual Conference

KSCASICON 2017 *Karnataka State Chapter of the Association of Surgeons of India.*

Host: KLE University, J. N. Medical College, KLES Dr. Prabhakar Kore Hospital & MRC, KSC-ASI Belagavi Branch

(Report)

It was a great honor to host 35 annual state conference of KSCASI at KLE University's, Jawaharlal Nehru Medical College Belagavi from 10th to 12th Feb, 2017 at the magnificent KLE centenary convention centre and beautiful JNMC campus which was successful because of team work from local organizing committee, good encouragement from ASI chief Dr Shiv K Mishra, Dr Prabhakar Kore, Hon. Chancellor KLE University, Dr V D Patil, Dr N S Mahanshetti, Dr C S Rajan, Dr Shivram, all the EC and state GC members and Dr Durganna

We had 650 delegates from all over Karnataka including post graduates who had come to nourish their knowledge. On the first day we had live operative workshop relayed from KLE hospital including laparoscopic as well as open surgeries by Dr Puntambekar, Dr Ramesh M, Dr B R Patil and Dr Prabhal Roy. CME included very informative topics by some of the best surgeons of our country including Dr Parvez Sheikh, Dr Puntambekar, Dr Shiva K Mishra, Dr B R Patil, Dr Rajshekar Reddy, Dr Prabhal Roy and Dr Rajshekhar Mohan

Dr Shiva K Mishra president ASI was the chief guest for the conference along with respected dignitaries including Hon. Vice Chancellor of KLE University Dr C K Kokate.

Conference on 2nd & 3rd day included orations by Dr G Siddesh --- Dr H S Bhat oration, Dr Ranganath - Dr. M P Pai oration, Dr Ramesh Bilimappa - Dr. Narendran Oration and Dr N Bheerappa - Dr. Narasanagi Oration.

Symposia included Dr R.B. Patil symposium, moderator: Dr K. Rajgopal Shenoy with panelists Dr Gurushantappa, Dr Ananthram, Dr Sandeep Nayak and Dr Balakrishna Rao Symposium by Dr. Chiniwalar V, Dr. S S Soppimath, Dr. K Laxman and Dr. M Ramesh

There was also hands on training in upper and lower GI endoscopy for budding surgeons including post graduates. The state of art KLE convention center, auditorium with latest acoustics, one of the best surgical skill labs of our country at JNMC, the sprawling green and beautiful campus, the fountains, cool Belagavi weather, tasty food and hospitality were very much appreciated by the delegates.

This event provided an opportunity to all the surgical fraternity to refresh their knowledge, along with PG's and budding surgeons who also interacted with icons in surgical field. We thank one and all for making this conference successful.

Long live ASI ! Long live the 'surgeon'

Workshop on ECMO on 27.04.2017

Conducted Workshop on ECMO on 27.04.2017 by Ms. Nisha Shetty, qualified personnel in Perfusion aspects, currently representing Maquet Gentinge Medical healthcare company as a Clinical Application Specialist approach towards ECMO.

Conducting ECMO workshop is very useful for the updates and troubleshooting and increasing our knowledge towards ECMO application and recent trends in management and newer technology.

Workshop attendance was thoughtful with number of perfusion students from bachelors and masters platform along with cardiac surgeon, cardiac anaesthesiologists, cardiac intensive nurses and cardiac operating room nurses.

The workshop concluded with vote of thanks from Dr. Mohan D. Gan.

Guest Lecture on "Heart Transplantation" on 07.10.2017

Dr. Manoj Durairaj is a practicing cardiac surgeon at Ruby Hall Clinic, a Pune-based hospital. He also heads the Marian Cardiac Centre and Research Foundation, where he treats patients with heart defects for free. He followed his father's footsteps, who served as a cardiologist in the Indian Army for 21 years and later set up the Marian Cardiac Centre and Research Foundation in 1991. Today, the clinic uses its own funds and monetary contributions from 30-odd donors, to help over 300 patients.

He delivered a guest lecture on "Heart Transplantation" on 07.10.2017 in the department of CVTS, KLES Dr. Prabhakar Kore Hospital, Belagavi. 62 participants including Cardiac Surgeons, Cardiac Anaesthesiologists, Perfusionists, related ITU nursing staff and intensivists.

He emphasized on organization protocols, commitment and teamwork.

It was very useful as our department was already preparing for the first heart transplant which was done shortly on 20.02.2018.

The workshop concluded with vote of thanks from Dr. Richard Saldanha

DATE-27/8/2016

APPI National Seminar 2016

“Non Invasive Diagnostic Procedures in Cardiovascular Physiology- Recent Advances”

The department of Physiology conducted a 16th National Seminar on theme “**Non Invasive Diagnostic Procedures in Cardiovascular Physiology- Recent Advances**”, under the patronage of Association of Physiologists and Pharmacologists, Belagavi Branch. This national seminar will focus on non-invasive diagnostics aspects of cardiovascular functions. Eminent faculty will deliver the lectures.

Cardiovascular diseases have a major share in the incidence of non-communicable diseases. CVD is also one of the leading causes of deaths in India. Recent trends indicate that the disease has escalated to younger age group also.

The various available non invasive methods in cardiovascular physiology are ECG, Echocardiography, Exercise Stress Test, PET, Thallium Stress Test, Ambulatory echocardiography etc. The prevailing trend is emphasizing the importance to develop more sophisticated tests for precise measurement of cardio-vascular functions and effects of new treatments.

Impedance Cardiography is one of the latest non- invasive diagnostic procedures which may prove to have more clinical utility to provide crucial information regarding hemodynamic status of the patient. The chief guests for the event were

Dr K K Deepak Professor and Head Department of Physiology AIIMS New Delhi

2) Dr Biswajit Sinha Scientist E Professor and head, Dept of Space and Env Physiology institute of Aerospace Medicine, IAF Bangalore

KLE University's Department of Biochemistry Jawaharlal Nehru Medical College in collaboration with Association of Medical Biochemists Karnataka chapter jointly organized the 4th state level conference of AMBKC on "Automation & validation, Biomarkers and Curricular appraises in Medical Biochemistry" from 22nd to 24th September 2016 at KLE Convention Centre Belagavi. Over **200 delegates** from Karnataka, Maharashtra and Goa attended the scientific event.

As a part of pre-conference activity Continuous Medical Education Program on "NABL Process for Biochemistry Laboratory" and a parallel workshop on "Molecular Biology techniques" were conducted on 22nd of September 2016. Leading Biochemist Dr. P D Savant from Mumbai and Dr Sunil Jalalpure, Dr Sanjay Mishra, Dr Sunil Dodmani and Mr. Vijay Kumbhar of Dr Prabhakar Kore Basic Science Research Centre were the resource persons.

Main Conference focused on Automation and Validation in Clinical Laboratory, Biomarkers, Curricular aspects in undergraduate and postgraduate Biochemistry and special emphasis on relevant case scenarios in routine practice and held during 23-24th September 2016.

First session of the conference was on Biomarkers: Dr Smita Sonoli introduced the concept of Biomarkers; Dr. Barnali Das spoke on autoimmune disease markers and validation of biomarkers; Dr M B Bellad gave an insight into markers of preterm birth; and session ended with Mr. Ajay Arora's presentation about thalassemia screening.

The 4th State level conference of Association of Medical Biochemists of Karnataka Chapter organized by Department of Biochemistry of J N Medical College at the KLE Convention Centre Belagavi was inaugurated by Dr. Radha Venkatesan, Head of the Molecular Genetics division of Madras Diabetes Research Foundation. Dr Radha, Chief Guest of this function mentioned that Biochemistry is the most important for understanding the Molecular mechanism of a disease process and World is moving towards Molecular Medicine. Vice Chancellor of KLE University Dr. Chandrakanth Kokate applauded the efforts of Biochemistry Faculty of JNMC for conducting this conference. Dr N S Mahantashetti Principal of JNMC presided over the function and reiterated that Medical Biochemistry is crux of all the subjects in Medicine and very much pleased with the theme of the conference being ABC of Biochemistry i.e. "Automation & validation, Biomarkers and Curricular appraises in Medical Biochemistry. Dr M V Kodliwadmath Former Head of the Biochemistry Department at JNMC was felicitated for his outstanding achievements. Registrar Dr. V D Patil, Dr M V Jali also participated in the program. Dr Smita Sonoli welcomed the gathering and Dr Anil M presented vote of thanks.

Second session with theme UG and PG Curriculum in Biochemistry commenced in the afternoon on Friday, September 23rd. Dr Pragna Rao deliberated about the Innovative concepts prevalent in MBBS Biochemistry Curriculum. This was followed by Symposium on MD Biochemistry Curriculum. Dr Smita, Dr Gurupadappa, Dr Ajit Sontakki and Somnath Salgar represented the KLE, RGUHS, KIMSDU Karad and MUHS Universities respectively.

Quiz for the Postgraduate students was conducted by Dr Vidya Patil, Prof and HOD of Biochemistry of SDM Medical College Dharwad and Team members. This was followed by General Body Meeting of AMBKC.

On Saturday 24th September, third session of the conference namely: Automation and Validation in Clinical Laboratory began in the morning; Dr Jayesh Warade deliberated about the full Automation; Dr Anita Bijoor briefed about how the Method Validation is an important tool in Total Quality Management; Dr Anil M spoke about validation of POCT devices; Dr Jayakumari stressed upon the

Outliers in Quality Control and their management; and Mr. Shrish Dixit ended the session with his presentation on Risk Assessment in Laboratory related to Quality Control.

Fourth and final session of the conference on Case Scenarios was one of its kind. Dr Vikrant Ghatnatti and Dr Shrimanjanath Sankanagoudar discussed about the Parathyroid assay- Clinical dilemma and Pre-analytical errors. Dr Vanishree Jabannavar and Dr Naveen Angadi reported about the Assay of TSH, T3 and T4, Prolactin and hCG Hormones and their relevance. Dr Jayaprakash Appajigol and Dr M S Somannavar discussed about the importance of anemic status while interpreting the HbA1C results.

Total of 28 faculty members presented the scientific papers and five of them in the form of posters. While 19 Postgraduate students presented papers in the oral category, 14 PGs in the form of Poster.

4th National Conference on Pediatric Education (NCPE 2016)

Department of Pediatrics, KLE University's J N Medical College is hosting **4th National Conference on Pediatric Education** on 22nd & 23rd October 2016. HOD Cell of Indian Academy of Pediatrics and IAP Belgaum District Branch are the co-hosts.

The curricular reform advocated by the Medical Council of India has mandated the pediatric education to evolve so as to empower the Indian Medical Graduate to function as an exemplary clinician, leader, communicator, lifelong learner and professional. This conference with the theme "**Attaining Milestones....in Pediatric Education**" will provide a platform for discussing various strategies to accomplish these goals by enhancing the proficiencies of pediatric educators.

Reputed National faculty from all over country and Karnataka are invited to share their experiences in Pediatric Medical Education. Participants will be Pediatricians and Medical Educators from all over India. About 125 delegates are expected to participate in the conference.

The Inaugural function of the conference is on 22nd October 2016 at 11.00 am at KLE Centenary Convention Centre, Belagavi. Dr. B S Kodkany, Professor Emeritus, Obstetrics & Gynecology & Director, KLES Research Foundation, Belagavi has consented to be the Chief Guest. Report of 20th scientific convention

ELIXXIR – 2017 The XX Scientific convention was hosted by Department of Public health dentistry of VK Institute of dental sciences on the 23rd-25th of March 2017. Today we can very well acknowledge the rôle played by Modern medicine in preventing, controlling and eliminating dental infections. But modern medicine has its drawbacks like developing of anti-microbial resistance, side-effects such as metallic taste, gastritis etc. So when we search for alternative therapy which is equally effective, safe, sustainable and affordable, we realize that natural products would be our answer. Hence, the theme of the convention was "Nature's Basket for oral care... Don't panic, it's organic!" The primary sponsors for the convention were COLGATE PALMOLIVE and MIK DENTAL. The total number of registrations for the convention were 241, of which 41 were undergraduates, 82 staff, 87 interns, 97 postgraduates. The categories for the presentations were, paper, poster and case reports under which review and original research were presented. Total number of presenters were 61, in which 25 post graduates, 13 interns and 23 undergraduates presented. There were in all 41 paper presentations and 20 E-Poster presentations.

Day 1 (23/3/2017) was a pre-scientific convention where the undergraduates presented their research review papers. Day 2 (24/3/2017) started with the inauguration symbolized with the lighting of the lamp and releasing of souvenirs by Dr. Mona Kakar (Founding Director: Bitein), Vice Principal-Dr. Anjana Bagev, Dr. Preeti Kore Doddwad (Life member of KLE Society), DDE-Co-ordinator-Dr. Keluskar, Organising Chairman-Dr. Anil V Ankola and Organising secretary-Dr. Roopali Sankeshwari, followed by a lecture by Dr. Mona Kakar, on the topic "Dent-etiquettes". The day was rounded off with paper and poster presentations by the interns and postgraduates (all specialties). Final Day of the convention (25/3/2017) commenced initially with a guest lecture by Dr. Chattopadhyaya (Director-ICMR) on the topic "Protocol to Patency" followed by a presentation of our primary sponsor Colgate Palmolive, as well as the group of presentations by the postgraduates. The valedictory function was hosted by Dr. Roopali Sankeshwari during which certificates were presented to the organizing committee and the winners of the paper and poster presentations. A total of **24 prizes** were awarded, out of which **13 prizes** each for 1st and **10 prizes** for the 2nd and 3rd positions.

place, and 1 prize for 3rd place. Among these 24, 10 postgraduates, 6 interns and 8 undergraduates bagged awards. Dr Pratibha Patil delivered the vote of thanks.

The heart of the convention was **Dr Anil V Ankola**, the organizing chairman, primarily assisted by **Roopali Sankeshwari**, the organizing secretary. The wonderful stage and souvenirs were looked after by **Roopali Sankeshwari**, **Dr Sagar Jalihal**, and **Dr Vinuta Hampiholi**. The registration, reception, funding well as certificates and mementos have been wonderfully handled by **Dr Pratibha Patil**. Finally, the pi considered vital towards the success of this event, Catering, was spectacularly monitored by **Dr Mahant Siddibhavi**. Thus, with every member of the committee playing a vital role, as well as the active participation the delegates paved the way towards a successful event.

INTERNATIONAL WORKSHOP ON INSTRUMENT ASSISTED SOFT TISSUE MOBILIZATION (IASTM).

KLEU Institute of Physiotherapy, Dept of Orthopedic Manual Therapy conducted an International Workshop on Instrument assisted soft tissue mobilization (IASTM) from 5th to 8th February 2017. International renowned speaker and Inventor of M2T blade Mr. Adam Joseph Bogar was resource person.

Adam Bogar hails from Ontario, Canada. He is specialized in treating sports injuries. He is the founder of M2T blade and has conducted many workshops all over the world on the same. M2T blade is an instrument that is used to release trigger points, improve range of motion. The participants learnt about functional assessment and treatment depending on the assessment.

Around 70 students attended this workshop and got benefited from it. It had been organized for 4 days, in 2 batches. Last year the same workshop was organized for the first time in May 2016, in KLEU Institute of Physiotherapy, where 45 participants attended it.

Body Donation Awareness Programme - 26th March 2016

Professor & H.O.D. - Dr. S.P.Desai

Brief report of the Body Donation Programme - 2016

On 26th March 2016 Department of Anatomy, J.N. Medical College, Belagavi, Lions Club of KLES Health Institutions Campus, Belagavi & Navaratri Utsav Mandal, Khasbhag, Belagavi, jointly organized Body Donation Awareness Programme.

City Indian Medical Association President Dr. Rajesh Latkar (Anesthetist) explained the benefits & procedures of Body Donation. He also said that awareness of Body Donation should spread across rural areas. He said that organ donation like kidney, cornea, lungs, skin are important in accident cases.

Dr. A.P. Hogade, Vice-Principal, J.N. Medical College, Belagavi was the President of the function.

Dr. M.G. Dhorigol, Head of the Department of Anesthesia, J.N. Medical College, Belagavi & President Lions Club of KLES Health Institutions Campus, Belagavi emphasized on body donation & organ donation.

Lion. Satish Patil, President, Navaratri Utsav Mandal, Khasbhag, Belagavi was the Guest of honour and said more functions need to be conducted on body donation programmes to increase the awareness of body donation among people.

Dr. M.B. Ramannavar enlightened the audience in detail and answered doubts regarding body donation & organ donation.

// Brief Report of the National Seminar //

KLE Society's Centenary Celebration National Seminar on "Environment and Health" was organized by the Department of Community Medicine, KLE University's J.N.Medical College, Belagavi, on **27th May 2016** at KLE Centenary Convention Centre, Belagavi.

Prof.(Dr.) M.N.Sreehari, Advisor to Govt. of Karnataka for Traffic, Transport & Infrastructure, Bengaluru was the Chief Guest and Inaugurated the National Seminar by watering the plant sapling. In his inaugural address he expressed his concerns about Rapid Industrialisation, Unplanned urbanization, population explosion, reckless and ruthless deforestation which have caused ecological disaster. World Health Organization, United Nations and Govt. of India are advocating for good living standards on the planet, unfortunately present environment standards in India are far from satisfactory he said. He also stressed that smart people make smart cities and called people to be environment friendly and sensitive.

Dr.S.M.Katti, Organizing Chairman and Professor & Head, Department of Community Medicine welcomed the guests and briefed the importance of the seminar. He also introduced the Chief Guest.

Prof.(Dr.). V. D. Patil, Registrar, KLE University, Belagavi, was the guest of honour and addressed the gathering regarding hazards of Environmental pollution and called upon Engineers, Medical Scientists, Environmentalists, Urban Planners, Policy Makers, Citizens and NGOs should join hands for the effective implementation of smart city project.

Dr.(Mrs.) N.S.Mahantashetti, Principal, J.N.Medical College, in her presidential remarks highlighted the Eco-friendly measures of KLE University, Belagavi.

Dr.Sanjay Kambar, Organizing Secretary and Professor, Department of Community Medicine, J.N.Medical College, Belagavi proposed vote of thanks, he also

DATE-29/8/2015

APPI National Seminar with theme on “Fight the Obesity Epidemic- Need of the hour” on 29th August 2015 at KLE convention centre KLE University J.N.M C Belagavi.

Obesity is the next major epidemiologic challenge facing today's doctors, with the annual allocation of healthcare resources for the disease and related comorbidities Obesity is the next major epidemiologic battle for physicians, public health experts, government officials, and the general population. By many estimates, obesity has already surpassed smoking as the most pressing public health threat. In much the same way that antismoking campaigns were developed, health initiatives must now be developed to effectively prevent obesity and its associated diseases. Through this National seminar awareness was created among doctors and students related to complications as a sequelae of obesity ,the chief guest for the event was _____ and was attended by over 192 participants from across India.

KRSSDI-2015 REPORT

KLE Society to step in into research field after education, health

TNN | Dec 19, 2015, 07.46 PM IST

BELAGAVI: After education and health, KLE Society will step in into the research field by establishing two world class laboratories in Karnataka. Chairman of the KLE Society Prabhakar Kore announced this here on Saturday after inaugurating 11th annual conclave of Research Society for the Study of Diabetes in India, Karnataka Chapter (KRSSDI) Prabhakar Kore, who is also the Rajya Sabha member said KLE Society established 100 years ago by the seven founders called as 'Saptarshis' to impart education in Karnataka and now KLES has 252 institutions in various parts of the country including Delhi, Mumbai and even in Dubai. In 1989, Society stepped in into health sector with constructing 2,200 bedded state-of-art hospital in Belagavi and presently health care services are being provided with total 4,000 beds, he said. Kore said on the occasion KLE Society's centenary year celebration, Society is going to step in into research field not just in health but also in engineering. Kore added that establishing skill development centres on behalf of the Society is also in the pipeline. Dr SR Aravind, President, RSSDI (National Chapter) said presently India is changing as capital of diabetes which has to be converted into capital of diabetes care. Due to lack of absolute data and research activities, the disease is growing in large scale. Dr Aravind said there is enough fund to conduct research activities on diabetes. He said many medical colleges have come forward to include 'Diabetes Research' subject for MBBS students. If such students develop any research project, they will be funded by KRSSDI as well as RSSDI. Meanwhile, he requested Prabhakar Kore to include the research subject in the medical college run by KLE Society. Organizing chairman Dr MV Jali said diabetes care is the global emergency has to be tackled with effective way, as it has already covered 10th part of global population in shortest span. Mortality rate also increased due to inadequate treatment facilities and drugs on diabetes. He added that RSSDI is the largest organization in Asia working on diabetes care. Organizing secretary Dr VA Kothiwale, chairman of scientific committee Dr RB Nerli, chairman of KRSSDI (Karnataka Chapter) Dr KR Narasimha Setty were present.

19th Surgery CME on 16th & 17th October 2015

REPORT

Introduction:

The Department of General Surgery has been conducting CMEs for the last eighteen years. The aim of the CME is to impart latest knowledge in the field of surgery to the consultants and post graduate students. The CME consists of Lectures by eminent speakers, group discussion on surgical specimens and interesting X-rays, mock PG examination, Workshop on Fistula in ano (VAAFT) treatment.

The CME Programme:

19th Surgery CME 2014 was conducted on 16th & 17th October 2015 [Friday & Saturday] by Chairman Dr. S. S. Shimikore, Org. Secretary Dr. Ramesh S. Koujalagi & Jt. Secretary Dr. Manoj D. Togale. The resource persons were from Faridabad, Chennai, Bangalore, Pune, Nashik, Hubballi & Belagavi.

The CME was inaugurated by Dr. R. N. Patil, Chairman, KSC-ASI, Guests of Honour Dr. V. D. Patil, Registrar, KLE University, Belagavi, Dr. R. S. Mudhol, Medical Superintendent, KLES Dr. Prabhakar Kore Charitable Hospital, Belagavi & Dr. (Mrs) N. S. Mahantashetti, Principal, JNMC, Belagavi presided over the function (Details of the programme sheet attached).

Lectures:

The lectures by eminent & experienced speakers from Faridabad, Chennai, Bangalore, Pune, Nashik, Hubballi & Belagavi were the core attraction of our CME. The topics chosen were helpful to postgraduates and consultants in and around the Belagavi.

Workshop:

Workshop on Fistula in ano (VAAFT) on 17th October 2015 by Dr. Nandakishore M & sponsored by Stortz. The workshop was grand success and appreciated by all the delegates.

JNMC PGITC-ORTHO-CME 2015

Report

PGITC-ORTHO-CME has been an annual feature of the Department of Orthopaedics. Every year the Department of Orthopaedics conducts CME for the benefit of the Orthopaedic post-graduate students & the young practicing Orthopaedic surgeons. The mock PG examination has been an integral part of the PGITC-ORTHO-CME for many years. PGITC-ORTHO-CME 2015 was held on 25th and 26th July 2015 in KLES Dr. Prabhakar Kore Hospital & MRC and J.N. Medical College Belagavi under the auspices of IOA, KOA, Medical Education & Research Trust Karnataka, Medical Council of India & ICMR. Guest lecturers were started at 9 am on 25th July 2015. PGITC-ORTHO-CME was inaugurated in G +1 lecture hall (Anubhav Mantap) of KLES Dr. Prabhakar Kore Hospital & MRC at 11.00 am. Inaugural function was conducted by Dr. R.S.Jatti. Dr. Kiran S.Patil, Organising Chairman, welcomed the gathering and Dr. S.T.Sauikop, Organising Secretary introduced the dignitaries. The chief guest was Dr. Suresh Korlahalli, President Elect, Karnataka Orthopaedic Association and Dr. Mrs. N. S. Mahantashetti, Principal JNMC, Belagavi presided over the inaugural function. Dr. V.D.Patil, Registrar, KLE University, graced the occasion. Dr. Edward Nazerath, Secretary General, Karnataka Orthopaedic Association & Dr. S.B.Patil, Medical Superintendent, KLES Dr. Prabhakar Kore Charitable Hospital were the guests of honour. Vote of thanks was proposed by Dr. S.K.Saidapur, Organizing secretary. Guest lectures were given by, Dr. B. B. Putti, Dr. Milind Kulkarni, Dr. Pradip Nemade, Dr. E. Nazerath, Dr. G. A. Anderson, & Dr. Ravishankar Naik. Three long cases and four short cases were discussed on first day. The delegates also participated in the case discussion and examination. Dr. E. Nazerath, Dr. G.A.Anderson, Dr. P.S.Kaladagi, Dr. Surankanth Kalluraya, Dr. Nagesh Naik and Dr. Satish Patil and other guest faculty mentioned above joined the clinical discussion.

On 26th July 2015, Guest lecturers were started at 9.00 am. Dr. M.Y.Patil, Dr. Chidendra Shettar, Dr. Salim Lad, Dr. P.S.Kaladagi, Dr. Nagesh Naik, Dr. Satish Nesari & Dr. S.K.Saidapur delivered the lectures. Case discussions (three long and eight short cases) were discussed on the second day. This was followed by concluding session thanking all the guest faculty and delegates in making this PGITC-ORTHO-CME 2015 a grand success.

QIP Report-2016

Role of Analytical Techniques in Quality Assurance of pharmaceuticals

K. L. E. University's College of Pharmacy, Belagavi, will be conducted Quality Improvement Programme on "Role of Analytical Techniques in Quality Assurance of Pharmaceuticals" From 12th to 23th January 2016. This programme is sponsored by A.I.C.T.E. New Delhi. This programme was attended by delegates coming from various states like Karnataka, Andhra Pradesh, Tamilnadu, Maharashtra, Gujrat and Goa. This programme is basically aimed at orienting pharmacy teachers in emerging areas of Pharmaceutical industry, technology and regulatory affairs. It provides an opportunity for pharmacy teachers to improve and update their academic, technical and professional skills relevant to the needs of new millennium.

K.L.E. University's College of Pharmacy is one of the A.I.C.T.E. New Delhi nodal center in Karnataka to conduct such programmes. Dr. V.P. Rasal, Program Convener gave the welcome address and introduced the Chief Guest. The Chief Guest, Dr. B. M. Patil, Principal KLE University, College of Pharmacy, Belagavi, inaugurated the QIP programme by lightening the lamp. He highlighted the importance and beneficiary of QIP program for young teachers, such programmes will benefit the young faculty in upgrading their knowledge. Dr. V.S. Musthohamath Program Coordinator proposed the vote of thanks. Dr. B. M. Patil, Principal KLE University, College of Pharmacy, Belagavi, Inaugurated the QIP Programme by Lighting the Lamp.
