

JAWAHARLAL NEHRU MEDICAL COLLEGE, BELAGAVI DEPARTMENT OF MEDICAL EDUCATION

Activities of Department of Medical Education:

- **Faculty Development:**

The department has conducted several Training Programs for training the faculty of J N Medical College on Personality Development, Managerial Skills and, Communication Skills in collaboration with Indian Society of Health Administrators (ISHA), Bangalore and Growth Choice Consultants, Mumbai.

- **Training of Teachers through Workshops on Medical Educational Technology and Research Methodology:**

The Department has a long history of conducting activities for training Teachers on Medical Educational Technology under the auspices of Medical Council of India, New Delhi and Rajiv Gandhi University of Health Sciences – Karnataka, Bangalore. The team of faculty members from Kasturba Medical College, Manipal, conducted the first two workshops in 1990-91. Subsequently, three in-house workshops were conducted for the faculty of J N Medical College in 1994-95. In January 1994, the Department had the distinction of hosting the South Zone Workshop on “Training Teachers for Tomorrows Needs” as part of the Diamond Jubilee Celebrations of the Medical Council of India. Thereafter, the department conducted three National Workshops for faculty of Medical Colleges in Karnataka, Maharashtra, and Goa. These workshops were held in September 1995, March 1996, and April 1997. The Department has constantly encouraged the faculty to introduce innovations in Teaching-Learning and Evaluation methods. The Department of Physiology introduced Objective Structured Practical Examination (OSPE) in 1992 for the Assessment of Practical Skills of the Students. Several Departments have brought in changes in their curriculum with emphasis on small group sessions and inculcating problem-solving skills in the students. Currently the Department is making concerted efforts at introducing the practice of Evidence Based Medicine among the Faculty and Postgraduate students of clinical disciplines.

The Department also hosted two key workshops on behalf of the newly constituted Rajiv Gandhi University of Health Sciences in June and August 1996 for evolving a uniform Curriculum for M.B.B.S. Phase I and Phase III courses. The heads of Departments of the concerned disciplines of all the constituent colleges participated in these workshops. It was for the first time that an exercise of this nature was held in Karnataka.

In order to improve the quality of research projects carried out in the institute, the Department conducted a two week Training Program on Epidemiological Approach to Research under the auspices of Indian Council of Medical Research, New Delhi in October 1996. The faculty members who were trained in this program subsequently conducted a series of in-house workshops for the benefit of the Postgraduate

Teachers of our institute and later on for the Postgraduate Teachers representing all the Postgraduate Institutes affiliated to RGUHS in January 1999.

Department of Medical Education was recognized as Regional Training Centre by Medical Council of India, New Delhi on 14th May 2011. The task given to the Regional Training Centre is to train the faculty of these colleges in Medical Education Technologies. 20 Medical colleges of North Karnataka (10 Government & 10 Private) are attached under this RTC. The RTC conducts 2 workshops / year for faculty members of 20 constituent colleges and also for faculty of J.N. Medical College. So far 26 workshops have been conducted, 1st workshop from 14th – 16th May 2011 with the launching program of Regional Training Centre. *Now under our Regional Centre 26 Medical colleges are allotted.*

The regional centre has been upgraded to Nodal Centre for Faculty Development in the month of September 2014, since then we have to conduct 2 Advance Course Workshops per year as per MCI guidelines.

- **Collaboration with University of Illinois at Chicago, College of Medicine, Chicago, USA:**

February 1999 will mark a major milestone in the history of the Department as it established academic affiliation with its counterpart at University of Illinois Chicago, College of Medicine, Chicago, USA. Under the collaborative activity extending over the next five years selected faculty from the institute will visit UIC for Fellowships on Medical Education. At the same time the faculty from UIC will visit JNMC twice a year for conducting weeklong workshops on various aspects of Medical Education. Three International Workshops were held in February, September 1999, February 2000 and the fourth one is being held in September 2000. The first workshop focused on Curriculum, Program and Faculty Evaluation; the second deliberated on various curricular models and the third on the issue of Appraisal of Clinical Performance of Students. The forthcoming workshop will focus on the Essentials of Faculty Development : Teaching Medical Educators to Teach & Essentials of Program Evaluation. It may be noted that the DME of UIC is a WHO Collaborating center and is the oldest Department of its kind in the world and celebrated its 40th Anniversary in July 1999.

- **Orientation Workshops for Postgraduate Students:**

The Department has been conducting workshops for the Postgraduate Students since 1992 every year. These workshops have aimed at imparting training in Communication Skills, Epidemiological Approach to Research in the Health Sciences, Critical Review of Scientific Literature, Statistical Methods in Biomedical Research, Dissertation Writing and Practice of Evidence Based Medicine.

- **First Foundation Course for New Entrants:**

The Orientation programs are being held from 1991. The objective of these programs is to expose the students joining the Institution for graduate courses to National Health Policy and National Health Programs as well as Medical Ethics. They are also counseled on the methods to be employed for Psychological Adaptation to the demands posed by a professional career. Emphasis is laid on preparing a value based Primary care physician.

- **Second Foundation Course for II Phase M.B.B.S. Students:**

The objective of this is to sensitize the students to clinical medicine, and to improve communication skills.

- **Third Foundation Course for Internees:**

The objective of this course are to improve their clinical skills and to orient them to their role as doctors in the society.

- **CME Programmes and Conferences:**

The Department provides technical and infrastructure support to the various departments of the Institution for the conduct of State and National level conferences and CME programs. Since the establishment of the department, almost every Department of the college has organized State / National level Conferences and or CME Programs.

Infrastructure facilities available:

Conference Hall:

The department has a modern A/C Conference Hall equipped with all the required Audio-Visual equipments. It can comfortably seat 60 participants.

Media Production Center:

The Medical Illustration section of the department assists the faculty and postgraduate students of the institute in preparing various types of educational media like charts, models, slides, including computer-generated ones, and videos for teaching as well as for presentations at various scientific meetings like conferences and CME programs. The department also has the capability for arranging live interactive video sessions between the Operation Theatre Complex of KLES Dr. Prabhakar Kore Hospital & Medical Research Centre and Dr. B S Jirge Memorial Auditorium of JNMC. This facility has been utilized for several workshops conducted by the departments of ENT, Orthopedics, Surgery, Urology, OBG and Heart

Foundation for the benefit of Practitioners, Consultants and Postgraduate students to demonstrate newer surgical techniques.

Communication Center:

The department has a server and a local area network of 7 desktops and 9 laptops with Internet access for electronic mailing and searching electronic medical databases available on the Internet. Efforts are being made to subscribe to other paid-for value added medical databases with advanced search capabilities for promoting the practice of Evidence Based Medicine. The department has been involved in preparing Multimedia Presentations and developing and hosting web pages for the college website.

Plans for the future:

- DOME which is upgraded to University Department of Education for Health Professions (UDEHP) is conducting Postgraduate Diploma in Master of Health Professions Education (PGDMHPE) course leading to the award of a degree in collaboration with its counterpart at College of Medicine, University of Illinois at Chicago, Chicago, USA.
- Develop a WHO Collaborating Center for Medical Education in South East Asia

OSCE /OSPE LAB:

To make assessment more objective and to train students in OSCE/OSPE, this lab has been established. Faculty are trained in conducting OSCE/OSPE during MET workshops. All the departments conduct OSCE / OSPE in this lab. Presently OSCE/OSPE is included for students for internal examinations only.

MCI's Nodal Centre for Faculty Development:

Through basic workshops on Medical Education Technologies (MET) the Medical Council of India (MCI) wants faculty to attain a certain level of expertise in Medical Education. In view of the need for advancing the field of medical education, to keep pace with the current trends & practices and to provide a platform for Medical Educators to network, Medical Council of India proposes to conduct Advanced Courses in Medical Education for Medical Faculty at the MCI recognized Nodal Centres. The MCI – **Regional Training Centre** for MET of J.N. Medical College, Belgaum is one of the ten centres that has been upgraded to the status of **NODAL CENTRE** for conducting Advance Course in Medical Education for Medical faculty. 39 Medical Colleges from North Karnataka, Andhra Pradesh, Telangana and Goa have been affiliated to the

KLE VISHWANATH KATTI INSTITUTE OF DENTAL SCIENCES, BELAGAVI

DEPARTMENT OF DENTAL EDUCATION

The Department of Dental Education at KLE VK Institute Of Dental Sciences was established in the year 1997. This department is the first of its kind in the country and owes its birth to the visionary faculty of our esteemed university: Dr. R. N Deshpande Sir, Dr. Alka Kale Ma'am, Dr. K. M. Keluskar Sir and Dr. Pradeep Shetye Sir.

The department has a main mission to create high quality education systems and train the dental college faculty thereby bringing out the best towards the field of Dentistry by improved quality of dental researches and education in the country. It is basically to promote and encourage scientific activities and research for all the faculty members and the students of the institution, to impart and enhance dental education and to help the students and faculty in publishing a dental journal which can be of utmost importance for further studies in the country or overseas. It has now become very important to encourage research in our field because research is the stepping stone to the various advances in the stream. Now the education system does not demand pure theoretical knowledge alone, a student or a faculty member needs to be equally good in the research arena because it is research that answers most of our questions and at times brings us to new questions and their solutions while the process is being carried out. We also conduct non academic sessions to help the staff and students cope up with the tremendous stress and workload they experience.

The department at the institute conducts several CDE programs and faculty development programs also every year for in house as well as the external faculty. The DDE routinely conducts orientation programs for newly appointed teaching faculty to keep up with the standards of the education system and help them get oriented to the quality of education and research provided by the institution so that they can pass this on to the students in a best possible way.

Our vision is to equip and prepare teachers in dental colleges to implement effective and innovative teaching strategies, fair assessment practices and also to participate in curriculum planning, and research and scholarly activities and to stay updated with innovative 'practices in patient care'. We live in the 21st century now, things have been very different from the way it was practiced years ago , there are many advances coming up and it is important to be aware of them and practice them.

Belagavi-590 010, Karnataka

The DDE also publishes a biannual bulletin with articles on various topics such as challenges in dental education, review articles, and trivia. The contributors to this bulletin are the teaching faculty, undergraduate students, interns and post-graduate students of the institute.

We have an excellent DDE team who have contributed a lot towards the development of this department and are still the strong supporting pillars.

Chairperson is Dr. Alka Kale

Co-ordinator is Dr. Shridhar Baliga

Secretary is Dr. Amit Nilgar

Co- Secretary is Dr. Manaka K.B.

Editor is Dr. Chetan Belladnavar

Co- Editor is Dr. Poorvi Ghanti

Treasurer is Dr. Daneshwari Koshti

Other members of the committee are:

Dr. Vaishali Keluskar, Dr. Anil Ankola, Dr. Anandkumar Patil, Dr. Shridhar Baliga, Dr. Punya Angadi, Dr. Vinayak Khumbojkar, Dr. Preeti Doddwad, Dr. Tejashri Pradhan, Dr. Shivayogi Hugar

The DDE department conducts various sessions like Orientation programs for the newly joined under graduate students as well as the post graduate students. Also there are orientation programs for the students entering the next academic session. This helps the students to get familiarized with the rules and regulations of the course and also the various opportunities which can be availed by the students if they wish to go abroad or conduct a dental research in the field that interests them. This also helps in creating an effective communication between the faculty members and the students thereby increasing the comfort level which will help the students to approach the concerned faculty with reference to any kind of research or curriculum related doubts.

There are also sessions like: Effective communication and listening skills, tobacco cessation, understanding and overcoming stress, medico legal aspects in dentistry, modern trends in dentistry, save water, ergonomics and its management and so on. Once in a while such sessions are much needed and this helps bring out the best in an individual and as we all know, 'All work and no play makes Jack a dull boy!' They deal with the various problems that we encounter in our day to day dental professional life.

Celebration of Indian Orthodontics day, Roentgen week and various other important days or weeks for the field of dentistry are conducted by our department. These promote the vital contribution of our pioneers to modern healthcare, and it also serves as an opportunity to increase public awareness.

All these sessions conducted by the DDE team of the institution serve as an excellent opportunity for an individual to progress in the field of dentistry and for many more advance techniques in the field to come up in the near future.

KLE SHRI B M KANKANWADI AYURVEDA MAHAVIDHYALAYA BELAGAVI

Department of Ayurveda Medical Education (DAME)

Institute has established a unique department first ever in India for Ayurveda College, in preview to the Global approach and with considerable vision of strengthening our teaching fraternity in the year 2009 as **DAME, Department of Ayurveda Medical Education**. Now the institution has a determined vision, aims and objectives towards imparting Ayurveda medical education for all teaching fraternity.

Vision:

- To build a center of excellence in Ayurveda education through quality teaching, training and evaluation.

Mission:

- To plan and continuously provide necessary guidelines for quality education and innovations.
- To stimulate the teachers and students to extend their knowledge, through faculty development and continuing education programs.

Aims:

- Propagation of Ayurveda Medical Education with its basic principles to augment the inherent Aptitude, Professionalism, Communication and organization skills of a teacher and student, to build a curriculum in pace with research and burning issues of the society.

Objectives

- During the process of training and extension service the stake holder should be able to-
- Identify core knowledge and skills required for all students
- Expand the clinical curriculum—particularly in the professional and clinical courses—to enhance pattern recognition
- Revise the curriculum to address weaknesses and build on strengths
- Foster and facilitate teaching, coordination and mentorship for all the stake holders
- Develop facilities to meet future curriculum and research activities
- Develop a community service, health awareness and national program
- Comprehend the actual hindrance, hurdle and flaws in Teaching Learning and Evaluation methods
- Adopt and Practice the role of a teacher
- Carrying out Role model for professionalism

KLE COLLEGE OF PHARMACY, BELAGAVI

QUALITY IMPROVEMENT PROGRAMME

The Government of India launched the Quality improvement Programme in the year 1970. One of the main objectives of the programme is to upgrade the expertise and capabilities of the faculty members of the degree level institutions in the country. The programme is now being implemented and monitored by All India Council for Technical Education.

KLE College of Pharmacy, Belagavi is recognized as an AICTE Quality Improvement Program (QIP) cell since 1999 among a 10 AICTE recognized QIP centers throughout India. Later in 2003, this cell was recognized as QIP Nodal cell for a brief period.

There are three main activities under QIP serving the faculty of Pharmacy Institutions:

- i. Providing opportunities to faculty members of the degree-level of AICTE recognized degree level institutions to improve their qualification, by offering admissions in Masters and Ph.D degree programmes with the aim to imbibe in them a culture of research and better teaching educational capabilities by exposing them to the environment of the institutes of study.
The candidate selected and admitted, should be on deputation and his/her normal salary and allowances are to be paid by the parent institutions.
- ii. Organizing Short Term Courses at the Major QIP Centers for serving teachers.
- iii. Curriculum Development (CD) Cell activities which help to improve class room teaching and learning.

The QIP Cell of KLE College of Pharmacy, Belagavi, caters to teachers from various states like Karnataka, Andhra Pradesh, Tamil Nadu, Maharashtra, Gujrat and Goa. The programs are aimed at orienting pharmacy teachers in emerging areas of Drug Discovery, Pharmaceutical Industry, Technology and Regulatory affairs etc. A total 10 quality improvement programme were conducted from 2015 to 2020. More than 500 faculty have been benefitted from this QIP along with our in-house faculty staff.

KLE INSTITUTE OF PHYSIOTHERAPY, BELAGAVI

Department of Physiotherapy Education (DOPE)

Year of Inception: The Department of Physiotherapy Education was formed in the year 2009 with an objective to facilitate faculty development and to enhance the teaching learning process. KLE Institute of Physiotherapy through this department aims to facilitate the faculty members in possession of professional upgradation. The faculty members are encouraged and motivated to be updated with the recent turn overs in the profession for the benefit of the stakeholders.

Type of Programmes/Activities: As the education is grown out to be student's centric education this department plays a crucial role in teaching learning process to boost the experience of teachers and the students. The department is committed to provide recent teaching skill enhancement programs for the faculty of the institute. The department functions by organizing various programs keeping the current teaching trends in view. The programs are carefully planned to bridge the gap between traditional and current teaching skills that are required and the programs are conducted monthly. The programs drive up in view of increasing the quality of teaching and learning and enhancing the academic and intellectual environment in the institution and participation in such programmes enables faculty members to update their research and pedagogical skills. The key focus areas include Teaching skill development, Research skill development, Soft skill development, management of inter personal relationships, people management etc. The programs conducted include student centric teaching methods, ICT enabled teaching, training of various software's, development of e content, training of virtual lectures, video conferencing. The renowned resource faculty is invited by the institute for the training of the staff. The department is involved with not only the teaching also with the non-teaching members. The key focus for this section of the institute is development of soft skills, communication skills, drafting of official letters etc. The faculty members are expected to get involved and utilize the expert training for enhancing the quality of teaching and providing well trained professionals to the society.

ABOUT US

In order to augment the research activities, KLE Academy of Higher Education and Research [KAHER] established a premier research center in the name of our Honorable Chancellor- "DR. PRABHAKAR KORE BASIC SCIENCE RESEARCH CENTER [BSRC]".

The research center is engaged in basic research with state-of-the-art facilities. The key areas are Molecular Biology, Medical Microbiology, Tissue Culture, Biopharmaceutics & Pharmaceutical Analysis and Natural Product Research.

VISION

To become a force to be reckoned with in the field of fundamental and applied research by nurturing individuals to inculcate critical skills through scientifically designed programs and practical interventions

MISSION

Research with Tangible Outcomes

- Provision of an infrastructure that is relevant to research programs with tangible outcomes
- Developing an ecosystem that fosters excellence through innovation
- Engagement in research and innovation and consequent generation of publications
- Development of products, policies and procedures for the benefit of common man
- Providing a platform for exchange of ideas and experiences and opportunities for individual and collective learning to ensure a continual upgradation of skills
- Promotion of research and scientific temperament among students at schools, and collegiate institutions
- Providing opportunities for Higher Education and contributing to the evolution of KAHER into an international hub for research in theoretical and applied sciences.

(Deemed-to-be-University u/s 3 of the UGC Act, 1956)
Belagavi-590 010, Karnataka**

Dear Colleagues / Friends

It gives us immense pleasure to invite you for the seminar on 'Fostering Publication Integrity and Plagiarism Awareness' organized by Dr. Prabhakar Kore Basic Science Research Center (BSRC), KLE University, Belagavi, under the auspices of KAHER's Department of Education For Health Professionals [UDEHP].

The publication quality and prevention of plagiarism receive increased attention since literature provides little practical advice or strategies on how to approach these topics with staff and students. Participants in the seminar would be supported in gaining a deeper understanding of what plagiarism is and provides them with practical examples of how it can be avoided to maintain the publication integrity.

The seminar is designed for mid-career scientists / faculty members / research scholars and students in Universities and Colleges who seek to extend their understanding for publications and plagiarism.

Looking forward to receive you in Belagavi, Karnataka.

Dear colleagues / friends,

It gives me immense pleasure to invite you to the workshop on "Electronic Medical Record" being organized by KLE Dr. Prabhakar Kore Charitable Hospital, Belagavi, under the auspices of University Department of Education for Health Professions (UDEHP), KLE University.

Electronic medical record system has the ability to exchange health information electronically and will help to provide higher quality and safer care for patients while creating tangible enhancements for the organization. This helps health service providers by providing accurate, up-to-date, and complete information about patients. Also information sharing is made easy with patients and other clinicians.

We request you to encourage your staff, students and Medical Record staff & Nursing staff to register for this workshop.

Once again we welcome you all to this beautiful city of Belagavi & looking forward to receive you in JNMCC campus

Dear Colleagues / research scholars

PROGRAMME SCHEDULE

Day 1 : 04-09-2019

Time Programme

9:00-9:15 am Registration
9:15-9:30 am Inauguration and lighting the lamp
9:30-11:00 am Stability studies in line with ICH guidelines and Out of Specification (OOS) investigation

The overall objective of the workshop is to

- Provide better understanding of Stability studies in line with ICH guidelines.
- Provide knowledge about basics of HPTLC and its application in the field of pharmacy.
- Provide theoretical and practical knowledge about HPLC and a brief introduction to LCMS with application

We request you to encourage your staff / research scholars to register for the workshop.

Looking forward to receive you in Bengaluru.

ABOUT US

KLE Society, which recently celebrated centenary year, is an organization with 254 institutions in various parts of the country and of global repute, imparting education from kindergarten to post-doctoral courses with a faculty strength of 16,000 teachers educating 1,25,000 students all over the world.

KLE Academy of Higher Education and Research was established on 13th April, 2006 on the advice of the University Grants Commission. After the conferment of Deemed-to-be-University status, it was in March 2010, that the KLE Academy of Higher Education and Research was awarded 'A' GRADE and again in 2015 (2nd cycle) by NAAC. The University is also placed in category 'A' by Ministry of Human Resource Development, Government of India.

KLE College of Pharmacy, Bengaluru, started as KLE Society's School of Pharmacy (1978), is one of the earliest pharmacy institutions in the state of Karnataka (offered Diploma in Pharmacy course). The college subsequently added B.Pharm. (1991) M.Pharm. (2003) and Pharm.D. (2014) courses focusing on academy, research, collaboration and offering consultancy services. B.Pharm. course is accredited twice by the NBA - AICTE in 2008 and 2013 for 5 yrs. and the KLE Society's College came under the ambit of KLE University in 2009.

Dear colleagues / friends,

It gives us immense pleasure to invite you to the workshop on "Leadership Skills for Health Professionals" being organized by Department of Public Health under the auspices of University Department of Education for Health Professionals (UDEHP) KAHER Belgaum.

A well groomed personality with positive & healthy living habits, right attitude, various life skills and cultural values influence functional efficiency of any organization. Leadership skills aim to first develop the leader from within, followed by helping the leaders to reach out to those around them and eventually impacting the public and the community. This workshop focuses on equipping professionals with the knowledge, attitudes and skills necessary for them to become leaders in their own rights - leaders who are responsible, resilient, confident, effective and nurturing. The intent is to develop a "comprehensive" leader and not someone who simply has a collection of leadership skills.

Once again we welcome you all to this beautiful city of Belgaum.

Dr. V.A.Parti
 Professor
 KAHER
 Belgaum

Dr. Annapurna Kari

Dear Colleagues / Friends:

It gives us immense pleasure to invite you for the workshop on "Simulation Based Health Care Education" on 4th & 5th NOVEMBER 2019 being organized by KAHER Institute of Nursing Sciences, Belagavi under the auspices of KAHER, Department of Education for Health Professionals (UDEHP).

Simulation-based health care education, aiming to bridge the gap between theory and practice through innovative teaching strategies, is described as a key component in health professionals learning and preparation for clinical practice. It is a technique (not a technology) to replace and amplify real experiences with guided ones, often "immersive" in nature, that evoke or replicate substantial aspects of the real world in a fully interactive fashion.

Simulation-based learning can be the way to develop health professionals' knowledge, skills, and attitudes, whilst protecting patients from unnecessary risks. It provides health professionals with opportunities to practice their clinical and decision-making skills through various real-life situational experiences and valuable tool in learning to mitigate ethical tensions and resolve practical dilemmas.

We request you to encourage your faculty to register for this workshop and learn from the experts. We are looking forward for your active participation in the workshop

Dr. V. D. Patil

Dear colleagues / friends,

It gives us immense pleasure to invite you to the workshop on "Outcome based Educational Strategies for Effective Learning" being organized by KAHER's Shri.B.K.Ayurveda Mahavidyalaya, Belagavi under the auspices of University Department of Education for Health Professionals, KLE University.

Globalization, changing demographics and technological advancements are some of the key driving forces of the future. Our students will have to be prepared to face these challenges and seize the opportunities brought about by these forces. Twenty-first century education structured should be outcome based which developed certain critical core competencies such as collaboration, digital literacy, critical thinking, and problem-solving, self-learning.

The curriculum should incorporate higher order thinking skills, multiple intelligences, technology and multimedia, communication skill and self-learning methodology along with authenticated scientific assessments and evaluation. Curriculum should provide direction so that student can learn by themselves and work both independently and interdependently. So the curriculum is not a syllabus or textbook-driven or fragmented, it should be set of Specific, Measurable, Appropriate, Challenging but Achievable educational objective or Skills (outcome) which students will be acquire at the end. Evaluation of student achievement can be made more valid and reliable as the benchmark of achievements is explicitly stated.

We request you to encourage your staff & Scholars to register for this workshop. We look forward for your participation.

Report

INNOVATIVE PEDAGOGIES FOR POWERFUL TEACHING

KAHER Institute Of Physiotherapy and university department of education for health professionals organized a workshop on 26 February 2020 entitled "Innovative Pedagogies for Powerful Teaching". The resource persons for the workshop were Dr. SHALINI PRAKASH who is the founder and CEO of NYS Bangalore and Mr. GLADWYN certified leadership skilled trainer, NYS Bangalore. the workshop was inaugurated by Dr. SUNITA PATIL, Director, UDEHP, KLE Academy of Higher Education and Research. Delegates from various constituent Institutes of KLE participated in the workshop. Staff Members from 8* of Physiotherapy, Pharmacy, Homeopathy, Nursing, Dental and JNMC participated in a workshop. The resource persons focused on various innovative ways for learning which helped the delegates in enlightening their ways of teaching and also the way students or the professionals can learn. The workshop included a lot of interaction and exercises with props that absorbed the concept of powerful teaching.

In order to augment the research activities, KLE Academy of Higher Education and Research (KAHER) established a premier research center in the name of our Honorable Chancellor: "DR. PRABHAKAR KORE BASIC SCIENCE RESEARCH CENTER (BSRC)".

The research center is engaged in basic research with state-of-the-art facilities. The key areas are Molecular Biology, Medical Microbiology, Tissue Culture, Biopharmaceutics & Pharmaceutical Analysis and Natural Product Research.

VISION

To become a force to be reckoned with in the field of fundamental and applied research by nurturing individuals to acquire critical skills through scientifically designed programs and practical interventions.

MISSION

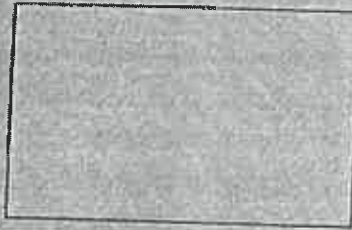

Research with Tangible Outcomes

- Provision of an infrastructure that is relevant to research programs with tangible outcomes
- Developing an ecosystem that fosters excellence through innovation
- Engagement in research and innovation and consequent generation of publications
- Development of products, policies and procedures for the benefit of humankind
- Providing a platform for exchange of ideas and experiences and opportunities for individual and collective learning to ensure a continual upgradation of skills
- Promoting of research and scientific temper among students of schools and college institutions
- Providing opportunities for Higher Education and contributing to the evolution of KAHER into an international hub for research in theoretical and applied sciences.

Dear colleagues / friends,

It gives me immense pleasure to invite you to the workshop on "Quality Nursing Care & Communication Skills" being organized by KLE Dr. Prabhakar Kore Charitable Hospital, Belagavi, under the auspices of University Department of Education for Health Professions (UDEHP), KLE Academy of Higher Education & Research (KAHER).

The nurses play important role in providing quality patient care in which communication plays the vital role. In a clinical setting as a part of health care treatment, nurses need to communicate effectively and efficiently. The efficient communication skills, IPR and therapeutics touch leads to better patient care.

This workshop discusses as to how to ensure better "Quality Nursing Care & Communication Skills" in hospital practice.

We request you to encourage your staff, students and technicians to register for this workshop.

Once again we welcome you all to this beautiful city of Belagavi & looking forward to receive you in JNMC campus.

Dear colleagues / friends,

It gives us immense pleasure to invite you to the workshop on Life Skills Enrichment-Leadership and Skills Training being organized by Department of Public Health under the auspice of University Department of Education for Health Professionals (UDEHP) KAHER Belagavi.

A well groomed personality with positive & healthy living habits, right attitude, various life skills and cultural values influence functional efficiency of any organization. Leadership skills aim to first develop the leader from within followed by helping the leaders to reach out to those around them and eventually impacting the public and the community. This workshop focuses on equipping professionals with the knowledge, attitudes and skills necessary for them to become leaders in their own rights - leaders who are responsible, resilient, confident, creative and nurturing. The intent is to develop a "turn-of-the-leader" and not someone who simply has a collection of leadership skills.

Once again we welcome you all to this beautiful city of Belagavi. Looking forward to receive you in Belagavi.

Dr. V.A.Pati
Registrar
KAHER,
Belagavi.

Dr. Padmaja Walvekar

Dear Colleagues / Friends,

It gives us immense pleasure to invite you for the workshop on "Creative Teaching Methods" on Thursday, 30th November 2018 being organized by J. N. Medical College, Belagavi under the auspices of KAHER, Department of Education for Health Professionals (UDEHP).

There has been a paradigm shift in the role of a teacher from a "a sage on the stage to a guide by the side".

Present teaching -learning methods make students give knowledge but fail to apply in real life situations. Hence we need to involve students in active learning by making them self-directed learners. This can be done through creative teaching learning methods, which make students critically think, solve problems, search literature etc. Hence we have come up with this unique workshop which will incorporate creative teaching methods in traditional teaching and learning activities.

We request you to encourage your faculty to register for this workshop and learn from the experts. We are looking forward for your active participation in the workshop

Dr. V. D. Patil

Dear Colleagues / Research Scholars

EHP of KLE Academy of Higher Education and Research has planned to conduct a Workshop on **"New Approaches in Teaching and Research"** on **1st (Friday) & 2nd (Saturday) February 2019 at KLE College of Pharmacy, Bengaluru.**

Overall objective of the workshop is to provide a comprehensive insight into the nature of learning, understanding the educational activities, matching teaching-learning strategies and implementing a logical and objective assessment program in improving students.

The quality of research depends on the understanding of the research problem, research methodology and the appropriate tools used for analysis. Keeping in view the importance of research methodology, the workshop is aimed to explore the basic dimensions of research and create a platform for academicians and researchers for sharing their views.

We request you to encourage your staff / researchers to register for the workshop.

Looking forward to receive you in Bengaluru.

Subhas S Karki
Principal, Chief Co-ordinator
EHP Workshop

Vanita Somaselkar
Programme Co-ordinator
EHP Workshop -2019

PROGRAMME SCHEDULE

ABOUT US

KLE Society, which recently celebrated centenary year, is an organization with 254 institutions in various parts of the country and of global repute, imparting education from kindergarten to post-doctoral courses with a faculty strength of 16,000 teachers educating 1,25,000 students all over the world.

Dr. V.A. Kotwade
Registrar

KLE Academy of Higher Education and Research,
(Deemed-to-be-University u/s 3 of the UGC Act, 1956)
Belagavi-590 010, Karnataka

KLE Academy of Higher Education and Research was established on 13th April, 2006 on the advice of the University Grants Commission. After the conferment of Deemed-to-be - University status, it was in March 2010, that the KLE Academy of Higher Education and Research was awarded 'A' GRADE and again in 2015 (2nd cycle) by NAAC. The University is also placed in category 'A' by Ministry of Human Resource Development, Government of India.

KLE College of Pharmacy, Bengaluru, started as KLE Society's School of Pharmacy (1978), is one of the earliest pharmacy institutions in the state of Karnataka (offered Diploma in Pharmacy course). The institution subsequently added B.Pharm (1992) M.Pharm (2003) and Pharm.D (2014) focusing on academy, research, collaboration and offering consultancy services. B.Pharm course is accredited twice by the NBA - AICTE in 2008 and 2013 for 5 yrs. and the KLE Society's College of Pharmacy came under the ambit of KLE University in 2009.

KLE ACADEMY OF HIGHER EDUCATION AND RESEARCH

(Declared as Deemed-to-be-University u/s 3 of the UGC Act, 1956)

Accredited 'A' Grade by NAAC (2nd Cycle)

Placed in Category 'A' by MHRD (GoI)

Department of Epidemiology & Biostatistics

Intensive Course in Epidemiology & Biostatistics

Preamble & Objectives

Intensive Course in Epidemiology & Biostatistics has been designed to make health practice and research of International Quality. The course will create specialization in designing the research projects/studies, monitor, manage, analyze and interpret the research findings.

Course will help medical students aspiring for higher education, to clear competitive examinations.

Course Duration

- The course is 5 days a week (Monday to Friday) 2 to 5pm, from 28th January to 2nd March 2019, theory classes will be followed by practical assignments.
- Interested participants can complete their practical assignments and research from 10am to 1pm during the course.

Eligibility

- Faculty, Scholars, UG & PG students from Health, Medicine and Allied disciplines interested in research, or preparing for competitive examination will be eligible.
- Maximum intake is 30 on First Come First Served basis.

Scheme of Examination

- On the last day of the course examination comprising one Theory and one Practical of three hours duration each will be arranged.
- Participants will be assessed on each Monday as feedback, and the marks obtained will be treated as internal assessment.

Dear Colleagues / Friends

It gives us immense pleasure to invite you to the seminar on "Regulatory Compliance: Laboratory Practice" organized by Dr. Prabhakar Kore Basic Science Research Center [BSRC], KLE Academy of Higher Education and Research [KAHER], Belagavi - 590010, Karnataka, India.

Research laboratories conducting regulatory studies must comply with laboratory requirements to ensure the quality, traceability and validity of test results. The compliance can facilitate the process by helping employees in better understanding of regulatory requirements for lab practices defined by regulatory agencies including Food & Drug Administration [FDA], International Conference on Harmonization [ICH] and represented as Good Laboratory Practice [GLP] regulations.

Any organization conducting a non-clinical study is required to follow GLP, which help assure regulatory authorities that the data submitted is a true reflection of the results obtained during the study and can therefore be relied upon when making risk / safety assessments.

The Seminar is designed for mid career scientists / faculty members / research scholars and students in Research Organizations, Institutions, Universities and Colleges who seek to extend their regulatory compliance for research skills.

We request you to encourage your staff / students to register for the seminar.

Looking forward to receive you in Belagavi.

Dr. Sunil S. Jalalpure Deputy Director BSRC - KAHER
 Dr. Alka D. Kate Adm. Incharge BSRC - KAHER
 Dr. Padmasja W. Director UDEHP - KAHER

Dear colleagues / friends,

It gives us immense pleasure to invite you to the workshop on "Information and communication technology in health professions (ICT)" being organized by the Department of Dental Education at KLE VK Institute of Dental Sciences, Belagavi under the aegis of the University Department of education for Health Professionals.

The world has made great strides in technology and it is up to us to stay in the know. With advancing technology, information and communication has witnessed an unprecedented transformation. ICT is a broad subject and is constantly evolving. It covers any product that will store, retrieve, manipulate, transmit, or receive information electronically in a digital form (e.g., personal computer, digital television, email, or robots). The applications of ICT are manifold. We take this opportunity to introduce to you the applications of ICT in health sciences in academics.

KLE Institute of Dental Sciences has a well established Department of Dental Education for 20 years with qualified and experienced faculty in the pursuit of keeping abreast with innovations in dental education. We sincerely attend to

Health professions faculty

We welcome you all to this beautiful city of Belagavi and forward to receiving you in Belagavi.

Respectfully,

Dr. V.A. Kothiwale
Registrar
KLE Academy of Higher Education and Research,
Belagavi-590 010, Karnataka

Dear colleagues/friends,

It gives us immense pleasure to invite you to the workshop on "CURRICULUM PLANNING - A Systematic Approach To Framing Curriculum" being organized by the Department of Dental Education at KLE VK Institute of Dental Sciences, Belagavi under the aegis of the University, Department of education for Health Professionals.

Dental education is a dynamic field. In order to produce competent dentists to face challenges of tomorrow dental schools need to keep up with the dynamic nature of this health science.

Curricular reforms are currently an ongoing debate in Indian dental education. Also curriculum planning requires a great deal of meticulous planning to see the change through. Therefore it is essential to understand the method behind curricular reforms. VK Institute of Dental Sciences has a well established Department of Dental Education for 20 years with qualified and dedicated faculty in the pursuit of keeping abreast with innovations in dental education.

We request you to encourage your staff to register for the workshop.

We welcome you all to this beautiful city of Belagavi and look forward to receiving you in Belagavi.

Highlights/ Lessons learnt of the topics discussed:-

Day 1: Overall comment was good and very helpful

Morning and afternoon session:

Component and Principles of Curriculum Development was helpful for 66.6% delegates and very helpful for remaining.

Introduction to Microteaching. This session was very helpful to 94.7% participants and for remaining it was helpful. This session was followed by the group activity very helpful for all delegates..

How to make Journal Club more Effective : This session was very helpful to 88.8% participants

Day 2: Overall comment was good and helpful

Morning session:

AV aids and Media for Teaching Learning Process: this session was very helpful to 65.0% participants and for remaining it was helpful..

Learning and Education Objectives: it was very helpful to 90.0% participants..

Interactive Teaching Learning Method-Large Group/Small Group: this session was very helpful to 84.2% participants.

Comments by participants: Good workshop, more workshops on such topics, should be conducted. Improve in time management (this was delayed due to resource person)

Final Recommendations on the workshop: 95% of the participants have recommended to conduct MET on assessment part of health education.

Problem faced by the workshop coordinator during the workshop: could not get many delegates due to RGUHS examinations for UG in their respective colleges.

Signature of Coordinator

Enclosures:

1. Soft copies of group photo (must) & other important photos of the workshop (Nos. 1+4)

Dear Colleagues / Friends

It gives us immense pleasure to invite you for the workshop on 'Effective Scientific Writing Skills' organized by Dr. Prabhakar Kore Basic Science Research Center (BSRC), KLE University, Belagavi, under the auspices of KLE University's Department of Education For Health Professionals (UDEHP).

Effective scientific writing is a difficult and time-consuming activity that few people are naturally good at. Learning to recognize and produce effective scientific prose represents one of the most significant challenges in research / academic career and to attract financial assistance to perform research activities. Scientific reports differ from reports or papers in literature or history. Scientific writing demands certain conventions and authors must follow strict guidelines. Although this rigid structure may seem cumbersome and arbitrary at first, these conventions promote precise, unambiguous communication.

The workshop is designed for mid career scientists / faculty members / research scholars and students in Universities and Colleges who seek to extend their scientific writing skills.

Looking forward to receive you in Belagavi, Karnataka.

Dr. Sunil S. Jalalpure Dr. Asha B. Kulkarni Dr. Padmaja W.
Deputy Director Adm. Incharge Director, UDEHP
BSRC - KLEU BSRC - KLEU KLEU

Workshop on

"Ethical Guidelines in Biomedical Research"

Friday & Saturday, 24th & 25th November, 2017

Time	Programme
Day - 1 (24.11.2017)	
9.00 to 9.30am	Registration
9.30 to 10.00am	Inauguration
10.00 to 10.45am	Keynote address "Ethical issues in biomedical research" Speaker: Dr P A Patil , Prof and Head, Dept of Pharmacology, USMKLE, Belagavi
10.45 to 11.45am	Lecture 1 - Role and responsibility of ethical Committee Speaker: Dr M S Ganachari , Prof and Head, Dept of Pharmacy Practice KLEU's CoP, Belagavi & Deputy Registrar, KLE University Belagavi
11.45 am to 12.00 noon	Tea Break
12.00 noon to 1.00pm	Lecture 2 - Informed consent process for clinical trial Speaker: Dr Janaki R Torvi , Asso Prof, Dept of Pharmacology, Karnataka Institute of Medical Sciences, Hubli
1.00 to 2.00pm	Lecture 3 - Essential components of protocol for clinical trial Speaker: Dr A N Dattatri , Prof and Head, Dept of Pharmacology, Karnataka Institute of Medical Sciences, Hubli
2.00 to 3.00pm	Lunch Break
3.00 to 4.30pm	Exercise 1 - Protocol design for clinical trials Dr P C Gadad , Asso Prof, Dept of Pharmacology, KLEU's CoP, Hubballi/ Dr S B Nyamagoud Asst Prof, Dept of Pharmacy Practice, KLEU's CoP, Hubballi
Day - 2 (25.11.2017)	
9.45 to 10.45 am	Lecture 1 - GCP and ICMR guidelines Speaker: Dr Subarna Roy , Scientist E, Deputy Director, National Institute of Traditional Medicine, ICMR, Belagavi
10.45 to 11.00am	Tea Break
11.00 to 11.45pm	Lecture 2 - CPCSEA and IAEC guidelines Speaker: Dr Banappa S Unger , Scientist D, National Institute of Traditional Medicine, ICMR, Belagavi
11.45 to 12.30pm	Lecture 3 - OECD - Good Laboratory Practices guidelines. Speaker: Dr B M Patil , Prof and Principal, KLEU's CoP, Belagavi and Dean, Faculty of Pharmacy, KLE University, Belagavi
12.30 to 2.00 pm	Lunch break
2.00 to 3.15 PM	Lecture 4 - Drug Safety Reporting Speaker: Dr A H M V Swamy , Prof and Head, Dept of Pharmacy Practice, KLEU's CoP, Hubballi
3.15 to 4.45pm	Exercise 2- Preparation of informed consent form Dr P C Gadad , Asso Prof, Dept of Pharmacology, KLEU's CoP, Hubballi / Dr V S. Patil Asst Prof, Dept of Pharmacy Practice, KLEU's CoP, Hubballi
4.45 to 5.15 pm	Open Discussion and Feed Back

Dear Colleagues / Friends,

It gives us immense pleasure to invite you for the workshop on "Improving Nursing Education and Care through Dual Model" on 23rd & 24th March 2018 being organized by KAHER Institute of Nursing Sciences, Belagavi under the auspices of KAHER Department of Education for Health Professionals (UDEHP).

Even though education and care being viewed as inseparable concepts, but education-practice gap still exists in nursing. The sound nursing education will build a positive work culture among nursing faculty which would lift up the standard of patient care

Objective of the workshop is to improve interpersonal relationship between college faculty and nursing service staff and to achieve optimal patient care through bridging the gap between education and practice

We request you to encourage your faculty to register for this workshop and learn from the experts. We are looking forward for your active participation in the workshop

Dr. V. D. Patil

Dear Colleagues / Friends

It gives us immense pleasure to invite you to the seminar on "Regulatory Compliance: Laboratory Practices" organized by Dr. Prabhakar Kora Basic Science Research Center (BSRC), KLE Academy of Higher Education and Research (KAHER), Belagavi - 590010, Karnataka, India.

Research laboratories conducting regulatory studies must comply with laboratory requirements to ensure the quality, traceability and validity of test results. The compliance can facilitate the process by helping employees in better understanding of regulatory requirements for lab practices defined by regulatory agencies including Food & Drug Administration (FDA), International Conference on Harmonization (ICH) and represented as Good Laboratory Practice (GLP) regulations.

Any organization conducting a non-clinical study is required to follow GLP, which help assure regulatory authorities that the data submitted is a true reflection of the results obtained during the study and can therefore be relied upon when making risk / safety assessments.

The Seminar is designed for mid career scientists / faculty members / research scholars and students in Research Organizations, Institutions, Universities and Colleges who seek to extend their regulatory compliance for research skills.

We request you to encourage your staff / students to register for the seminar.

Looking forward to receive you in Belagavi.

Dr. Sunil S. Jabbari Dr. Anil D. Kote Dr. Padmasri W.
 Deputy Director Adm. Incharge Director

Dear Colleagues / Friends,

It gives us immense pleasure to invite you for the workshop on "Ethical Issues in Research Involving Human Subjects" on Monday, 30th April 2018 being organized by J. N. Medical College, Belagavi under the auspices of KAHER, Department of Education for Health Professionals (UDEHP).

Good quality of research involving the participation of human beings raises immense ethical and legal issues that definitely have become a matter of concern to researchers of lately. Research ethics provides guidelines for the responsible conduct of biomedical research. In addition, research ethics involving human subjects raises issues pertaining to safeguarding of an individual's privacy and also maintaining the dignity of the person giving consent to participate in a research project. Ethics are like the commandments or rules of conduct which applies to a researcher to uphold values of reliability and at the same time professional secrecy.

Now a days research is scrutinized by stringent regulatory bodies especially when it involves animals and more so humans as subjects. Hence we have come up with this unique workshop which will morally upgrade the standard of research and at the same time safeguard humanitarian values while developing medical science.

We request you to encourage your faculty to register for this workshop and learn from the experts. We are looking forward for your active participation in the workshop

Dear Colleagues / Friends

It gives us immense pleasure to invite you to the workshop on 'Effective Scientific Writing Skills' organized by Dr. Prabhakar Kore Basic Science Research Center (BSRC), KLE University, Belagavi, under the auspices of KLE University's Department of Education For Health Professionals (UDEHP).

Effective scientific writing is a difficult and time-consuming activity that few people are naturally good at. Learning to recognize and produce effective scientific prose represents one of the most significant challenges in research academic career. Scientific reports differ from reports or papers in literature or history. Scientific writing demands certain conventions and authors must follow strict guidelines. Although this rigid structure may seem cumbersome and arbitrary at first, these conventions promote precise, unambiguous communication.

The workshop is designed for mid career scientists / faculty members / research scholars and students in Universities and Colleges who seek to extend their scientific writing skills.

We request you to encourage your staff / students to register for the workshop.

Looking forward to receive you in Belagavi, Karnataka.

Dr. Sunil S. Jalalpure Dr. Alka D. Kale Dr. Padmaja W.
Deputy Director Adm. Incharge Director, UDEHP
BSRC - KLEU BSRC - KLEU KLEU

Dear colleagues / friends,

It gives us immense pleasure to invite you to the workshop on Soft Skills being organized by Department of Public Health under the auspice of University Department of Education for Health Professionals (UDEHP) KLE University's Belagavi.

Life Skills are the abilities for adaptive and positive behavior that enable the individuals to deal effectively with the demands and challenges of everyday life. School teachers need to train these basic life skills to their students so that they remain competent, competitive and manage their lives in a healthy and productive manner. To be a successful professional, the acquisition, cultivation and fine-tuning of life skills are highly essential. We have renowned speakers who are experts in training basic life skills. The workshop will focus on basic life skills, how to make informed decisions, think critically and creatively, solve problems and communicate effectively.

Once again we welcome you all to this beautiful city of Belagavi. Looking forward to receive you in Belagavi.

Workshop on "LATEST ANALYTICAL TOOLS FOR DRUG DISCOVERY & ANALYSIS"

Program Schedule

23rd & 24th December, 2016

Day - 1 (23.12.2016)	
Time	Programme
10.00am-10.45am	Keynote address Topic: "Latest Analytical Tools for Drug Discovery" Speaker: Dr.M.I.Sambrani
10.45am-11.00am	Tea Break
11.00am-12.00noon	Lecture-1 - Topic: "Drug Discovery and Development Process: Emphasis on Analytical Tools" Speaker: Dr.V P.Veerapur
12.00noon-1.00pm	Lecture-2 - Topic: "Role of RP-HPLC in Drug Analysis" Speaker: Dr.M.B.Palkar
1.00pm-2.00pm	Lunch Break
2.00pm-3.00pm	Lecture-3 - Topic: "Bio-assay Methods for Pharmaceuticals & Biopharmaceutical Products" Speaker: Dr.Basavaraj Hunagunda
3.00pm-3.15pm	Tea Break
3.15pm-4.30pm	Hands on experience: Spectrofluorometer. Dr.P.M.Ronad
4.30pm-5.00pm	Feedback
Day - 2 (24.12.2016)	
9.30am-10.45am	Lecture-1 - Topic: "Innovative Analytical Techniques for Chemical Analysis in Drug Discovery" Speaker: Dr.Sanjay Pai
10.45am-11.00am	Tea Break
11.00am-12.15pm	Lecture-2 - Topic: "Chiral chromatography method:The enantioselective separation of drugs" Speaker: Dr.B.M.Gurupadayya
12.15pm-1.15pm	Lunch Break
1.15pm-2.15pm	Lecture-3 - Topic: "Design and Development of Fluorescence in Drug Analysis" Speaker: Dr.S.S.Honnalli
2.15pm-4.30pm	Hands on experience: Spectrofluorometer. Dr.P.M.Ronad
4.30pm-5.00pm	Open Discussion and Feed Back

Dear Colleagues / Friends,

It gives us immense pleasure to invite you for the workshop on "NABH Standards for Hospital: Nursing Perspectives" on 26th & 27th May 2017 being organized by KLEU's Institute of Nursing Sciences, Belagavi under the auspices of KLE University's Department of Education for Health Professionals (UDEHP).

In recent years, emphasis is given on improving the quality of care in the hospitals. Nursing as a integral part of health care which promotes excellence in practice. Nurses are the pivotal in hospital and they efforts to improve the quality of patient care.

National Accreditation Board for Hospitals and Health care Professionals (NABH) is a constituent board of Quality Council of India. This Board caters to the much desired needs of the consumer and will set standards for progress of the Health Industry.

Objective of the workshop is to sensitize staff nurses in improving the quality of care & promoting continuous quality improvement and patient safety according to NABH standards

We request you to encourage your faculty to register for this workshop and learn from the experts. We are looking forward for your active participation in the workshop

REPORT OF THE WORKSHOP ON CLINICAL ASSESSMENT IN DENTISTRY ON 20th & 21st AUG 2015

A workshop on clinical assessment in dentistry was successfully conducted on 20th & 21st Aug 2015. Total of 31 participants registered in the workshop, 14 were external and 17 were in-house participants. The workshop had 3 different topics covered by 5 resource persons.

On 20th the workshop was inaugurated by Dr. Alka Kale, Principal KLEVK IDS and Dr. Sheetal Pattanshetti, Co-ordinator UDHPE.

The first session was on OSCE & OSPE conducted by Dr. Zameea Naik and Dr. Sheetal Harkuni. It was truly a very wonderful session and participants expressed that their ideas got clear by this session. Participants wanted a full-day workshop for the same.

After a lunch break, the second session was on Portfolio by Dr. Jyoti Nagmoti. Participants actively participated in this session and expressed that they were exposed to this for the first time and were keen to know more about it.

On 21st Aug 2015 the workshop was on simulation by Dr. Pratibha Patil and in this session participants designed their own simulators and checklists for assessment. They expressed that this is the most efficient method to train students before they enter the clinical setting. The best "lab to life" transformation method. The participants' designed simulator will be exhibited in the department of Dental Education.

Dr. Vasanti spoke on rubrics which was an eye opener to the participants. This was followed by lunch.

The workshop ended with the valedictory function for which Dr. Anand C. Patil was invited.

The participants expressed that they want more and more such workshops and one assessment method each time.

Workshop on
"CELL BASED ASSAYS AS A TOOL FOR PHARMACOLOGY TEACHING"

8th & 9th September 2015

Programme Schedule

Venue: KLE UNIVERSITY COLLEGE OF PHARMACY, BELAGAVI-10

Time	Program
9.00 am -10.00 am	Registration
10.00 am -10.40 am	Inauguration
10.40 am – 11.00 am	Tea Break
11.00 am-12.00 noon	Application of cell models for research on oncology - understanding to management Dr. K. N. Chidambara Murthy, Principal Scientist, Central Research Laboratory, MS Ramaiah Medical College and Hospitals, Bangalore-54.
12.00 noon – 1.00 pm	An overview of cell based assays for drug discovery, development and toxicity testing: Mr.D.N.Sastry, Assistant Professor KLEU College of Pharmacy, Belagavi.
1.00 pm- 2.00 pm	Lunch Break
2.00 pm- 5.00 pm	Experimental Techniques for Cell based Assay: Dr.Banappa Unger, Scientist D, Regional Medical Research Centre, Belagavi.
Day 2 10.00 am -11.15 am	Cell based assay for Screening of anticancer activity: Dr.Sunil Dodamani (Research Associate) & Mr. Vijay Kumbar (Research Asst.)Dr. Prabhakar Kore Basic Science Research Centre, KLE University, Belagavi.
11.15 am -11.30 am	Tea Break
11.30 am – 1.00 pm	Cell based assay for Screening of anticancer activity: Dr.Sunil Dodamani (Research Associate) & Mr. Vijay Kumbar (Research Asst.) Dr. Prabhakar Kore Basic Science Research Centre, KLE University, Belagavi.
1.00 pm- 2.00 pm	Lunch Break
2.00 pm- 3.00 pm	Cell Based Toxicity Studies: Dr.P.A.Patil, Professor & HOD, Dept. of Pharmacology, USM-KLE IMP, Belagavi.
3.00 pm- 3.15 pm	Tea Break
3.15 pm - 4.00 pm	Applications of Cell Based Assays in Pharmacology and Toxicology: Dr. Banappa Unger, Scientist D, Regional Medical Research Centre, Belagavi.
4.00 pm - 4.30 pm	Valedictory Function

UDEHP WORKSHOP

ON

**“Translating Pharmacognosy
Knowledge into Healthcare Research**

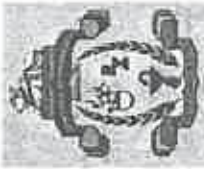

on

Quality and Standards”

14th & 15th September 2015

Under the auspices of
University Department of
Education for Health Professionals

To be held at

KLE University's College of Pharmacy,
Bengaluru

Ph.080-23325611, Fax: 080-23425373

E-mail: princpharmblr@kleuniversity.edu.in

K. L. E. Society: A moment of change swept across the landscape of Karnataka and Maharashtra with the birth of KLE Society in 1916 by the vision of dedicated founders. The society is now acknowledged as phenomenon that has defined a meaning of quality education in the region. Today KLE Society manages 260 institutions with student strength of 90,000+ and 10,500 faculty offering world class education in health care delivery, agriculture, engineering, IT, law, Pharmacy and other paramedical sciences.

KLE University: Yet another chapter in the history of society has begun with a newly formed KLE University, sponsored by K.L.E. society. The university is recognized by the UGC and accredited 'A' grade by NAAC and placed in category 'A' by MHRD, Govt. of India. The university takes immense pride in its curriculum and endeavors to provide internationally accepted education and healthcare practices. Setup in a sprawling campus and equipped with latest infrastructure and other facilities, University is set to highlight the K.L.E. society's commitment to education for the world to see.

KLE University's College of Pharmacy, Bengaluru: Started as SVVP School of Pharmacy, was the first private institution in Bangalore to offer a professional diploma course in Pharmacy in 1976 and introduced B.Pharm degree course in 1992 and Post graduation in 2003, Doctoral degree from 2007 and Pharm.D from 2014. B.Pharm degree is reaccredited in 2013 for 5 years by NBA, New Delhi. All the courses run by the institution are recognized by PCI and AICTE. The campus offers a fine environment for the students and has every facility including well-stocked library, internet, adequate laboratories, separate hostel for boys and girls, transport, banking and others.

The institution offers

1. B. Pharm [8 Semesters/ 4 years]
2. Pharm.D (6 years)
3. M. Pharm [2 years] in Pharmaceutics, Pharmaceutical Chemistry and Pharmacology.
4. Ph.D programme in Pharmacy

About the Department of Pharmacognosy:

The department has experienced faculty members and has good infrastructure. It is equipped with major instruments, Dhanvantri- Medicinal plant garden, Crude drug museum, Medicinal plant charts to train undergraduates and research scholars. Major research projects over 45 lakhs funded under ICMR and DAE, Govt. of India, have been successfully completed by the department.

Objective of the Workshop:

The work shop focuses on understanding pharmacognosy in health care and the importance of quality and maintaining standards for herbal drugs.

Who can participate?

The workshop is open for all faculty members, research scholars, industrialist and pharmacists.

Mrs. Prashanthi P, Asst. Prof.

Dear colleagues / friends,

It gives us immense pleasure to invite you to the workshop on Automation in Pathology Practice being organized by KLES Dr. Prabhakar Kore Charitable Hospital, Belagavi, under the auspices of University Department of Education for Health Professions (UDEHP), KLE University.

Laboratory automation is a multi-disciplinary strategy to research, develop, optimize and capitalize on technologies in the laboratory that enable new & improved processes. The field of laboratory automation comprises of many different automated laboratory instruments, devices, soft-ware algorithms and methodologies used to enable, expedite and increase the efficiency and effectiveness of scientific research in laboratories. The application of technology in today's laboratories is to achieve timely progress & remain competitive.

We request you to encourage your staff, postgraduate students and technicians to register for this workshop.

We look forward to welcome you to our beautiful KLE campus.

Registrar

Dear colleagues / friends,

Gives us immense pleasure to invite you to the workshop on "Training on Health Promotion" being organized by KLE'S J. N. Medical College, Belagavi under the auspices of University Department of Education for Health Professionals (UDEHP), KLE University.

Health promotion is the process of enabling people to increase control over the determinants of health and thereby improve their health. Strengthening the skills and capabilities of health personnel is very important to provide effective health education and counselling to individuals, families and communities to make positive contribution to their health status.

The life style diseases have a strong association with the way people lead their lives. Existing National Health programmes for non communicable diseases (NCD) have not gained as much importance as compared to communicable diseases. Hence Health Promotion to combat NCDs is the need of the hour. So let us join our hands to promote the health of the people.

We request you to encourage your staff to register for this workshop. We look forward for your participation.

V. D. Patil

Dear colleagues / friends,

It gives us immense pleasure to invite you to the workshop on "Learning objectives and Learning principles" being organized by the KLE University's VK Institute of Dental Sciences, Belagavi.

Dental education has undergone a major transformation. There is a wealth of new concepts in instruction and faculty development. The aim of this workshop is to train dental educators in framing learning objectives for different types of courses. Learning objectives play an important role in defining the curriculum, methods of instruction and assessment. They are important in defining learning outcomes of a lecture, practical or course. Another aspect of this workshop is principles of learning and instruction. As we are dealing with students who have left school and joining college as adults, we need to know more about learning styles to enable better fulfillment of learning objectives

The number of registrations is limited (30 seats) and will be made on first come first served basis. We request you to encourage your staff to register for the workshop at the earliest.

We welcome dental faculty (MDS) to attend the workshop and stay updated with the latest in the field of dental education.

Dear Colleagues / Friends,

It gives us immense pleasure to invite you to the workshop on "Effective Mentorship- To Reach Out" on 14th May, 2016 being organized by J. N. Medical College, Belagavi under the auspices of KLE University's Department of Education for Health professionals (UDEHP).

Mentorship programs are coming up in a big way in almost all the institutions to support their students to cope up with the rapidly changing academic & social demands. In this regard, the teachers' role is crucial in mentoring the students to help in their overall development. However, many of us are not clear as to what exactly is our role as mentors? How far we can go in terms of supporting a student? How can we accommodate this new role with other equally important academic roles? This workshop therefore aims to address all these issues & provides practical guidelines for effective mentorship.

We request you to encourage your faculty to register for this workshop and learn from the experts. Looking forward for your active participation.

Dr. V. D. Patil
Registrar
KLE University,
Belagavi

Dr. N.S. Mahantshetti
